

International Business

An Overview...

In focusing on the international environment the student becomes well educated in the world of business and social science; enhancing the core business courses by increasing the understanding of the complexity of conducting business in a multinational interdependent environment. In some manner whether it is direct or indirect, international forces impact all companies. For those managing what appears to be strictly a domestic operation, it is likely that their competitors, suppliers, customers, employees, managers or even owners are foreign.
