

 UNIVERSITY of DENVER	UNIVERSITY OF DENVER POLICY MANUAL LIMITS OF AUTHORITY POLICY	
Responsible Department: Controller's Office Recommended By: Provost, Vice Chancellor BFA Approved By: Chancellor, Board of Trustees	Policy Number 2.10.030	Effective Date: 03/17/2017

1 INTRODUCTION

This policy authorizes specific officers and employees to enter into contractual and other obligations on behalf of the University of Denver (Colorado Seminary) (the "University"). The following designations of authority are intended to recognize the scope of responsibility of University employees, control the creation of unauthorized or unintended liabilities, and maintain the orderly conduct of the University's business affairs. This policy also provides for a review procedure for certain types of contracts.

- A. For purposes of this policy, the term "contract" means any contract or agreement, whether written or oral, which is intended to create a University obligation. The term "University commitment" means, in addition to an obligation to make cash payments, any obligation to provide services, it being understood that such services will be valued by the amount of payment being paid to the University in return for such services. For example, if a contract states that the University will provide facilities in return for a \$5,000 payment, then the contract involves a \$5,000 University commitment.

Contracts for goods and services arranged under the direction and control of the Director of Purchasing are subject to procedures outlined in the University of Denver Purchasing Manual rather than the Procedure incorporated in Section III.
