

English Conditional Admission (ECA) Checklist

In order to be eligible to begin your degree program, you must successfully complete the intensive English program, including the LAUNCH curriculum, at the University of Denver's English Language Center (ELC) **and** receive the ELC director's written recommendation for University enrollment. (Note: each Level of English at the ELC corresponds to one quarter or ten weeks of study.)

If you are currently enrolled at the English Language Center, you **must** successfully complete the LAUNCH curriculum prior to enrollment at the University of Denver.

If you would like to reclassify your admission status to *Regular Admission* from *English Conditional Admission* prior to your enrollment in September, and you are not currently enrolled at the English Language Center, you must submit a qualifying TOEFL or IELTS score to our office no later than **August 1st**. Students must present a minimum TOEFL score of at least 80 iBT, generally achieving at least 20 on all TOEFL subscores or an IELTS score of at least a 6.5 with no less than 6.0 on each individual band score.

If your admission status is updated to *Regular Admission* by the Director of International Student Admission, you will be required to take the English Language Proficiency Assessment (ELPA) during International Student Orientation. All Regularly Admitted non-native English speakers, regardless of TOEFL or IELTS test scores, must take this assessment. The results of this assessment will determine your placement into additional English courses for which you will receive credit toward your degree. **IMPORTANT:** Your ELPA results may also require you to enroll in the full-time intensive English program at the University's English Language Center (ELC), regardless of your TOEFL or IELTS scores. In this case, you will remain enrolled in the ELC until you have successfully completed the language program, after which you may enroll in your degree program.
