

## English Conditional Admission (ECA) Checklist

**Before you begin your degree program**, you must successfully complete the appropriate level of intensive English at the University of Denver's English Language Center (ELC), **and** receive the ELC director's written recommendation for University enrollment. (Note: each Level of English at the ELC corresponds to one quarter or ten weeks of study.) Students who are English Conditionally Admitted to the University and fulfill their English proficiency requirements through the English Language Center are required to take 12 credits in the LAUNCH Curriculum.

If you are currently enrolled at the English Language Center, you **must** successfully complete the LAUNCH curriculum in order to continue at the University of Denver.

If you would like to reclassify your admission status to *Regular Admission* from *English Conditional Admission* prior to your enrollment in September, and you are not currently enrolled at the English Language Center, you must do one of the following:

1. Submit a qualifying TOEFL, IELTS, or CAE score to our office no later than **August 1st**. Students must present a minimum TOEFL score of at least 80 iBT, achieving no less than 20 on each TOEFL subscore; an IELTS score of at least a 6.5 with no less than 6.0 on each individual band score; or a minimum grade of C on the CAE.
2. Complete both English Composition I and II with grades of C- or higher.
3. Complete 30 semester hours of transferrable credit from a college or university where English is the language of instruction and examination.

If your admission status is updated to *Regular Admission* by the Director of International Student Admission, you will be required to take the English Language Proficiency Assessment ([ELPA](#)) during International Student Orientation. All Regularly Admitted non-native English speakers, regardless of TOEFL, IELTS, or CAE test scores, must take this assessment. The results of the assessment will determine your placement into English language credit courses in the [LAUNCH](#) Curriculum for which you will receive credit toward your degree and fulfill the language requirement. The LAUNCH courses are designed to help students be more successful in their academic programs by improving their proficiency in English, learning about being part of an American institution of higher education, and learning more about U.S. culture.
