

Admission to the B.F.A. Program

Instructions

Admission to the BFA degree program, with a major in studio art, pre-art-conservation, art education or electronic media arts design, is based on the following:

- Faculty knowledge of student's past performance
- Major G.P.A. of at least 3.0
- Portfolio
- Application Form

D.U. students who want to be considered for the BFA should first consult with their art faculty advisor. Be aware of the great differences in general requirements for the BA and BFA degrees and work carefully with your advisor! Do not exceed 60 hours of art and art history classes, before admission to the BFA. Students who do not have an advisor in SAAH should contact the SAAH office to be assigned a faculty advisor (303-871-2846).

Portfolio

The portfolio must consist of 6 - 10 original works of art or a ZIP/CD-ROM, to include no more than 5 minutes of time-based work. You also have the option display your work in Shwayder Art Building instead of a reproduced portfolio. Coordinate this with your advisor for space. Art must have been completed in the last year, and must be accompanied by a description sheet giving applicant's name, titles, classes in which work was completed (if applicable), media or processes, and a brief statement of what the artist considers noteworthy for each piece (intent, process, parameters of the assignment). Do not rely on your advisor to fill in any of this information for you during the review process!

The portfolio will be judged on concept, originality, design, presentation, and technical facility.

Procedure

- I. Applicants leave portfolio and application form with description sheet in the SAAH office before or on Wednesday of week 6 in any given quarter.
- II. Upon completion of the review, the office will inform students by email and letter.
- III. Students should pick up portfolio as soon as informed.
- IV. The office will file the change of degree with the Center for Academic Resources on behalf of the successful students.
- V. Students not accepted to the B.F.A. may enter/remain in the B.A. art program and reapply for the B.F.A. when they and their faculty advisor believe they are ready. Application may be made twice.

Application for B.F.A. Program

Description of Works in Portfolio
