Dean's Fellowship Nomination Form

Dean's Fellowships are to be used to recruit the best students to NSM doctoral programs. Unlike GTAs and GRAs, Dean's Fellows are not required to perform any type of service and are expected to devote their time to the mastery of their coursework and the establishment of a research program for the doctoral dissertation. All fellowship recipients are expected to take a full course load each quarter during the academic year and to be working full-time on their research during the summer.
