

Student Responsibility Statement

Please initial in the space before each statement to indicate your understanding and willingness to comply with the statement.

___ I understand that I will be allowed to participate in a DU Interterm travel course as long as I maintain satisfactory academic and judicial records. Acceptance into an interterm course, however, is subject to the course professor qualifications and decision.

___ I understand that I must obtain a valid passport to travel abroad. I understand that if I do not have a valid passport, I will apply for one immediately and that I will give the Office of Special Community Programs a photocopy of said passport.

___ I understand that whenever possible, I will obtain advance course approvals for the courses I plan to take.

___ I understand that I must attend a pre-departure orientation session administered by the Office of Special Community Programs.

___ I understand that it is my responsibility to work with the Financial Aid Budget Officer at the Office of Special Community Programs to ensure that the financial obligations of the program are understood and that the proper paperwork has been completed prior to my departure for the interterm travel course.

___ If I wish to claim a disability, I understand that it is my responsibility to submit a request for any accommodations for which I may be eligible while abroad through the DU Disability Services Program.

___ Furthermore, I understand I am responsible for working with the appropriate DU staff and the Office of Special Community Programs staff to develop an action plan on how I will accommodate my disability while studying abroad.

___ Furthermore, I understand that the legal mandates that protect a person with a disability in the United States do not extend beyond the borders of the United States. I understand that working with the appropriate offices at DU, I should research the programs and services available in advance of my arrival.

___ I understand that it is my responsibility to determine if I am required to obtain a student visa for the country where I will be taking my interterm course, and that, if I do need a visa, I will apply for it in a timely manner.

___ I understand that the University of Denver requires that I obtain an International Student ID card (ISIC). I may purchase the card through the Study Abroad Office or through another vendor.

___ I understand that I must carry health insurance as required by the University of Denver and that it is my responsibility to understand how this insurance covers me while I am abroad for my interterm travel course.

___ I understand the cancellation policies and procedures as outlined on the Office of Special Community Programs website.

___ I understand that upon acceptance, I will complete a pre-departure survey and upon return I will complete a post assessment survey as described in the orientation material.

___ I understand that I will obtain letter grades from my interterm travel course and if I am participating on a DU Program or an affiliated program, these grades will appear on my DU transcript, although these grades will not be calculated into my DU overall GPA.
