Optional Practical Training: 24-month Extension for STEM Majors

If you are currently on post-completion Optional Practical Training (OPT) and meet one of the following:

- have completed a bachelor’s, master’s, or doctoral degree in a science, technology, engineering, or mathematics (STEM) field; OR
- have completed all course requirements for the degree, excluding any thesis requirement or equivalent; OR
- have completed a STEM degree in the U.S. within the last 10 years

you can request a 24-month extension of your Optional Practical Training with an employer who is enrolled in U.S. Citizenship and Immigration Services’ (USCIS) E-Verify employment verification program. You may participate in the STEM OPT extension twice during your academic career in the U.S. if you earn a second qualifying degree at a higher level.

To obtain this benefit, you must apply to USCIS for a new Employment Authorization Document (EAD). Since the process usually takes about three months, we recommend that you apply 90-120 days in advance of the current OPT end date listed on your EAD card. Please submit the following information to the International House:

- STEM Request Form (see page 2)
- Document Request Form (DRF)
- Copy of your OPT I-20, pages 1 and 2
- Copy of passport page(s) showing picture, biographical information, and expiration date

  - Your employer’s E-Verify Company or Client Company Identification Number [Item 17]
