Master of Arts in International Security

Propel yourself into a career in the security field with the Josef Korbel School’s MA in International Security. Gain an in-depth understanding of the international security environment in the 21st century. Through coursework, class discussions and an internship, you will develop the ability to master complex challenges of the continually changing security field. Throughout the program you will discuss issues and test theories of international security and get experience in policy-making through simulation and table-top exercises.

The MA in International Security prepares our students for careers in management, policy, analysis and research within government and consulting groups, both within the United States and abroad.

**Degree Requirements**

1. **International Studies Core**: Choose from a pair of courses that provide a fundamental understanding of international politics and economy. Core course options are:
   - International Politics or
   - International Political Economy

2. **Program Training Requirements (6 courses)**:
   A. **Foundations (3 courses)**: Get an in-depth understanding of policy, security, and strategic issues through the program training courses:
      - U.S. Foreign Policy or
      - U.S. National Security Policy
      - Major Issues in International Security
      - Security and Strategy
   B. **Skills (2 courses)**: Security skills courses will provide you the expertise to successfully conduct research and analysis in defense-related topics using both qualitative and quantitative techniques.
      - Defense and Security Methods
      - Defense and Security Quantitative Analysis OR Stats in International Affairs
   C. **Advanced Topics: Security (1 course)**: A list of Advanced Topics Courses will be provided with the release of the Korbel fall schedule each year. All Advanced Topics will have as pre-requisites the Skills Courses listed above. Students may substitute a Substantial Research Paper or Master’s Thesis for the Advanced Topics Course.

3. **Specialization (3 course set)**: Any three set of 4000 level courses that taken together represent a common topic, region, or other security-related specialization. Students are welcome to register their own topic/region (which must be approved by the Program Director) or select from the following list of curriculum supported Security Specializations (Intelligence, Homeland Security, Emerging Security Issues, US National Security, Comparative Foreign Policy)

4. **Security Electives (2 courses)**: Any two additional security courses listed above not being counted under Program Training Requirements or Security Specialization

5. **Electives**: Additional courses of your preference

6. Additional Information can be found at [www.du.edu/korbel](http://www.du.edu/korbel).
**Internships**
MA students register an average of 225 internships annually, with roughly ½ completed in Colorado, ¼ internationally, and ¼ in the U.S. outside of Colorado. Additionally, roughly ½ of internships occur during the summer and ½ during the academic year. Some examples of where students have had internships are: Defense Intelligence Agency (DIA), U.S. Department of State, Colorado Information Analysis Center (CIAC), Federal Bureau of Investigation (FBI) and NORAD-NORTHCOM.

**Careers**
Graduates of the Josef Korbel School’s MA in International Security degree have pursued careers within the government and consulting fields. Examples of where our alumni are working include: FBI, Department of Homeland Security, Partnership for a Security America, National Security Agency and Booz-Allen Hamilton.

**Graduate Admissions Requirements**
- Application
- Application fee ($65 online fee)
- One official transcript from each higher education institution you have attended (including English translations when applicable). Send transcripts in an official, sealed envelope bearing an official stamp from the Registrar’s Office across the envelope’s seal.
- Official GRE test scores (the University of Denver code is: 4842)
- Two letters of recommendation
- Statement of Purpose (500-750 words)
  - What is your career goal upon completing your graduate degree and what are your longer-term career goals?
  - Explain why you have chosen to pursue a graduate degree and how the degree program you have chosen will prepare you to reach your specific career goals.
  - What skills and previous experiences have helped position you to reach your career goals and how will the Josef Korbel School help you achieve these goals?
- Resume
- Visa eligibility documents (I-20) (International students only)
- TOEFL scores (non-native English speakers) (the University of Denver code is 4842)

**Class Profile**
- Average GRE Scores (new scoring system):
  - Verbal: 157
  - Quantitative: 151
- Average GPA: 3.41
- Average Age: 26 years
- Age Range: 21-54
- Average Class size: 20
- Females: 55%
- Males: 45%
- Non-US Students: 10.6%
- Citizenships represented: 27
- Each year, about 200 students enroll in the MA programs at the Josef Korbel School
