UNIVERSITY OF DENVER
RICKS CENTER
SUMMER AT RICKS
Explore DU
Join us for a week of art, movement, experiments, adventure, and fun.
Daily excursions around the campus will include trips to libraries, museums, and sports facilities.

Invention Convention
Do you like to invent things? Build models? Turn ordinary scraps into amazing masterpieces? Become an inventor in this course designed to teach you the steps of inventing.

Chess Wizards
Join us this summer for tons of challenging chess lessons, exciting games, and cool prizes. You’ll improve your chess skills, meet new friends, and workout your most powerful muscle - your brain! Our camps include fun team chess games (like bughouse), recess time (of course), snacks, tournaments, and puzzles.

Grossology
Students will explore loads of horribly fantastic experiments! Experiments will focus on blood, bones and body bits! This is science with the squishy bits left in!

Gear up for a full-day advanced LEGO® engineering camp packed with hands-on and minds-on STEM fun! In this challenge-based program, build projects inspired by cool machines close to home such as forklifts, houseboats, and a mini-golf course; then build X-Wings, Pod Racers, and AT-AT Walkers from a galaxy far, far away!

Important Camp Information
A $25 change fee will be applied for every schedule change for programming happening between 8:30 am to 3:30 pm. Sessions for 3-to-5-year-olds include breakfast and afternoon snack (special diet options available). All campers must provide their own lunch.

How to Register
To register for summer programming please visit https://goo.gl/C4chRV. There is a $50 non-refundable deposit due for each week; payable by cash or check. Student’s spot not guaranteed until deposit is paid.

Questions?
Please contact Extended Day and Summer Programs Manager, Maggie Wright at Margaret.Wright@DU.edu or call 303-871-4839.

JUNE 25-29
Explore National Parks
3-to-5-years-old: $350
Trek across America with your fellow Junior Park Rangers during this adventure-filled week! Discover all that America’s amazing national parks system has to offer.

3D Printing and Coding
Grades 3-6: $350
Take your coding skills to code drones through mathematics and engineering design challenges. Learn how to design and print 3D models through innovative and inventive STEM challenges.

JULY 2-6
Wet N’ Wild
3-to-5-years-old: $350; Grades 1-5: $300
Slip, Splash, Slide! Come explore water in new exciting ways. Slip into slides, move your way through obstacle courses, and explore ways to make “no-pop” bubbles.

Playwell TEKnologies STEM Challenge and Robotics using LEGO
Grades 1-5: $300
Gear up for a full-day advanced LEGO® engineering and robotics camp packed with hands-on and minds-on STEM fun! Build mechanical and structural projects such as forklifts, houseboats, and a mini-golf course; then learn about basic programming, sensors, and robotic components using the WeDo system. Engineering and robotics come together in the camp for LEGO® fanatics!

JULY 9-13
Life Size Games
3-to-5-years-old: $350; Grades 1-5: $300
Love games? Try them life sized. CHESS! CANDY LAND! PAC MAN! What is your favorite? Life Size games will help students develop character building, teamwork, and sportsmanship.

Coding with Kids
Grades 1-8: Half-day, $279; Full-day $429
Coding with Kids classes focus mainly on teaching kids how to code well. As students move up the “Coder’s Ladder” we introduce them to different programming languages.

JULY 16-20
Superhero Camp
3-to-5-years-old: $350; Grades 1-5: $300
What is a hero? What is a villain? Do good guys always save the day? Come join us as we make our own Justice League, X-Men, or Avengers team.

Playwell TEKnologies STEM and Minecraft Survival with LEGO
Grades 1-5: $360
Level up your STEM concepts and Minecraft gaming skills for a full day of LEGO® fun! Learn about architecture and engineering by building forklifts, houseboats, and a mini-golf course. Then mine, craft, and build your way to fun in the survival mode of our unique Minecraft gaming experience!

JULY 23-27
Into the Wild
3-to-5-years-old: $350; Grades 1-5: $300
This week we will discover the wonders of the animal world as we “travel” deep into the jungle, zip across the Sahara, and even explore some native Colorado creatures.

Sewing Camp
Grades 1-5: $350
You will learn the basics of machine sewing, including threading the machine and bobbin, using different stitch settings, and adjusting tensions and stitch lengths. During the week students will make pillows, totes, and sleep pants.
JULY 30 - AUGUST 3

No Cook Cooking
3-to-5-years-old: $350; Grades 1-5: $300
Can you make a pizza without an oven? Could you make a meal using only food from your garden? Students will explore basic principles of good nutrition, health and physical activity.

Coding with Kids
Grades 1-8: Half-day $279; Full-day $429
Coding with Kids classes focus mainly on teaching kids how to code well. As students move up the “Coder’s Ladder” we introduce them to different languages.

AUGUST 6-10

Greek Mythology
3-to-5-years-old: $350; Grades 1-5: $300
Learn about the ancient Greek gods, participate in games, theatrical performances, and much more. Students are invited to bring the Twelve Olympians back to life by learning about their stories, and by visiting places of mythological importance all over Greece.

3D Printing and Coding
Grades 1-5: $350
Take your coding skills to code drones through mathematics and engineering design challenges. Learn how to design and print 3D models through innovative and inventive STEM challenges.

AUGUST 13-17

Explore DU
3-to-5-years-old: $350
Join us for a week of art, movement, experiments, adventure, and fun. Daily excursions around the campus will include trips to libraries, museums, and sports facilities.
