

Small Biz Boot Camp for Entrepreneurs, Freelancers, Clinicians and Non-Profit Innovators

Peggy Hill, M.S., M.S.Ed

Peggy Hill, M.S., M.S.Ed., Deputy Director, is a passionate advocate for effective health promotion for children and youth and early intervention for mental illness and substance misuse. Her career has been devoted to the development and adaptation of evidence-based programs in the context of existing community systems and resources. Peggy was an instrumental contributor to national implementation of the prenatal and early childhood nurse home visitation program known as Nurse-Family Partnership, and most recently served as Chief Operations Officer of the Colorado Behavioral Healthcare Council. She holds a master's degree in counseling and human development from Purdue University, with an emphasis on community development.
