Public Good Associate Program Request Form

Faculty members who have received training and/or funding from CCESL or the University of Denver's Public Good Fund or are committed to community-engaged teaching/scholarship are eligible to request a Public Good Associate. Students who have a demonstrated commitment to community-engaged work and experience, or a strong interest in teaching or research receive training to become PGAs. PGAs then work with faculty to support the implementation of the faculty member's service learning course and/or community-engaged research.
