There will be a presentation next Tuesday April 2, 2013 from 6:30 to 8:00pm in KRH 408 to discuss the outcomes of our first ever School-based Mental Health Practicum initiative conducted in Beijing, China this past Fall quarter.

If you are interested in hearing about this experience and/or potentially participating in the experience next year – please come.

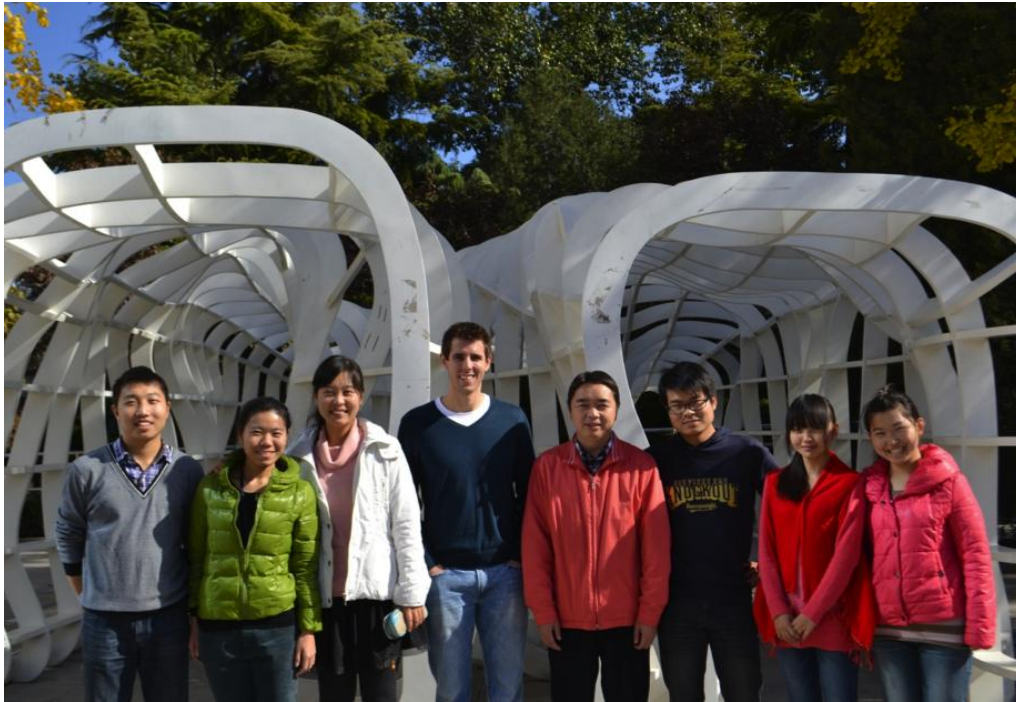

The two students who traveled and completed a 10-week placement at one of two schools in Beijing, China will present on their experience. They will discuss their placement sites, the roles they played at these schools, and their personal take-aways about this experience.

At 7:00 or 7:15 we also will have the faculty supervisor from Beijing Normal University Skype into the meeting as well.

We are in the process of selecting two students to participate in this experience next fall. Please let Dr. Miller know if you would like to be considered for this opportunity.
