The Office of Internationalization is pleased to announce Strategic Partnership Grants for 2019-2020. These grants are a key element of DU IMPACT 2025 and its goals of developing and maintaining comprehensive strategic partnerships with select universities around the world and building Internationalization at Home on the DU campus. Strategic Partnership Grants are available to full-time faculty and staff at DU, dependent on the category of grant as listed below.

For most categories below, deadlines are rolling beginning July 1, 2019, and ending June 1, 2020. Strategic and Priority Partnership Research Grants (Category Five below) will be considered only once the Internationalization Grants Committee is seated by the Internationalization Council in October, 2019, and have a monthly deadline on the first of the month from October 1 through June 1, 2020. All categories of Strategic Partnership Grants will be available for projects that are intended to occur between the first deadline date as listed above and June 15, 2020. Upon approval, some grants may be renewed for a second academic year either with or without additional funding. As indicated below, some grants may be for multiple years to allow for more complicated projects to be successful. All grant categories except for research grants have a simplified and expedited approval process as indicated in each category below.

All grants require complete reports at the end of the project, and, in the case of renewals or multi-year grants, progress reports at the end of each academic year.

All Strategic Partnership Grants must be with one or more of DU’s Strategic Partners, currently Lund University (Lund, Sweden), the University of Western Australia (Perth, Australia), and the University of KwaZulu-Natal (Durban, South Africa). In addition, Category Five grants below can be for projects with one of DU’s Priority Partners (the Catholic University of Portugal (all campuses, Portugal), the University of Glasgow (Glasgow, U.K.), the University of Lille (Lille, France), the University of San Ignacio of Loyola (Lima, Peru), Tohoku University (Sendai, Japan), and Bangor University (Bangor, U.K.).
