The DU IRB is responsible for ensuring that any research study under its jurisdiction is in compliance with federal, state, and institutional regulations. All submissions must be submitted electronically to the DU IRB through IRBNet. IRBNet is a hosted service that supports electronic, on-line submissions. No hard copies will be accepted. IRBNet can be accessed at the following web address:

The Web Address:
www.irbnet.org

The purpose of this document is to provide guidance for submitting to the DU IRB via IRBNet. Step-by-step instructions will be given for each type of submission.

If you have any questions and require additional assistance navigating through IRBNet program, please contact the DU IRB/Office of Research Compliance at 303-871-4050.

Thank You!

I. INSTRUCTIONS FOR REGISTERING WITH IRBNET
1. Go to [http://www.irbnet.org](http://www.irbnet.org)
2. Click on the ‘New User Registration’ link in the upper right-hand corner of the screen
3. Create your username and password. Fill out the required information. Your password must contain 8 characters. Click ‘Continue’

![Registration Form](image)

4. Read and Accept the Individual User Terms of Use

![Terms of Use](image)
5. To add your affiliation, type the word, ‘University of Denver (Colorado Seminary), Denver, CO’ into the search box. Click ‘Display’. Select ‘University of Denver (Colorado Seminary), Denver, CO’ from the organization box. Click ‘Continue’

6. Enter your contact information. Enter the email address you will use to receive communications through the IRBNet system regarding all notifications of IRB decisions, communications from the IRB Office and/or your research. Click ‘Continue’

7. Review the information you provided and edit as necessary. When you are satisfied, click ‘Register’

**IMPORTANT:** An email will be sent to the email address you provided in Step 6, with ‘IRBNet Activation Required’ in the subject line. If you do not receive the confirmation in a short period of time then check your
junk folder to see if it is there. You will need to click on the link provided in this registration email in order to activate your account. Clicking on the link will take you automatically to the IRBNet homepage.

If you have problems activating your account or have forgotten your password, please click on the “Forgot your Password?” text in the upper right corner of the IRBNet home page.
To submit a study for review, you must first **CREATE A NEW PROJECT** (Study) to hold your documents. Any type of document can be uploaded, but your study MUST include all the required forms for a complete package before any action can be taken on behalf of the board. A good place to start is ‘Checklist – New Submissions’ which includes a list of the required forms for a New Study. This, and other checklists, can be found under ‘Other Tools’ (Forms and Templates) on the left side of your screen.

**Please note:** If you are submitting on behalf of the Principal Investigator (PI), the PI must be registered in IRBNet so that he/she can sign your package later in the submission process.

**STUDENTS:** If you are serving as the Principal Investigator (PI) on this new project, your Faculty Advisor must be registered in IRBNet so that he/she can review and sign your package during in the submission process.

**Step 1:** Log In to [www.irbnet.org](http://www.irbnet.org) using you username and password (for First Time Users, you must Register with IRBNet; please see INSTRUCTIONS FOR REGISTERING WITH IRBNET / page 3)

**Step 2:** The default page will be **MY PROJECTS**, where you will have access to all of your existing studies as well as the ability to create new studies. Click **CREATE NEW PROJECT** (on the left side of your screen).

Fill in the relevant information about your project (title, PI name), click ‘Continue’

**Step 3:** You will now be on the **DESIGNER** page where you will download forms, templates, and reference materials to assemble a new study. Select ‘University of Denver (DU) IRB, Denver, CO – Documents for Researchers’ from the ‘Select a Library’ drop-down menu.
Select the necessary forms that pertain to your initial submission from the ‘Select a Document’ drop down menu. Save these documents to your computer in a place where you can find them again (i.e. desktop, My Documents, etc.). Click the ‘Browse’ button and find the completed document on your hard drive. Once you find the document, click the ‘Attach’ button to upload the document. Assemble your document package through clicking on ‘Add New Document’ until all documents have been added, and use the checklist as a reference guide.

Label your document appropriately using the drop down list on the ‘Attach Document’ screen (i.e. Application Form, Consent Form, Protocol, Letter, etc.).

Once you have attached a document to your study package, the Study Designer page will now list your documents.

PLEASE NOTE: THE ON-LINE DOCUMENT (DU-IRB Application Form) MUST ALSO BE COMPLETED. Please refer to the instructions for completing this application on the following page.
Please Note: The On-line Document provides detailed information about your study that may not be listed in the protocol or the informed consent. **The On-line Document MUST be completed for ALL initial submissions.**

Go to the “Designer” page and click on “Add New Document”

Go to the ‘On-Line Document’ (DU IRB Application) at the bottom of the **DESIGNER** page and click ‘ADD’.

Once you click “ADD”, you will automatically be directed to the General Instructions for completing the DU – IRB Application Form. All fields with a red asterisk * are required to be completed. The online application does not allow the user to continue until that field has been completed.
Complete this form, then click ‘SAVE AND EXIT’.

You do not need to complete the entire online form in one sitting; you can ‘save and exit’, and then go back and update the document by clicking the pencil icon next to the document listed in the designer. When you have completed the DU IRB Application, click ‘Preview’ to see what the completed form looks like, and confirm that all the information provided is accurate.

PLEASE NOTE: All other IRB forms are to be completed, saved to your hard drive, and attached to the submission package.

Step 4: SHARE THIS PROJECT with your research team, and if a student investigator, with your Faculty Advisor. Click the ‘Share this Project’ button on the left side of your screen; click the blue ‘Share’ link to grant access to this project.

Select “University of Denver (Colorado Seminary), Denver, CO” from the organization box; click ‘Select Organization’ and search for registered users with whom you’d like to share this project (i.e. Co-investigators, Faculty Advisor, Research Assistant, etc.) Grant each user a level of ACCESS:
To ‘Share’ your research with someone, they must be registered with IRBNet.org

Selected users will be notified automatically via email that the project has been shared with them, and you may enter comments to be included within the email.

**Step 5:** When all the necessary documents are uploaded to the package, the Principal Investigator must sign the package electronically. If you are completing this package on behalf of the PI, send an email to the PI using the ‘Send Project Mail’ function and request that the PI sign the package. **If you are a student, send an email to your Faculty Advisor using the ‘Send Project Mail’ function and request that the Faculty Advisor sign the package.**

**Step 6:** Click on **SIGN THIS PACKAGE**. The Principal Investigator MUST sign the package before it is submitted. Select your appropriate role from the dropdown box and click ‘Sign’.
If a submission is submitted without the PI signature, or Faculty Advisor’s signature, the submission will not be accepted for review.

**Step 7:** Once the PI has signed the package, click **SUBMIT THIS PACKAGE**. Select ‘University of Denver (DU), Denver, CO’ in the “Search for Organization” drop down menu (This will be your default location and should be highlighted already).

Then click the ‘Continue’ button. In the Submission Type drop-down menu, select ‘**New Project**’ and click ‘Submit’.

Once you hit the ‘Submit’ button, you will be given a confirmation showing the time your submission occurred.

**Step 8:** To review what has been sent, click **PROJECT OVERVIEW**. The submission will be under ‘Pending Review’ status until a decision by the board has been made. Once a decision letter is formulated, an email will be sent to everyone who has full access and the letter and any supporting documents can be printed.

**NOTE:** Keep in mind that once you click ‘Submit’ your study is locked and no other changes can be made to this package. Take the time to be sure all documents are attached and in the final version **prior to submitting**. Any incomplete submissions will not be reviewed by the IRB and will be returned for corrections. If you need to make any changes after the package has been submitted and locked, please contact the IRB Office to request to have the package unlocked.
INSTRUCTIONS FOR SUBMITTING A CONTINUING REVIEW

The submission of a continuing review of an open study requires the creation of a subsequent package in a project.

Step 1: Login to IRBNet: www.irbnet.org. This will take you to the MY PROJECTS page. This is where all of the studies that you have access to will be housed.

Step 2: Click on the Title of the project that you would like to continue/renew (click on the exact IRBNet project referenced in the e-mail you received reminding you to renew your study). Then click on the PROJECT HISTORY.

Step 3: Click on CREATE NEW PACKAGE.

Step 4: A NEW DOCUMENT PACKAGE will appear as a 'Work in Progress'. Click on the New Document Package title and you will be brought to the DESIGNER screen where you can add your documents for this package.

Step 5: You will be on the DESIGNER page.

This is where you can access the library of forms as well as any documents from previous packages you have submitted.

From the DU IRB Library (Step 1: - top of screen), Select and download both ‘Checklist – Continuing Reviews’ and ‘Continuing Review Application’ from the ‘Select A Document’ drop down box. From here, choose File>Save As to save the document to your computer, complete the Continuing Review/Progress Report Application Form, save it to your hard drive, and use the checklist as a reference.

View the On-Line Document (DU IRB Application) and verify that the data accurately reflects the current status of your study. If changes have occurred to your study that have not previously been reviewed and approved by the IRB, then an amendment/modification will be required.

Attach supporting documents for your continuing review package by clicking on the ‘Add New Document’ button and browsing your computer:

In the Document Type drop-down box, pick the best match for the document you are uploading. If it is the application, choose the ‘Continuing Review/Progress Report’ choice. If the type of document you are submitting is not in the list then choose “Other” and enter the type of document in the Description field.
Click the ‘Browse’ button and find the document on your hard drive. Once you find the document click the ‘Attach’ button to upload the document.

**Step 6:** When all required continuing review documents are uploaded, the PI needs to sign the package electronically. If you are a student, send a Project Mail to your Faculty Advisor requesting them to sign the package.

**Step 7:** To sign a package, click **SIGN THIS PACKAGE**. The Principal Investigator, or if applicable, the Faculty Advisor, MUST sign the package before it is submitted. Select your appropriate role from the dropdown box and click ‘Sign’.

If a submission is submitted without a PI signature, or if applicable, a Faculty Advisor signature, the submission will not be accepted for review.

**Step 8:** Once the PI has signed the package, click ‘Submit’ this package. Select ‘University of Denver (DU) IRB, Denver, CO’ in the “Search for Organization” drop down menu (this will be your default location and should be highlighted already).

**Step 9:** To review what has been sent, click **PROJECT OVERVIEW**. The submission will be under ‘Pending Review’ status until a decision by the board has been made. Once a decision letter is formulated, an email will be sent to everyone who has full access and the letter and any supporting documents can be printed.

Keep in mind that once you click “Submit” your study is now locked and you are not allowed to attach any other documents or make revisions. Take the time to be sure all documents are attached, documents have been carefully proof-read and in the final version prior to submitting. Any incomplete submissions will not be reviewed by the IRB and will be returned for corrections.
The submission of an amendment of an open study requires the creation of subsequent package in a project.

Step 1: Login to IRBNet; www.irbnet.org. this will take you to the MY PROJECTS page.

Step 2: Click on the Title of the project that you would like to amend/modify. Then click on the PROJECT HISTORY

Step 3: Click on the CREATE NEW PACKAGE button and then the NEW DOCUMENT PACKAGE

A NEW DOCUMENT PACKAGE will appear as a “Work in Progress”. Click on the New Document Package title and you will be brought to the DESIGNER screen where you can add your documents for this package.

Step 4: You will now be on the DESIGNER page.

This is where you can access the library of forms as well as any documents form previous packages you have submitted.

From the DU IRB Library (Step 1: - top of screen), Select and download both ‘Checklist – Amendment/Modifications’ and ‘Amendment/Modification Application’ from the ‘Select A Document’ drop down box. From here, chose File>Save As to save the amendment document to your computer, complete the Application Form, save to your hard drive and use the checklist as a reference guide.

If the amendment changes any of the data included in the previously approved On-Line Document (DU IRB Application), (i.e., personnel, study locations, contact information) then this form will need to be updated as a part of your amendment submission.

Attach supporting documents for your amendment package by clicking on the ‘Add New Document’ button and browsing your computer:

In the Document type drop-down box, pick the best match for the document you are uploading. If it is the application, choose the “Application Form” choice. If the type of document you are submitting is not in the list then chose “Other” and enter the type of document in the Description field. Click the ‘Browse’ button and find the document on your hard drive. Once you find the document click the ‘Attach’ button to upload the document.
Repeat the steps to upload until all documents have been uploaded to your package.

**Step 5:** When all documents are uploaded the PI needs to sign the package electronically. If you are a student, send an email (Send Project Mail) to your faculty advisor and have them sign the package.

**Step 6:** To sign a package, click **SIGN THIS PACKAGE**. The Principal Investigator MUST sign the package before it is submitted. Select your appropriate role form the dropdown box and click ‘Sign’.

**Step 7:** Once the package has been signed, click **SUBMIT THIS PACKAGE**. Select “DU IRB, Denver, CO” in the “Search for Organization” drop down menu (This will be your default location and should be highlighted already).

Then click the ‘Continue’ button. In the Submission type drop-down menu, select ‘Amendment/Modification’ and click ‘Submit’.

Once you hit the ‘Submit’ button, you will be given a confirmation showing the time your submission occurred.

![Submit Package](image)

**Step 8:** To review what has been sent, click **PROJECT OVERVIEW**. The submission will be under ‘Pending review’ status until a decision has been made. Once a decision letter is formulated, an email will be sent to everyone who has full access and the letter and any supporting documents can be printed.

*Keep in mind that once you click ‘Submit’ your study is now locked and you can no longer make any other changes to this package. Take the time to be sure all documents are attached and in the final version prior to submitting. Any incomplete submissions will not be reviewed by the IRB and will be returned for corrections.*

**VI. INSTRUCTIONS FOR SUBMITTING A STUDY CLOSURE**

The submission of a study closure of an open study requires the creation of a subsequent package in a project.
**Step 1:** Login to IRBNet: [www.irbnet.org](http://www.irbnet.org). This will take you to the MY PROJECTS page.

**Step 2:** Click on the Title of the project that you would like to close. Then click on the PROJECT HISTORY

![My Projects menu](image)

**Step 3:** Click on the CREATE NEW PACKAGE button

![Create New Package button](image)

A NEW DOCUMENT PACKAGE will appear as a ‘Work in Progress’. Click on the New Document Package title and you will be brought to the DESIGNER screen where you can add your documents for this package.

**Step 4:** You will now be on the DESIGNER screen where you can add your documents for this package.

From the DU IRB Library (Step 1: - top of screen), Select and download ‘Final Report Application’ from the ‘Select A Document’ drop down box. From here, choose File>Save As to save document to your computer, complete the Final Report Application and save to your hard drive.

**Step 5:** Attach supporting documentation for your closure of the study. In the ‘Document Type’ box, pick the Closure/Final Report document type in the drop-down box. If the type of document you are submitting is not in the list then choose ‘Other’ and enter the type of document in the Description field. Click the ‘Browse’ button and find the document on your hard drive. Once you find the document, click the ‘Attach’ button to upload the document.

Repeat the steps to upload until all documents have been uploaded to your package.
Step 6: When all required documents are uploaded to the package, the PI needs to **SIGN THIS PACKAGE** electronically. In order to sign a package, select your appropriate role from the drop-down box and click ‘Sign’.

*If a submission is submitted without the PI signature, or if you are a student researcher without a Faculty Advisor’s signature, the submission will not be accepted as complete.*

Step 7: Once the package has been signed, click **SUBMIT THIS PACKAGE**. Select ‘DU IRB, Denver, CO’ in the “Search for Organization” drop-down menu (this will be your default location and should be highlighted already).

Then click the ‘Continue’ button. In the Submission Type drop-down menu, select ‘Closure/Final Report’ and click ‘Submit’.

Once you hit the ‘Submit’ button, you will be given a confirmation showing the time your submission occurred.

Step 8: To review what has been sent, click **PROJECT OVERVIEW**. The submission will be under ‘Pending Review’ status until an acknowledgement is granted. Once a decisions letter is formulated, an email will be sent to everyone who has full access and the letter and any supporting documents can be printed.

*Keep in mind that once you click ‘Submit’ your study is now locked and no other changes can be made to this package. Take the time to be sure all documents are attached and in the final version prior to submitting. Any incomplete submissions will not be reviewed by the IRB and will be returned for corrections.*
The Submission of an Adverse Event, Protocol Deviation or Unanticipated Problem will require the creation of a subsequent package in a project.

If you are unsure whether to submit as an adverse event or a reportable event, contact the IRB Office at 303-871-4050 for assistance.

**Step 1:** Login to IRBNet: [www.irbnet.org](http://www.irbnet.org). This will take you to the **MY PROJECTS** page

Step 2: Click on the Title of the project of which you are reporting. Then click on **PROJECT HISTORY** button

Step 3: Click on the **CREATE NEW PACKAGE** button
A **NEW DOCUMENT PACKAGE** will appear as a ‘Work in Progress’. Click on the New Document Package title and you will be brought to the DESIGNER screen where you can add your documents for this package.

**Step 4:** You will now be on the DESIGNER screen where you can add your document for this package.

From the DU IRB Library (Step 1 – top of screen), Select and download the appropriate form for your submission type from the ‘Select A Document’ drop down box. From here, choose File>Save As to save the document to your computer, complete the appropriate form(s) and save to your hard drive.
Add supporting documentation to your submission as appropriate.

Attach supporting documents for your package by clicking on the ‘Add New Document’ button and browsing your computer:

Label your documents appropriately using the drop down list on the ‘Attach Document’ screen.

**Step 5:** When all required documents are uploaded to the package, the PI needs to **SIGN THIS PACKAGE** electronically. In order to sign a package, select your appropriate role from the dropdown box and click ‘Sign’.

*Note:* If a submission is submitted without the PI signature, or without a Faculty Sponsor signature, the submission will not be accepted for review.

**Step 6:** Once the PI has signed the package, click **SUBMIT THIS PACKAGE**. Select ‘DU IRB, Denver CO’ in the “Search for Organization” drop down menu (This will be your default location and should be highlighted already).

Then click on the ‘Continue’ button.

In the Submission Type drop-down menu, select the appropriate submission type, either ‘Adverse Event’ or ‘Protocol Deviation’ and click ‘Submit’.

Once you hit the ‘Submit’ button, you will be given a confirmation showing the time your submission occurred.

To review what has been sent, click **PROJECT OVERVIEW**. The submission will be under ‘Pending Review’ status until an acknowledgement is granted or an action has been taken. Once decision letter is formulated, an email will be sent to everyone who has full access and the letter and any supporting documents can be printed.

*Keep in mind that once you click ‘Submit’ your study is now locked and no other changes can be made to this package. Take the time to be sure all documents are attached and in the final version prior to submitting. Any incomplete submission will not be reviewed by the IRB and will be returned for corrections.*
If you have submitted a package and the full board has determined that “Modifications are Required” then you need to submit a ‘Revision’.

Step 1: Login to IRBNet: www.irbnet.org. This will take you to the MY PROJECTS page.

Step 2: Click on the Title of the project that your submitting revisions to and click on the PROJECT HISTORY.

Step 3: Click on the CREATE NEW PACKAGE button and then the NEW DOCUMENT PACKAGE.

Your current document package has already been submitted and is presently locked by your Board. You may prepare new or modified documents (such as Revision/Amendment materials, Renewal/Continuing Review materials, and Adverse Event Reports) by creating a new document package.
A NEW DOCUMENT PACKAGE will appear as a “Work in Progress”.

Click on the ‘Work in progress’ title and you will be brought to the DESIGNER screen where you can add your documents for this package.

**Step 4:** You will now be on the DESIGNER screen where you can add your documents for this package.

**Step 5:** To revise an uploaded document (.doc,.xls,.pdf, etc.) from a previous package:

First download the document by clicking on its Document Type or the paper icon.

If you will be revising a consent document, be careful to ensure that the document you will downloading and revising is identical to the most current, IRB-approved version that sits in the Board Documents Section.

Make necessary changes and save the revised document to your computer. Be sure to include BOTH a tracked changes version of your document showing what is changing as well as a clean copy for a new approval stamp.

You can find instructions on how to use ‘tracked changes’ under the Forms and Templates tab under ‘Other Tools’. Look for the document entitled ’GUIDANCE – How to Use Track Changes in Documents’.

Click on the pencil icon for that document on the Designer page.

Browse your computer and select your revised version of the document to upload, make changes to the Document Type and Description as appropriate, and click the Update button.

If you need to add a new document, then click on the ‘Add New Document’ button.

To revise the DU IRB Application Form from a previous package for committee review:
Click on the pencil icon for the IRB Application Form.

This will open up the DU IRB Application Form (IRBNet Document Wizard screen)

Use the Jump To: feature in the upper right corner of the IRBNet Document Wizard page to Jump to the section that you are revising

Click on the ‘Save and Exit’ button when you have made all of your changes

The document will move to the ‘New and Revised Documents in this Package’ section on the DESIGNER page.

**Step 5:** Click SIGN THIS PACKAGE. The PI signature is required for all submissions. If you are a student researcher, your Faculty Advisor must also sign the package.

**Step 6:** Click on SUBMIT THIS PACKAGE; click on “DU IRB, Denver, CO” in the ‘Select Organization’ box. Then click on ‘Continue’

In the Submission Type drop-down menu, select ‘Revisions’ and click ‘Submit’.

In the “Your Comments” section, specify what the revision is for –(i.e., response to new study submission, amendment submission, continuing review submission, etc.). This will assist the board in processing your revision in a more efficient and timely manner.

To review what has been sent, click PROJECT OVERVIEW. The submission will be under ‘Pending Review’ status until a decision has been made.

*Take the time to be sure all documents are attached and in the final version prior to submitting. Incomplete submissions will be unlocked by the IRB Office and the IRB review will be delayed. An email will be sent to the PI identifying the missing documents or items in the package.*
During the IRB administrative preliminary review, each submission will be evaluated for completeness. If a submission is incomplete the PI will receive an email that lists what is missing or what changes need to be made to the document.

**Step 1:** Login to IRBNet: [www.irbnet.org](http://www.irbnet.org). This will take you to the **MY PROJECTS** page.

**Step 2:** Click on the **Titile of the project** of which you are submitting missing and/or corrected documents.

**Step 3:** Click the **DESIGNER**.
From here, you can upload revised documents for your study by clicking on ‘Add New Document’. Browse for your revised documents and any other relevant information from your computer and assign the proper Document Type from the drop-down menu. Click ‘Attach’.

**Step 4:** To relock the package, Click on ‘Mark Revisions Complete’.

**Step 5:** Check the status of your review. Go to Review Details

Review Details include Agenda Date, Review Type, Status, Effective and Expiration Dates, and Board Documents
INSTRUCTIONS FOR ATTACHING YOUR CITI TRAINING

What studies do I have access to?

The **MY PROJECTS** screen can be found by clicking on ‘My Projects’ on the left side of your screen. This will show you the list of studies to which you have access – those you have created and those which have been shared with you. Studies which have not been submitted are labeled ‘Work in Progress’ in the Status column. Studies which have been submitted but not reviewed by the IRB are labeled ‘Pending Review’.

Clicking on the title of any project will take you to the **PROJECT OVERVIEW** page for the selected project which contains project details.

What if I submit an incomplete package?

If you have forgotten to add a necessary document or need to make a quick change to a recently submitted project package, contact the DU IRB Office at 303-871-4050.

My Faculty Advisor says they signed up in IRBNet but I cannot share the project with them?

Anyone can trigger an Activation email by logging into their account on IRBNet and clicking the link provided. If they are not finding the Activation email in their inbox, please have them check their Spam folder. Once they open the Activation email, clicking the link provided will activate their account and allow them to log in on IRBNet.

How do I know if my Faculty Advisor has signed the package?

To know when your Faculty Advisor has signed off on a package, ask them to click the send mail button when they have signed. This will end an automatically generate email form them letting you know they have signed. If they do not do this, you can log-in and review if they have signed by clicking on the **SIGN THIS PACKAGE** tab on the left of your screen. This will bring you to a list of who has signed this study and when it was completed.

What level of access should your Faculty Advisor have?

It is up to you as the Principal Investigator to decide what kind of access shared individuals should have. It bears repeating: those with full access will receive e-mails when the IRB posts an action or decision.

What does my electronic signature mean?

The DU IRB requires that the Principal Investigator sign each submission. If you are a student investigator, your Faculty Advisor must also sign each submission. Having a Faculty Advisor sign each submission indicates that they have reviewed and approve your submission. As the Principal Investigator, your electronic signature that is associated with a given project means that the research described in the application and supporting materials will be conducted in full compliance with DU IRB’s policies and Federal regulations governing human subjects research.
**Locked vs. Unlocked Status**

Once a study is submitted to the IRB, it will be LOCKED.

Package can only be unlocked by the DU IRB Administrative staff. This can be done if you let us know that you’ve made an error in something that you just submitted, or if we let you know that we see something that is missing or needs to be fixed. When you need to respond to a DU IRB review, or if you want to submit an amendment, or continuing review, you will CREATE NEW PACKAGE for the project by adding documents in the DESIGNER for that project.

**I have submitted a Continuing Review application, why am I still receiving an IRBNet 30-day Project Expiration Reminder?**

Reminders are automatically generated until the submission has been approved by the IRB. IF you can see the Continuing Review submission in PROJECT HISTORY the IRB staff has access to it. PROJECT HISTORY will show the Status as Pending Review until a determination letter is issued by the IRB.

<tr>
<td>Project</td>
<td>A Project is an online version of the research protocol being submitted to the DU IRB</td>
</tr>
<tr>
<td>Project Package</td>
<td>A package is a submission containing any number of documents that are required by the IRB to conduct their review of a research Project (i.e. initial project, amendment, continuing review, etc.)</td>
</tr>
<tr>
<td>Submission</td>
<td>IRBNet uses the term Submission to denote a Project Package that has been submitted for official review by the IRB</td>
</tr>
<tr>
<td>Principal Investigator</td>
<td>IRBNet uses the term Principal Investigator (PI) to designate the person with overall responsibility for studies submitted to the DU-IRB. All studies must have a PI and all submission must include a PI signature.</td>
</tr>
<tr>
<td>Amendment/Modification</td>
<td>Amendment/Modifications are changes that the researcher wishes to make after a study is approved by the IRB. The researcher must submit an amendment/modification package for IRB approval.</td>
</tr>
<tr>
<td>Revision</td>
<td>A revision is a change (or changes) required by the IRB before a project or package can be approved. The researcher creates a new Project Package in IRBNet to address any required revisions.</td>
</tr>
<tr>
<td>My Projects</td>
<td>Lists all projects you have created. You enter the study by selecting it from the list.</td>
</tr>
<tr>
<td>Create New Project</td>
<td>Allows you to enter a New Study for submission. The Initial Project package will include the appropriate applications, the full research narrative, any surveys or instruments, consent forms and any other required documents.</td>
</tr>
<tr>
<td>Project Overview</td>
<td>Summarizes the selected project, displays the status and documents. Allows you to submit the package for review, and share with other IRBNet users.</td>
