Today, Campus Safety received a report from Denver PD of a rape that occurred overnight between June 2nd and June 3rd in the parking lot just south of the Newman Center for the Performing Arts (Lot P).

- The student was at the Pioneer restaurant. The student and the suspect returned to her vehicle which was parked on the lower level of Lot P where the rape occurred.
- The suspect then fled the scene.

The Department of Campus Safety and the Denver Police Department are investigating this case.

Description of Suspects:
There is no suspect description at this time.

Sexual assault is never the fault of the victim. While nothing is failsafe, here are some items that everyone should consider:

- Perpetrators choose victims for their vulnerability, not their sexiness or how they look or act. Rape is not a crime of sexual desire. It is a crime of hostility and violence toward the victim. People often engage in victim blaming. It is a way to preserve the false belief that they will be safe from sexual assault “if only” they do not do what the victim did. However, rape is never the victim’s fault. Only the perpetrator chooses to commit sexual assault.
- Be active in supporting a safe and respectful community. If you see others engaging in disrespectful or inappropriate actions, speak up and get involved, or contact someone else to assist.
- If you would like more information about how to be a proactive bystander, please participate in a “Be a B.O.S.S.” training.
- Forcing sexual contact on another person without consent is against the law and against university policy. Someone who is passed out, unconscious or incapacitated because of drugs or alcohol is unable to give consent. Sex without consent is sexual assault. Rape is never the victim’s fault.
- Trust your instincts. If you feel uneasy or sense something is wrong, call for help.
