English
Please direct questions about English as a Second Language placement to the English Language Center.

French
- If you have never studied French, please register for French 1001.
- The WebCAPE is multiple-choice and covers grammar, reading, and vocabulary. It is an adaptive test, meaning that the question difficulty will vary depending on how you respond. The goal is to find out what you do know and what you do not know. The test is designed to give you a number of opportunities to answer questions at different levels of skills. Please plan on 15-45 minutes for the test.
- Log on to the WebCAPE placement testing website.
- The password is "lang246".
- If you get disconnected or forget to record your placement results, return to the web site, reenter your name, ID and e-mail address exactly as you did before, and press "resume." This will take you back to the test results or let you continue the test.
At the end of the test, you will receive instructions regarding advising. Read this section carefully.
Your first score will be recorded and sent to the registrar. However, if you score a 0, retake the test, and your second score will be recorded. Keep a copy of your score for your own records.
