

Post Graduate Service Opportunities for DU Students

All labor that uplifts humanity has dignity and importance and should be undertaken with painstaking excellence. MLK

Co-Sponsored by the Center for Community Engagement and Service Learning (CCESL) and the University of Denver Career Center

There are literally hundreds of Post-Graduate Service opportunities out there. These programs can be distinguished by length of service terms (three weeks, six months, two years), locale (international or domestic), affiliation (government, independent or religious) and community living (host family, solitude or living with other volunteers). We encourage you to use these categories of distinction to help you develop a focus for your explorative research.

DU's Office for Community Engagement and Service Learning has teamed up with the Career Center to assist interested students in finding the Post Graduate Service Program that best fits your goals and desire for growth. Below is a list of our suggested programs developed according to the following criteria: 1) Strength and effectiveness of program, 2) Diversity of opportunities, 3) Values of the public good, inclusive excellence, building community capacity and engagement. When it comes time to make your decision, we invite you to make an appointment in the Career Center at 303.871.2150 to ensure that you make the best decision for you.
