

We are interested in learning more about what it's like to be a mother...

We will ask you about the joys and challenges of being a mother, and about stress during your own childhood (like abuse or neglect)....

....The things we learn will be used to try to improve services for mothers like yourself...your story can **make a difference** down the road.

Is this study a **MATCH** for you?

Maternal Attachment, Coping & Health Study

Invites mothers who:

- Are over the age of 18.
- Have a child that is 1 ½ to 5 years old.
- Experienced stress as a child themselves.

matchproject@du.edu

What does the project involve?

- ❖ The project involves taking one 40 minute survey online at a place and during a time that is comfortable and convenient for you.

How do I find the survey online?

- ❖ Call or email to tell us that you are interested in participating. We will email you a unique link and password so you can take the survey. It's that simple!

Who will know what my responses were to the survey?

- ❖ We keep all of your responses confidential. We will not tell anyone you completed the survey.
- ❖ Your name will not be connected to any of your answers on the survey. Your responses will be anonymous.

Will I be paid for the survey?

- ❖ Yes! We want to thank you for your time. You will receive payment of **\$15** for participation.
- ❖ You can choose to receive payment through PayPal or receive an Amazon Gift Card.
- ❖ You will also be entered in a drawing to win a \$100 Amazon gift card!

This research was approved by the University of Denver Institutional Review Board.
