CLA Presentations

Lisa Cole

It's only spring, but its time to plan for CLA in the Fall. Each fall, DU LIS students have an opportunity to present their work during the annual Colorado Library Association conference. Now is the time to plan for this Fall's CLA conference. Our program application needs to be submitted by May 1. So, if you have a presentation you would like to give at CLA, please contact me as soon as possible. It would be great to have a good showing of DU student work at CLA. If you have written paper or done a presentation that you are especially proud of, please consider presenting it at CLA. It's a great experience, and not nearly as painful as you might think.

Each student has a short time slot and we all give each other lots of moral support. The CLA annual conference will be held October 25-28, 2001 at the Antlers Adams Mark Hotel in Colorado Springs. You do not need to attend the entire conference to present. Last fall, a number of DU students attended only the day of the DU presentation. Please consider giving a presentation.

If you'd like more information, or if you'd like to just say YES - I want to present. Please email Lisa Cole at lcole@du.edu.

LISA Newsletter Editor Needed

Michelle Marx

The upcoming summer newsletter will be my fourth issue and my last issue. After a year at the helm, it's time to involve myself in new activities. The newsletter has been a great way to keep up with the activities and people in the LIS program. And I learned something new.

If you are interested in maintaining the LISA newsletter let me know. I am willing to work with someone on the summer issue to ease you into the process. I can be reached at mm0601@hotmail.com.

Library Resources at Penrose

There is an annotated list of resources available at Penrose prepared by Nonny Schlotzhauer, Penrose Social Sciences Librarian.

The Library & Information Science Resources: annotated list of print and electronic resources, and reference sources
