

Sustainability Speaker Series

Sustainability at DU:

Sustainability on the Front Range

Thursday, Nov 7, Ben Cherrington Cyber Cafe, 12-2

Join this series of cross-curricular dialogues about sustainability-focused research and teaching at University of Denver. This session will feature a panel with representatives from units across campus whose research and teaching ranges focuses on sustainability issues in the Front Range and across Colorado. Short presentations will be followed by an open discussion about crosscutting themes in sustainability.

The panel will be composed of:

J. Michael Daniels, Geography

Stephanie Gripne, Business Ethics and Legal Studies

Brian Majestic, Chemistry and Biochemistry

Tom Romero, Law

Dean Saitta, Anthropology

Anna Sher, Biological Sciences

Light refreshments will be provided

Sponsored by: Josef Korbel School of International Studies, the Center for Sustainability, and the USG Sustainability Committee
