

Workers' Compensation Information

If you are injured in the course and scope of work and believe that you may have a Workers' Compensation claim, please report it to your Supervisor and to Enterprise Risk Management using the Employee First Report of Injury form found on the Enterprise Risk Management website (<http://www.du.edu/risk/workerscompensation/claimreporting.html>). The University's carrier, Pinnacol Assurance, will review and make a determination on the claim. Please keep any and all receipts associated with care so that they can be submitted to Pinnacol. If you have any questions, contact Enterprise Risk Management at (303)871-3810 or via email at risk@du.edu.
