Faculty Evaluation of Administrators 1999-2000

This issue contains the limited numeric summary of the 15th annual Faculty Evaluation of Administrators. A Committee of the Faculty Senate formulated the evaluation instrument a few years ago. Copies of the survey were mailed to all regular faculty, including those faculty who serve as Chairs/Directors, Associate Deans and Deans. Each faculty person was given the opportunity to evaluate those administrators in positions more senior than their own. Responses were returned to Susan Sadler, President-elect of the Faculty Senate. She removed written responses and forwarded the numeric evaluations to Tinka Crosby in the Office of Assessment, who tabulated the results. Tabulated results are presented to you in anonymous format – averages for each category along with the number responding (n values).

In total, 474 surveys were distributed, and 244 were returned for a response rate of 51%.

The responses are based on the following scale:

- 5 = excellent
- 4 = good
- 3 = average
- 2 = fair
- 1 = poor
