EPIC Hearing Service Plan

Why Have a Hearing Plan?

Hearing problems are fairly common: 10% of the US population has some form of hearing impairment and hearing loss is the #3 chronic health problem in the country.

Hearing loss is usually treatable, primarily through the use of hearing aids. But less than 25% of people who can benefit are treated, often because of concerns about cost, difficulty in finding a knowledgeable hearing health specialist, and confusion about the wide range of options in hearing aid technology (analog or digital? behind-the-ear or completely-in-the-canal?).

With the EPIC Hearing Service Plan, the barriers to better hearing health are eliminated.

EPIC identifies and screens qualified experts in hearing evaluation and treatment – Physicians and Audiologists – in your neighborhood.

EPIC researches and evaluates all hearing aid technology to assure the latest as well as the most effective options are available.

EPIC negotiates the best prices for all treatment protocols, including hearing aids. EPIC prices may be as much as 50% below manufacturer’s suggested retail price and up to 35% lower than most discount offers.

EPIC coordinates coverage with your existing healthcare plans.

EPIC Hearing Service Plan

Introduction

Hearing is one of the five natural senses that allow us to enjoy life and the world around us. Music, radio, television, movies, theater – all become less accessible and enjoyable without the benefit of hearing. And the loss of sounds like sirens and alarms can actually endanger your life.

Hearing is a valued life asset that can be protected, treated and assisted through a program for hearing healthcare. The EPIC Hearing Service Plan provides easy access to hearing health professionals – primarily physicians and audiologists – who can help you achieve your maximum hearing potential throughout your life.

Joining the EPIC Hearing Service Plan is free to you and your family and all treatment costs within the Plan, including hearing aids, have been negotiated by EPIC to provide you with the best value possible.

**When to Call EPIC**

Are you or a family member experiencing any of the following?

- Difficulty understanding voices and words (especially those of women and children)
- Occasional ringing in one or both ears
- Itching in the ear canals
- Difficulty understanding in noisy situations
- Turning up the television volume to understand the dialogue

If so, you may have a hearing problem that could be helped by a hearing healthcare professional. Hearing loss usually occurs gradually, without pain, discomfort or deformity, but indicators like those above should prompt an evaluation.

In addition, some more serious symptoms merit immediate attention by a physician:

- A sudden hearing loss
- Spinning and dizziness with vomiting
- Persistent ringing in one ear
- Blood or fluid draining from one or both ears
- Persistent pain in one or both ears

Hearing tests should also be part of your regular health maintenance plan:

**EPIC’s Five-Step Plan**

Any symptom of hearing loss deserves expert evaluation and treatment by a trained hearing healthcare specialist.

The EPIC Hearing Service Plan starts with a thorough medical/audiological evaluation of your ears and hearing. Tests and measures will determine the course of treatment most likely to help you hear better, from hearing aids to surgery. The EPIC Hearing Plan’s 5 Basic Steps to Good Hearing include:

1. **Pure Tone Hearing Test**
   - to determine if a hearing problem exists

2. **Functional Assessment Test**
   - to define the magnitude of the problem and the technology best suited to treat it

3. **Hearing Aid Evaluation**
   - to determine your ability to wear a hearing aid and select the best model and make

4. **Fitting and Programming**
   - your hearing aid

5. **Therapy and Training**
   - to fine tune your device and maximize the benefits you receive

**How the EPIC Plan Works**

The EPIC Hearing Service Plan is a negotiated and managed benefit. You pay nothing to join and you enjoy reduced rates for most fees and costs associated with your hearing healthcare under the Plan.
