Service Learning Scholars Program Application 2015-2016

The Service Learning (SL) Scholars Program is for instructors who are new to service learning. Participants attend a 2-day workshop (December 1 and 2, 2015) and are expected to attend a follow-up meeting in Spring Quarter. Instructors are also asked to submit a syllabus from their newly developed (or revised) service learning course after teaching the course at least once.

Appointed faculty (including Tenure Track, Teaching, Clinical, and Visiting Faculty) are eligible to receive:

- \$750 for attending the 2-day workshop
- \$125 for attending the follow-up meeting in Spring Quarter
- \$125 for submitting a syllabus for a newly developed (or revised) service learning course after teaching the course at least once

We anticipate having a limited number of spots for instructors who are Postdoctoral Fellows, Graduate Student PhD candidates, or Adjunct Faculty; unfortunately, these instructors are not eligible to receive stipends.
