INTERNSHIP CONSORTIUM

Friday Seminars 2017 - 2018
Seminars will be held in the Ammi Hyde building (room 108) and at the various sites in the Consortium, as well as elsewhere (see schedule below – unless specified, meet in AHB 108). Seminars are designed to build on the coursework taken previously by all interns in the GSPP doctoral program.

Research Seminar
Research Seminar is co-led by Drs. Jenny Cornish and Lavita Nadkarni (GSPP faculty members) and is generally held two hours every other week (alternating with Professional Issues Seminar) and emphasizes support for doctoral papers as well as a yearly group project. Recent group projects have included papers published in the *Psychotherapy Bulletin* (on topics such as supervision during internship, completing doctoral papers on time, student loan debt repayment options, and career paths for PsyD students).

Professional Issues Seminar
This seminar is coordinated by Dr. Jenny Cornish (Internship Consortium Director) and generally meets for two hours every other week (alternating with Research Seminar). The seminar is led by a variety of speakers from the GSPP, the Consortium sites, and other local and national psychologists. Topics covered include: the work conducted at the Consortium sites, licensure, job-search strategies, supervision, and so on.

Multicultural Seminar
This seminar augments the four-course multicultural sequence completed by all interns in the PsyD program at the DU GSPP. This weekly seminar, co-led by Drs. Fernand Lubuguin (GSPP...
faculty member) and Crosby Troha (Senior Clinical Instructor, University of Colorado Medical School and Children’s Hospital Aurora), utilizes didactic and experiential pedagogy to increase the awareness, knowledge and skills related to the Individual and Cultural Diversity competence. The seminar includes: a) didactic discussions regarding aspects of diversity that are generally inadequately addressed in the doctoral curriculum (e.g., reading and discussing literature regarding sizism); b) exploring aspects of diversity that have been addressed in the curriculum to greater depth; c) personal discussions regarding particular aspects of diversity (e.g., spiritual/religious beliefs and how they affect clinical work); d) case consultation regarding diversity issues; and e) personal target/non-target journeys. The schedule below provides the general structure of the seminar for the year. However, the focus and nature of any given week will be subject to change, depending on the immediate training needs and interests expressed by the interns (e.g., in 2010 – 2011 the intern cohort had a particular interest in religion and spirituality and spent several weeks on those topics).

Assessment Seminar
Assessment Seminar is held one hour every week and includes training in clinical interviewing and all aspects of psychological testing (e.g., administration, scoring, interpretation, and written and oral reports). This seminar is co-led by Drs. Jessica Bartels (Treatment and Evaluation Services) and Jordan Wolfsohn (independent practice, Denver) and include expert guest speakers from the community. Interns are required to present at least two assessment cases in seminar; there may be options to present more cases depending on the year. Interns will be expected to consult with one another regarding their cases to prepare for working with various professionals (e.g., attorneys, MDs, case managers).

Intern Lunch
Intern Lunch is held one hour each week. The interns meet with each other for lunch and bonding purposes.

Participation:
Interns are expected to participate in all seminars and workshops listed below. If interns need to miss a seminar day, they should notify the internship director, their site liaison, their primary supervisor, and all seminar leaders in advance if possible (and remember to complete a leave form, signed by the primary supervisor, with a copy to the internship director), and if they are scheduled to present on that day, they are expected to arrange a trade with a peer and to let the seminar leaders know about the trade. Please note that interns are only allowed to miss 4 Friday seminars during the year.

Evaluation
The Friday Seminars leaders provide narrative assessments of the interns to the internship director on a quarterly basis, who in turn, contacts the site liaisons with that feedback. Site supervisors use information from Friday Seminar leaders to complete the written evaluation forms. If an intern is demonstrating difficulty in a seminar, site liaisons/site supervisors will be contacted on a more frequent, as-needed basis, and site liaisons, primary supervisors, and seminar leaders may be in direct communication at any time. In general, interns are evaluated on their individual contributions to seminars, including their contributions to discussion and their preparation for any presentations. Note that no information is given to the internship director and site liaisons/supervisors about Multicultural Seminar other than whether the intern attended and participated, in order to safeguard the confidentiality necessary for that seminar.

Note:
The schedule below will be updated as needed based on input by seminar leader/s and interns based on their professional needs.
