

Dress Code

While at the Pioneer Prep Leadership Institute, we want students to be comfortable and have the ability to express their personal style. However, we do not want this to distract from the purpose of the program and interfere with the students' ability to pay attention and absorb the information being presented. Please review the guidelines below as these are clothing that will not be allowed, plan and pack accordingly:

- Revealing clothing baring midriffs, cleavage, or underwear (no sagging)
- See-through clothing
- Logos, innuendoes, symbols or statements that are sexually suggestive
- Logos, innuendo, symbols or statements that are drug, alcohol, or tobacco related
- Logos, innuendos, symbols or statements that are vulgar, insulting or ridicules a particular person or group
- Skirts and shorts shorter than mid-thigh length
- Hats in the buildings or classrooms
- Bandannas worn in any fashion and of any colors

Participants of the summer college workshop are expected to exercise careful judgment in the selection of appropriate attire for the workshop. We want participants to get 100 percent of the information offered, have fun while being respectful of themselves and others.
