FEATURED SPEAKER:

Gloria Higgins,
President, Executives Partnering to Invest in Children (EPIC)

EPIC works to harness the capital of Colorado's business sector to ensure that all children develop into healthy, educated and productive citizens. Come learn about opportunities to partner with EPIC on community-engaged research.

One such project involves an evaluation of the impact of the Child Care Contribution Tax Credit. CCTC is a State law that allows an income tax credit of up to $100,000 to any taxpayer who makes a monetary contribution to promote child care in Colorado. This law is up for reauthorization in the 2018 Legislative session and EPIC hopes to provide data on the impact on early childhood development at Child Care centers that benefit from these contributions.
