Dear Student,

Good health is essential for you to obtain the most benefit from participation in University life. Because the University of Denver recognizes this and desires to safeguard your good health, the University has established a two-part health care program and maintains an on-campus Health & Counseling Center for regularly enrolled students. The Health & Counseling Center provides cost effective medical and mental health services.

The University sponsors a Student Injury and Sickness Insurance Plan offered by UnitedHealthcare **StudentResources** and underwritten by UnitedHealthcare Insurance Company and described in this brochure. The Insurance Plan is designed to complement the services rendered at the DU Health & Counseling Center. All students enrolled for one or more hours of graded credit at the University of Denver are required to carry adequate health insurance coverage. Although students with other health insurance may waive participation in the Student Injury and Sickness Insurance Plan, we strongly encourage careful evaluation of the plan since it may be valuable as additional coverage. The Plan is especially beneficial to those students who have been removed from their parents' policy because of attainment of a specified age. It is very important for out-of-state students who are currently covered under either a Health Maintenance Organization (HMO) or a Preferred Provider organization (PPO) plan to review their insurance policy for allowable benefits in the Denver area. The UnitedHealthcare **StudentResources** program also includes out of country coverage, Dental and Vision discounts and other services.

Participation in DU's two-part health care program consisting of our Health & Counseling Fee and our Student Injury and Sickness Insurance Plan allows students to receive medical and mental health care at our Health & Counseling Center for little or no out-of-pocket cost. Many students and parents recognize the convenience and accessibility of the Insurance Plan and purchase our plan in addition to the coverage they already have to ensure the best health care coverage situation possible at DU. If you would like to discuss how to maximize the many benefits offered under our health care program, please call us at (303)-871-2205.

The staff at the Health & Counseling Center welcomes each of you to the University of Denver. We look forward to assisting you in maintaining good health while you pursue your educational goals.

Sincerely,
Alan Kent Ph.D.
Executive Director, University of Denver Health & Counseling Center

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

Health and Counseling Center (HCC) Referral Required

STUDENTS ONLY

The student should use the services of the Health and Counseling Center first where treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Health and Counseling Center for which no prior approval or referral is obtained will be paid at the Out-of-Network level of benefits as specified in the Schedule of Benefits. A referral issued by the HCC must accompany the claim when submitted. Only one referral is required for each Injury or Sickness per Policy Year.

A HCC referral for outside care is not necessary only under any of the following conditions:

1. Medical Emergency.
2. When the HCC is closed.
3. Medical care received when the student is more than 50 miles from campus.
4. Medical care obtained when a student is no longer able to use the HCC due to a change in student status.
5. Maternity, obstetrical and gynecological care.

Dependents are not eligible to use the HCC; and therefore, are exempt from the above limitations and requirements.

Preferred Provider Information

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-866-648-8472 and/or by asking the provider when making an appointment for services.

“Preferred Allowance” means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

“Out-of-Network” providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

PREFERRED PROVIDERS – Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-866-648-8472 for information about Preferred Hospitals.

OUT-OF-NETWORK PROVIDERS - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Unproven Services means services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

- 1) Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- 2) Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Benefits shall be subject to all other limitations or any other provisions of the policy.

BENEFITS FOR ORAL ANTICANCER MEDICATION

Benefits will be provided for prescribed, orally administered anticancer medication that has been approved by the Federal Food and Drug Administration and is used to kill or slow the growth of cancerous cells.

The orally administered medication shall be provided at a cost to the Insured not to exceed the Coinsurance percentage or the Copayment amount as is applied to an intravenously administered or an injected cancer medication prescribed for the same purpose.

The medication provided pursuant to this benefit shall:

- 1) only be prescribed upon a finding that it is Medically Necessary by the treating Physician for the purpose of killing or slowing the growth of cancerous cells in a manner that is in accordance with nationally accepted standards of medical practice;
- 2) be clinically appropriate in terms of type, frequency, extent site, and duration; and
- 3) not be primarily for the convenience of the Insured or Physician.

This benefit does not require the use of orally administered medications as a replacement for other cancer medications, nor does it prohibit the Company from applying an appropriate formulary or other clinical management to any medication described in this benefit.

Benefits shall be subject to all Deductible, Copayment, Coinsurance, limitations, or any other provisions of the policy.

Coordination of Benefits Provision

Benefits will be coordinated with any other eligible medical, surgical or hospital plan or coverage so that combined payments under all programs will not exceed 100% of allowable expenses incurred for covered services and supplies.

Accidental Death and Dismemberment Benefits

Loss of Life, Limb or Sight

If such Injury shall independently of all other causes and within 180 days from the date of Injury solely result in any one of the following specific losses, the Insured Person or beneficiary may request the Company to pay the applicable amount below in addition to payment under the "Medical Expense Benefits" provisions.

For Loss Of:

Life	\$10,000
Two or More Members	\$10,000
One Member	\$ 5,000
Thumb or Index Finger	\$ 2,500

Member means hand, arm, foot, leg, or eye. Loss shall mean with regard to hands or arms and feet or legs, dismemberment by severance at or above the wrist or ankle joint; with regard to eyes, entire and irrecoverable loss of sight. Only one specific loss (the greater) resulting from any one Injury will be paid.

Definitions

ADOPTED CHILD means the adopted child placed with an Insured while that person is covered under this policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

CONGENITAL CONDITION means a medical condition or physical anomaly arising from a defect existing at birth.

COPAY/COPAYMENT means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

CUSTODIAL CARE means services that are any of the following:

- 1) Non-health related services, such as assistance in activities.
- 2) Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
- 3) Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse or Civil Union partner or Domestic Partner of the Named Insured and their dependent children, adopted children and children in the custody of the Named Insured pursuant to an interim court of adoption, step children living with the Named Insured and children for which the Named Insured is under court order to provide coverage. An adopted child shall be eligible for coverage on the same basis as other covered children. Coverage for a child the Named Insured adopts shall include the necessary care and treatment of medical conditions existing prior to the date of placement if adoption or placement occurs while the insurance is in effect for the Named Insured. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

- 1) Incapable of self-sustaining employment by reason of mental retardation or physical handicap.
- 2) Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

DOMESTIC PARTNER means a person who is neither married nor related by blood or marriage to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence and intends to do so indefinitely; and 3) is responsible with the Named Insured for each other's welfare. HABILITATIVE SERVICES means outpatient occupational therapy, physical therapy and speech therapy prescribed by the Insured Person's treating Physician pursuant to a treatment plan to develop a function not currently present as a result of a congenital, genetic, or early acquired disorder.

Habilitative services do not include services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service. When the Insured Person reaches his/her maximum level of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

HOSPITAL means a health institution planned, organized, operated, and maintained to offer facilities, beds, and services over a continuous period exceeding twenty four (24) hours to individuals requiring diagnosis and treatment for illness, Injury, deformity, abnormality, or pregnancy. Clinical laboratory, diagnostic X-ray, and definitive medical treatment under an organized medical staff shall be provided within the institution. Treatment facilities for emergency and surgical services shall be provided either within the institution or by contractual agreement for those services with another licensed Hospital. - 5) sustained while the Insured Person is covered under this policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to this policy's Effective Date will be considered a Sickness under this policy.

They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. Intensive care does not mean any of these step-down units:

- 4) Serious dysfunction of any body organ or part.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

Mental Illness does not mean a Biologically Based Mental Illness or a Mental Disorder as defined in the Benefits for Biologically Based Mental Illness. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

NAMED INSURED means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.

NEWBORN INFANT means any child born of an Insured while that person is insured under this policy. Newborn Infants will be covered under the policy for the first 31 days after birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

Substance use disorder does not mean a Mental Disorder as defined in the Benefits for Biologically Based Mental Illness. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all alcoholism and substance use disorders are considered one Sickness.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) date the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

If a treatment plan is not submitted, the Insured Person will be responsible for payment of any dental treatment not approved by the Company. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a Benefit based on the less costly procedure.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a Benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.

- Safe with promising efficacy
- For treating a life threatening dental disease or condition.
- Provided in a clinically controlled research setting.
- Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.
