Date of Issue: Thursday, January 21, 2016

Date of Crime: Wednesday night, January 20, 2016

Alert Number: 2016-02

Nature: Sexual Assault; Forcible Fondling

Expires: Thursday, February 4, 2016

Synopsis: On Wednesday, January 20, 2016 at 10:30pm, Campus Safety received a report that a male suspect made unwanted sexual contact with a student near the intersection of S. High St. and E. Wesley Ave. The male suspect then ran westbound on E. Wesley Ave., away from campus. Upon learning of the incident, a DUAlert message was issued. Forcible fondling is a subcategory of sexual assault; DU reports incidents using standard/mandated practices. Denver Police searched for the suspect; no arrests have been made.

The student involved described the suspect as a light complexion male, college age, 6' tall, wearing a hat.

Sexual assault is never the fault of the victim. While nothing is failsafe, here are some tips that everyone should consider:

- Forcing sexual contact on another person without consent is against the law and against university policy. Sexual contact without consent is sexual assault and is never the victim's fault.
- Be active in supporting a safe and respectful community. If you see others engaging in disrespectful or inappropriate actions, speak up and get involved, or contact someone else to assist.
- If you would like more information about how to be a proactive bystander, please participate in a "Be a B.O.S.S." training.
- Trust your instincts. If you feel uneasy or sense something is wrong, call for help.

If you've been sexually assaulted, tell someone – there are resources to help you. Please visit http://www.du.edu/equalopportunity/titleix/index for more information.
