

Dear Peer Educator Applicant,

Thank you for your interest in the DU Peer Education Program, otherwise known as DUPE'D! Throughout the country, peer education has been proven to work incredibly well to promote college students to choose healthy behaviors. Peer education is effective because it is made up of students, just like you, going through the same college experience; the only difference is that DUPE'D students choose to share their healthy decisions to help others. DUPE'D students live healthy, balanced, fun, energetic lives and care about the health and wellbeing of all DU students.

Because of the nature of peer education, there is a time commitment to participate. DUPE'D operations typically require 10-15 hours per month, including a mandatory weekly meeting (usually in the early evening; food always included). We do request that our members to be honest with us as to the amount of time they can commit. Just remember, the time you put into our team, will reward and benefit you in more ways than we can simply list. DUPE'D aims to expose members to different health topics including: alcohol, nutrition, body image, eating disorders, tobacco, stress management and sexual health.

We appreciate that you are taking time out of your busy lives to care about the wellbeing of your fellow DU students! This packet will include the following:

- **Application**
- **Application questions**
- **Application check list**

Please turn in your completed application to the Health & Counseling Center's front desk, Attention: Kelly Fenson-Hood, Health Promotion. The Health & Counseling Center is located on the 3<sup>rd</sup> floor of the Ritchie Center (use the stairs on the north side of the building). All applications will be reviewed and qualified candidates will be notified for an interview. If you are not chosen, you will receive a letter of explanation.

Thanks for your interest and be well.
