REMEMBERING LIFE:

A Moving Exploration of the Holocaust through Photos

Featuring Dr. Ann Weiss

Dr. Ann Weiss's fascinating presentation will recount the discovery of the only known surviving collection of photos from a transport of Jews to Auschwitz and her 20-year journey researching the stories behind these photos. These are the very photos that Jews chose for their own remembering. And they are photos of life, not of death: Sweethearts falling in love. Babies. School outings. Wedding portraits. Photos of life, when life was still innocent. Ann will show these precious photos and tell stories about the people in them. She will also sign copies of her book, *The Last Album: Eyes from the Ashes of Auschwitz-Birkenau*, during the reception. To read about Ann and her project, go to www.thelastalbum.org
