INTRODUCTION

Selecting the right college or university to attend is an important decision for students and their families. Additionally, deciding where to work and build a career is also a big decision and one that needs to be made based on an assessment of a number of factors. Campus safety and security is a factor that goes into both of these decisions and should not be taken lightly. Responding to concerns regarding campus safety and security at colleges and universities, Congress enacted the “Crime Awareness and Campus Security Act of 1990,” which amended the “Higher Education Act of 1965.” The 1998 amendments to this Act renamed it the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” in memory of Jeanne Clery, a freshman student at Lehigh University who was raped and murdered in her dorm room in 1986. This federal law has largely become known across the United States as the “Clery Act.”

All public and private postsecondary institutions that participate in Title IV student financial assistance programs must comply with the Clery Act. Among the various requirements, these colleges and universities are required to prepare, publish, and distribute a report concerning campus crime statistics, safety and security policies on an annual basis through appropriate publications, mailings or via an online computer network. This report must be distributed to all current students and employees as well as all prospective students and employees upon request. Additionally, all Title IV institutions with on-campus student housing are required to prepare and distribute an Annual Fire Safety Report with specific statements of fire safety policies and procedures as well as the annual fire safety statistics for the past three calendar years.

The University of Denver’s (DU) Annual Campus Security and Fire Safety Report, published annually, provides crime and fire statistics and information on safety and security related services offered by the university, in compliance with the above-mentioned Acts. The report summarizes university campus and safety programs and contains policies and procedures designed to enhance personal safety at the University of Denver. This report is prepared by DU’s Division of Campus Safety with data and information provided by this Division in collaboration with; the Office of Student Rights and Responsibilities, the Office of Equal Opportunity & Title IX, Housing and Residential Education, the Health and Counseling Center, the Office of Emergency Preparedness & Fire Safety, other DU departments and campus security authorities (as defined by federal law), as well as in cooperation with the Denver Police Department and other law enforcement agencies that provide services to DU owned and/or controlled properties within their jurisdictions. The report includes crime statistics for the previous three calendar years concerning reported crimes that occurred within Clery boundaries, to include on campus; in certain non-campus buildings or property owned or controlled by the University of Denver; and on public property within or immediate adjacent to and accessible from the campus. Fire statistics for the previous three calendar years are also included in this report. Each department or entity provides crime statistics and/or updated information on its educational efforts and programs to comply with required acts, including the Jeanne Clery Act.

The 2021 Annual Campus Security and Fire Safety Report is posted on the University of Denver’s (DU) Department of Campus Safety website du.edu/campussafety/reports/index.html in PDF format. Printed copies are available at the DU Campus Safety Center. A link to this report is distributed to all student, faculty and staff members via their du@edu email account. For more information regarding campus safety or to request a paper copy of the report, contact the **University of Denver’s Division of Campus Safety at 303.871.2334, or e-mail the Clery Coordinator or write to the department at 2130 S. High St., Denver, CO, 80208-6200.**

There is no higher priority here at the University of Denver than ensuring that our community is as safe and secure as possible for our students, faculty, staff and visitors to work, live and learn. We are fortunate to have the support and services of the best community-focused and engaged Campus Safety departments in the country looking out for all of us here.

The 2021 Annual Security and Fire Safety Report includes information about the services the university provides and the resources available to the campus community. I encourage you to ask questions and share ideas with staff at the Department of Campus Safety or any of the other departments listed as you work to protect yourself and help maintain a safe, secure environment for all.

At the University of Denver, we continue to build a unique Department of Campus Safety. Our mission is to serve everyone on our campus, with student safety and security first in our thoughts and actions.

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, a copy of this Annual Security and Fire Safety Report is available online and/or a hard copy may be obtained by contacting the Department of Campus Safety at 303-871-3215. This report includes crime statistics for the previous three (3) years, institutional policies concerning campus safety, University response to reported crimes, security and other crime prevention information.

Newly enrolled students learn about living in the campus community during a student orientation program. Topics include personal safety, crime reporting, emergency procedures, respect for others, alcohol, consent and sexual assault. The Annual Campus Security and Fire Safety Report is produced by the Department of Campus Safety in collaboration with multiple departments on campus as well as in cooperation with the Denver Police Department, the local law enforcement agency that provides services to DU properties within their jurisdiction.

Safety is a shared responsibility at DU, and we do everything we can to partner with student and employee leaders, and others in the community, to educate our students, faculty, staff and visitors about how we can all work together to look after one another, share information, and be active friends and bystanders in making our community a safe place.

For the 2021-2021 academic year, we will continue to partner with student leaders and our professional colleagues in Student Affairs & Inclusive Excellence, Human Resources & Inclusive Communities and other safety and risk services, to educate and engage students in order to prevent crime, promote safe behaviors, and help one another to forge a safe campus environment. Areas of focus include getting students home safely, having a professionally trained and equipped corps of officers, and working diligently with campus neighbors and local businesses to prioritize student well-being.

We encourage our students, colleagues, families, community members and all stakeholders to reach out to us with their needs, concerns, and ideas. Please join us.

UNIVERSITY OF DENVER'S DIVISION OF CAMPUS SAFETY

The University of Denver's (DU) Division of Campus Safety (DCS) is a professional organization, accredited by the Commission on Accreditation for Law Enforcement Agencies (CALEA) under this organization's Campus Security Accreditation Program. The DCS provides services 24 hours a day, 365 days a year. The DCS Campus Safety Officers (CSOs) conduct preventative patrols within their jurisdictional boundaries as well as provides building and property security; basic first responder services; safety escorts and responds to calls for service by the campus community. If university students commit minor offenses involving university rules and regulations, DU Campus Safety Officers may refer the students to the Office of Student Rights and Responsibilities for possible disciplinary action.

DU Campus Safety Officer's Authority and Relationship with the Denver Police Department

DU Campus Safety Officers (CSOs) are non-commissioned/non-sworn officers licensed by the City and County of Denver. All CSOs must maintain a valid Denver Security Guard License. CSOs are unarmed and do not have authority to make arrests; however, CSOs may detain individuals on campus properties owned and controlled by the University of Denver, under specific Colorado state statutes, for disposition by the Denver Police Department (DPD). CSOs may detain individuals for disposition by Denver Police if they have viewed an individual commit an act that the CSO reasonably believes has violated a city ordinance, or a state or federal law.

DPD police officers have the jurisdictional and legal authority to make the final determination regarding violations of law, as well as the disposition of detained persons. Conversely, the DPD regularly informs the Division of Campus Safety (DCS) when it investigates a crime or complaint involving student conduct at on or off-campus locations. The University of Denver does not systematically monitor criminal activity in which students or student organizations engage off campus. However, DCS routinely cooperates with the DPD and other external police agencies in the investigation of, and response to, this type of activity when it is brought to the University's attention.

The Division of Campus Safety strives to provide campus safety, security, prevention and educational programs complementary to the University's mission of education, research and community service. DCS personnel regularly meets with law enforcement agencies to exchange ideas and discuss problems that are of concern in the campus community. While not a sworn law enforcement agency, DU Campus Safety Officers (CSOs) serve as the University's primary liaison with law enforcement officials and may take reports to assist outside law enforcement and other public agencies, including, but not limited to the following situations: at the direct request of an agency; if CSOs encounter a serious criminal offense in the performance of their duties; or if CSOs have begun a preliminary investigation or contributed to an investigation that is later determined to be under the jurisdiction of another entity.

The Division of Campus Safety maintains a professional and cooperative relationship with the Denver Police Department (DPD). Members of the DU community are encouraged to immediately report suspicious circumstances and crimes occurring on campus to the DCS. In turn, the DCS coordinates with DPD to determine the appropriate response. The Division of Campus Safety and the Denver Police Department have a Memorandum of Understanding (MOU) that serves as the operational framework for their ongoing and cooperative public safety efforts. The University of Denver campus is wholly located within the statutory boundaries of the City and County of Denver, Colorado. The Denver Police Department has primary jurisdiction and responsibility for handling police related events occurring at the University as follows:

- Crimes of violence resulting in significant injury or death, including actual and attempted homicides, rape, and sexual assaults, robberies, serious assaults, such as first degree assaults and those involving the use or implied use of a weapon, suicides, suspicious or unattended deaths and industrial accidents. Serious bodily injuries are defined as those injuries requiring hospitalization and/or significant medical treatment and include in-progress and late reported crimes. The DCS will immediately refer any such crimes to the DPD for investigation.

- Missing person cases. The DCS will report missing person cases to the DPD immediately so that a DPD officer may be dispatched to handle the investigation.
- All controlled dangerous substance violations. The DCS will immediately refer such matters to the DPD for investigation and action.

In cases where the members of the DCS have detained or initiated criminal process (i.e. criminal investigation detention and/or peace/protective order), they will notify the DPD of their actions in a timely fashion. Copies of all documents or reports relating to the matter will be provided to the appropriate DPD representative in a timely manner.

In every case where an apprehension and/or detention of a suspect is made by authorized members of the Division of Campus Safety, the detainee will be transferred to the responding DPD officer as quickly as practical. Summons or arrest is at the discretion of the responding DPD officer. The prosecuting attorney may subpoena the appropriate DCS staff as witnesses for trial. Arrangements for the suspect's transport will be made through the DPD Communications Section with the knowledge of the on-duty DPD Patrol Supervisor. Patterns of crime developing within the University community will be reported to the DPD Communications Center as soon as practical or any time an on-duty supervisor of the DCS feels that a case or situation exceeds DCS personnel's ability to safely, effectively and appropriately handle or investigate a matter/case, it should be referred to the DPD at that time. Care should be taken to involve the DPD at the earliest possible opportunity to reduce confusion and duplication of effort while maximizing the integrity of the crime scene and preliminary investigation. If this should occur, the on-duty DCS supervisor will ensure that all involved DCS personnel complete detailed reports to be provided to the DPD investigator at the earliest possible opportunity.

Crimes involving suspects from outside the campus community create unique challenges for the Division of Campus Safety personnel. Accordingly, cases potentially involving suspects from outside the University community will immediately be referred to the DPD for investigation at the earliest opportunity. In the event a crime occurs on-campus and is reported to both DPD and the Division of Campus Safety, investigations may be assigned and completed by both agencies. As in all matters, the Division of Campus Safety works collaboratively with DPD to investigate crimes occurring on campus. Assuming criminal charges have or may result, the Division of Campus Safety will always defer to DPD's authority in an effort to maintain evidentiary integrity and the best possible outcome. In these cases, the Division of Campus Safety's investigation will be coordinated with, or completed immediately subsequent to, the DPD investigation.

I. ANNUAL SECURITY AND FIRE SAFETY REPORT

CLERY ACT COMPLIANCE

In 1998, the federal government passed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or the Clery Act. This law requires colleges and universities receiving federal funding to:

- Publish an annual report disclosing campus security policies and three years of selected crime and fire statistics.
- Make timely warnings to the campus community about crimes that pose a serious or ongoing threat.
- Keep a public crime log.
- Uphold basic rights to victims of sexual assault.
- Make accurate crime statistics available to the U.S. Department of Education, which centrally collects and disseminates campus crime statistics at the national level.
- Face possible fines from the U.S. Department of Education when schools fail to comply with the Clery Act.

The purpose of the Clery Act is to provide current and prospective students and employees with accurate, complete and timely information about campus safety so that they can make informed decisions. The University of Denver's Department of Campus Safety publishes the Annual Campus Security and Fire Safety Report in compliance with the Clery Act, and also offers it as a resource guide, directing readers to campus safety and security services and providing crime prevention and personal safety guidance and strategies.

This report also includes information and policy statements regarding campus security and safety; for example, prevention and response to sexual assault (termed gender based violence at DU) and other serious crimes, crime prevention and security awareness information, crime reporting procedures, alcohol and substance abuse prevention and education, campus and community services and resources for students, faculty and staff members who are victims of crime, fire safety and emergency evacuation procedures, as well as other matters of importance to the campus community.

The 2021 Annual Campus Security and Fire Safety Report meets Clery Act federal requirements, as set forth by the Department of Education, including the Higher Education Opportunity Act of 2008, as related to the Jeanne Clery Act, and including amendments to the Clery Act under the Higher Education Act of 1965 and more recently, the Violence Against Women Reauthorization Act of 2014. Compliance with the final regulations and provisions of the Violence against Women Reauthorization Act of 2014 (VAWA) does not constitute a violation of §444 of the General Education Provisions Act (20 USC 1232g), commonly known as the Family Educational Rights and Privacy Act of 1974 (FERPA).

Clery Associated Records: The Division of Campus Safety's Clery Coordinator is the custodian for all Clery-associated records. These records include the current and prior annual reports, Clery crime statistics, and the public crime log (available on the Division of Campus Safety website and in paper copy format at the Division's Campus Safety Center. The institution is required to keep Clery-associated records for seven years.

REPORTING THE ANNUAL DISCLOSURE OF CRIME AND FIRE STATISTICS

As required by federal law, the University of Denver's yearly crime statistics are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the FBI for use in the Uniform Crime Reporting (UCR) system. The report includes statistics for the previous three years concerning crimes that occurred on campus and were reported to the Division of Campus Safety or other designated campus officials, referred to as Campus Security Authorities. Additionally, these statistics include people referred for campus disciplinary action for categories required under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, including liquor and drug law violations and illegal weapons possession. Statistical information for certain non-campus locations or property owned or controlled by the university, as well as public property within or immediately

adjacent to and accessible from campus, are collected or requested from the Denver Police Department other law enforcement agencies. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year in which the crime was reported. Reported crimes may involve individuals not associated in any way with the University of Denver. Additionally, Fire statistics, are collected and provided by the Division of Campus Safety, to include those which occur in student residential facilities. This information is also included in the Annual Security and Fire Safety Report.

The current daily crime log is available for public review on the Division of Campus Safety's website at <https://www.du.edu/campusafety/reports/index.html>. Previous daily crime logs for up to seven years can be requested and/or reviewed at the Division's Campus Safety Center, 2130 S. High Street, Denver, Colorado. If a crime report is determined to be "unfounded," the Division of Campus Safety will update the disposition of the complaint to "unfounded" in the daily crime log. The report will not be deleted from the crime log.

The Annual Campus Security and Fire Safety Report is published on the University of Denver's Department of Campus Safety (DU Campus Safety) web site annually. This year's report reflects crime and fire statistics that were reported in the calendar year of 2020, 2019, and 2018. Statistics for the current calendar year will appear in the report for the following year.

Development of the Annual Campus Security and Fire Safety Report.:

The University Of Denver Division Of Campus Safety's Clery Coordinator is responsible for the collection and compilation of required data and information included in the Annual Security and Fire Safety Report as well as the preparation and publication of the annual report. In addition to crime and fire statistics; program, procedures, policy statements are collected from other DU departments for inclusion into this report. The below departments include, but are not limited to, those who work in conjunction with the Division of Campus Safety to achieve compliance with the Clery Act:

- The Office of Equal Opportunity and Title IX
- The Office of Student Rights and Responsibilities
- Housing and Residential Education
- Fraternity and Sorority Life
- Student Outreach and Engagement
- Human Resources and Inclusive Community
- The Health and Counseling Center
- Athletics and Recreation
- The Office of Emergency Preparedness and Fire Safety

The Division of Campus Safety also collects statistical information from other Campus Security Authorities (CSA's) as well as law enforcement agencies that include, the Denver Police Department (DPD), Aurora Police Department, Durango Police Department, Glenwood Springs Police Department, Arapahoe Sheriff's Office, Clear Creek County Sheriff's Office, and Jefferson County Sheriff's Office, accordingly. Additionally, crime statistics are requested and collected from those law enforcement agencies within jurisdictions that provide lodging services where students stay when traveling for study abroad programs and school sanctioned activities. This information will be included based on the reporting parameters established by the Clery Act. The DCS also gathers statistical information about fires at on-campus student housing facilities and collects this information from a variety of source, including campus security authorities, to include the University's Housing and Residential Education, Fraternity and Sorority Life, and the Office of Emergency Preparedness and Fire Safety.

The Division of Campus Safety (DCS) makes a good faith effort to obtain the statistics by requesting them, in writing, from non-police campus security authorities and law enforcement agencies. The DCS relies on the information

obtained but is not responsible if the information is inaccurate or not provided. Reports are sometimes completed by both the Denver Police Department and the Division of Campus Safety regarding the same incident. Although this data is reviewed in an effort to avoid double reporting, some replication may exist. Pertinent statistical data are also obtained from other entities with “campus security authority” as defined by the Clery Act.

When collecting and compiling statistics, the Clery Coordinator does not require any identifying information about a victim, as such information is not required for Clery statistical disclosure. Specific data required and collected for the Clery statistical reporting includes the date the incident was reported, the location and the crime classification.

Notification and Distribution of the Annual Campus Security and Fire Safety Report:

The Annual Campus Security and Fire Safety Report is published and distributed by October 1st of each year, in compliance the Clery Act. Additionally, the required statistical crime and fire data is submitted to the Department of Education by October 1st of each year. All DU employees and enrolled students receive an e-mail notification regarding the content and availability of the Annual Campus Security and Fire Safety Report. The e-mail provides information regarding how to access the report as well as a direct link to Division of Campus Safety website to access this report.

An electronic notice is distributed via e-mail to:

- All DU employees (faculty and staff members)
- All DU students (currently enrolled and those who have applied by October 1)

Notification is also posted in the following locations:

- A link to the report is provided on the Shared Services website and is embedded in all available job listings.
- A link to the report is provided on the Admission’s website and is provided to prospective students via an auto-response e-mail generated when an application is submitted electronically (undergraduate, graduate and law school submissions).
- A link to the report is provided on the Division of Campus Safety’s website for the campus community as well as for the general public.

To request a paper copy of the report, contact DU Campus Safety at 303-871-2334, or e-mail the [Clery Coordinator](#) or write to the department at 2130 S. High St., Denver, CO, 80208-6200. Printed copies are available at the DU Campus Safety Center (2130 S. High St., Denver, CO) and are also distributed to the University on-campus student housing facilities. This report may be viewed on the University’s Division of Campus Safety website: du.edu/campus-safety/reports/index/html.

CAMPUS SECURITY AUTHORITIES

All Clery Act crimes reported to a Campus Security Authority (CSA) will be evaluated for the purposes of making timely warning and/or emergency notifications to the campus community and for inclusion in the annual disclosure of crime statistics. Campus Security Authority is a Clery Act specific term that encompasses four groups of individuals and organization associated with an institution:

1. A campus police department or a campus security department of an institution.

The University of Denver Division of Campus Safety officers, Communication Technicians, and administrative personnel are considered Campus Security Authorities under this definition.

2. Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g. an individual who is responsible for monitoring the entrance to institutional property).

Non-Campus Safety personnel of offices responsible for security presence or access control authority on University of Denver owned or controlled property. This includes, but is not limited to student patrol officers, security staff at athletic events, and student ID checkers for the University.

3. *Any individual or organization specified in an institution's statement of campus security police as an individual or organization to which students and employees should report criminal offenses.*

Officials with significant responsibility for student and campus activities category is defined broadly to ensure complete coverage and thorough reporting of crimes. To determine which individuals or organizations are CSAs, consider job functions that involve relationships with students. Look for officials (not support staff) whose functions involve relationships with students. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the university.

If an individual has significant responsibility for student and campus activities, they are considered a CSA. Some examples of CSAs in this category include, but are not limited to: deans, student life professionals, student residential housing staff, athletic director/assistant directors, coaches, student activities coordinators, and faculty/staff advisers to student organizations.

4. *An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and duty to take action or respond to particular issues on behalf of the institution.*

The University of Denver's Office of Student Rights and Responsibilities is the entity designated as having the authority and duty to take action or respond to particular issues on behalf of the University. Personnel assigned to the Office of Student Rights and Responsibilities that are involved in campus judicial proceedings and/or the decision and issuance of student discipline are considered Campus Security Authorities under this definition.

The function of a campus security authority is to report to the official or office designated by the institution to collect crime report information, such as the campus police or security department, those allegations of Clery Act crimes that he or she receives. CSAs are responsible for reporting allegations of Clery Act crimes that are reported to them in their capacity as a CSA. This means that CSAs are not responsible for investigating or reporting incidents that they overhear students talking about in a hallway conversation; that a classmate or student mentions during an in-class discussion; that a victim mentions during a speech, workshop, or any other form of group presentation; or that the CSA otherwise learns about in an indirect manner.

At the University of Denver, the Division of Campus Safety is the office designated by the University to collect crime and fire safety report information. When a CSA is made aware of a Clery Act-qualifying crime, they are required to report it to the University's Division of Campus Safety for statistical reporting. CSAs should gather incident information that would provide sufficient detail to properly classify the incident. CSAs should not investigate the crime or attempt to determine whether a crime, in fact, took place.

The Division of Campus Safety reviews these reports and make a determination if an incident warrants a timely warning and/or emergency notification of the University community using established procedures and whether it is a reportable crime in the Annual Security and Fire Safety Report. The Clery Compliance Coordinator will consolidate crime data from multiple sources, report qualifying crime data to the federal Department of Education, publish campus security reports and inform the campus community when and where Annual Security and Fire Safety Reports are available.

CLERY ACT REPORTING GEOGRAPHY AND CLERY CRIME MAP

The University of Denver must report statistics for Clery offenses occurring in areas that meet the definitions below. Clery crimes that occur in these areas are listed on the crime statistics tables included in this document and reported

to the Department of Education according to these categories. Pursuant to reporting requirements mandated by the federal government, offense locations have been delineated into: On-Campus; Non-Campus; Public Property; and, as a sub category location on campus, On-Campus Residential.

Geographic locations are defined as follows:

On-campus:

Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of the definition, that is owned by an institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

On-Campus Residential:

Dormitories or other residential facilities (DU has included all its fraternity and sorority residences in this category. Residential facilities are a subset of the locations that are defined under "on-campus." The crime statistics that are reported in this column are also included in the column under "on-campus"; they are not additional incidents.

Non-campus:

Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution.

Public Property:

All public property, including thoroughfares, streets, sidewalks, parking facilities, parks and waterways, that is within the campus, or immediately adjacent to and accessible from the campus. For Public Property reporting, the following campus parameters are defined as:

DU University Park Campus*:

- (North) Buchtel Boulevard
- (East) South Columbine Street
- (South) East Harvard Avenue
- (West) South Williams Street

*Refer to Campus Map on the following page for additional boundaries and descriptors. The University of Denver Campus Maps can be viewed on their website at: <https://www.du.edu/site-utilities/maps>

CLERY DEFINITIONS AND TERMINOLOGY

Clery Act Crime Definitions

The Clery Act applies the crime definitions from the Federal Bureau of Investigation's (FBI's) Uniform Crime Reporting (UCR) Program when classifying and counting Clery crimes. The definitions for murder/non-negligent manslaughter, negligent manslaughter, rape, robbery, aggravated assault, burglary, motor vehicle theft, weapon law violations, drug law violations, and liquor law violations are derived from the "Summary Reporting System (SRS) User Manual" from the FBI's UCR Program. The definitions of fondling, incest and statutory rape are from the "National Incident-Based Reporting System (NIBRS) User Manual" from the FBI's UCR Program. The definitions of larceny-theft (except motor-vehicle theft), simple assault, intimidation, and destruction/damage/vandalism of property are from the "Hate Crime Data Collection Guidelines and Training Manual" from the FBI's UCR Program. The definitions of dating violence, domestic violence, and stalking (for purposes of Clery crime statistics) are from the Code of Federal Regulations (Clery Regulations) section 668.46(a).

It should be noted that Clery crime definitions used in the compiling Clery crime statistics are different than Colorado state crime and Denver municipal ordinances definitions that may be used by law enforcement authorities and prosecutorial agencies as well as University of Denver administrative policy definitions of certain crimes. The Clery Act crime definitions are as follows (in hierarchical order):

Murder/Non-Negligent Manslaughter: The willful (non-negligent) killing of one human being by another.

Negligent Manslaughter: The killing of another person through gross negligence.

Sexual Assault (Sex Offenses): Any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent. Include attempted Sexual Assaults, but do not include in your Clery Act statistics any Sexual Assaults other than the four types of Sexual Assaults described below:

- **Rape** - the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.
- **Fondling** - the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- **Incest** - sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape** - sexual intercourse with a person who is under the statutory age of consent

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

- **Administration of a Date Rape Drug:** The administration of a date rape drug in an unsuccessful attempt to incapacitate and sexually assault the victim, and investigation determines that the perpetrator's attempt was to commit a sex offense, is a sexual assault. Administration of a date rape drug in which intent cannot be proven is an Aggravated Assault.

Burglary: The unlawful entry of a structure to commit a felony or a theft.*

*An incident must meet three conditions to be classified as a burglary:

1. There must be evidence of unlawful entry (trespass).
2. The unlawful entry must occur within a structure, which is defined as having four walls, a roof and a door.
3. The structure was unlawfully entered to commit a felony or a theft. If the intent was not to commit a felony or a theft, the incident is not a burglary.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned, including joyriding).

Arson: The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another, etc.

Clery Act Hate/Bias Crime Reporting

Bias Definition: A preformed negative opinion or attitude toward a group of persons based on their race, gender, gender identity, religion, sexual orientation, ethnicity, national origin or disability. Although there are many possible categories of bias, under Clery, only the following eight categories are reported:

- **Race:** A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).
- **Gender:** A preformed negative opinion or attitude toward a group of persons because those persons are male or female
- **Gender Identity:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity (e.g., bias against transgender or gender non-conforming individuals).
- **Religion:** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).
- **Sexual Orientation:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived sexual orientation.
- **Ethnicity:** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term race in that “race” refers to grouping based mostly upon biological criteria, while “ethnicity” also encompasses additional cultural factors.
- **National Origin:** A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and/or traditions.
- **Disability:** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Hate Crime Defined: A hate crime is defined as any crime that manifests evidence that a victim was selected because of his/her actual or perceived race; gender; gender identity; religion; sexual orientation; ethnicity; national origin or disability. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's perceived race; gender; gender identity; religion; sexual orientation; ethnicity; national origin or disability, the crime is classified as a hate crime. For Clery Act purposes, Hate Crimes include any of the following offense that are motivated by bias:

- Murder and Non-Negligent Murder
- Sexual Assault
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson
- **Larceny-Theft:** The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. (Note: Constructive possession is defined by Black's Law Dictionary, 6th ed. as "where one does not have physical custody or possession but is in a position to exercise dominion or control over a thing.")
- **Simple Assault:** An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.
- **Intimidation:** To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- **Destruction/Damage/Vandalism of Property (Except "Arson"):** To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

VAWA Offenses Definitions

The Violence Against Women Act Reauthorization Act of 2014 (VAWA) definitions are as follows:

Domestic Violence: a felony or misdemeanor crime of violence committed*—

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
- By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred

**To categorize an incident as Domestic Violence, the relationship between the perpetrator and the victim must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship*

Dating Violence: violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition—

- Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition—

- Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling.

Clery Violations, Arrests and Referrals (Liquor, Drug, Weapons) Definitions

The Clery Act also requires disclosure of statistics for liquor law violations, drug law violations and weapons offenses (see definitions above). These violations are reported according to the total number of individuals arrested or referred for campus disciplinary action, rather than total number of incidents.

Liquor Law Violations: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

Drug Law Violations: The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacture and making of narcotic drugs.

Weapon Law Violations: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature.

Arrest:

Persons processed by arrest, citation or summons. An arrest has occurred when a law enforcement officer detains an adult with the intention or seeking charges against the individual for the specific offense(s) and a record is made

of the detention. A juvenile should be counted as “arrested” when the circumstances are such that if the individual were an adult, an arrest would have been counted.

Referred for Disciplinary Action:

The referral of any person to any official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction.

Additional Terms and Definitions

Awareness Programs: Community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration.

Business Day: Monday through Friday, excluding any day when the institution is closed.

Bystander Intervention: Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

Hierarchy Rule: A requirement in the FBI’s UCR program that, for purposes of reporting crimes in that system, when more than one criminal offense was committed during a single incident, only the most serious offense be counted.

Ongoing Prevention and Awareness Campaigns: Programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the institution.

Pastoral Counselor: A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

Primary Prevention Programs: Programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Proceedings: all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim. *(University of Denver) Refers to those courses of action taken in response to reports of alleged policy violation(s) as described in the Student Rights and Responsibilities Policies & Procedures, the Equal Opportunity & Title IX Procedures, or the Employee Handbook.*

Professional Counselor: A person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of the counselor’s license or certification.

Programs to Prevent Dating Violence, Domestic Violence, Sexual Assault, and Stalking

 - (a) Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome; and
 - (b) Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.
- (ii) Programs to prevent dating violence, domestic violence, sexual assault, and stalking include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees, as defined in paragraph (j)(2) of this section.

Result: any initial, interim and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions. *(University of Denver) Refers to “Outcomes” for students and “Corrective Actions” for faculty and staff as outlined in either the Student Rights and Responsibilities Policies & Procedures, the Equal Opportunity & Title IX Procedures, or the Employee Handbook.*

Test: Regularly scheduled drills, exercises, and appropriate follow through activities, designed for assessment and evaluation of emergency plans and capabilities.

CRIMES STATISTIC REPORTING

The University of Denver’s Division of Campus Safety is responsible for the gathering of statistics for criminal activity, identifying reportable crimes and delivering reports of this data annual to the Department of Education via an online survey and to the campus community in the Annual Campus Security and Fire Safety Report.

Throughout the year, DU Campus Safety collects and records Clery crimes occurring on campus, in adjacent public areas, at other DU owned and leased properties, and potentially other non-campus locations. These crimes are reported to the Division of Campus Safety via the public; the Office of Student Rights and Responsibilities; the Title IX Coordinator; and other campus security authorities listed earlier in this report. The Clery Act also requires reports of arrests for drug, alcohol and weapons offenses and student disciplinary referrals.

The University of Denver provides the option of confidential and anonymous reporting and while these statistics may not be reportable per local, state, or federal law enforcement guidelines, they are potentially reportable under the Clery Act. Licensed professional counselors are exempt from reporting based upon confidential privilege. Licensed professional counselors employed by the University of Denver, when deemed appropriate, are encouraged, but not required to report statistical crime information for inclusion in the Annual Security and Fire Safety Report. The University of Denver does not employ a University Chaplain or other pastoral counseling services; therefore, the pastoral counselor reporting exemption is not applicable.

DU Campus Safety sends a written request for Clery crimes reported in the previous calendar year to the Denver Police Department and any other law enforcement agencies that provides services to DU owned or controlled properties within their jurisdictions. The Division of Campus Safety also requests statistics from law enforcement agencies that provide services to lodging where students stay when traveling for study abroad programs and school sanctioned activities. When criminal activity occurs outside of the jurisdiction of DU (e.g., a student organization located off campus), the local law enforcement agency follows its own procedures to create a police report for each incident. This agency will then, upon the request of the Division of Campus Safety, submit its statistics. When this

data is received, it is reviewed, particularly to ensure that there are no duplications in reporting efforts between the Division of Campus Safety and outside reporting agencies. Although every effort is made to avoid duplication of reports received from outside police agencies, campus security authorities and other reporting entities, an individual incident potentially could be reported to us, and thus counted as a statistic, more than once.

VAWA (Violence Against Women Act) regulations require an institution to report to the Department of Education, and disclose in its annual security report statistics, the number of crime reports that were “unfounded” (false or baseless) and subsequently withheld from its crime statistics during each of the three most recent calendar years. Institutions may only exclude a reported crime after a full investigation. Only sworn or commissioned law enforcement personnel can make a formal determination that the report was false or baseless when made and that the crime report was therefore “unfounded.” Crime reports can be properly determined to be false only if the evidence from a complete and thorough investigation establishes that the crime reported was not, in fact, completed or attempted in any manner. Crime reports can only be determined to be baseless if the allegations reported did not meet the elements of the offense or were improperly classified as crimes in the first place.

Those crimes determined to be unfounded, and subsequently not disclosed as a crime statistic, would be listed below each crime table by calendar year shown in the associated table. The Division of Campus Safety is a non-commissioned security entity and thus, does not have the legal authority to “unfound” reported crimes. When a crime is reported, individual reports may be forwarded to other department or campus units and/or agencies for follow up. In most cases, the report is forwarded to the Office of Student Rights and Responsibilities for adjudication through the campus's disciplinary referral process.

Compiled data and statistics are reported in different formats and categories depending upon legal requirements of each report. The Clery Act requires its statistics to be reported from a specific geographic area. Crime statistics shown in the included tables are for the year in which they are reported and not necessarily in the year they occurred. Reported crimes may involve individuals not associated with the University of Denver. The below listed statistics may differ from previous publications of this data from year to year. These differences may be due to revised reporting requirements and updates to the Higher Education Opportunity Act and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. These differences will be noted below each table.

The Department of Education allows for presenting hate/bias crime and unfounded report information in a tabular, narrative or descriptive format. DU Campus Safety has elected to list this information in a descriptive format directly below the crime statistics table for each campus.

CLASSIFYING CRIME STATISTICS

The crime statistics shown in the included tables are for the prior three calendar years and are compiled and published in accordance with the standards and guidelines used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook, applicable federal laws and regulations, including the Clery Act as amended, and The Handbook for Campus Safety and Security Reporting (2016 Edition).

Certain Clery crimes fall under the hierarchy rule, meaning if more than one crime occurs during the same incident, only the most serious crime is reported. This applies to the Clery crimes listed below in the order in which they fall in the hierarchy. The one exception to the hierarchy rule is if a murder and a sexual assault occur, both are counted.

- Murder
- Manslaughter
- Sexual Assault
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft

The following Clery offenses are not captured under the hierarchy rule.

- Arson
- Hate Crimes
- Dating Violence
- Domestic Violence
- Stalking
- Liquor, Drug and Weapons Violations

Crimes that do not fall under the hierarchy rule will be counted as separate statistics if more than one of these crimes occurs during the same incident. This includes any non-hierarchical crimes that occur with a hierarchical crime. For example, if one incident includes a burglary, arson, stalking and drug possession violation, each of these offenses would be reported individually, as four separate statistics.

The number of victims involved in a particular incident is indicated for the following crime classifications: murder/non-negligent manslaughter, manslaughter by negligence, rape, fondling, incest, statutory rape, and aggravated assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number of incidents involving a particular offense is indicated for the following crime categories (includes one offense per distinct operation): robbery, burglary, larceny, and arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. Attempted crimes also are counted.

In cases of motor vehicle theft, each vehicle stolen is counted.

In cases involving liquor law, drug law, and illegal weapons violations, each person who was arrested is indicated in the arrest statistics. If an arrest includes offenses for multiple liquor and drug law violations, it is only counted once in the category determined to be the most egregious offense.

The Clery Act also requires disclosure of statistics for liquor law violations, drug law violations and weapons offenses. These violations are reported according to the total number of individuals arrested or referred for campus disciplinary action, rather than total number of incidents. The statistics captured under the “Referred for Disciplinary Action” section for liquor law, drug law, and illegal weapons violations indicate the number of people who are referred to the disciplinary system in the Office of Student Rights and Responsibilities for violating those specific laws. These include referrals that resulted in disciplinary action being initiated by the Office of Student Rights and Responsibilities and a record of the action being kept on file.

Statistics for hate crimes are counted in each specific Clery Act- reportable crime category and therefore are part of the overall statistics reported for each year. In addition to those offenses, larceny-theft, simple assault, intimidation, and destruction/ damage/vandalism of property are reported only if they are hate crimes.

II. REPORTING

PROMPT AND ACCURATE REPORTING

The University of Denver (DU) campus community members (students, faculty and staff members), contracted employees and guests are strongly encouraged to report all criminal incidents, suspicious persons and activities, and emergency situations occurring at all DU owned or controlled facilities and property, or at non-campus locations owned or controlled by DU, including study abroad programs and away trip lodging, to the local law enforcement agency where the incident occurs. Reports of crime should be made to the Denver Police Department and the DU Division of Campus Safety. DU does not have a campus police department but is under the jurisdiction of the Denver Police Department for police response. These incidents should also be reported to DU's Division of Campus Safety in a timely manner to provide any needed support services, perform follow-up, and allow for proper notifications and reporting of crimes.

Examples of what to report?

- You see someone committing a crime
- You need to report an old crime
- You see anyone or anything suspicious
- Someone is injured or ill
- You see fire or smell smoke
- You have knowledge of a chemical spill

Prompt reporting aids in providing timely warning notices to the community when appropriate, may aid in the prevention of similar crimes and may assist in the investigation and apprehension of the perpetrator(s). The University of Denver encourages accurate and prompt reporting of all criminal offenses, including when the victim of a crime elects to report, or when the victim is unable to make a report, to ensure that all crimes are included in the institutions Clery Act statistics.

REPORTING CRIMES IN PROGRESS OR LIFE-THREATENING EMERGENCIES

In the event of a crime in progress, crimes that have just occurred or a life-threatening emergency, make the following TWO calls:

- 911*
- DU Campus Safety at 303.871.3000 (1-3000)

*911 Operators will assist in directing the necessary response from city emergency services, i.e., police, fire, and paramedics. Be prepared to give the operator information about the emergency, including, but not limited to:

- Your name, location and phone number for verification
- The nature of the emergency (i.e., crime, fire, medical)
- A description of suspicious person(s) or vehicle(s) involved (if applicable)
- If a medical or first aid call, determine if the victim is conscious and breathing.

For additional 9-1-1 system information, visit denvergov.org.

While the Division of Campus Safety (DCS) is staffed 24 hours a day, year-round, by trained professionals employed to serve the University Community in life threatening emergencies, or when immediate police, fire or medical assistance is needed, **please dial 911 first.** This will activate the appropriate emergency agency response from Denver's emergency response system. Additionally, if the emergency call is made from a campus phone, it will be

reflected in the Division of Campus Safety's Communications Center. A DCS Campus Safety Officer (CSO) will respond immediately to the location from where the emergency call was made. If circumstances permit, also call the Division of Campus Safety emergency phone line **303.871.3000 (1-3000)** and inform the DCS Communications Center of your emergency. This will help the responding CSOs understand the nature of the emergency prior to their arrival.

REPORTING NON-EMERGENCY CRIMES OR INCIDENTS

Because using 9-1-1 for non-emergency calls may delay help for individuals caught in a real emergency, non-emergency crime reports and security or public safety related matters should be reported to the University of Denver's Division of Campus Safety by calling the non-emergency phone line, **303.871.2334 (1-2334)** and/or the Denver Police Department's non-emergency line, **720.913.2000 (main) or 720-913-1300 (District 3)**. More information on non-emergency reporting of crime is listed in the below section.

Emergency Phone (Blue Light E-Phones) and Assistance Stations

E-Phones: Emergency phones are marked prominently throughout the campus. Each of these exterior phones is marked with a blue light directly above it. These phones are designed for use in reporting any crimes, suspicious activities, medical emergencies, or any other safety concern. When one of these phones is activated, the individual is immediately connected to the DU Campus Safety Communications Center at **303.871.3000 (1-3000)**. In response to an emergency call from these phones, the Campus Safety Communication Technicians will take the information, send a Campus Safety Officer, and if applicable, contact emergency personnel from other agencies (i.e. police, fire and/or paramedics). Campus Safety officers will respond to the phone's location, even if no voice contact is made with the person who activated the phone.

Assistance Stations: Assistance Stations are fixed phones placed throughout the DU Campus that provide a direct link to the DCS Communication's Center. These stations are blue in color, feature the words "Assistance" on the tower or wall box, and have a push button on the front that reads "Call". They are used to provide assistance to anyone who is in distress, needs emergency assistance, or general campus assistance.

To familiarize yourself with the locations of the E-phones and Assistance Stations, visit <https://www.du.edu/site-utilities/maps>. Intermittent and ongoing campus construction may impact the availability and placement of E-Phone and Assistance Stations. Information is located at: du.edu/campussafety/crimeprevention/index.html.

REPORTING METHODS (CRIME OR SUSPECTED CRIMINAL ACTIVITY)

Students, faculty, staff, guests and other community members are encouraged to report all crimes, suspicious activity, and public safety-related incidents that occur on campus or on non-campus properties owned and controlled by the University of Denver, in a timely manner. Reporting timely information assists in developing Emergency Notifications, Timely Warnings, and/or Crime Advisories regarding potential danger on campus. Reporting crimes also aids in the collection of crime statistics for this report. When reporting a crime or incident, please be ready to provide detailed information such as a brief description of the incident, when and where the incident occurred, description of the suspect(s), weapons the suspect(s) carried, where and when the suspect(s) was last seen and any other relevant information. Whenever possible, the actual victim or witness of the crime should report the incident directly. The following reporting resources for crime or suspected criminal activity are as following:

- Contact the Division of Campus safety at 303.871.2334 (1-2334) for non-life threatening urgent situations, or non-emergencies, to report a crime, or to report security related issues.
- Contact the Denver Police Department at 720.913.1300 for non-life threatening urgent situations, or non-emergencies, to report a crime.

Campus Safety Tip-Line: The Division of Campus Safety operates an anonymous tip phone line for campus community members and others to report safety and security information as well as concerns to the University about criminal incidents and suspicious behavior on campus or non-campus properties owned or controlled by the University of Denver. Contact the Division of Campus Safety's Anonymous Tip line at **303.871.3130 (1-3000)**.

On-Line Reporting:

The University of Denver's Division of Campus Safety does not currently have an on-line reporting system for general crimes. The Division of Campus Safety invites and encourages the campus community to report criminal and suspicious activity observed in person, or by phone at the above listed contact numbers. The University of Denver provides several on line reporting mechanisms for the reporting of gender-based violence (sexual assault, Domestic Violence, Dating Violence and Stalking). Additional information is located in the sections titled "Gender Based Violence".

The Denver Police Department provides an on-line non-emergency reporting form for the community to report crimes. If you are interested in reporting another type of incident, or if there is a known suspect in the incident being reported, you are encouraged to contact the Denver Police Department's non-emergency line at **720.913.2000**. Dial **9-1-1** for emergencies only. To complete and submit an online reporting form with the Denver Police Department, visit: denvergov.org/content/denvergov/en/police-department.html

Reporting Crimes – Outside Jurisdiction:

Crimes or incidents occurring outside the Denver Police Department's jurisdiction should be reported to the agency having jurisdiction where the incident occurred. The University of Denver should be notified as well to aid in the collection of crime statistics for this report as well as allow the University to provide available resources and services to DU students, faculty and staff who are a victim of a crime.

Reporting Crimes to Other "Campus Security Authorities" and or "Responsible Employees":

Campus Security Authorities - The Division of Campus Safety personnel are considered "Campus Security Authorities" under definitions outlined by the Clery Act. However, other members of the campus community could also be designated "Campus Security Authorities". These "campus security authorities" are defined as "officials of the institution who have significant responsibility for student and campus activities". These Campus Security Authorities (CSAs) are directed to formally report to the Division of Campus Safety, specified information on criminal incidents that are reported to them or that have occurred within the institutions campus geography or in association with, official university sanctioned events and/or activities. Personally identifying information is not always required to report to the Division of Campus Safety for statistical reporting purposes. *For more on the role of a Campus Security Authority as well as the positions at the University of Denver considered to be a CSA, see section in this document titled "Campus Security Authorities".*

Required Reporters (Responsible Employees) – DU faculty and staff (including housing and residential education staff) considered "Responsible Employees" and required to report to the Office of Equal Opportunity & Title IX, if they have credible information that gender based violence (sexual assault, domestic violence, dating

violence and stalking) or discrimination or discriminatory harassment, including sexual harassment. The only exceptions to this requirement are people directly employed by one of the three confidential resources on campus: The Health and Counseling Center - Counseling services (licensed psychologists), medical services and CAPE (Center for Advocacy, Prevention and Empowerment). *For more on the role of a Responsible Employee and reporting on gender-based violence (sexual assault, domestic violence, dating violence and stalking) or harassment or discrimination, see section contained in this document titled "Gender Based Violence".*

Reporting Suspicious Activity:

Any suspicious activity observed in campus parking lots, around vehicles, or inside of residence halls or buildings should be reported to the Division of Campus Safety at **303.871.2334**, unless a life-threatening situation occurs, then call **9-1-1**.

Crime Awareness:

DU students, faculty and staff members should be aware of crime in order to take necessary precautions to avoid becoming a victim. The Division of Campus Safety informs the campus community of crimes that occur on or near campus utilizing one or more of the following methods:

Campus Crime Alerts

- Distributed via email (DU Alert System).

Voluntary Confidential Reporting: The University of Denver encourages anyone who is the victim of a crime to report it directly to the Division of Campus Safety and/or local law enforcement agencies having jurisdiction over the area where the incident occurred. It is important to note that certain information from police reports is public record under Colorado law, so confidentiality of reports cannot be guaranteed. Exceptions exist for sexual assault and crimes where victims or witnesses would be at risk should their names be released to the public. Additionally, a Division of Campus Safety report is considered a law enforcement record exempt from restrictions under the Family Educational Rights and Privacy Act of 1974 (“FERPA”). As such, the Division of Campus Safety report may be shared with law enforcement agencies upon request as part of an investigation. The University of Denver and Division of Campus Safety is a private University; therefore, requests under the Freedom of Information Act do not apply to the University of Denver. The University treats all records as proprietary.

If you are the victim of a crime and do not want to pursue action within the university or the criminal justice systems, you may still want to consider making a confidential report. Confidential Reporting Resources within the University of Denver are as follows:

Health and Counseling Center (Medical Services) * Phone: 303-871-2205 After Hours: 303-871-2205 (follow prompts) Email: info@hcc.du.edu Website: https://www.du.edu/health-and-counseling-center/medical/index.html <i>*Confidential Reporting</i>	Health and Counseling Center (Counseling Services) * Phone: 303-871-2205 After Hours Counselor on Call: 303-871-2205 (follow prompts) Email: info@hcc.du.edu Website: https://www.du.edu/health-and-counseling-center/counseling/index.html <i>*Confidential Reporting</i>	Center for Advocacy, Prevention and Empowerment (CAPE) * Business Hours: 303-871-3853 After-Hours, contact the Counselor on Call at 303-871-2205 Email: cape@du.edu Website: https://www.du.edu/health-and-counseling-center/cape/index.html <i>*Confidential Reporting</i>

Information disclosed as part of a confidential report will be maintained confidential to the extent allowable by law and University policy and will not be disclosed without the victim’s consent to anyone outside of the office to which it was reported. However, consent may not be required in limited situations, such as suspected child or elderly adult abuse or neglect, court orders, or subpoenas, or a danger to others. In some instances, statistical information may be disclosed in the annual security and fire safety report when required under the Clery Act. If this occurs, no personally identifying information is required to be shared for this purpose. *For information on Victim Confidentiality with respect to reporting Gender based violence, refer to the section titled “Sexual Assault” in this document.*

Confidential Reporting (Professional Counselors and Pastoral Counselors):

As a result of the negotiated rulemaking process, which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and Campus “Professional Counselors,” when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The aforementioned committee defines counselors as:

- **Pastoral Counselor**
An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor
- **Professional Counselor**
An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Other persons who have significant responsibility for campus and student activities and counsel or advise students and employees are not exempt from reporting, even if the counseling is confidential.

At the time of this report, the University of Denver does not employ or retain the services of any type of Pastoral Counselor (as defined by the Clery Act). DU does employ licensed professional counselors (as defined by the Clery Act), who are considered exempt from reporting requirements. DU encourages counselors, if and when they deem it appropriate, to inform those they counsel of procedures for reporting crimes on a voluntary, confidential basis for inclusion in the Campus Security Report. However, there are no procedures or policies, which require licensed professional counselors (as defined by the Clery Act) to report crimes disclosed to them on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. The Campus Clery Coordinator may meet with staff in these areas to discuss Clery requirements and the importance of reporting for statistical purposes.

Anonymous Reporting:

The University of Denver's Division of Campus Safety has an anonymous reporting tip line as a reporting option at 303.871.3130 (1-3130). Additionally, reports or information may be submitted online with the option to exclude personally identifying information of involved parties. These online reporting avenues include:

Office of Equal Opportunity & Title IX online reporting form at:
https://cm.maxient.com/reportingform.php?UnivofDenver&layout_id=110

Student Outreach and Support (SOS) online referral form at:
https://cm.maxient.com/reportingform.php?UnivofDenver&layout_id=99.

In such a case, the report will not be confidential in that the information will be distributed but will be anonymous since the identity of the reporter will not be known.

A victim/survivor of a crime who does not wish to pursue action within the criminal justice system or through the University of Denver, or who has chosen to pursue confidential reporting options, should consider making an anonymous report. The purpose of an anonymous report is to comply with a victim/survivor's wish to keep the matter confidential, while taking steps to ensure the future safety of those involved and others. Additionally, with such information, the university can keep accurate records of the number of incidents, determine where there is a pattern of crime with regard to a particular location, method, or assailant, alert the campus community to potential danger and use the information to inform, guide and improve education, prevention and awareness efforts.

Anonymous reports are counted and disclosed to the Department of Education in the annual crimes statistics for the institution and are listed in the crime statistics tables included in this report.

Reporting Sexual Assault, Dating Violence, Domestic Violence and Stalking:

When a gender based violence (sexual assault, domestic violence, dating violence and stalking) or discrimination or discriminatory harassment including sexual harassment occurs, it is imperative that the victim/survivor file a report as soon as possible to ensure the victim/survivor receives the appropriate medical attention (if applicable), resources, and support. The University recognizes it is a victim's choice to report a crime. If a victim chooses not to report the crime immediately, the report can be made at a later time, however immediate reporting may allow the University to:

- To take action which may prevent further victimization, including issuing a Timely Warning or Emergency Notification to the campus community.
- To assist in the apprehension of a suspect.
- To assist in the collection and preservation of any physical evidence is necessary for successful investigation, arrest, and prosecution of the perpetrator(s) and may be helpful in obtaining a protective order. Such evidence may assist in the administrative as well as criminal investigations.
- To assist in proper documentation for criminal prosecution and administrative investigation.
- To have the incident recorded for purposes of reporting statistics about incidents that occur on campus.

A victim/survivor may elect, or decline, to notify the Division of Campus Safety and/or local law enforcement. If the victim/survivor chooses to file a police report, the institution can assist with the process. For detailed information and guidance regarding gender based violence (sexual assault, domestic violence, dating violence and stalking) or discrimination or discriminatory harassment, including sexual harassment, to include; reporting options, victim/survivor rights and resources, confidentiality, prevention and education, discipline process and other specific information, please refer to the section titled, "Gender-Based Violence Policy" in this document, the

policies/procedures related to the Office of Equal Opportunity & Title IX and the Office of Student Rights and Responsibilities listed in the appendix at the end of this document, or contact the following University Departments:

Additional Information on Reporting Crime:

Victims of offenses committed by DU students, faculty or staff member have several reporting options. These include but are not limited to; 1) reporting to the police for criminal action, 2) filing a civil lawsuit against the suspect, 3) reporting to campus officials for University sanctions to be considered. You may pursue these options simultaneously, or any one of them separately.

The University recognizes it is a victim's choice to report a crime. Reporting a crime and cooperating with a law enforcement investigation are necessary for criminal prosecution of a crime but are not required for University sanctions to be brought against a DU student, faculty or staff member found responsible, either through the Student Rights and Responsibilities process or respective employee discipline process, whichever is applicable. If you are the victim of a crime, you may want to proceed with reporting to both law enforcement and to University officials, or you may want to report only at the University level. That choice is yours. Questions regarding these processes may be answered by contacting the reporting resources listed in this report.

Response to Crimes Reported to the Division of Campus Safety:

When a crime is reported to the Division of Campus Safety, a Campus Safety Officer will respond, complete a preliminary investigation, and coordinate further action with the Denver Police Department, if appropriate (or at the request of the victim). In most cases, an offense, incident or intelligence report is completed by the CSO to record the event. A report made by the Division of Campus Safety (DCS) may also result in follow-up contact by internal DCS Investigator or other personnel from other DU departments.

DU Campus Safety Officers have the authority to refer DU students to the Office of Student Rights and Responsibilities for possible University Sanctions. If a DU student is identified as a suspect, the report will be forwarded to the Office of Student Rights and Responsibilities for processing and disposition.

When an incident of gender-based violence (sexual assault, domestic violence, dating violence and stalking) or discrimination or discriminatory harassment, including sexual harassment, is reported on campus first to the Division of Campus Safety, the Office of Equal Opportunity and Title IX will be contacted and the information shared with the Title IX Coordinator.

The Division of Campus Safety personnel on scene will offer the victim/survivor a wide variety of services and resource information available to them. The University of Denver has access to such support services available to assist a victim twenty-four hours a day.

The Office of Equal Opportunity & Title IX handles all investigations that involved gender-based discrimination, harassment, and violence, including sexual assault, relationship or dating violence, and stalking. The University's response to reports of gender-based violence and gender based harassment or discrimination can be located see section contained in this document on Gender Based Violence.

DAILY CRIME AND FIRE LOG

The Division of Campus safety maintains a Daily Crime and a separate Fire Log. The Daily Crime Log contains a record of all crimes reported to the Division of Campus Safety that have occurred on the Clery Act reportable geography of the campus. All entries or additions to the Daily Crime Log are made within two business days of the report of the information being made to the Division of Campus Safety, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

Regarding criminal incidents, the Daily Crime Log reflects the nature of the reported crime, the time and date the crime was reported, the time and date the crime occurred (if known), the location of the crime (if known) and current disposition of the case for the past 60 days (if known). A crime is considered “reported” when it is brought to the attention of a Campus Security Authority (“CSA”) or a local law enforcement agency. All crimes in the Daily Crime Log are recorded by the date the crime was reported to the Division of Campus Safety. The Division of Campus Safety may withhold information from the Fire Log if there is clear and convincing evidence that the release of such information would jeopardize an on-going criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence.

Regarding fire incidents, any fire that occurs in an on-campus student housing facility that is reported to any official at DU is documented and reported in the Fire Log. The Daily Crime Log reflects the date the fire was reported, the date and time the fire occurred, the nature of the fire, the general location, the number of injuries requiring treatment (if applicable), the number of deaths related to the fire (if applicable) and any value of property damage caused by the fire. The Division of Campus Safety may withhold information from the Crime Log if there is clear and convincing evidence that the release of such information would jeopardize an associated criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence.

The Division of Campus Safety will disclose any information withheld from the Daily Crime and Fire Log once the adverse effect is no longer likely to occur. The Daily Crime and Fire Log will include all crime and fire incidents from the most recent 60 day period, and it is available for public inspection at the DU Campus Safety Center, 2130 S. High Street, Denver, Colorado, 80210; or at the Division of Campus Safety’s website:

EMERGENCY NOTIFICATION AND TIMELY WARNING/CAMPUS SAFETY ALERTS

The university sends out two types of alerts to keep the campus informed about safety and security threats: "emergency notifications," and "timely warning notices."

"Emergency notifications" are used to immediately notify the campus community upon the reliable report of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The process for the university's emergency notifications, can be found in this section.

“Timely warning notices” are used to inform the campus community, in a timely manner, about serious or continuing threats to the campus community. The intent of a timely warning is to inform students and employees about crimes on or near campus, enable the campus community to protect themselves, provide prevention and safety tips and aid in the prevention of similar crimes.

Timely Warning Notices:

Timely warning notices, called “Campus Safety Crime Alerts” are usually distributed for the following Clery reportable crimes: criminal homicide, sexual assault, robbery, and aggravated assault; and may be distributed for burglaries, motor vehicle theft, arson and hate crimes. However, this list is not inclusive, and warnings may be issued for any serious or continuing threat to person, property or campus safety. Each incident is considered and evaluated on a case-by-case basis, depending on the facts of the case and the information known by the Division of Campus Safety (DCS). For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other campus community members and a timely warning notice would not be distributed. Cases involving sexual assault are sometimes reported long after the incident occurred, thus there is no opportunity to distribute a timely warning notice to the community.

In instances where information was not provided to DCS in a timely manner (very generally, incidents having occurred within the past at which point the intent and the spirit of the warning are no longer viable) or if the threat has been appropriately mitigated (an arrest has been made), DCS will not issue a timely warning notice. If new information surfaces, in either case, DCS will reevaluate the incident and may issue a timely warning.

When DCS is notified of a crime categorized under the Clery Act, or other serious incident that may pose a serious or continuing threat to person, property or campus safety in a neighboring or nearby jurisdiction that is close enough to the campus community to be of concern or in an area commonly frequented by DU students, DCS works closely with local law enforcement agencies who serve these jurisdictions to obtain the pertinent facts of the incident. Based on the known facts, incidents DCS becomes aware of in these areas are evaluated on a case-by-case basis and DCS may issue a timely warning notice.

The content of a timely warning generally consists of:

- a brief summary of the incident,
- a physical description (if known),
- whether the case is under investigation,
- resources, safety and prevention tips, and;
- who to contact to report additional information.

Timely warning notices include information intended to inform the community, enable community members to protect themselves, provide prevention and safety tips, and aid in the prevention of similar crimes.

Institutions must keep confidential the names and personally identifying information of crime survivors when issuing a timely warning. DCS will never release a crime survivor's personally identifying information. When issuing a timely warning for sensitive matters, such as sexual assault, DCS makes every effort to not release specific incident details that may identify a crime survivor; however, an institution may need to release information, such as a location that may lead to identification of a crime survivor. The institution must balance the need to provide information of an ongoing or serious threat to the campus community while also protecting the confidentiality of the crime survivor to the maximum extent possible. If a timely warning is issued for a sensitive matter, DCS makes every effort to notify the crime survivor before the warning is released.

Timely warning notices are developed, activated and distributed under the direction of the DCS Campus Safety Director or designee. The timely warning notice development process is as follows:

- Division of Campus Safety personnel receives information about a Clery crime or similar incident on or near campus, from a campus security authority, from the public, or from another law enforcement agency.
- The information is referred to the DCS Associate Director (Special Support Services), who consults with the Assistant Director (Compliance and Administration), the Manager of Emergency Preparedness, and the Director of Campus Safety to determine if the incident warrants the issuance of a timely warning.
- Each such incident is considered on a case-by-case basis and is evaluated on the following:
 - the facts and circumstances surrounding the incident
 - the location of the incident
 - any other information available to DU at the time of the report
 - the existence of an ongoing or serious threat to the campus community
- If a timely warning is indicated, a staff member (usually the DCS Associate Director, Assistant Director of Compliance and Administration, Manager of Emergency of Preparedness and Fire Safety) drafts a notice, and verifies facts and pertinent information with relevant law enforcement personnel where applicable.

- The Associate Director or designee forwards the draft version to DU Marketing and Communication for grammatical review as well as selected law enforcement personnel to ensure the timely warning will not be hindering any active law enforcement investigation, just prior to the release to the campus community.
- The timely warning is issued to the entire campus community via mass email.

Timely warning notices are normally issued by either the Associate Director, Assistant Director of Compliance and Administration or the DCS Manager of Emergency Preparedness and Fire Safety. Trained staff members in the DCS Communication Center may also distribute the timely warning notices at the direction of the Director of Campus Safety or designee. Additionally, other DCS staff may be involved in developing and/or executing the timely warning process as necessary or as directed by the Director of Campus Safety or designee.

Timely Warning notices are distributed via mass email to the “du.edu” email accounts of all employees and students, and may also be posted to the DCS Facebook account, to be immediately received by individuals who follow or subscribe to those accounts. Additionally, the alert will be posted on the Division of Campus Safety’s website at: <https://www.du.edu/campusafety/>. DCS may post a copy of the campus safety crime alert, at the discretion of the Director of Campus safety, at the front desk of each residence hall, and/or at the doorway to each campus building, as well as deliver copies to each fraternity and sorority house. Timely warning notices are issued as soon as pertinent information is available. Follow-up information may be distributed later, such as if a suspect responsible for a series of campus crimes has been apprehended.

DCS may also post Campus Safety Notices (titled “Community Advisories”) in instances where an incident has occurred which constitutes a serious or ongoing threat, however is not a Clery crime and/or has not occurred within a Clery geographic area; or, at the request of another law enforcement agency for crimes which occur within a reasonable proximity of the core campus; or when appropriate to share public safety-related information where there may be investigatory value in releasing the information. These types of notices, while not considered a “Campus Safety Crime Alert” (timely warning notice), may contain the same basic information as a timely warning with a similar purpose of awareness and prevention.

The Director of Campus Safety, Associate Director, and Assistant Director of Compliance and Administration as well as the Manager of Emergency Preparedness and Fire Safety are authorized to create and disseminate Campus Safety Notices (Community Advisories). Additionally, other DCS staff may be involved in developing and/or issuing a Community Advisory as necessary or as directed by the Director of Campus Safety or designee. These notices are posted to the Division of Campus Safety’s social media sites (Facebook and Twitter) and may be distributed via email to the campus community. Additionally, DCS may post local law enforcement media releases and crime advisories depending on the circumstances of the incident and at the discretion of the Director of Campus Safety or designee.

Emergency Response and Notifications:

An emergency is an event, expected or unexpected, that poses an immediate threat to the health and safety of students, faculty and staff. University faculty, staff, and students are instructed through new employee and student orientations, trainings, emergency/evacuations procedures (posted in visible areas in campus buildings and resident halls), printed materials, the Office of Emergency Preparedness and Fire Safety website, and the Division of Campus Safety website, to call 9-1-1 to report life threatening emergencies and for other emergency assistance.

The University has developed a comprehensive emergency notification system (DU Alert) that allows for the use of text messaging, emails, social media, website, telephone, and digital displays to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving immediate threat to the health or safety of student, faculty, and staff on the campus. If a situation arises that poses a confirmed, imminent or ongoing potential threat to the safety, security or health of students, staff, faculty, and the DU community at large, an Emergency Notification (named “DU Alert” at University of Denver) will be issued to

immediately notify the campus community and to expedite emergency response and/or evacuation procedures. The goal of an emergency notification is to notify as many people as possible, as rapidly as possible, with adequate follow-up information as needed. To avoid unnecessary panic, notifications are only sent by the Division of Campus Safety once confirmed by authorized individuals.

The university has implemented a formal process that gives designated DCS personnel the authority to do the following:

- Confirm a significant emergency or dangerous situation;
- Develop the content and consider the appropriate segment(s) of the campus community to receive the notification; and
- Initiate some or all of the emergency notification systems to send an emergency message to the campus community.

Confirmation of an emergency or dangerous emergency is determined when:

- A DU or Division of Campus Safety (DCS) Incident Commander, DCS campus safety officer or shift supervisor, police officer, fire official or another emergency responder has assessed the situation to confirm that there is an emergency.
- Visual confirmation via University CCTV systems by DCS personnel
- Audible confirmation by DCS personnel (either in person or via telephone systems)
- Three (3) unique reports to DCS personnel of the incident from members of the public of University community
- As authorized by the DCS Office of Emergency Preparedness

The following positions within the University's Division of Campus Safety are authorized to release information via the emergency notification system after confirmation is received:

- Director of Campus Safety
- Associate Director (Commander)
- Assistant Director (Compliance and Administration)
- Manager of Emergency Preparedness & Fire Safety
- Captain (Patrol Operations)
- Campus Safety Sergeants
- Campus Safety Corporals
- Campus Safety Officers
- Campus Safety Communication Technicians

The Director of Campus Safety and/ or designee may also consult directly with the University's Marketing and Communication Division to ensure an immediate, timely notification to the campus via the emergency notification mechanisms.

Emergency notifications are issued for incidents which include but are not limited to; active threat/active harmer, major hazardous materials release, major fire, bomb threat, civil unrest, terrorist incident, infectious disease outbreak, crimes in progress posing a threat to the physical safety of the community, or a tornado or other extreme weather conditions that would directly impact campus.

The policy guiding emergency communication confirms that the University of Denver's Division of Campus Safety will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible

authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The process stipulates that an immediate emergency notification will not be sent if, in the judgment of authorities, the message would compromise efforts to assist a victim, or to contain, respond to or otherwise mitigate the emergency.

Once the decision is made to send an emergency notification, the Division of Campus Safety' Communications personnel or the DCS Manager of Emergency Preparedness or designee will send it to the entire campus community unless notifications to targeted groups are necessary. The Director of Campus Safety or designee determines if the emergency notification is to be limited to a targeted group(s). In most cases, the emergency notification messages sent by Division of Campus Safety (DCS) are created using an established template format developed by the DCS Office of Emergency Preparedness and Fire Safety. A script has been created to serve as an initial DU Alert message notifying the community that an emergency incident has been reported and that appropriate response is underway. When possible, additional incident specific information will be included. The use of this script will help reduce the time between the report of an incident and emergency notification to the community. The text of any additional or follow-up DU Alert messages will be crafted by the DCS Communications Technicians, the Incident Commander (when applicable), and/or the DCS Manager of Emergency Preparedness and Fire Safety or designee.

The system utilized to communicate with the campus community during a crisis or emergency includes several modes that can reach students, faculty, staff and the community at large, including parents, visitors, neighbors, and community partners. These modes include text message, email, social media, and digital display in select areas throughout campus.

The University of Denver has the ability to send DU Alert text messages to students, faculty, staff, and parents of DU students that opt-in and register their personal cellular device in the Division of Campus Safety's web portal.
- **DU Alert – Mass Email Notification**
The University of Denver has the ability to send emails to all students, faculty and staff members with "@du.edu" email addresses. All "@du.edu" email addresses are automatically added to the DU Alert system and cannot opt-out.
- **Social Media** - The University of Denver has the ability to send DU Alert messages directly to several social media outlets. DU Alert messages can be sent to the following DCS account:

<https://twitter.com/DUCampusSafety>
- **Digital Displays**
Some departments around campus utilize digital signage in buildings to share information and announce events and activities. Several of these digital display systems are configured to receive and display DU Alert messages.
- **Telephone Alert System**
Members of the DU community have the option to register a telephone number with the system to receive a telephone call with an automated message when the system is used.

Information critical to members of the larger campus community may be disseminated using additional mechanisms at the discretion of the Director of Campus Safety or designee.

Communication with the Larger Community

Any individual, even those who are not students, staff, or faculty, can view social media posts and information included on campus digital displays. Parents and guardians of students have the ability to opt into the University of Denver's DU Alerts system to receive emergency notifications via social media sites (Facebook and/or Twitter). DU Alerts are sent to the University of Denver's social media sites, which are monitored by local media outlets as well. The media are able to view and monitor all DU alerts via Facebook and Twitter. Designated individuals in key positions within the Denver Police Department, the University of Denver's local law enforcement agency, are registered with the DU Alert system to receive emergency notifications via text messages and emails.

DU-Alert

All students, faculty and staff are encouraged to update contact information for the DU emergency notification system by visiting: <https://www.du.edu/campusafety/du-alerts>

The system is tested by the DCS Manager of Emergency Preparedness three times a year (once during each academic quarter, excluding summer). For questions or problems concerning the DU-Alert service, individuals are directed to contact the Division of Campus Safety at (303)-871-2334.

How to Receive DU Alert and Emergency Notifications DU Alert Emails:

All "@du.edu" email addresses are automatically subscribed to receive D Alert messages. There is no option to unsubscribe.

EMERGENCY RESPONSE AND EVACUATION POLICY

The Division of Campus Safety's Office of Emergency Preparedness & Fire Safety develops, communicates and trains on the University's emergency policies, strategies, plans and procedures. The Office of Emergency Preparedness works closely with departments and offices to design, train and exercise emergency response and continuity of operation plans. This office educates students, faculty and staff on mitigation, preparedness, and response/recovery strategies. The office assesses the University's preparedness for natural, epidemic and human caused emergencies while working collaboratively with representatives from the City and County of Denver and other local, regional, state and federal agencies on emergency planning. More information on what to do in case of emergency is located on the Division of Campus Safety's website: <https://www.du.edu/emergency/index.html>

The University of Denver has a comprehensive emergency operation plan that details immediate response and evacuation procedures, including the use of electronic and cellular communication. The university's campus emergency operations plan includes information about the Emergency Support Functions Committee, other incident management teams; incident priorities; shelter-in-place and evacuation guidelines; and overall command and control procedures. University mission critical departments are responsible for developing their own emergency action plans and continuity of operations plans for their staff and areas of responsibility.

The University's Emergency Management Framework and the Critical Incident Management Board approved policy(ies) details the processes and functions for the University to prevent, plan for and respond to events that become critical incidents. Critical incidents are defined as events that may impact the life safety, financial condition, property and reputation of the University.

As a portion of the Emergency Management Framework, the University has an Emergency Management Plan managed by the Division of Campus Safety. The plan outlines the appropriate response strategy for a variety of critical incidents and the organizational hierarchy to be utilized by the University during response and recovery. The Division of Campus Safety then identifies Emergency Response Teams, which consists of a group of individuals in each building to augment Campus Safety's response during a fire evacuation or shelter-in-place situation. Members of the Emergency Response Team are trained on the University's Emergency Management Plan.

Emergency and Evacuation Procedures On-Campus Residential Buildings (Student Housing)

Evacuation procedures are posted on each floor in all student housing managed by the University's Housing and Residential Education (HRE). Additionally, evacuation procedures are listed in HRE's Guide to Residence Living. Fire evacuation procedures apply to all students, HRE staff and contracted employees who reside or work within all residence halls (to include dining halls and parking structures where applicable) as well as other student residential housing buildings managed by HRE:

University of Denver's Housing and Residential Education Guide to Residence Living

If a fire alarm sounds, residents must immediately vacate the building via the nearest stairwell and proceed at least 50 feet (15 meters) outside the building until a Campus Safety officer or first responder allows residents to re-enter the building. Residents and guests must fully cooperate in all evacuations.

Failure to evacuate the building in the event of an alarm sounding may result in a referral to the Office of Student Rights & Responsibilities.

Exit the building immediately in a safe manner. If you are not in your own room, do not go back to your room to retrieve items. If you are in your room, please do the following:

- Check to see if the doorknob is hot.
- If it is hot:
 - ✓ Do not open your door
 - ✓ Wait in plain view next to your window
 - ✓ Open blinds and leave your lights on.
 - ✓ Call the Division of Campus Safety at 303-871-300 or 911 to report your location if a phone is available.
- If your doorknob is not hot:
 - ✓ Take a dampened towel and cover nose and mouth to prevent smoke inhalation.
 - ✓ Put on shoes.
 - ✓ Close room door behind you.
 - ✓ Go to the exit stairway closest to your room/apartment – do not use the elevator.
 - ✓ If the outside exit door does not open immediately, kick the emergency strike plate.
- When evacuating the building:
 - ✓ Leave the building immediately.
 - ✓ Do not investigate the source of the emergency.
 - ✓ Walk, don't run, to the nearest exit.
 - ✓ Use stairs, not elevators.
 - ✓ Follow instructions of the Division of Campus Safety officials or other identified emergency personnel.
 - ✓ Upon exiting the building, move at least 50 feet away from the structure.
 - ✓ Do NOT reenter the building until told to do so by Campus Safety officials or the Denver Fire Department.

Special Considerations:

Certain evacuations may last longer than your typical fire alarm. In cases where there is an actual fire, carbon monoxide alarm, or any instance where one cannot re-enter their assigned living quarters for a prolonged period of time, please go to the following gathering points located in a building different than your living quarters:

- Residents of **Centennial Halls** will gather at **Centennial Towers** main lounge.
- Residents of **Centennial Towers** will gather at **Centennial Halls** main lounge.
- Residents of **Johnson-McFarlane** will gather inside the **Nelson Hall** cafeteria.
- Residents of **Nelson and Nagel Hall** will gather at the **Johnson-McFarlane** main lounge and classroom.
- Residents of the Dimond Family Residential Village will gather at Centennial Halls main lounge.

Persons with disabilities:

- If a person is unable to evacuate a building due to a physical disability, the following steps should be taken.
- If the building has a designated area of rescue, the person should be moved to this area.
- If the building does NOT have a designated area of rescue, the person should be moved to the closet stairwell.
- Call 911 or Campus Safety at 303-871-3000 and inform first responders of the person requiring rescue.

You are required to evacuate the building safely and quickly when a fire alarm sounds. Failure to comply with these directions may result in referral to the Office of Student Rights & Responsibilities and potential criminal action based on federal, state or city fire codes.

Emergency and Evacuation Procedures On-Campus Non-Residential Buildings

The university publicizes general emergency response and evacuation procedures to the broad campus community through emergency procedures posters/safety sheets. The Division of Campus Safety's Office of Emergency Preparedness website and safety sheets include information on how to respond to a number of different hazards/threats. The website and safety sheets also include general information about evacuation, evacuation for persons with disabilities, and emergency planning. Additionally, evacuation maps are posted in on-campus buildings when required by fire code.

The information in the Emergency Safety Sheets is written for use by all University of Denver facilities including those on-campus residence halls and Greek housing. The telephone numbers listed in the safety sheets, with the exception of 9-1-1, are telephone numbers for resources located on campus. The Division of Campus Safety has site-specific emergency procedures information with local phone numbers.

The Emergency Procedures safety sheets are available on the Division of Campus Safety's Office of Emergency Preparedness [website](#). Evacuation information is provided for emergency evacuation, medical evacuation, shelter-in-place situations, lockdown situations, and evacuation for persons with disabilities. Additionally, the university's Emergency Operations Management Plan (DU Institutional Emergency Management Framework) is posted on the Division of Campus Safety's Office of Emergency Preparedness website.

Testing, Exercises and Evacuation Drills

As a part of the comprehensive emergency operation plan for the University of Denver, regularly scheduled tests, drills, or exercises, and follow-through activities are conducted annually to assess the university's emergency response and evacuation procedures on a campus-wide scale. All tests are documented with description of exercise, date, time and whether announced or unannounced. The university's Emergency Operations Management Plan (DU Institutional Emergency Management Framework) is available for use in conjunction with campus exercises.

Each year, the Division of Campus Safety's Office of Emergency Preparedness conducts at least one table-top exercise with the Emergency Support Functions Committee, which includes representatives from various University Departments. In addition, planned, announced tabletop exercises and drills may be completed with individual units, groups of units, and external entities on a regular basis. The Office of Emergency Preparedness conducts at least one table top exercise annually with representatives from the City and County of Denver and other local,

regional, state and federal agencies on emergency planning and response. This includes, but is not limited to; police, firefighters, emergency medical technicians and other applicable first responders.

These exercises are considered an opportunity for specialized training related to the threats confronting campus or for anticipated scenarios such as athletic events or hazardous material incidents. Additionally, exercises bring together internal and external partners to enhance interoperability and provide opportunities to test the emergency notification system and emergency response on campus. Real incidents are also an opportunity to evaluate policies and procedures and through after-action reports, determine improvements.

Following all tests and exercises, an appropriate after-action report, post-exercise improvement plan or corrective action plan is completed documenting the details and outcomes of the exercise to evaluate response plans, efficiency of implementation, and opportunities for improvement. After-action reports detail lessons learned, and follow-up items are identified with responsibilities assigned to appropriate campus entities. Follow-up activities may include, but are not limited to, post-exercise improvement plans, surveys, or interviewing of participants to obtain feedback.

The Office of Emergency Preparedness has overall responsibility for coordinating fire and non-fire related emergency tests and exercises on campus. Tests and exercises provide opportunities to evaluate the university's emergency response training and its ability to respond effectively to an emergency. They allow the university to identify weaknesses in policies, plans, procedures, facilities, equipment, training, and performance. Action items identified during post-exercise and post-test evaluations are recorded for potential incorporation into emergency plans, procedures, and training, as appropriate.

Announced and/or unannounced evacuation drills are scheduled and conducted by the University's Division of Campus Safety Office of Emergency Preparedness in coordination with Housing and Residential Education staff; Fraternity and Sorority Life staff; members of the University's Emergency Response Team and the local fire department for all on-campus university buildings and residence halls facilities to ensure that emergency response and evacuation procedures are tested. The University of Denver and Denver Fire Code requires that all buildings on-campus undergo at least one evacuation fire drill annually. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency.

The University of Denver's business and academic buildings located on-campus undergo at least one evacuation fire drill annually. Primary and Early Education buildings (The Ricks Center and Fisher Early Learning Center) undergo 3 drills per quarter (one type each month): an evacuation fire drill, a lockdown drill, and a tornado drill. Prior to these drills being carried out, evacuation procedures are communicated to the occupants of these buildings via the Division of Campus Safety Office of Emergency preparedness or designated members of University's Emergency Response Teams.

Evacuation fire drills are conducted 3 times a year (fall, winter, and spring semester) for on-campus residence halls and Greek Housing. Prior to these drills being carried out, evacuation procedures are communicated to residents via Housing and Residential Education staff, Fraternity/Sorority Life staff, or designated members of University's Emergency Response Team. Students living in these facilities are provided the locations of emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Residents are not told in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus and other factors such as the location and nature of the threat. In these cases, University Housing staff and/or first responders on scene will communicate information to students regarding the developing situation or any evacuation status changes.

HRE Residence Assistants are given fire-safety training on an annual basis, which they disseminate to the residents in their residence halls. The University of Denver's Division of Campus Safety conducts a fire safety presentation/training to HRE and Fraternity/Sorority Life (Greek Life) personnel annually at the beginning of each academic year. Training includes a review of use of fire extinguishers, fire safety components of their assigned building, expectations of the staff, evacuation procedures and their role, fire safety guidelines, and emergency assistance procedures. This information is disseminated to the residents in each respective on-campus residential facility. Students who reside in university residence halls receive information about evacuation and shelter-in-place procedures during their onboarding meetings and other educational sessions throughout the year. University Housing staff members act as an ongoing resource for the students living in residential facilities.

Evacuation procedures are posted on each floor in all student housing managed by the University's Housing and Residential Education (HRE). Additionally, evacuation procedures are listed in HRE's Guide to Residence Living. Fire evacuation procedures apply to all students, HRE staff and contracted employees who reside or work within all residence halls (to include dining halls and parking structures where applicable) as well as other student housing buildings managed by HRE.

Evacuation drills are evaluated by the Office of Emergency Preparedness to review egress and behavioral patterns. Reports are prepared by participating departments that identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Shelter In Place

- *Stop classes or other operations in the building*
- *If there are visitors in the building, provide for their safety by asking them to stay--not leave. When public safety officials provide directions to shelter in place, they want everyone to take those steps immediately, wherever they are.*
- *Tornado sirens are intended to notify those individuals who are outdoors to make their way inside.*
- *Once inside, make your way to a room or area without exterior glass.*
- *Remain calm and await further instructions, once the threat has passed, Campus Safety will send the notification.*
- *If out in the open:*
 - ✓ *Do not wait out the storm in your car, attempt to outrun the tornado by driving perpendicular to its path.*
 - ✓ *Move away from the path of the tornado*
 - ✓ *Seek shelter in a sturdy building*
 - ✓ *If no buildings are available, lie face down in the nearest depression, ditch, ravine, or culvert; cover your head with your hands and stay there until the storm has passed.*

There may be emergencies that arise that do not afford individuals the opportunity to evacuate. During these types of emergency situations, sheltering in place may be necessary. Sheltering-in-place means to stay inside a known, safe area to avoid adverse conditions in an exterior environment. Examples of emergencies where the shelter-in-place option may be necessary and/or preferred include severe weather or a hazardous material situation

Shelter In Place (Weather)

Shelter in place is the safety term used to notify the community of a weather-related emergency – typically a tornado or severe storm including hail. The University of Denver’s shelter in place procedures are as follows:

Shelter in Place (Hazardous Materials)

In some instances, it may be safer to “shelter in place” (i.e. remain indoors) in order to avoid the release of hazardous materials. In this case, it may be necessary to shelter in place following the intentional or accidental release of a chemical, biological, or biological contaminants into the environment. The University of Denver’s shelter in place procedures are as follows:

- *Close and lock all doors leading into your office area*
- *Alert others in your office of the order*
- *Close all exterior windows*
- *Gather all personnel into a central location. Choose a room with none or few windows or vents*
- *Do not use the telephone for non-essential purposes (such as contacting the media)*
- *Do not investigate unusual or suspicious noises outside your office area*
- *Remain until the “all clear” alert is given*

CAMPUS FACILITIES SECURITY AND ACCESS

Normal business office operating hours for the University of Denver are 8a.m. - 4:30 p.m., Monday through Friday. During business hours, the University of Denver and most buildings (excluding certain University Housing facilities) will be open to students, parents, employees, DU authorized contractors, guests and visitors. During non-business hours, authorized persons may access university facilities by key or electronic card access. Key access is only allowed where electronic access is not available.

Buildings may have different access schedules and schedules may change based on the needs of the building, needs of the University, time of year, or special circumstance.

Administrative buildings are typically secured after building business hours. on weekdays, and 24 hours a day on weekends unless special arrangements are coordinated through the building's access coordinator or the Division of Campus Safety. Classroom buildings are typically secured in the evenings Monday through Saturday and 24 hours on Sunday. Access to secured buildings is allowed if a building is on the electronic access control system and an individual has a valid DUID with corresponding access to the building they are entering. Buildings not on the electronic access system require the individual to be assigned a key to enter the building.

Elevators in buildings are generally available to occupants of the building; however, some elevators may restrict access to specific floors and others may restrict access all together. Elevators with restrictions are available to individuals with appropriate access to the building and elevator.

Some student services buildings such as student centers, libraries and computer labs are open extended hours and staffed during their hours of operation. Extended hours may be 'free access' or 'controlled' access, depending on the building and its requirements, physical security mechanisms including locks and keys, card-entry systems, and/ or electronic alarms on doors and windows are in place as well as closed-circuit security camera systems maintained by the Division of Campus Safety.

Residence Halls require electronic card access 24 hours a day and are divided into two sections: Dorm areas where resident's rooms reside; community spaces (dining facilities, lounges, recreation spaces, etc.) located on the first floor of each residence hall.

The "dorm" areas, which are locked behind a second set of security doors, are accessible 24 hours and only by residents and staff assigned to that specific building. This includes stairwells and elevator control. Non-residents do not have access to the secured dorm areas within the residence halls. DU Community members with a valid DUID are allowed to access community spaces in select residence halls from 6:30 a.m. – 10:30 p.m. Non-DU guests are required to check in at the desk with their DU host. The front desks are staffed 24 hours a day. On-campus apartment buildings are generally accessible only by residents with card access, and they are locked 24 hours a day.

A Housing and Residential Education (HRE) professional staff member is available 24/7 to consult on safety concerns on all residence halls. HRE staff members are assigned to the front desk of each residence hall to monitor access to the building. HRE staff members also complete building rounds during which they address safety and behavioral issues with students. When residence are locked out of their rooms, they can request and check out a temporary spare key or access card from HRE staff following established procedures. If the resident has lost their room key or access card, they shall contact HRE staff for replacement per established procedures.

Maintenance of Campus Facilities

The university maintains facilities and landscaping in a manner than minimized unsafe conditions. The Division of Campus Safety regularly patrols campus and officers regularly patrols campus and officers regularly check for

malfunctioning lighting, locks and other unsafe conditions in buildings, bike racks and on walkways. To report safety or security concerns such as broken lights, doors or windows, contact the Division of Campus Safety non-emergency number. On Campus maintenance issues are generally reported to either the Division of Facilities Management and Planning DU or the Division of Campus Safety. Depending on the nature of the issue, it will be forwarded on to the proper department. Campus Safety generally only handles maintenance issues related to fire and intrusion alarms, CCTV cameras, and the electronic components of the C-Cure Doors. The Division of Campus Safety conducts regularly scheduled tests of all emergency phones and assistance stations located on campus and the DCS Communications Center reports emergency phone and assistance station maintenance issues to DU Information and Technology Services Division as they occur.

DCS conducts security and safety patrols of buildings and grounds on campus as well as DU owned and controlled non-campus facilities within or reasonably contiguous to the main campus. DCS Campus Safety Officers perform security checks, lock and unlock buildings throughout campus, including DU housing facilities, and are present at many special events taking place on campus. DCS Campus Safety Officers are also available to provide courtesy safety escorts to students and employees during evening or early morning hours.

Security surveys are conducted at the request of campus faculty and staff. These surveys examine issues such as physical security, alarms, landscaping, lighting, emergency phones, assistance stations, communication systems and other safety issues. Additionally, the Division of Campus Safety's Community Resource Officer walks through the campus with other University staff, DU Facilities Management and Planning staff, and interested campus community members, to identify areas in need of improved lighting, landscaping, and other modifications that could make campus travel safer.

The Division of Campus Safety is often consulted on Crime Prevention Through Environmental Design (CPTED) principles. University buildings are evaluated on an ongoing basis and when they are first designed to include thoughtful landscaping design, good lighting, security cameras, intrusion detection systems, door access, control and other architectural and design features that can prevent crime.

COVID PROTOCOL

DU has implemented some additional protocols to coordinate our response to the COVID-19 pandemic. During this time, all campus buildings are locked 24/7/365 and accessible via ID card access. The direction to have buildings locked comes from the University's senior leadership and the COVID Coordination team (known as the 'COVID Coordinator'). Building doors may be unlocked with the approval of the COVID Coordinator pursuant to the appropriate COVID response color level. Details about the University's COVID protocols can be found at www.du.edu/coronavirus.

Access to campus requires individuals to follow University policy for initial testing, vaccination or exemption, and follow-up reoccurring testing. Additional protocols such as pre-quarantine or a flu vaccinations could also be required by the University, as necessary.

Once an individual completes the steps to be on campus, access is provided via the electronic access control software.

Individuals on campus are required to retest on a schedule. Failure to retest or a positive test results in losing access to campus. Individuals whose access is suspended for missing tests can get their access back by following the testing protocol. While access is suspended, access to campus buildings is removed except for their living space, if living on campus, and on campus testing sites.

Individuals who test positive loose campus access and are required to isolate themselves away from other individuals, either at home, if living off campus, or, if living on campus, in dedicated on-campus housing. Access is removed from the individual and they can only access on campus testing locations.

Individuals found to be in close contact with a person testing positive may also be subject to additional testing requirements (“screening”), quarantine (on or off campus) and/or isolation. Individuals who fall in to this category have their access to campus suspended but are allowed access to on campus testing locations and may be allowed access to their dorm, if living on campus.

Access can be provided/removed automatically, as in the situation with completing the requirements to be on campus or failing to abide by University protocol; or, manually as needed.

Special considerations for access are under the guidance and responsibility of the COVID Coordinator and/or designees.

When access is provided, it allows the individual access to the campus and buildings designated as ‘community’ buildings. Access to academic, administrative, or multipurpose buildings is established by providing the individual with a ‘clearance’ to get into the building. Access to dorms is provided to students living on campus and to the specific dorm that they are living in.

Clearances may be assigned automatically by the access control system or manually by the Access Coordinator responsible for the building or ESST team with Campus Safety. Whenever possible the ESST team defers to the building Access Coordinator to administer access to their own building, but can support if requested by the Access Coordinator, or if the building doesn’t currently have an Access Coordinator.

Access to campus is required for any access to specific buildings to work. If the individual doesn’t have campus access, then access to buildings doesn’t function except where noted previously.

III. Crime Prevention: Safety Tips and Security Awareness

The University of Denver attempts to prevent crimes from occurring rather than react to them after the fact. The goal of crime prevention is to eliminate or minimize criminal opportunities whenever possible and to encourage students, faculty, and staff to be responsible for both their own safety and the safety of others. The Division of Campus Safety (DCS) promotes the following information to students, faculty, and staff:

Incident Reporting

- For emergencies or a crime being committed, call 9-1-1; and the Division of Campus Safety at 303-871-3000 (1-3000).
- Report all crimes no matter how minor they seem. Notify the Division of Campus Safety of all suspicious persons or activity at 303-871-2334 (1-2334)
- On campus, report any dim or unsafe-looking areas, or any malfunctioning lights, doors or windows, to the Division of Campus Safety at 303-871-2334 (1-2334)
- For further information on reporting, see the Division of Campus Safety [Crime Reporting](#) page.

Important Information

- Emergencies: 9-1-1
- The Division of Campus Safety emergencies: 303-871-3000 (1-3000)
- The Division of Campus Safety non-emergencies: 303-871-2334 (1-2334)
- Denver Police Department non-emergencies: 720-913-2000

Emergency Phones (E-Phones) and Assistance Stations

Outdoor direct access phones are located throughout the campus to use for reporting crime and requesting assistance. There are two types of direct access phones: Emergency Phones (often referred to as “Blue Light E-Phones”) and Assistance Stations. When one of these devices is activated, the individual is immediately connected to the DU Campus Safety Communications Center. The Campus Safety Communication Technicians will take the information, and if applicable, send a Campus Safety Officer and/or contact emergency personnel from other agencies (i.e. police, fire and/or paramedics). Campus Safety officers will respond to the device’s location, even if no voice contact is made with the person who activated the phone.

The locations of these devices can be found on the University of Denver’s website under interactive campus maps: <https://www.du.edu/site-utilities/maps.html>

All efforts are made to regularly check and maintain the emergency phones so that they are in good working order. If there are any issues with an emergency phone, individuals are directed to call the Division of Campus Safety non-emergency number at 303-871-2334 (1-2334). Intermittent and ongoing campus construction may impact the availability and placement of E-Phone and Assistance Stations. Additional information is located at: du.edu/campussafety/crimeprevention/index.html.

CRIME PREVENTION AND SAFETY TIPS

Preventing Violence on Campus

If residing on campus:

- Do not prop doors open
- Lock your residence at all times
- Report suspicious activity by calling 911 and 303-871-3000.

If residing off campus:

- Keep doors and windows locked, blinds/curtains closed, exterior lights on and report suspicious activity by calling 911.

If driving in a vehicle:

- Keep the doors locked at all times and have keys in hand before getting into vehicle.
- Do not stop for hitchhikers.

If walking:

- Stay in well-lit, high-traffic areas. All community members are welcome to contact the Division of Campus Safety for a walking escort 24-hours a day, 7-days a week, by calling the Division of Campus Safety non-emergency number at 303-871-2334 (1-2334).

In a Threatening Situation:

- If physically attacked, attract attention by yelling loudly or using a whistle.
- If using self-defense tactics or equipment such as pepper spray, run away as soon as the attacker is disabled.
- Decide what to do in various situations before they occur. Try role-playing with a friend.
- If confronted by someone who only wants property, give it to them.
- Try to get an accurate description of the assailant. If a vehicle is involved, get the license number and call the Division of Campus Safety.

Awareness and Personal Safety:

- Be aware. Awareness of your surroundings can add to your personal safety. If you think you are being followed, or notice someone who is suspicious, go to a place of calculated security and call Campus Safety.
- While on campus, report suspicious activity to the Division of Campus Safety immediately by calling 303.871.3000 (1-3000).
- Use the "Buddy System" whenever possible. Travel with a trusted friend to minimize your vulnerability. When going to parties or on community walks, have a friend with you to assure you both are safe.
- When traveling alone on campus after dark, call the Division of Campus Safety for a walking escort. Escorts are available to students, staff and faculty by calling the Division of Campus Safety non-emergency number at 303-871-2334 (1-2334).
- Become familiar with lighted areas when walking at night. The DU campus has several well lit sidewalk areas throughout campus. Use these sidewalks after dark.
- Keep your doors locked, even if you are in the room. Do not allow people to follow you into secure locations. Request that a "tailgater" use his or her key or swipe card to gain entry.
- Report any unusual or suspicious activity you witness. Even the smallest bit of information could prevent a crime and help protect yourself or others.
- Stay aware of your surroundings. Listening to music or using your phone can distract you from people or vehicles around you.

- Seek training in viable self-defense techniques. Do not allow the opportunity for a crime to occur — avoid placing yourself in environments in which it's easier for criminals to commit a personal crime.
- If possible, let a friend or roommate know where and with whom you'll be and when you'll be back when you go out.
- Consider carrying a whistle or a personal alarm to alert others if you need help.
- Lock your car doors and roll up the windows completely — even if you're only parking for a moment.
- If you choose to drink, drink legally and responsibly. Your ability to respond is diminished by overconsumption of alcohol.
- When driving, be aware of pedestrians and bicyclists and yield to them when required by law
- Update your contact information with the University of Denver's emergency notifications system (DU Alert) on the Division of Campus Safety webpage [DU Campus Safety](#) to receive messages about critical safety issues on campus.

Property Protection:

- Don't leave valuables unattended (backpacks, wallets, purses, keys, computers, phones, electronic devices, etc.).
- Engrave personal property, such as electronic or sporting equipment, with a Driver's License number, or similar numbered identification (do not use Social Security number).
- Keep a written record of all personal valuables, including descriptions and serial numbers. It is evidence that the property belongs to the rightful owner.

Fraud Prevention:

- Shred trash (checks, junk mail and personal documents) with a cross-cut or confetti shredder.
- Minimize financial and personal information carried on your person or in public, especially your Social Security Number.
- Do not give out personal or account information unless you initiated contact and know the person being contacted.
- Research and become aware of the numerous types of fraud and scams such as shipping scams, check cashing scams, Nigerian scams, Lotto scams, confidence games and internet scams.

Laptop Theft Prevention:

- Never leave your laptop unattended
- Consider the purchase a locking device for your laptop to secure the equipment when left unattended.
- Consider the purchase of insurance for your laptop.
- Back up important data daily.
- SAFEWARE insurance agency provides insurance for laptop computers. Call 1.800.800.1492 (or visit online at www.safeware.com) to begin coverage immediately. Coverage includes loss from theft, fire and damage from natural or accidental causes.
- Consider the purchase of a theft-recovery service for your laptop.

Bicycle Security:

- Secure your bicycle using only U-Lock devices and ensure that the U-Lock is through the bicycle's frame. Do not use cable locks. Cable locks are easily cut with basic tools and allow bikes to be stolen in a matter of a few short moments.
- Only secure your bicycle to designated bicycle racks.
- Check on your bicycle every couple of days, at minimum.

Office Security:

- Never leave purses, wallets, or other valuables unattended. Lock them in a drawer or closet, or carry them.
- Do not leave keys unattended, and do not loan out university keys.
- Request authorization from persons asking for confidential information or from delivery or repair people who want to enter an area restricted to employees.

Key Control:

- Those responsible for office keys should not leave them unattended, in plain sight on a desk, or in a top drawer where they could be taken or copied easily.
- Give keys only to those who have a legitimate authorized need and make sure they are returned.
- If keys or key cards are lost or stolen, notify the Division of Campus Safety immediately at 303-871-2334 (1-2334).

Parking Safety:

- Lock vehicles at all times.
- When returning to a vehicle, have the keys out while approaching. Check the interior before getting inside.
- Notify the Division of Campus Safety immediately of any suspicious people loitering in the parking lot.
- Remove all valuables from vehicles. Leave them at home, carry them, or lock them in the trunk.
- Do not leave animals in vehicles parked on DU property.

Pedestrian Safety, Policy and Laws:

- Always cross the street at an intersection.
- Obey the “walk/don’t walk” pedestrian signals. Don’t enter the crosswalk once the hand begins flashing.
- Use the “push to walk” button, where available. It adds pedestrian crossing time to the traffic signal.
- Always stay alert. Don’t be a distracted walker.
- Never assume vehicles see you. Look both ways before you cross the street.
- Under Colorado State Law, as a pedestrian, you do not have the right of way until you establish yourself in the crosswalk. If you are crossing at any location other than a crosswalk, you must yield to vehicular traffic.

CO § 42-4-801

- (1) A pedestrian shall obey the instructions of any official traffic control device specifically applicable to the pedestrian, unless otherwise directed by a police officer.
- (2) Pedestrians shall be subject to traffic and pedestrian-control signals as provided in sections 42-4-604 and 42-4-802(5) .

- (4) Any person who violates any provision of this section commits a class B traffic infraction.

CO § 42-4-802

- (1) When traffic control signals are not in place or not in operation, the driver of a vehicle shall yield the right-of-way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger.
- (2) Subsection (1) of this section shall not apply under the conditions stated in section 42-4-803 .
- (3) No pedestrian shall suddenly leave a curb or other place of safety and ride a bicycle, ride an electrical assisted bicycle, walk, or run into the path of a moving vehicle that is so close as to constitute an immediate hazard.
- (4) Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle.

(5) Whenever special pedestrian-control signals exhibiting “Walk” or “Don’t Walk” word or symbol indications are in place, as declared in the traffic control manual adopted by the department of transportation, such signals shall indicate and require as follows:

- (a) “Walk” (steady): While the “Walk” indication is steadily illuminated, pedestrians facing such signal may proceed across the roadway in the direction of the signal indication and shall be given the right-of-way by the drivers of all vehicles.
- (b) “Don’t Walk” (steady): While the “Don’t Walk” indication is steadily illuminated, no pedestrian shall enter the roadway in the direction of the signal indication.
- (c) “Don’t Walk” (flashing): Whenever the “Don’t Walk” indication is flashing, no pedestrian shall start to cross the roadway in the direction of such signal indication, but any pedestrian who has partly completed crossing during the “Walk” indication shall proceed to a sidewalk or to a safety island, and all drivers of vehicles shall yield to any such pedestrian.
- (d) Whenever a signal system provides for the stopping of all vehicular traffic and the exclusive movement of pedestrians and “Walk” and “Don’t Walk” signal indications control such pedestrian movement, pedestrians may cross in any direction between corners of the intersection offering the shortest route within the boundaries of the intersection while the “Walk” indication is exhibited, if signals and other official devices direct pedestrian movement in such manner consistent with section 42-4-803(4) .

(6) Any person who violates any provision of this section commits a class A traffic infraction.

CO § 42-4-803

(1) Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

(2) Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all vehicles upon the roadway.

(3) Between adjacent intersections at which traffic control signals are in operation, pedestrians shall not cross at any place except in a marked crosswalk.

(4) No pedestrian shall cross a roadway intersection diagonally unless authorized by official traffic control devices; and, when authorized to cross diagonally, pedestrians shall cross only in accordance with the official traffic control devices pertaining to such crossing movements.

(5) Any person who violates any provision of this section commits a class B traffic infraction.

Skateboard and In-line Skates Safety and Policy

The University of Denver strongly encourages all University community members to use caution and safety for both an operator and others in the immediate area when traversing the pedestrian corridors on a skateboard or in-line skates. If a person is injured from a skateboarding or in-line skating accident, the Division of Campus Safety or Health and Counseling Center should be immediately notified. Unlike bicycles, skateboarders and in-line skaters must always act as pedestrians. This means they must take care and yield to other pedestrians while maintaining a safe speed. In some areas skateboarding/in-line skating is prohibited, so it is important to be aware and follow the posted laws. Since skateboards/in-line skates are not considered vehicles, skateboarders/in-line skaters cannot ride in the street. Skateboards/in-line skates may not be operated on campus property in any manner that endangers the life, safety or property of others. Trick-riding or similar type of actions with a skateboard/in-line skates on campus property is strictly prohibited.

Motorized Scooters and Hoverboard Safety and Policy

Scooters: The Department of Parking Services has been charged with managing, promoting and regulating the efficient and safe conduct of vehicular traffic on University property. Beginning on October 27, 2014 all Scooters with an engine capacity of 49cc and under will no longer be allowed to park at any bicycle rack or other non-designated location on campus such as lawns, sidewalks and pedestrian walkways. Scooter operators will be required to purchase a scooter parking permit and park only in designated scooter parking areas that are located in the following parking lots: 103, 311, behind the Schwayder Art building as signed, Q, T, W, F, 121 and P. [DU Parking Maps](#) Scooters will be required to have a valid DU Scooter parking permit and only be authorized to park in our S Lot designated scooter parking areas. Scooters found in undesignated areas will be subject to ticketing, immobilization and or towing at the owner's expense. If you own/operate a scooter and you would like to park it on campus, please stop by the Parking Services office during regular business hours (Monday-Friday 8:30am-4:30pm) to purchase your \$20.00 scooter parking permit. Scooters are required to be registered with the state of Colorado (www.colorado.gov/dmv) prior to purchasing a DU parking permit. You will need to provide us with the make, model, color, Colorado registration sticker number, and VIN (vehicle identification number) of your scooter to purchase a DU Scooter parking permit.

Hoverboards: The University of Denver is committed to providing a safe place to study, live, and work. Due to potential fire hazards and other safety concerns raised by the Consumer Product Safety Commission, effective immediately, the University prohibits the use, possession, or storage on campus of all self-balancing scooters, also referred to as battery-operated hoverboards, skateboards, self-balancing boards, or any similar devices. This

prohibition will remain in effect until a determination is made that these devices no longer present safety concerns. In order to ensure campus safety, any self-balancing scooter found on campus may be confiscated, disposed of, and/or destroyed.

Personal Mobility Vehicle Safety and Policy: These rules apply to all motorized vehicles designed to move a single person.

This includes motorized (electric or fueled): scooters, skateboards, one wheels, solo wheel, electric unicycle and any other motorized vehicles that may be developed.

1. Motorized personal mobility vehicles are not allowed on campus paths

Shared ride/Dockless mobility vehicles refer to commercial shared mobility vehicles. Rules include:

1. All dockless shared mobility vehicles must park in areas designated by parking box markings on the ground

MISSING STUDENTS POLICY

I. INTRODUCTION

- A. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998, 20 U.S.C. § 1092(j) (“Clery Act”), is a federal law requiring institutions of higher education that maintain on-campus student housing to establish a missing student notification policy and related procedures.
- B. When a residential Student at the University of Denver is reported missing, the University will follow this Missing Student Notification Policy and related procedures.

II. POLICY OVERVIEW

- A. As part of the Housing & Residential Education (“HRE”) housing contract process, Students must complete the Missing Student Notification form by providing the name of and contact information for an individual whom the University should contact in case the Student is reported missing.
- B. The University will: (1) limit access to the missing Student notification contact information to authorized University officials; and (2) only disclose the contact information to law enforcement personnel in furtherance of an investigation into a reported missing Student.
- C. If the University cannot reach the designated contact within a reasonable time frame, the University may contact the Student’s parent(s) or legal guardian(s) if they were not listed as the designated contact.

III. PROCESS OVERVIEW

- A. Reports to Housing & Residential Education
 1. If a family member and/or friend informs HRE staff that they have not been able to make contact with a Student, the HRE staff member must immediately notify HRE leadership. Under the guidance of that designated University official, an appropriate HRE staff member will attempt to make contact with the reported missing Student by phone, room check, social networks known to HRE staff

members, and/or with assistance from the Student's roommate(s), friends, parent(s), and/or guardian(s). The HRE staff member will inform the designated University official of the results of HRE's attempts to contact the Student.

2. If HRE staff cannot contact and/or determine the location of the reported missing Student within two (2) hours during regular business hours or four (4) hours outside of regular business hours, HRE staff will notify the Division of Campus Safety to begin their investigation and engage with law enforcement as appropriate.
3. HRE staff will update the person who reported the Student missing of the results of the attempts to contact and/or determine the location the reportedly missing Student.

B. Reports to the Division of Campus Safety

1. Members of the University community and other individuals who believe that a Student residing in University owned or operated housing is missing may contact the Division of Campus Safety's 24-hour dispatch center at (303) 871-2334 (1-2334). Once Campus Safety is notified of a potentially missing Student, Campus Safety will initiate an investigation to determine the Student's status. When University officials other than HRE staff are contacted regarding a missing Student, those officials must promptly notify Campus Safety.
2. To determine if a Student is missing, Campus Safety may, as applicable:
 - a. Attempt to contact the missing Student using phone and email contact information the Student has provided to the University;
 - b. Retrieve the Student's photo, check the Student's class schedule, and attempt to contact the Student in class;
 - c. Contact individuals on campus who may know the Student, such as their roommate(s), floor mates, other friends, acquaintances, professors, coaches, team members, club advisors, and fellow club members;
 - d. Determine where and when the Student used their DU ID to enter campus facilities;
 - e. Check the Student's social media accounts for recent activity;
 - f. If the Student has a University parking permit for a vehicle, attempt to locate the vehicle;
 - g. Contact individuals off-campus who may know where the Student is located, such as employers and associates, parents, guardians, other family members; and
 - h. Use other investigative measures Campus Safety deems appropriate.
3. Should Campus Safety's investigation determine that the Student is in fact missing and has been missing for twenty-four (24) hours, Campus Safety will notify:
 - a. the Denver Police Department and other law enforcement agencies, as appropriate; and
 - b. the Student's designated missing person emergency contact.
 - c. For Students who are reported missing and who are under the age of 18 and not emancipated, in addition to contacting the individual designated by the Student, University officials must contact a custodial parent or guardian to inform them that the Student may be missing.

IV. DEFINITIONS

- A. "Student" is defined in the University's Honor Code as any person(s) registered for or auditing classes at the University; enrolled in any University program; or on University Premises for any purpose related to the same regardless if the class, program, or other education activity is credit earning or part of a degree or non-degree program. A person is also considered a Student if they have completed the immediately preceding term and are enrolled for a subsequent term or program; if they are representing the University between terms or programs; or, if they are not officially enrolled for a particular term, they have a continuing relationship with the University.

University of Denver – Compliance with the Drug Free Schools and Communities Act

The University of Denver promotes a healthy and safe educational, professional, and residential community where alcohol and other drugs does not interfere with individual performance, personal success, public safety or the integrity of the learning environment. The university informs campus community members about resources for preventing or treating substance abuse and helps to influence healthy decisions about alcohol and other drugs. Prevention of substance abuse is sought in several ways by:

- Promoting accurate information on drug use
- Encouraging healthy use of leisure time through recreation and other activities
- Enhancing skills for dealing with stress
- Working through campus leaders and influencers to establish a healthier environment

The Drug-Free Schools and Communities Act Amendments of 1989 require all institutions of higher education receiving any form of financial assistance to adopt and implement programs to “to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by all students and employees on school premises or as part of any of its activities (EDGAR Part 86 Subpart A 86:3).” As part of this initiative, institutions of higher education are required to provide annual notification to all students and employees regarding the institution’s Drug and Alcohol Abuse Prevention Program.

The annual notification must contain the following:

1. Standards of conduct
2. Legal sanctions under federal, state or local laws for the unlawful possession or distribution of illicit drugs and alcohol
3. Health risks associated with the abuse of alcohol or the use of illicit drugs
4. Drug and alcohol programs available
5. A statement that the institution will impose disciplinary sanctions on students and employees who violate the standards of conduct and a description of those sanctions

The University of Denver is pleased to share this important information with its students and employees. This document will be reviewed for accuracy on an ongoing basis. Every two years, the University of Denver administration will conduct a review of this program and its effectiveness. Additionally, the University of Denver’s Department of Human Resources & Inclusive Community maintains this document on its website, establishing DU as a drug-free workplace.

Federal law and this policy require all university employees, as a condition of their employment, to notify the university within five days should they be convicted of violating, while at the workplace, any criminal drug statute. The university is then required to notify the applicable federal agency if the employee is directly or indirectly engaged in the performance of a federal grant or contract. The university shall impose an appropriate sanction on and/or shall require satisfactory participation in a drug abuse treatment program by any employee convicted of a criminal drug statute violation as described above.

The university shall maintain a drug-free awareness program to inform employees about the dangers of drug abuse, and the availability of the Employee Assistance Program, drug counseling, rehabilitation, and other assistance programs. In addition, all employees shall receive descriptions of applicable legal sanctions under local, state, or federal law and health risks associated with the abuse of drugs and alcohol.

- I. The University strives to promote a healthy and safe educational, professional, and residential community where alcohol does not interfere with individual performance, personal success, public safety, or the integrity of the learning environment. The University's policies uphold state and federal laws regarding alcohol and other substances and maintain institutional compliance with the federal Drug-Free Schools and Communities Act. In addition, these policies emphasize the University's commitment to the following principles:
 1. Empowering students and employees with the information and skills needed to adopt healthy and safe behaviors.
 2. Providing early intervention, support, and referral services to students and employees suffering from substance abuse disorders.
 3. Defining expectations for conduct with respect to the use of alcohol.
 4. Creating a campus environment that supports the values of the University and reflects those values to the public.
- II. Individuals who consume alcohol, either on University Premises or while engaged in University-related activities in the community, must follow the University's policies. These policies are guided by the following beliefs:
 1. Consumption of alcoholic beverages should be limited to persons of legal age and undertaken only by personal choice.
 2. Those who choose to consume alcoholic beverages should do so responsibly and in moderation.
 3. Behaviors related to the misuse of alcohol pose a danger to the individual, members of the campus community, and the learning environment.
 4. The use of University resources for the purchase of alcohol are resources that could be deployed directly toward student learning. Therefore, decisions made about the use of University Funds should reflect good stewardship of our students' tuition dollars.
4. **Faculty and Staff Alcohol Use Policy** - The University discourages the consumption of alcoholic beverages during working hours or during the discharge of University duties (whether or not on University premises). Although moderate consumption with meals or during social events is not prohibited, individuals must not report to work under the influence of alcohol.
 - i. **Enforcement** - If an employee's supervisor has reasonable grounds to believe, based on observations by the supervisor or others the supervisor believes to be reliable, that the employee is under the influence of alcohol while at work, the employee may be deemed to have violated this policy and may be required to leave the workplace immediately. The University may, but is not obligated to, provide transportation to the employee's destination. To the extent permitted by law, the University may require any employee to submit to a blood alcohol test administered by University- designated laboratories or physicians. If the test indicates that the employee has a blood alcohol level of .5 or higher, the employee is considered to be under the influence. Refusal to consent to an alcohol test may result in disciplinary action. A written admission of being under the influence of alcohol may be allowed in lieu of testing.
 - ii. **Charges** - The University reserves the right to discipline employees found to be in violation of this policy or in violation of applicable laws related to the possession or consumption of alcoholic beverages. Disciplinary action may include immediate termination of an employee. The selection of a disciplinary action for any particular case is at the University's sole discretion.

University of Denver's Drug and Alcohol Statement of Policies for Students

The mission of the University of Denver is to promote learning by engaging students, advancing scholarly inquiry, cultivating critical thought and creating knowledge. To foster an environment in which this mission can be realized, certain expectations must be placed upon each member of the University community. These expectations are non-negotiable and are enforced. Students are expected to know and to understand their rights as well as their responsibilities to be a positive and successful community member at the University. All Students at the University should review the Honor Code to understand the expectations, policies, and procedures one can expect if a policy is violated.

Action taken by the University through the Student Rights and Responsibilities Process to address student misconduct is not intended to replace or conflict with other lawful means of accountability, including, but not limited to, criminal charges and/or civil action. Regardless of whether formal criminal charges are filed over alleged behavior, the University may pursue disciplinary action under the Honor Code as deemed appropriate. Such action normally is not deferred or postponed solely due to concurrent criminal or civil proceedings, nor is the reduction or dismissal of criminal charges taken as reason to defer disciplinary action.

Repeat policy violations may result in increased levels of disciplinary action. For example, a student placed on Student Conduct probation for possession of cannabis may risk suspension for any further violation of policy. Additionally, any outcomes imposed as a result of disciplinary action are mandatory and must be completed if the student expects to continue their education. Student Rights and Responsibilities reserves the right to modify these guidelines as warranted by individual cases. Additional outcomes may be imposed by University departments, such as Housing and Residential Education, Fraternity & Sorority Life, Athletics, etc., or as determined in the Honor Code and/or relevant University standards.

The University's policies for students on alcohol and drugs are defined below; however, all students should be familiar with the entire Honor Code. More information on the Student Rights and Responsibilities Process, including the complete text of the Honor Code, as upheld by the Student Rights and Responsibilities Policies, can be found in **Appendix B** of this document and on the Student Rights and Responsibilities website: <https://www.du.edu/studentlife/studentconduct/honorcode.html>

This includes but is not limited to areas accessible to the public such as transportation facilities, schools, amusement/sporting/music venues, parks, playgrounds, sidewalks and roads and outdoor and rooftop cafes. It is also illegal to smoke at indoor-but-public locations like bars, restaurants, and common areas in buildings.

Federal Drug Laws

The possession, use, or distribution of illicit drugs is prohibited by federal law. Strict penalties are enforced for drug convictions, including mandatory prison terms for many offenses. The following information, although not complete, is an overview of federal penalties for first convictions. All penalties are doubled for any subsequent drug conviction.

Denial of Federal Aid (20 USC 1091)

Under the Higher Education Act of 1998, students convicted under federal or state law for the sale or possession of drugs will have their federal financial aid eligibility suspended. This includes all federal grants, loans, federal work-study programs, and more. Students convicted of drug possession will be ineligible for one year from the date of the conviction of the first offense, two years for the second offense, and indefinitely for the third offense. Students convicted of selling drugs will be ineligible for two years from the date of the first conviction, and indefinitely for the second offense. Those who lose eligibility can regain eligibility by successfully completing an approved drug rehabilitation program.

Forfeiture of Personal Property and Real Estate (21 USC 853)

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

Federal Drug Trafficking Penalties (21 USC 841)

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The following list is a sample of the range and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe. If death or serious bodily injury result from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces mandatory life sentence and fines ranging up to \$8 million.

Persons convicted on federal charges of drug trafficking within 1,000 feet of a University (21 USC 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least 1 year.

SUBSTANCE ABUSE PREVENTION, EDUCATION AND RESOURCES

The University of Denver promotes a healthy and safe educational, professional, and residential community where alcohol and other drugs does not interfere with individual performance, personal success, public safety or the integrity of the learning environment. The university informs campus community members about resources for preventing or treating substance abuse and helps to influence healthy decisions about alcohol and other drugs. Prevention of substance abuse is sought in several ways by:

- Promoting accurate information on drug use
- Encouraging healthy use of leisure time through recreation and other activities
- Enhancing skills for dealing with stress
- Working through campus leaders and influencers to establish a healthier environment

How Drug Use Affects Health

Adverse health effects can range from nausea and anxiety to coma and death. There are risks associated with the chronic use of all psychoactive drugs, including alcohol. A pregnant individual who uses alcohol, cigarettes or other drugs exposes their fetus to serious risks, including miscarriage, low birth weight and brain damage. Substance abuse may involve controlled substances, illegal drugs and alcohol — all of which pose a health risk. When drugs are used in combination with each other, their negative effects on the mind and body are often multiplied beyond the effects of the same drugs taken on their own.

Alcohol is the drug most frequently abused on college campuses and in our society. Even small amounts of alcohol significantly impair the judgment and coordination required to drive a car, increasing the chances of having an accident. Consumption of alcohol may be a factor in the incidence of aggressive crimes, including acquaintance sexual assault and domestic abuse. Moderate to large amounts of alcohol severely impair the ability to learn and remember information. Because alcohol is a depressant, very large amounts can cause respiratory and cardiac failure, resulting in death.

Marijuana, also known as cannabis, impairs short-term memory and comprehension. It can cause confusion, anxiety and, for some, lung damage and abnormalities of the hormonal and reproductive system. Hours after the feeling of getting high fades, the effects of the drug on coordination and judgment remain, heightening the risk of driving or performing other complex tasks. Cannabis, a fat-soluble substance, may remain in the body for weeks, and overuse can cause paranoia, panic attacks or psychiatric problems.

Club drugs refer to a wide variety of drugs including MDMA (Ecstasy), GHB, rohypnol, ketamine, methamphetamine and LSD, and are often used at raves, dance clubs and bars. No club drug is safe due to variations in purity, potency and concentration, and they can cause serious health problems or death. They have even more serious consequences when mixed with alcohol.

Depressants such as barbiturates, Valium and other benzodiazepines, quaaludes and other depressants cause disorientation, slurred speech and other behaviors associated with drunkenness. The effects of an overdose of depressants range from shallow breathing, clammy skin, dilated pupils, and weak and rapid pulse to coma and death.

Hallucinogens such as LSD, MDA, PCP (angel dust), mescaline and peyote can cause powerful distortions in perception and thinking. Intense and unpredictable emotional reactions can trigger panic attacks or psychotic reaction. An overdose of hallucinogens can cause heart failure, lung failure, coma and death.

Narcotics like heroin, codeine, morphine, methadone and opium cause such negative effects as anxiety, mood swings, nausea, confusion, constipation and respiratory depression. Overdose may lead to convulsions, coma and death. The risk of being infected with HIV/AIDS or other diseases increases significantly if you inject drugs and share needles, and there is a high likelihood of developing a physical and psychological dependence on these drugs.

Stimulants – cocaine, amphetamines and others – can cause agitation, loss of appetite, irregular heartbeat, chronic sleeplessness and hallucinations. Cocaine and crack cocaine are extremely dangerous and psychologically and physically addictive. An overdose can result in seizures and death.

Tobacco, with its active ingredient nicotine, increases heart rate and raises blood pressure. The tar in cigarette smoke is a major cause of cancer and other respiratory problems. Carbon monoxide in cigarette smoke can promote arteriosclerosis, and long-term effects of smoking include emphysema, chronic bronchitis, heart disease and lung cancer.

Prevention and Education Programs

The University of Denver has a long-standing commitment to proactively addressing high-risk drinking and substance abuse within our campus community. DU takes pride in creating a campus that is a celebrative one—a campus not denigrated by the misuse of alcohol and other drugs. At DU, both harm reduction and primary preventative approaches are used when addressing alcohol issues. Harm reduction is a public health philosophy that seeks to lessen the dangers around alcohol use and risk of harm. Primary prevention works to prevent alcohol and other drug use and abuse. DU's substance abuse prevention programs promote responsible behavior around alcohol use including awareness, education, and compliance with campus policies and state and federal law. Through the use of best practices, DU strives to decrease high-risk drinking and its negative consequences among DU students. Our substance abuse prevention programs and services are evidenced-based, comprehensive, and coordinated with campus and community partners.

In addition, the University's Alcohol and Other Drug Abuse Prevention Program emphasizes the University's commitment to:

1. Empowering students and employees with the information and skills needed to adopt healthier and safer behaviors; providing early intervention, support, and referral services to students and employees suffering from substance abuse disorders.
2. Defining expectations for conduct with respect to the use of alcohol and other drugs and instituting response strategies that emphasize individual well-being, community safety, and the integrity of the learning environment.
3. Responding to repeated and serious policy violations in a manner that supports individual success while maintaining the safety and well-being of the campus community; creating a campus environment that supports the values of the University and reflects those values to the public.

These programs are reviewed for accuracy on an ongoing basis. Every two years, the University of Denver administration will conduct a review of these programs and its effectiveness. To request a copy of the biennial review, please contact the Health and Counseling Center at info@hcc.du.edu.

Health and Counseling Center

The University of Denver Health and Counseling Center (HCC) is an integrated health and counseling center that is designed to meet the student's needs while providing quality health care services. HCC offers screening, assessment, referral and follow-up, and individual therapy as well as group counseling for students interested in exploring their relationship with alcohol and drugs. HCC offers a general assessment regarding potential substance abuse issues for any student who is interested simply by calling and scheduling a consultation. Counseling sessions are designed for students who are motivated to explore alcohol and other drug use behaviors, raise awareness and provide skills to change undesired behavior patterns. HCC provides outreach presentations and workshops on topics such as alcohol, cannabis, and prescription drug use awareness and ongoing substance abuse assessment training to the campus community. Peer educators learn the most current information on a variety of health-related topics

including alcohol and substance abuse. Peer educators are trained to facilitate interactive presentations, discussions, panels, workshops and health awareness events for DU students within the residence halls, classrooms, student organizations and off-campus organizations.

Primary Care Screening

An online screening tool is administered to HCC patients as part of the check-in process for primary care appointments. This brief screening tool is intended to identify those individuals engaging in high-risk alcohol use or abuse. Primary care providers initiate a brief conversation with those students who are identified as high-risk, offering normative feedback, an explanation of the health impacts of their behaviors, and an opportunity to speak with a mental health professional about their use.

Evaluation and Treatment Services

The counseling unit of the Health and Counseling Center offers voluntary, short-term alcohol and other drug abuse evaluation and treatment services. For those students desiring treatment of an identified substance-use problem, short-term counseling sessions are offered. For students whose substance abuse problems require intensive services, referrals to community resources are provided.

Employee Assistance Program (EAP)

Title 18 Criminal Code § 18-1-505 Consent

- (1) The consent of the victim to conduct charged to constitute an offense or to the result thereof is not a defense unless the consent negatives an element of the offense or precludes the infliction of the harm or evil sought to be prevented by the law defining the offense.
- (2) When conduct is charged to constitute an offense because it causes or threatens bodily injury, consent to that conduct or to the infliction of that injury is a defense only if the bodily injury consented to or threatened by the conduct consented to is not serious, or the conduct and the injury are reasonably foreseeable hazards of joint participation in a lawful athletic contest or competitive sport, or the consent establishes a justification under sections 18-1-701 to 18-1-707 .

Consent pursuant to the University of Denver's Discrimination and Harassment Policy

University of Denver

Office of Equal Opportunity & Title IX – Discrimination and Harassment Policy

Section 4 – Definitions/Conduct prohibited

g. Consent

For all forms of Sexual Assault set forth above under this policy, Consent is defined as (1) mutually understandable, clear, knowing and voluntary affirmative permission (2) given through clear words or actions (3) regarding the willingness to engage in and the conditions for sexual activity.

Consent cannot be obtained by:

- i. Incapacitation which means that an individual is impaired to such a level that they lack the ability to make informed, rational judgments about whether or not to engage in sexual activity.
 - a. A person who is incapacitated is unable, temporarily or permanently, to give Consent because of mental or physical helplessness, sleep, unconsciousness, or lack of awareness that the sexual activity is taking place.
 - b. A person may be incapacitated as a result of the consumption of alcohol or other drugs, or due to a temporary or permanent physical or mental health condition.
 - c. Consent cannot be gained by taking advantage of the incapacitation of another, where the person

initiating sexual activity knew or reasonably should have known that the other was incapacitated.

- ii. Force, which means, physical violence involving a person exerting control over another person through the use of physical force. Examples of physical violence include hitting, punching, slapping, kicking, restraining, strangling, and brandishing or using any weapon.
- iii. Threats, which are words or actions that would compel a reasonable person to engage in unwanted sexual activity. Examples include threats to harm a person physically, to reveal private information to harm a person's reputation, or to cause a person academic or economic harm.
- iv. Coercion is the use of an unreasonable amount of pressure to induce participation in sexual activity. Coercion is more than an effort to persuade, entice, or attract another person to have sex. When a person makes clear a decision not to participate in a particular form of sexual contact or sexual intercourse, a decision to stop, or a decision not to go beyond a certain sexual interaction, continued pressure can be coercive. In evaluating whether coercion was used, the University will consider (i) the frequency of the application of the pressure, (ii) the intensity of the pressure, (iii) the degree of isolation of the person being pressured, and (iv) the duration of the pressure.
- v. Abuse of Power occurs when an individual in a position of authority, whether that authority is real or perceived, induces another individual to engage in activity that would otherwise be nonconsensual based on the need for a specific performance or duty (e.g. grading, performance evaluation).

Gender-based violence is the umbrella term the University of Denver uses to talk about sexual assault, dating and domestic violence, and stalking. University officials respond swiftly to all reports of these incidents to provide support services for those who have experienced gender-based violence; protect the rights of all students, employees and campus visitors under our Title IX and Clery obligations; apply our Employee Code of Conduct and Student Honor Code policies, and other applicable policies and procedures; and cooperate fully with law enforcement officials.

Sexual Assault, dating violence, domestic violence and stalking are reportable crimes under the federal Clery Act and may also constitute violations of Colorado state law, Title IX, Title VII, and applicable DU policy, including but not limited to the DU Student Honor Code and the DU Discrimination and Harassment Policy, which applies to students, employees and campus visitors.

Students and employees who report that they are victims/survivors of sexual assault, dating violence, domestic violence and stalking and the respondents to such proceedings have the right to:

- Receive written notification of your rights and options g, including but not limited to:
 - Existing campus and community medical, mental health, counseling and legal services, victim advocacy, visa and immigration and financial aid assistance.
 - Information about how the school will provide options and available assistance for academic, living, transportation and working situations and supportive measures.

- The right to have an advocate.
- Be informed of applicable reporting options and choices including the option to notify on or off-campus law enforcement or otherwise notify on or off-campus confidential resources.
- Be free from pressure to make a criminal report and notified of your right to decline to notify law enforcement.
- Be assisted by university support staff in notifying law enforcement, if you choose to file a criminal report.
- Have allegations of sexual assault, dating violence, domestic violence, stalking and other gendered harassment investigated and adjudicated by the appropriate campus, civil and criminal authorities, as applicable.
- All Complaints are presumed to be made in good faith, and all Complainants have the right to be taken seriously.
- A Respondent is presumed not responsible for alleged prohibited conduct unless and until a determination regarding responsibility for prohibited conduct is made at the conclusion of the investigation.

Retaliation

There shall be no retaliation by an institution or an officer, employee, or agent of an institution against any individual for exercising their rights or responsibilities under any provision of the Clery Act.

What to Do If You Experience Gender Based Violence

- ✓ **If you are in immediate danger, call 9-1-1.**
- ✓ **Get to a place of safety as soon as you can.**
- ✓ **Contact someone you trust to be with you and support you.** DU's Center for Advocacy, Prevention and Empowerment (CAPE), 303.871.3853 or CAPE@du.edu, can provide free and confidential support, assistance, resources and options.
- ✓ **Preserve any physical evidence.** Preserving evidence is important because evidence can be key in identifying the perpetrator in a gender-based violence case, especially those in which the offender is a stranger, may assist in proving the alleged criminal offense occurred, and may be helpful in obtaining a protection order. Document physical signs of injury with photographs as bruising can fade between the time the incident took place to when it is investigated. Document any destruction to property with photographs. Any unwanted or repeated electronic communications should be saved or captured with as screenshot.
 - **Preserving sexual assault evidence.** In an instance of sexual assault, physical evidence should be collected immediately, ideally within the first 24 hours. A medical sexual assault forensic exam (SANE – Sexual Assault Nurse Examiner) forensic exam) may be completed up to five days after a sexual assault to collect evidence in case the victim decides to report the assault at a later date. Sexual assault forensic evidence is an integral part of a law enforcement investigation that can build a strong case and so it is important to preserve evidence in case the decision is made to take legal action or press charges. Sexual assault physical evidence must be collected in a timely manner by a certified medical facility. Do not shower/bathe, comb your hair, change clothes, smoke, brush your teeth, eat/drink, wash or use the toilet (if possible – the hospital will take a urine sample when you arrive). Do not wash clothes or clean the bed/linens area or other items. Place clothing, bedding or anything of evidentiary value during the assault, in a paper bag.
 - **Preserving dating and domestic violence evidence.** Preserving evidence may be necessary to prove criminal domestic or dating violence, or in obtaining a protection order. Take photographs of injuries and damage. If victims do not opt for forensic evidence collection, health care providers can still treat injuries. Examples of other types of evidence to preserve can be threatening emails or phone messages, text messages, social media, messages or postings, computer screenshots, medical records, records of police responses to the home, witnesses, or any other form of evidence that would be helpful. Make sure

information documented is kept in a safe location where the partner cannot find it; as it may cause further risk if they do.

- **Preserving stalking evidence.** Documentation is necessary. Keep a record of the details or call the police to have the incident documented by police. Victims of stalking should save evidence such as any letters, notes, emails, phone calls, videos, photos, texts, social media postings, computer screenshots, voicemails, gifts, or any other form of evidence that would be helpful.
- ✓ **Get medical attention as soon as possible.** A medical provider can document injuries and offer needed treatment. Medication to prevent pregnancy and sexually transmitted infections/diseases is available. Trained medical staff may also assist you in collecting and preserving evidence, and connecting you to survivor advocacy supports or to law enforcement. You do not need to report to law enforcement to access medical care.
 - The University of Denver is committed to providing students physical and emotional support following a sexual assault. After experiencing a sexual assault, you have the choice to have a Sexual Assault Nurse Examiner (SANE) forensic exam. A SANE can be performed up to five days after an assault. Choosing to have a SANE does not require an individual to formally report or participate in a law enforcement investigation.
 - A SANE forensic exam is performed by a specially trained registered nurse. The exam is tailored to provide survivors of sexual assault with trauma-informed medical treatment, and to collect forensic evidence in the event a survivor chooses to report to Law Enforcement. Typical exams last anywhere from 2-6 hours. If you choose to have an exam, you have the right to decline any part of the exam and to go at a pace that feels comfortable to you. Standard exams include:
 - A complete discussion about medical history
 - Thorough head to toe physical examination
 - Evidence collection
 - Photographs of any injuries sustained during an assault
 - Details about the assault to better inform evidence collection and medical treatment
 - Treatment for possible sexually transmitted infections
 - Pregnancy prevention, if applicable
 - In partnership with Denver Health, the Health and Counseling Center at the University of Denver is able to offer a SANE forensic exam on campus, Monday-Friday between the hours of 8am-2pm.
 - The Health and Counseling's Center for Advocacy, Prevention and Empowerment (CAPE) can accompany you and provide confidential support and guidance. CAPE can help explain the process and support any DU community member with participating in the SANE process and help arrange for transportation to the hospital or accompany the survivor to the HCC for a SANE forensic exam. During normal business hours, contact CAPE at 303-871-3853. After-Hours contact the Counselor on Call at 303-871-2205. Additional contact methods include: cape@du.edu or at their website: <https://www.du.edu/health-and-counseling-center/cape/index.html>
- ✓ **You can report an instance of gender-based violence to:**
 - DU's Division of Campus Safety (303.871.3000 or 1-3000)
 - DU's Office of Equal Opportunity & Title IX (303.871.7016 or 1.7016)

 - The Counselor on Call (After normal business hours at 303.871.2205 or 1-2205)
 - Any Campus Security Authority at DU

- Denver Police Department or other appropriate law enforcement agency. (As a University student, faculty or staff member, it is your right and decision to choose, or decline, to report the incident to law enforcement authorities)
- ✓ **Alcohol and Drug Amnesty:** The University generally will not pursue disciplinary action against a student who makes a good faith report to an University official, contacts emergency services, or who participates as a Party or Witness in the grievance process related to Prohibited Conduct, for personal consumption of alcohol or other drugs that would otherwise be a violation of the Honor Code, provided the misconduct did not endanger the health or safety of others. The University may, however, engage in an assessment or educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use. The University also provides Medical Amnesty as set forth in the Honor Code.
- ✓ **You have the right to explore a Civil Order of Protection through the courts.** Students, faculty and staff may request a temporary or permanent restraining order if there has been harm, the threat of harm or an act of violence.
 - The Protection Order Courtroom in the City and County of Denver is located at:

Denver's City and County Building
1437 Bannock Street, Courtroom 170.
Phone: 720.865.7275

<https://www.denverda.org/protection-restraining-orders/>
 - The Health and Counseling's Center for Advocacy, Prevention and Empowerment (CAPE) can provide support to any DU community member and help navigate the process of obtaining a civil protection order. During normal business hours, contact CAPE at 303-871-3853. After-Hours contact the Counselor on Call at 303-871-2205. Additional contact methods include: cape@du.edu or at their website: <https://www.du.edu/health-and-counseling-center/cape/index.html>
 - If a court issued protective order is issued, you may elect to provide the DU Division of Campus Safety with a copy of the order, so the information is on file in case the order is violated on any DU owned and controlled property.
 - If the violation is in progress, call 9-1-1 and the appropriate law enforcement authority will respond. The Division of Campus Safety can contact the Denver Police Department to respond to violations of court issued protective orders that occur on the main campus and in DU owned or controlled buildings within the Denver Police Department's jurisdiction. If the student, faculty or staff member holds a current court issued protective order, and that order is violated in another jurisdiction, the student, faculty or staff member will need to call the law enforcement agency that serves the location in which the violation occurred.
- ✓ **You have the right to explore a no contact order through the University.** Students, faculty and staff who've made an allegation of sexual assault, dating violence, domestic violence, stalking or other gendered harassment, may request a Mutual No Contact Order and/or Location Restriction Order, if the other party is affiliated with the University.
 - **A Mutual No Contact Order** is a written directive for the identified parties to avoid all contact and/or communication with one another. Unless expressly stated otherwise in the Mutual No Contact Order, contact is defined as communicating in person, communicating through a third party, and communicating through all forms of written and/or electronic contact (including phone, email, texting, and social media). The Mutual No Contact Order may apply to other forms of contact, as the University deems appropriate under the circumstances.

- **A Location Restriction Order** is a written directive for one or more identified parties not to enter a designated portion of University Premises. The written Location Restriction Order will define the space to be avoided, which may include particular rooms, buildings, outdoor areas, events, or other spaces as described in the Location Restriction Order. The Location Restriction Order may also require a housing reassignment or reassignment to a different section of a course for one or multiple individuals identified in the Location Restriction Order.
- **All No Contact and Location Restriction Orders are considered mutual for all parties.** No-Contact Orders and Location Restriction Orders may be issued as an Emergency Order, Temporary Order, or Standing Order.
- Although these Mutual No Contact Orders and Location Restriction Orders are not considered disciplinary in nature, failing to abide by the terms of the Mutual No Contact Order and Location Restriction Orders will constitute a violation of the Student Rights & Responsibilities Policies.
- Mutual No Contact Orders and Location Restriction Orders can be requested through the following University departments:
 - **Division of Campus Safety (303-871-2334)**
 - **Student Rights and Responsibilities (303.871.2455)**
 - **Office of Equal Opportunity & Title IX (303.871.7016)**

- ✓ **DU Division of Campus Safety - Trespass Notification:** If an allegation of sexual assault, dating violence, domestic violence or stalking is against a person not affiliated with the University of Denver, and the crime was committed against a DU community member or on campus or other DU controlled building or property, the Division of Campus Safety may be able to issue a Trespass Notification, banning the accused from all campus owned or controlled properties. If the Trespass Notification is violated, victim/survivors should report the violation to the Division of Campus Safety. The Division of Campus Safety will notify local law enforcement authorities to have the violator arrested.
- ✓ **Consider options for assistance, support, resources and on- and off-campus services.** As a student, faculty or staff victim/survivor of gender-based violence requests may be made to the University for supportive measures such as accommodations, and/or other reasonable assistance. After an incident of gender-based violence the University will work with students, or faculty and staff to address any issues that may impact the student's educational experience or the faculty and staff member's work experience; including protective measures, such as financial aid assistance; immigration or visa, travel assistance; available on-campus housing changes and academic accommodations for students; or work accommodations for DU employees. The university shall endeavor to comply with a student's reasonable request for a living and/or academic situation change following an alleged sex offense. Supportive measures are available regardless of whether the victim/survivor chooses to share specific information about the incident, report the matter to Campus Safety or

local law enforcement, or participate in the university's administrative process, and regardless of whether the offense occurred on or off campus. For more information, contact the following:

There are many options for seeking support, including: Campus Safety, the Center for Advocacy, Prevention and Empowerment (CAPE), a resident assistant, a resident director, the police, a friend, a rape crisis center, a hospital, a counselor or the Title IX Office or someone else you trust. **You have a right to discuss these options without being required to select or participate in any of the available options.**

CONFIDENTIAL REPORTING

Voluntary Confidential Reporting:

Although the below departments are not considered a confidential resource, the confidentiality of students is protected by FERPA (Family Educational Rights and Privacy Act), which means that the institution cannot disclose confidential information outside of an educational need to know basis without the written consent of the victim/survivor or a legally valid court order. There are, however, situations that may require the involvement of different departments within the University in order to carry out a thorough and responsible process; to report statistical information under the Clery Act; or to provide a victim/survivor with interim or protective measures and accommodations in a timely manner. Under these circumstances the Office of Equal Opportunity and Title IX will determine what information about a victim/survivor should be disclosed and to whom this information will be disclosed.

Protecting Victim Confidentiality:

The University of Denver (DU) recognizes the sensitive nature of gender-based violence (sexual assault, domestic violence, dating violence and stalking) or discrimination or discriminatory harassment, including sexual harassment. DU is committed to protecting the privacy of any individual who makes a report. Different officials and personnel are able to offer varying levels of privacy protection to victims. The university will protect the confidentiality of victims/survivors of sexual assault, dating violence, domestic violence, stalking and other gendered harassment in accordance with federal and state laws.

- a. Reports made to designated confidential on-campus resources may talk to victims without revealing any identifying information about them to anyone else at the University, including the Title IX Officer or law enforcement entities without the victim's consent. Except under certain limited circumstances (such as risk of imminent harm to the victim or others), victims can seek assistance and support from these counselors and advocates without triggering a University or police investigation.

- b. Reports made to law enforcement. A victim who reports to the Denver Police Department may request to be treated as confidential, which means that the victim's name and other identifying information will not appear in its public records.
- c. Reports made to the Office of Equal Opportunity & Title IX (Title IX Coordinator) seeks to protect the privacy of all individuals throughout all phases of the complaint resolution process. While Title IX cannot guarantee confidentiality, disclosure of facts to parties and witnesses is limited to what is reasonably necessary to conduct a fair and thorough investigation, determine outcomes or to deliver resources or supportive measures to the parties.
- d. Supportive Measures. The University of Denver will maintain as confidential any accommodation or supportive measures provided to parties, to the extent such confidentiality does not impair DU's ability to provide the accommodation or supportive measures.
- e. Clery Act and Other Public Records. Publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without including personally identifying information about the victim. Also, DU's Division of Campus Safety does not publish the name of crime victims as part of its Clery mandated reporting, nor does it house identifiable information regarding victims in the police department's daily crime and fire log or online.

The University of Denver's Division of Campus Safety maintains the privacy of individuals who report crimes to the Division in accordance with state and federal law. Information concerning these types of incidents is also shared with the Office of Students Rights & Responsibilities who is required to provide institutional assistance and resources.

A Division of Campus Safety report is considered a law enforcement record exempt from restrictions under the Family Educational Rights and Privacy Act of 1974 ("FERPA"). As such, the Division of Campus Safety report may be shared with law enforcement agencies upon request as part of an investigation. Disclosure to Alleged Victims of Violence or Non-Forcible Sex Offenses

The institution will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense (Incest or Statutory Rape), the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

The University of Denver (DU) encourages all individuals to seek assistance from a medical provider, as needed, and/or law enforcement immediately after an incident of Gender Based Violence, whether or not the individual plans to pursue criminal action. Preserving any physical evidence is very helpful for successful investigation, arrest, and prosecution of the perpetrator(s) and may be helpful in obtaining a protective order. A victim/survivor of Gender based violence has many reporting options. University students, faculty and staff members may, as a victim/survivor of gender-based violence, elect, or decline, to notify campus safety or local law enforcement. If the victim/survivor chooses to file a police report, the institution can assist with the process. A victim/survivor may also choose to report the incident to the appropriate institutional department, a DU faculty or staff member, or the individual may choose confidential and/or anonymous reporting options. Office of Equal Opportunity & Title IX Procedures – Comprehensive Discrimination and Harassment Procedures
Section 6 – Reporting

A. Reporting to Law Enforcement:

The University encourages Complainants to contact local law enforcement to report incidents of Prohibited Conduct that may also be crimes under state criminal statutes. The University will assist a Complainant, at the Complainant's request, in contacting local law enforcement and will cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process. The University encourages all individuals to seek assistance from a medical provider, as needed, and/or law enforcement immediately after an incident of Sexual Harassment, whether or not the individual plans to pursue criminal action. This facilitates preservation of evidence and a timely response by law enforcement and/or the University.

The University's definitions, burden of proof, and procedures differ from federal and state criminal law. The University is not bound by law enforcement's determination whether or not to prosecute a Respondent nor the outcome of any criminal prosecution. The University will independently determine under these Procedures whether Prohibited Conduct has occurred. The University may undertake any process under these Procedures prior to, simultaneously with or following civil or criminal proceedings.

Reporting to the University (All Students, Faculty or Staff)

The university has procedures in place that strive to be sensitive to those who report gender-based violence and gender-based harassment or discrimination. The University will provide victims of gender-based violence and gender-based harassment or discrimination written notification of their rights and options. This includes informing victims/survivors, in writing, about their right to file criminal charges, as well as the availability of counseling, health, mental health, victim advocacy, legal, student financial aid and visa/immigration assistance and other services that can be found on and/or off campus. Information will also be given to the victim/survivor that pertains to supportive measures the University will provide to prevent contact between them and an accused party. The University will provide written notification to the victim/survivor about their rights and options for available assistance in, and how to request changes to academic, living, transportation and working situations or other supportive measures, if the victim requests them and if they are reasonably available. The University is obligated to comply with a student's reasonable request for a living and/or academic situation change following an alleged sex offense. Supportive measures will be provided regardless of whether the victim/survivor chooses to share specific information about the incident, report the matter to campus police or local law enforcement, or participate in the university's administrative process, and regardless of whether the offense occurred on or off campus.

Whether or not you choose to report to the police, you may report the incident to the institution. Gender based violence (sexual assault, dating violence, domestic violence, stalking) and gender-based harassment or discrimination are prohibited conduct. As a victim/survivor, you have the right to file a Title IX claim. For more information, or to report an incident to Title IX, contact:

University of Denver

Office of Equal Opportunity & Title IX Procedures – Comprehensive Discrimination and Harassment Procedures

Section 6 – Reporting

The University has a strong interest in supporting community members who experience Discrimination, Harassment or Gender-based Violence. The University encourages all individuals or Witnesses to report any incident to the University and, if the incident involves potential criminal conduct, to also report to law enforcement. Individuals have several reporting options within and outside the University. Individuals may pursue these options simultaneously or any one of them separately.

Making a report under these Procedures means telling someone in authority what happened, in person, by telephone, in writing or by email. Deciding whether to make a report and choosing how to proceed are personal decisions. At the time a report is made, a Complainant does not have to decide whether or not to request any particular course of action, nor does a Complainant need to know how to label what happened. The University provides support to assist each individual in making these important decisions and, to the extent legally possible, will respect an individual's autonomy in deciding how to proceed. In this process, the University will balance the individual's interest with the University's obligation to provide a safe and non-discriminatory environment for all members of the University community.

The University will review and address all reports in a fair and impartial manner and treat all individuals involved with dignity and respect. In every report under these Procedures, the University will make an immediate assessment of any risk of harm to the University or to the broader University community and will take steps necessary to address those risks. These steps may include Supportive Measures to provide for the safety of the individual and the University community. The University may place a non-student employee Respondent on administrative leave during the pendency of an investigation or other resolution under these Procedures. The University, in its discretion and based on the circumstances, will determine whether to impose any administrative leave with or without pay or benefits.

If a report of Prohibited Conduct discloses a serious and immediate threat to the University community, the University's Division of Campus Safety will issue a timely notification to protect the health or safety of the community as required by the Clery Act. The notification will not include the Complainant's name. Pursuant to the Clery Act and VAWA, the Office of Equal Opportunity & Title IX will provide anonymous statistical information regarding reported criminal incidents to the University's Division of Campus Safety for inclusion in the Daily Crime Log and in the University's Annual Security Report. The University may also share aggregate data about reports, Outcomes, and/or Disciplinary Action without including personally identifiable information.

B. Reporting to the University

The University will refer all reports of Prohibited Conduct to the Office of Equal Opportunity & Title IX to facilitate consistent application of these Procedures to all individuals and to allow the University to respond promptly and equitably to eliminate discrimination, harassment, or gender-based violence, prevent its recurrence, and eliminate its effects. At any time, any person may report Prohibited Conduct, in person, by mail, by telephone, by electronic mail or other electronic submission to the Office of Equal Opportunity & Title IX, or by any other means that results in the Executive Director receiving the person's verbal or written report.

D. Timeliness and Location of Incident

Although there is no time limit on reporting Prohibited Conduct, the University encourages Complainants and other individuals to promptly report allegations of Prohibited Conduct, preferably within 180 days of the last incident of Prohibited Conduct. Delays in reporting can prevent the University from gathering evidence sufficient to initiate an investigation or reach a determination of responsibility. If the Respondent is no longer a student or employee, the University may not be able to impose Outcomes and/or Disciplinary Action against the Respondent. Nevertheless, the University will still seek to provide Supportive Measures for a Complainant and take steps to end the Prohibited Conduct, prevent its recurrence, and address its effects.

The University also encourages the reporting of conduct occurring off University Premises including online or electronic conduct that occurred in the context of an employment or education program or activity of the University, or that has continuing adverse effects on University Premises or on an off-campus employment or education program or activity, so that the University may address under these Procedures or other University policies and procedures, as applicable.

Section 5 – Reports of Sexual Harassment

- A. - B. After receiving a report, the University may conduct an initial assessment of the reported information to determine whether the nature or circumstances of the report are within the scope of these Procedures. - I. Individuals have several reporting options within and outside the University. Individuals may pursue these options simultaneously or any one of them separately. The University has resources to support a Complainant regardless of the course of action chosen. The University encourages Complainants to contact local law enforcement to report incidents of Title IX Prohibited Conduct that may also be crimes under state criminal statutes. The University will assist a Complainant, at the Complainant's request, in contacting local law enforcement and will cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process. The University encourages all individuals to seek assistance from a medical provider, as needed, and/or law enforcement immediately after an incident of Sexual Harassment, whether or not the individual plans to pursue criminal action. This facilitates preservation of evidence and a timely response by law enforcement and/or the University.
- J. If a report of Title IX Prohibited Conduct discloses a serious and immediate threat to the University community, the University's Division of Campus Safety will issue a timely notification to protect the health or safety of the community as required by the Clery Act. - K. Timeliness and Location of Incident
1. Although there is no time limit on reporting Title IX Prohibited Conduct, the University encourages Complainants and other individuals to promptly report allegations of Title IX Prohibited Conduct.  2. If the Respondent is no longer a student or employee, the University may not be able to impose Outcomes and/or Disciplinary Action against the Respondent. Nevertheless, the University will still seek to provide Supportive Measures for a Complainant and take steps to end the Sexual Harassment, prevent its recurrence, and address its effects.

REQUIRED REPORTERS

The University of Denver takes seriously all reports of sexual harassment, sexual assault, dating violence, domestic violence and stalking. When the university knows, or should have known, about an incident of sexual or gender-based harassment, sexual assault, dating violence, domestic violence or stalking, it is required to investigate the concern to the extent possible based on available information, take steps to stop the inappropriate behavior, remedy the effects of inappropriate behavior and take steps reasonably calculated to stop future inappropriate behavior.

When a sexual assault, dating violence, domestic violence or stalking is committed, the first concern is the safety and well-being of the victim/survivor. The university proceeds in a manner that is sensitive to the needs and impact on a victim/survivor while also ensuring the ongoing safety of the community. All DU faculty, staff and other employees are considered “Responsible Employees”. Responsible Employees are required to report to the University of Denver’s Office of Equal Opportunity and Title IX, if they have information that discrimination or discriminatory harassment, sexual or gender-based harassment, or Gender-based Violence, is occurring or has recently occurred. Credible information provided to the “Responsible Employee” puts the university on notice of an incident of possible discrimination or discriminatory harassment, sexual or gender-based harassment, sexual assault, dating violence, domestic violence or stalking (Gender-based Violence) and triggers a duty to investigate and stop inappropriate/prohibited conduct. Responsible Employees who receive a report of discrimination or discriminatory harassment, sexual or gender-based harassment or gender-based violence must promptly report the alleged gender-based violence, discrimination or harassment, including all known details of the incident (including the date, time, location, names of individuals, and details) to the Office of Equal Opportunity & Title IX.

To learn about and understand the Title IX reporting responsibilities of university employees, please see the Title IX website at <https://www.du.edu/equalopportunity/equal-opportunity>

Alcohol and Drug Amnesty – University of Denver Reporting Policy:

University of Denver Office of Equal Opportunity & Title IX Procedures – Comprehensive Discrimination and Harassment Procedures Section 6 – Reporting

E. Amnesty for Personal Use of Drugs or Alcohol

The University has a concern and responsibility for preserving the well-being of all members of the University community. Because the health and safety of students are of primary importance to the University, students are expected to not only look out for their own health and safety, but also the safety of their peers. Students are expected to take immediate action when a person’s health or safety is threatened. Accordingly, the University recognizes that students may be reluctant to seek assistance from a University official or emergency services after experiencing Prohibited Conduct or may be reluctant to seek assistance for others who may have experienced Prohibited Conduct, because they fear being held responsible by the University for an alcohol or drug violation under the Honor Code related to the incident.

The University generally will not pursue disciplinary action against a student who makes a good faith report to an University official, contacts emergency services, or who participates as a Party or Witness in the grievance process related to Prohibited Conduct, for personal consumption of alcohol or other drugs that would otherwise be a violation of the Honor Code, provided the misconduct did not endanger the health or safety of others. The University may, however, engage in an assessment or educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use. The University also provides Medical Amnesty as set forth in the Honor Code.

University of Denver
Office of Equal Opportunity & Title IX Procedures – Title IX Sexual Harassment Procedures
Section 5 – Reports of Sexual Harassment

L. Amnesty for Personal Use of Drugs or Alcohol:

1. The University recognizes that students may be reluctant to seek assistance from a University official or emergency services after experiencing Title IX Prohibited Conduct, or may be reluctant to seek assistance for others who may have experienced Title IX Prohibited Conduct, because they fear being held responsible by the University for an alcohol or drug violation under the Honor Code related to the incident.
2. The University generally will not pursue disciplinary action against a student who makes a good faith report to a University official, contacts emergency services, or who participates as a Party or Witness in the grievance process related to Title IX Prohibited Conduct, for personal consumption of alcohol or other drugs that would otherwise be a violation of the Honor Code, provided the misconduct did not endanger the health or safety of others.
3. The University may, however, engage in an assessment or educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use.
4. The University provides Medical Amnesty as set forth in the Honor Code.

University of Denver
Office of Student Rights and Responsibilities Procedures -
Student Honor Code – Medical Amnesty Statement

The health and safety of Students are of primary importance to the University. Students are expected to take immediate action when a person's health or safety is threatened. Medical Amnesty is designed to reduce barriers to Students taking immediate action for fear of being held responsible for alcohol or drug related Honor Code violations.

Situations in which Medical Amnesty may apply include, but are not limited to, instances of physical injury, discrimination, harassment, sexual misconduct, mental health concerns, or other medical situations that occur in relation to alcohol consumption or drug use.

When a student undertakes an intentional action to seek assistance from a University Official or emergency services for themselves or others in order to protect their health and safety, the reporting Student(s) or at risk Student(s) involved will not be found responsible for alcohol- or drug-related violations of the Honor Code, nor will alcohol- or drug-related violations appear on their Student Rights & Responsibilities Record. During emergency conditions, the University may extend this Medical Amnesty to include violations of the University's emergency conditions specific plans, protocols, procedures, and instructions as applicable.

It is the University's intent that Medical Amnesty extend to situations in which any Student makes a complaint or provides a statement to the Office of Equal Opportunity & Title IX in the course of an investigation or resolution pursuant to the University of Denver Title IX Sexual Harassment Procedures or the University of Denver General Discrimination & Harassment Procedures. However, Medical Amnesty does not extend to the distribution, sale, or otherwise providing another individual with alcohol or drugs for the purposes of inducing incapacitation, as defined in those procedures.

The Students involved in instances of Medical Amnesty may be referred for an Educational Outcome or evaluation related to their health status or substance use. This referral will not constitute a reportable violation of the Honor Code. The University expects that Students will always prioritize their own and others' health and safety. Moreover, this commitment does not preclude legal consequences or Alleged Policy Violations for non-alcohol or drug-related Honor Code violations

Voluntary Confidential Reporting Policies:

As a result of the negotiated rulemaking process, which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Professional Counselors," when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The aforementioned committee defines counselors as:

- **Pastoral Counselor**
An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor
- **Professional Counselor**

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

Other persons who have significant responsibility for campus and student activities and counsel or advise students and employees are not exempt from reporting, even if the counseling is confidential.

University personnel identified as professional or pastoral counselors are encouraged to inform students and employees they are counseling, if and when they deem appropriate, of the option to report disclosed crimes to the DU Campus safety for inclusion into the annual disclosure of crime statistics. However, there are no procedures or policies, which require pastoral or licensed professional counselors (as defined by the Clery Act) to report crimes reported to them on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Confidential Reporting Options:

If a student reports an incident of gender-based violence (sexual assault, dating violence, domestic violence, harassment, and/or stalking) to a designated confidential office, the person to whom the reporter speaks will not share that information with anyone else unless legally required or as requested by the person making the report. If the person making the report chooses to identify themselves or is known to the person to whom the report is made, then the report will be confidential but not anonymous.

Students who are victims/survivors of gender-based violence and wish to seek counsel and/or resources without informing law enforcement or triggering a duty to investigate by the university have options that are more confidential, while still complying with federal and state law. Confidential reporting options include the following:

Counseling Services - The Health Center is committed to providing students psychological and emotional support following an incident of gender-based violence. The Health and Counseling Center (HCC) offers counseling services by licensed psychologists and services by licensed social workers to student victims/survivors of gender-based violence. The staff serves as a resource for providing a safe and confidential place to discuss an incident of gender-based violence and receive professional counseling, guidance and additional resources. HCC provides an after-hours Counselor on Call line for access to its counseling services outside normal business hours.

Medical Services - The Health and Counseling Center (HCC) provides support, medical evaluations and certain treatment services available on site for student victims/survivors of gender-based violence during clinic hours. This may include full STI testing (gonorrhea, chlamydia, syphilis, hepatitis and rapid HIV testing), emergency contraception, and antibiotics to treat a potential infection. The HCC also offers hepatitis and HPV vaccination when appropriate. In partnership with Denver Health, the HCC now offers SANE forensic exams for survivors of sexual assault, Monday-Friday between the hours of 8am-2pm. For non-emergency situations, medical staff can prescribe any medications required. Victims/survivors of gender-based violence are encouraged to get medical attention as soon as possible. HCC provides an after-hours on call line for access to its services outside normal business hours.

Center for Advocacy, Prevention and Empowerment (CAPE) - The Center of Advocacy, Prevention & Empowerment (CAPE), located under the University's Health and Counseling Center, supports any student, faculty or staff member who has experienced any form of gender-based violence (sexual assault, dating violence, domestic violence, sexual harassment, and/or stalking), gender-based harassment or bullying. All services are confidential and free of charge. Speaking with an advocate does not obligate reporting anything to the police or to the university. The Center of Advocacy and Prevention Empowerment (CAPE) staff are committed to providing a comprehensive and integrated response to victims/survivors who have experienced any form of gender-based violence.

CAPE provides aggregated data in a de-identified manner for Clery statistical reporting. Personally identifying information or details of the incident are not shared. Victims/survivors who receive services from CAPE are informed of this practice. Victims/survivors are also provided with procedures for reporting the incident to law enforcement and/or the university, should they choose to do so.

SANE Reporting Options:

The University of Denver is committed to providing students physical and emotional support following a sexual assault. After experiencing a sexual assault, you have the choice to have a Sexual Assault Nurse Examiner (SANE) forensic exam. A SANE can be performed up to five days after an assault. Choosing to have a SANE does not require an individual to formally report or participate in a law enforcement investigation. In the state of Colorado, if you are an adult and choose to have a SANE, you have three reporting options:

1. **Anonymous Report** - You can choose to obtain a SANE forensic exam, but at that time choose not to participate in the criminal justice process. An anonymous report allows for evidence storage only, and no identifying information will be provided to Law Enforcement.
2. **Medical Report** - You can choose to obtain a SANE forensic exam but choose not to participate in the criminal justice process at that time. You do have the option to have the evidence tested. Your name and other identifying information will be shared with Law Enforcement, but no investigation will be initiated.
3. **Law Enforcement Report** - You can choose to obtain a SANE forensic exam and choose to also participate in the criminal justice process at that time. You will be given the opportunity to meet with a Law Enforcement officer at the hospital.

Survivors are not charged for the cost of the SANE forensic exam but could incur expenses related to treatment of injuries. CAPE is available to talk through any financial questions or concerns.

- The University of Denver has a Memorandum of Understanding (MOU) with two programs in the Denver Metro area who provide SANE forensic exams following a sexual assault.
 - **Denver Health SANE program:** To receive a SANE through Denver Health, present to the Emergency Room and inform the front desk that you are seeking a SANE. And, in partnership with Denver Health, the HCC is offering SANEs Monday-Friday, between the hours of 8am-2pm on campus. If it is after 2pm, the HCC can support a survivor in accessing transportation to Denver Health.

CAPE can help explain the process and support any DU community member with participating in the SANE process and help arrange for transportation to the hospital. During normal business hours, contact CAPE at 303-871-3853. After-Hours contact the Counselor on Call at 303-871-2205. Additional contact methods include: cape@du.edu or at their website: <https://www.du.edu/health-and-counseling-center/cape/index.html>

Anonymous Reporting Options:

A student may make an anonymous report, which allows the report to be made without the identity of the reporter being known. The report will be distributed to the Office of Equal Opportunity & Title IX, the Division of Campus Safety, and the Title IX Coordinator for review and appropriate action; however, it will remain an anonymous report since the identity of the reporter will not be known.

A victim/survivor of a crime who does not wish to pursue action within the criminal justice system or through the University of Denver, or who has chosen to pursue confidential reporting options, should consider making an anonymous report. The purpose of an anonymous report is to comply with a victim/survivor's wish to keep the matter confidential, while taking steps to ensure the future safety of those involved and others. With such information, the university can keep accurate records of the number of incidents and determine where there is a pattern of crime with regard to a particular location, method, or assailant, alert the campus community to potential danger and use the information to inform, guide and improve education, prevention and awareness efforts. Anonymous reports may be counted and disclosed to the Department of Education in the annual crimes statistics for the institution and are listed in the crime statistics tables in this report if sufficient information is obtained from the anonymous report to determine a proper classification.

University of Denver (DU) faculty or staff who are victims/survivors may use the anonymous reporting options to report the incident. However, if a DU faculty or staff member considered a "Responsible Employee" under the definition of the Office of Equal Opportunity & Title IX receives a notice of an incident of sexual harassment, gender based harassment or discrimination, sexual assault, dating violence, domestic violence, or stalking, the Responsible Employee must report the incident to the Office of Equal Opportunity & Title IX or directly to the Title IX Coordinator per established procedures.

C. Anonymous Reporting

Any individual other than a Responsible Employee can make a report without disclosing one's own name, identifying the Respondent, or requesting any action. Depending on the level of information available about the incident or the individuals involved, the University may not be able to fully respond or take further action in response to an anonymous report. Anonymous reports are referred to Division of Campus Safety or the Executive Director for review for appropriate action. The University will review all anonymous reports, and where there is sufficient information, include applicable information in Clery Act reporting.

Section 5 – Reports of Sexual Harassment**

H. Anonymous Reporting

1. Any other individual can make a report without disclosing one's own name, identifying the Respondent, or requesting any action.
2. Anonymous reports are referred to Division of Campus Safety and the Title IX Coordinator for review for appropriate action.
3. The University will review all anonymous reports, and where there is sufficient information, include applicable information in Clery Act reporting.
4. Depending on the level of information available about the incident or the individuals involved, the University may not be able to fully respond or take further action in response to an anonymous report.

The University of Denver offers four methods to report anonymously:

- **Office of Equal Opportunity & Title IX – Online Reporting Form**

This form may be used to anonymously report sexual harassment, discrimination and gender-based violence, which includes sexual assault, dating or domestic violence and stalking. To the extent a submitted form provides specific and individually identifiable information, the university will conduct a follow up investigation consistent with its legal obligations.

All university employees, with the exception of those employees with a narrowly defined and legally recognized privilege, have a duty to report any incidents involving sexual harassment, sexual assault, dating or domestic violence and stalking. The university is obligated to investigate those reports it receives. The identity of sexual assault, dating or domestic violence and stalking victims/survivors may be protected if such incidents are reported anonymously.

- **Division of Campus Safety - Anonymous Tip Line**

The Division of Campus Safety operates an anonymous tip line to allow persons to anonymously report safety and security related information and concerns to DCS and the University about suspicious behavior and criminal incidents on campus and other properties owned and controlled by the University. This includes reports of gender-based violence (sexual assault, dating violence, domestic violence and stalking). The Division of Campus Safety will distribute anonymous reports of harassment, discrimination, bias based, and gender violence incidents received from the tip line to the Office of Equal Opportunity & Title IX per established procedures.

Anonymous Tip Line:

- **SOS Referral System**

The SOS Referral system is a process to submit information about a student who may be experiencing a challenging situation and needs help to connect to the appropriate resources. Each referral is reviewed by staff members and then assigned to a Case Manager to outreach to the student and develop a support plan. This referral activates the appropriate University protocol to support both the individual and the campus community in maintaining their safety, health and well-being. The online referral form may be submitted anonymously meaning the identity of the reporting individual is not required to complete and submit the form.

RESPONSE TO REPORTS OF GENDER BASED VIOLENCE, DISCRIMINATION AND HARASSMENT

Reporting to the Office of Equal Opportunity & Title IX

The Office of Equal Opportunity and Title IX has established procedures for addressing instances of reports of gender-based violence or discrimination or discrimination by DU students, faculty and staff. All reports of gender-based violence, harassment or discrimination (for the remainder of this section) are forwarded to the Office of Equal Opportunity & Title IX. The Title IX Coordinator will reach out to all victims regardless of where the victimization took place and who the accused is and request an intake meeting. While there is no time limit for reporting, reports of prohibited conduct should be brought forward as soon as possible; all incidents should be reported even if significant time has elapsed, but prompt reporting will better enable the University to respond, investigate, provide an appropriate remedy, and impose sanctions if appropriate.

Any individual, other than a Responsible Employee, can make a report without disclosing one's own name, identifying the Respondent, or requesting any action. Anonymous reports are referred to Division of Campus Safety and the Title IX Coordinator for review for appropriate action. The University will review all anonymous reports, and where there is sufficient information, include applicable information in Clery Act reporting. Depending on the level of information available about the incident or the individuals involved, the University may not be able to fully respond or take further action in response to an anonymous report.

The Title IX Coordinator will offer assistance to the Complainant, provide information about supportive measures and offer to meet to review the applicable university procedures and investigation process with the victim and options for participation in a formal university investigation or reporting to law enforcement. Although the University encourages formal reporting to both the Office of Equal Opportunity & Title IX and law enforcement (when criminal behavior is involved), victims are not required to participate in University investigations or report to local law enforcement. A victim's decision not to move forward with a University investigation or not to report to law enforcement does not impact their ability to utilize all the support and resources available through DU.

Requests regarding the confidentiality of such reports will be considered by University in determining an appropriate response; however, the, the University may not be able to fully investigate and respond to a report if the Complainant requests that their name not be disclosed to the Respondent or declines to participate in an investigation. The University will consider Complainant's request for confidentiality as one of many factors in determining the appropriate means for resolution of the reported conduct. The University may be unable to honor such a request in certain circumstances in order to adequately fulfill the University's obligations to promote a safe and inclusive environment.

The University of Denver has confidential resources, including but not limited to the Center for Advocacy, Prevention, and Empowerment (CAPE), with whom members of the University community can consult for advice and information regarding making a report, gender-based violence or discrimination or discriminatory harassment, including sexual harassment.

Initial Assessment, Intake, and Consolidation

- A. The Office of Equal Opportunity & Title IX ("Office") shall provide a prompt and effective response to reports of gender-based violence, discrimination or harassment which may include an Inquiry, Informal Resolution Process or Formal Investigation. After receiving a report, the Office may conduct an initial assessment of the reported information to determine whether the nature or circumstances of the report are within the scope of the Title IX Sexual Harassment Procedures or the Comprehensive Discrimination and Harassment Procedures. If the Office determines that the reported information does not fall within the scope of one of these Procedures, the Title IX Coordinator will, as appropriate, refer to the matter to an appropriate administrator, provide the Complainant with resources, and/or close the matter.
- B. Upon receiving a report of alleged Title IX Sexual Harassment, the Title IX Coordinator must promptly:
1. Inform the Complainant in writing of their right to simultaneously or subsequently file a Formal Complaint pursuant to the Title IX Sexual Harassment Procedures and the process for doing so.
 2. Contact the Complainant to discuss the availability of Supportive Measures with or without the filing of a Formal Complaint.
 3. Consider the Complainant's wishes with respect to Supportive Measures
 4. Offer Supportive Measures as identified above.
- C. Upon receiving a report of Discrimination or Harassment, including gender-based violence that is not covered by the Title IX Sexual Harassment Procedures, the Office shall may request an intake meeting with the Complainant. The University will consider the Complainant's expressed preference for the manner of resolution while balancing the University's obligation to promote a safe and non-discriminatory environment for all members of the University community. The University may use information gathered during the intake process in an investigation. As part of intake, the Office will:
1. Review the University's Discrimination and Harassment Policy, Section 3.10.010 and the Comprehensive Discrimination and Harassment Procedures, discuss the expectations and responsibilities of a Complainant, and answer any questions that the Complainant may have;
 2. Notify the Complainant of the right to make a report (or decline to make a report) with law enforcement if the conduct may also constitute a crime(s) under state criminal statutes and, if requested, assist the Complainant with notifying law enforcement;
 3. Notify the Complainant of the availability of medical treatment to address any physical and mental health concerns and to preserve evidence;
 4. Provide the Complainant with information about:
 - a. On-and off-campus resources;
 - b. The available range of Supportive Measures, when appropriate;
 5. Provide an explanation of the procedural options, including alternative resolution, investigation, and the possibility of Disciplinary Action and/or Outcomes;

6. Discuss the Complainant's expressed preference for the manner of resolution and any barriers to proceeding in that manner;
 7. Explain the University's prohibition on Retaliation; and
 8. Explain the role of a support person or advisor.
- D. Although the University will consider a Complainant's request for anonymity, the University may not be able to fully investigate and respond to a report if the Complainant requests that their name not be disclosed to the Respondent or declines to participate in an investigation. The University will consider Complainant's request for anonymity as one of many factors in determining the appropriate means for resolution of the reported conduct. The University may be unable to honor such a request in certain circumstances in order to adequately fulfill the University's obligations to promote a safe and non-discriminatory environment. When the Associate Vice Chancellor consider whether the Complainant's resolution preferences may be honored, the Associate Vice Chancellor will consider the following factors in evaluating such request(s): (1) the totality of the known circumstances, (2) the presence of any risk factors as outlined below, (3) the potential impact of such action(s) on the Complainant, (4) any evidence showing Respondent made statements of admission or otherwise accepted responsibility for the Prohibited Conduct, (5) the existence of any independent information or evidence regarding the Prohibited Conduct, and (6) any other available and relevant information.

Risk factors include

- Whether the Respondent has prior arrests, is the subject of prior reports and/or complaints related to any form of Prohibited Conduct, or has any history of violent behavior
- Whether the Respondent has a history of failing to comply with any University No Contact Order, other University protective measures, and/or any judicial protective order
- Whether Respondent has threatened to commit violence or any form of Prohibited Conduct
- Whether the Prohibited Conduct involved multiple Respondents
- Whether the Prohibited Conduct involved physical violence. Physical violence means exerting control over another person through the use of physical force. Examples of physical violence including hitting, punching, slapping, kicking, restraining, strangling, and brandishing or using any weapon
- Whether the report reveals a pattern of Prohibited Conduct (e.g., by the Respondent, by a particular group or organization, around a particular recurring event or activity, or at a particular location)
- Whether the Prohibited Conduct was facilitated through the use of "date-rape" or similar drugs or intoxicants
- Whether the Complainant is (or was at the time of the Prohibited Conduct) a minor (under 18)
- Whether any other aggravating circumstances or signs of predatory behavior are present

When a Complainant does not wish to file a Complaint on their own behalf, or when the Office has received multiple reports or identifies a pattern of concerning conduct, the Associate Vice Chancellor may, in their discretion, proceed with an inquiry or investigation in which the University is the Complainant. When making this decision, the Associate Vice Chancellor will balance the autonomy of the Complainant with the University's responsibility to investigate and consider the factors set forth in the paragraph above. When the University is the Complainant, a Reporting Party is treated as a complaining Witness and will only see their statement and be informed of the outcome of the investigation. The University will not coerce or retaliate against a Reporting Party to persuade them to participate in the investigation.

The Process

- A. University administrative proceedings are conducted in a manner that is consistent with state and federal law, and that supports the university's commitment to enhancing safety. Proceeding in a manner that is respectful of victims/survivors, university administrative proceedings ensure due process and support appropriate action to prevent future incidents of gender-based violence, discrimination or harassment. The University investigates these incidents and takes steps reasonably calculated to prevent their recurrence.

- B. The Office of Equal Opportunity and Title IX's investigation and resolution processes and DU grievance and appeals processes make sure allegations gender-based violence, discrimination and harassment are addressed in a fair and impartial manner and are conducted in a manner that protects the safety of victims and promotes accountability.
- C. Investigations are conducted by professional staff in the Office of Equal Opportunity and Title IX, who do not have a real or perceived conflict of interest or bias for or against the complainant or the respondent and receive annual specialized training on issues related to gender-based violence.
- D. The standard of proof that the Office of Equal Opportunity & Title IX applies to its investigations and all proceedings is Preponderance of the Evidence. Preponderance of the Evidence an allegation is proven if, based on the credible, relevant information acquired during the investigation and provided at the hearing on one side outweighs the credible, relevant information on the other side, such that it is more likely than not the alleged fact or conduct occurred.
- E. University investigation and resolution processes:
 - Are completed within a reasonably prompt time frame designated by university policy, and/or including a process that allows for the extension of time frames for good cause with written notice to the complainant (the person bringing forward the complaint) and respondent (the person responding to the complaint) of the delay and reason for delay.
 - Include timely written notice of meetings at which the complainant or respondent, or both, may be present.
 - Provide both the complainant and the respondent the same opportunities to have others present during the resolution process, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice.
 - Permit both the complainant and respondent to request that advisors be provided with proper notice and information related to investigation and resolution processes and meetings. Delaying or canceling meetings due to advisor unavailability is not required, however reasonable requests to reschedule meetings may be considered. Additionally, the institution may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply to both parties.
 - Provide timely access to the complainant, the respondent, and appropriate officials to any information that will be used after the fact-finding investigation during any disciplinary meetings, hearings and proceedings.

Resolutions

The Associate Vice Chancellor, in consultation with other University administrators as appropriate, is responsible for determining the appropriate means of resolution based on the circumstances of each report. The University may resolve reports in one of the following manners:

1. Inquiry
2. Informal Resolution
3. Formal investigation

In making the determination of what type of resolution will be used, the Associate Vice Chancellor may consider factors such as

1. The nature, scope, and severity of the alleged Prohibited Conduct, including whether the reported Prohibited Conduct involved harassment, discrimination, or physical violence (with additional consideration for the use of a weapon);
2. Whether the incident involved a minor (under 18);
3. The respective roles of the Complainant and Respondent;
4. The risk posed to any individual or to the University community by not proceeding, including the risk of additional violence;
5. The degree of harm or the ramifications of the alleged Prohibited Conduct on the Complainant or University community;
6. Whether there have been other reports regarding alleged Prohibited Conduct by the Respondent;
7. Whether the report reveals a pattern of alleged Prohibited Conduct at a given location or by a particular group;
8. The Complainant's preferred means of resolution;
9. The Complainant's willingness to participate in an investigation or other means of resolution;
10. If the Complainant is unwilling to participate, whether the University possesses other means to

- obtain relevant evidence;
- 11. The University's ability to identify a Respondent;
- 12. The facts that are reasonably in dispute;
- 13. The affiliation that the Complainant, Respondent, and other involved person(s) have with the University;
- 14. The University's obligation to promote a safe and non-discriminatory environment; and
- 15. The University's obligation to satisfy any other legal or regulatory requirements.

CAMPUS RESOURCE ORGANIZATIONS

On Campus

Student Outreach and Support:

Pioneers CARE - The Pioneers CARE (Communicate, Assess, Refer, and Educate) referral system is a process to submit information about a student who may be experiencing a challenging situation and needs help to connect the appropriate resources. Each referral is reviewed by staff members and then assigned to a Case Manager within the Office of Student Outreach & Support to make outreach to the student and develop a support plan. This referral activates the appropriate University protocol to support both the individual and the campus community in maintaining their safety, health and well-being. Examples of indicators of concerning behavior can be access via the Office of Student Outreach & Support's website:

https://www.du.edu/studentlife/studentsupport/about_us.html

Emergency Guide: Faculty & Staff Red Folder (Pioneers Care) - The Faculty and Staff Red Folder (Red Folder) was created in an effort to consolidate emergency/support information for use when working with distressed students. The purpose of the Red Folder is to help you to recognize some of the signs of students in distress, be supportive of their needs and facilitate referrals to the appropriate resources on campus, as well as increasing your awareness of Pioneers CARE.

How to use the Red Folder

When a student in distress has been identified, the Quick Referral Guide provides a simplified overview of the University of Denver student support offices. The Stoplight System gives detailed support information and indicates whether an issue is beyond a faculty or staff member's ability to provide support. This Red Folder also provides important information about The Family Education Rights and Privacy Act (FERPA), the reporting requirements for Title IX and information on sexual assault resources. You can access the Red Folder at: <https://www.du.edu/studentlife/studentsupport/media/documents/red-folder-online.pdf>

Submitting a Student Outreach and Support (SOS) referral can be accomplished through the online system at: https://cm.maxient.com/reportingform.php?UnivofDenver&layout_id=99

The online referral system is not for emergencies. If there is an immediate threat to a student/employee (either through self-harm or interpersonal violence) or the community, please call the Division of Campus Safety at 303.871.3000, or if dialing from a campus phone, 1-3000. If there is a concern regarding the referral process, contact can be made with the Pioneers Care administrator at care@du.edu.

SANE EXAM (Forensic Sexual Assault Exam)

The University of Denver is committed to providing students physical and emotional support following a sexual assault. After experiencing a sexual assault, you have the choice to have a Sexual Assault Nurse Examiner (SANE) forensic exam. A SANE can be performed up to five days after an assault. SANE exams can be done anonymously. An anonymous report allows for evidence storage only, and no identifying information will be provided to Law Enforcement. Or, the survivor can choose to obtain a SANE forensic exam but choose not to participate in the criminal justice process at that time. The survivor does have the option to have the evidence tested, by which identifying information will be shared with Law Enforcement, but no investigation will be initiated. Finally, the survivor can elect to obtain a SANE forensic exam and also participate in the criminal justice process at that time. The survivor will be given the opportunity to meet with a Law Enforcement officer at the hospital. Survivors are not charged for the cost of the SANE forensic exam but could incur expenses related to treatment of injuries. CAPE is available to talk through any financial questions or concerns. The University of Denver has a Memorandum of Understanding (MOU) with two programs in the Denver Metro area who provide SANE forensic exams following a sexual assault. In partnership with Denver Health, the HCC also offers SANE forensic exams Monday-Friday between the hours of 8am-2pm. You can schedule a same-day SANE exam by calling 303-871-2205 or by coordinating with CAPE by calling 303-871-3853.

EDUCATION, PREVENTION, AND AWARENESS

Bystander Intervention and Awareness

Bystander Intervention:

When someone interrupts a problematic or potentially harmful situation, stopping action or comments that promote sexual or discriminatory violence, bullying, harassment, intimidation, or threatening behavior - they are being an active bystander. An active bystander also takes action when they see someone who is intoxicated and in need of help or may even be in emotional distress. Being an active bystander is about challenging and changing the cultural norms that make problematic or harmful behavior acceptable.

At DU, we intervene when we see a community member in need of support or when a situation does not fit our

values. Intervention is not one size fits all. You can select an intervention style that works for you:

- Direct: you feel comfortable acting as the primary helper
- Distract: you create a distraction or other interruption to halt the potentially harmful situation
- Delegate to a trusted resource: you request assistance from a qualified resource such as Campus Safety, Denver Police, Title IX, or Student Outreach & Support
- Delay your intervention for when addressing the behavior is more appropriate: you may not feel comfortable saying something in the moment, so you follow up with the person within 24 hours to address things like harmful jokes, comments, or catcalling. Note that you should not delay when responding to a high risk situation like intoxication or sexual assault.

Sometimes we need help - we can intervene on our own behalf. In a situation that is uncomfortable, or is close to crossing a limit or boundary, you can select an intervention style that works for you and fits the situation. Remember, your own safety is primary. And whether or not you intervene for yourself, you deserve help and support. Someone crossing a boundary is never your fault.

- Direct: say you are feeling uncomfortable, or that a line has been crossed.
- Distract: come up with a quick distraction, like a phone call or having to use the restroom, to get out of the situation.
- Delegate: text, reach out to, or otherwise signal to friends that you'd like some assistance.
- Delay: if appropriate, follow up with the person within 48 hours to talk about what happened. Let them know how their actions impacted you, and re-state your boundary.

Remember, sexual assault is never the fault of the victim/survivor. Even if you do/did none of these things, you do not deserve to experience gender-based violence. These are tips meant to empower a person.

Simply stated, sexual assault includes, but is not limited to, any physical act that is sexual in nature and performed without the effective consent of all parties. If one person does not want the sexual act to be happening, the other person is committing sexual assault.

Remembering the following tips can help you prevent sexual assault:

- Always talk to your partner(s) before engaging in sexual or intimate activities.
- Make sure you all are consenting and that you clearly understand their likes, dislikes, and limits.
- Remember that alcohol and other substances can blur your thinking, making it more difficult for you to read someone's signals or body language - more likely to cross someone's boundaries.
- If the sexual act is no longer pleasurable or your partner(s) has stopped engaging, stop the activity and check in with them.
- Sex and intimacy should be pleasurable for everyone involved. Consent is just the minimum.
- Stop any activity if your partner is:
 - ✓ Silent or not responding
 - ✓ Avoiding answering a question
 - ✓ Using uncertain statements such as, "I'm not sure if I'm ready." "I don't know if I want to." "I think I've had too much to drink." "I'm scared."
 - ✓ Changing one's mind after saying yes
 - ✓ Being pressured or coerced to saying yes
 - ✓ "Giving in"
- Understand that the following are not consent:
 - ✓ Expanding what something may mean (i.e.: A "Yes" to "Do you want to go back to my place?" is only giving consent to physically go back to your place)
 - ✓ Entitlement through a committed relationship
 - ✓ Absence of a clear yes

- ✓ When your partner says no, she/he really does not mean yes

If someone you know is sexually assaulted:

VALIDATE. Tell them know that you appreciate the courage it took to come forward and share their experience with you.

EMPOWER. Support your friend, do not tell them what to do. Believe them and let them make their own decisions. Do not call authorities without their permission.

CONNECT. Talk about the DU and community resources that can help.

Primary Prevention Programs and Ongoing Awareness Campaigns

The University of Denver engages in comprehensive, intentional and integrated programming, initiatives, strategies and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs and informed by research, or assessed for value, effectiveness or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of prevention programs for all incoming students and new employees and ongoing awareness and intervention campaigns for students and employees that:

- a) Include a statement that the institution prohibits the crimes of sexual assault, dating violence, domestic violence and stalking as those terms are defined for purposes of the Clery Act;
- b) Define sexual assault, dating violence, domestic violence and stalking as those terms are defined under state law;
- c) Define what behavior and actions constitute consent to sexual activity under state law and the University of Denver Student Honor Code;
- d) Describe safe and positive options for bystander intervention; and
- e) Provide information on risk reduction.
- f) Include information regarding:
 - i. Procedures victims should follow if a crime of domestic violence, dating violence, sexual assault and stalking occurs.
 - ii. How the university will protect the confidentiality of victims and other necessary parties.
 - iii. Existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available within the university and in the community
 - iv. Options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures; and
 - i. Procedures for university disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking.

University of Denver Health and Counseling Center's Department of Health Promotion

The Health and Counseling Center's Department of Health Promotion conducts training about gender- based violence, consent, healthy relationships, and bystander intervention strategies. Title IX and Campus Safety often collaborate to provide awareness materials and to conduct group education presentations for any University programs, residence halls, Greek houses, classes and any other student and employee groups.

University of Denver's Office of Equal Opportunity & Title IX

All University faculty and staff are required to complete Title IX training that addresses DU's prohibition against discrimination, harassment, and gender-based violence, and their requirements as Responsible Employees (required reporters). This training for faculty and staff is introduced in new employee orientation meetings and

is facilitated during either live or online training sessions. It encourages employees to connect those reporting gender-based violence and other forms of misconduct with the appropriate campus resources. This training is also available to be facilitated on request by the Coordinator of Gender Violence Prevention and Education, or the Office of Equal Opportunity and Title IX.

Faculty and Staff also receive training consistent with the Clery Act as amended by VAWA (Violence Against Women Act), and all University employees responsible for the intake, investigation and facilitation of hearing processes associated with an incident of gender-based violence receive baseline training. This includes but is not limited to designated personnel in the Office of Equal Opportunity & Title IX, The Office of Student Rights and Responsibilities, outcome council members, and appellate officers.

VII. FIRE SAFETY REPORTING AND STATISTICS (ANNUAL FIRE SAFETY REPORT)

In compliance with the Higher Education Opportunity Act (HEOA), the University Of Denver Department Of Campus Safety has developed an annual fire safety report. This document summarizes the reporting components required by the HEOA.

The University of Denver maintains compliance of fire and life-safety standards in all buildings owned or under the control of the University of Denver, in accordance with the International Fire Code as adopted by the City and County of Denver, the Denver Amendments to the International Fire Code, and the National Fire Protection Association's (NFPA) regulations. This includes buildings associated with student residential housing.

The University of Denver's Division of Campus Safety in partnership with University Housing and Residential Education are committed to providing students with fire safety training and a safe community for living and learning.

FIRE SAFETY DEFINITIONS

Definition of a Fire

For the purposes of fire safety reporting, a fire is defined as

- any instance of open flame or other burning **in a place not intended to contain the burning**
- any instance of open flame or other burning **in an uncontrolled manner**

Definition of a Fire Safety System

The Higher Education Act of 2008 defines a fire safety system as *any* mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems, fire detection devices, stand-alone smoke alarms, devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire. For the purpose of this report, a Partial Sprinkler System is defined as having sprinklers in the common areas only. A Full Sprinkler System is defined as having sprinklers in both the common areas and individual rooms.

FIRE SAFETY REPORTING

For safety and statistical purposes, all fires, whether active or extinguished, should be reported to the University's Division of Campus Safety as soon as it is safe to do so.

To report an active fire on campus:

Dial 9-1-1 for response by local fire department.

When feasible, contact the University of Denver's Campus Safety Division at 303-871-2334.

To report evidence of a fire or past fire situation in University Student Housing, contact the following:

Division of Campus Safety at 303-871-2334
Administrator on Call at 720-626-8480

Reported fire incidents, which are found to be actual fires, will be included in the annual fire statistics.

FIRE PREVENTION POLICIES AND PROCEDURES

The University of Denver Housing Residential Education (HRE) has developed policies and procedures for a safer community. These procedures are communicated to the resident hall students through the publication, The Guide to Residence Living. Students are also responsible to adhere to the University's Honor Code, which outlines the policies and procedures of all students at the University of Denver. HRE enters into contractual agreements with each student resident. Those agreements include restrictions related to portable electrical appliances, smoking and open flame. The applicable fire prevention policies are as follows:

University of Denver's Office of Student Rights and Responsibilities Policies and Procedures University of Denver's Student Honor Code –

Policies - E. Endangerment:

- **Substantial Risk:** Any act that directly or indirectly creates a substantial risk to anyone's (including one's own) medical or mental health or safety regardless of intent. This includes, but is not limited to, the use or abuse of any substances that results in medical evaluation or assistance.
- **False Report:** Any act, display, or communication that intentionally initiates or causes to be initiated any false report of an emergency, including, but not limited to, any threat of fire, explosion, or any other emergency or the unauthorized possession, use, or alteration of any emergency or safety equipment.
- **Weapons:** Any possession or use of Weapons, ammunition, explosives, or other objects designed or used to inflict injury or damage while on University Premises or items that simulate Weapons or other dangerous objects, even if the Student possesses a valid concealed Weapons permit or other lawful permission to carry a Weapon. The reckless misuse of these items either on or off University Premises is prohibited. The University does not prohibit the possession of non-lethal self-defense instruments such as mace; however, the University does prohibit the reckless or inappropriate use of those instruments or other items that could cause harm when not used for their intended purpose.

Policies- F. Fire Safety

- **Explosive Devices:** Any possession or use of fireworks, explosives, or other objects designed or used to explode, inflict injury or damage, or cause a spark while on University Premises, even if the Student possesses a valid permit or other lawful permission or the reckless misuse of these items either on or off University Premises.
- **Fire Setting/Starting:** Intentionally or recklessly causing or attempting to cause a fire that damages or threatens University or personal property and/or causes injury.
- **Fire Safety Equipment:** Intentionally or recklessly tampering with or improperly using fire safety equipment.

University of Denver's Housing and Residential Education Guide to Residence Living

The setting of a fire within any University-managed housing is strictly prohibited. To promote fire safety and avoid fire hazards, HRE has established the following fire safety precautions for the residence halls/apartments.

Fire Safety – Tampering with Equipment:

HRE policy prohibits tampering with, interfering with, or unintentionally causing the activation of any kind of fire emergency equipment and setting fires of any kind. This prohibition includes, but is not limited to:

- Tampering with or hanging something from a smoke detector, sprinkler head, or sprinkler line
- Hitting or striking a sprinkler head or pipe
- Pulling or calling in a false alarm
- Discharging or removing a fire extinguisher or hose
- Breaking the safety glass on the fire extinguisher case
- Propping open fire doors; or
- Leaving an area through a locked fire door

In addition to other disciplinary action under the DU Honor Code, violation of this prohibition will result in the University imposing a fine and requiring the student to pay repair costs, costs for any damages incurred to university property or other individual's personal property, potential criminal charges and fines.

Fire Safety - Prohibited Items:

Possession or use of the following is prohibited:

- Halogen lamps
- Incense
- Candles
- Candle warmers
- Butane Torches
- Open flames
- Space heaters (except those provided by the University)
- Propane of any kind
- Grills
- Hover boards

Hazardous materials including, but not limited to, gasoline, propane, chemicals, flammable liquids, butane torches, and gas grills are not permitted in the resident halls/apartments under any circumstances.

Additionally, the use of toaster ovens, toasters, electric frying pans, George Foreman type grills, crock pots, rice cookers, pressure cookers, and open heating elements are prohibited except in suites/apartments with kitchens.

Fire Safety – Permitted Items (Portable Electronic Appliances):

Residents may use a reasonable number of University approved electronic devices in their room so long as they do not present a fire hazard or consume an excess of power. Devices with an exposed heating element are considered a fire hazard. The following appliances are permitted:

- Alarm Clock
- Computer
- Curling/Flat Iron
- Electric Razor
- Hairdryer
- Desk/Study Lamp
- Electric Blanket
- Electric Coffee Maker/Tea Maker
- Fan
- Blender
- Microwave (maximum 600 watts and/or 1 cubic ft.)
- Air Popcorn Popper
- Video Game Consoles (Playstation, Xbox, Wii, etc.)
- Stereo
- TV, DVD Player, VCR Player

Fire Safety - Extension cords and power strips:

Because extension cords can easily become overloaded, thereby creating a fire risk, HRE prohibits residents from using extension cords under any circumstances. When using appliances, do not overload electrical outlets as that may create an electrical fire. HRE requires power strips with surge suppressants for refrigerators, computers, and stereos.

Fire Safety - Cooking

Cooking is only permitted in designated kitchen areas. When cooking in authorized areas, students shall adhere to the following requirements:

- If the stove or cookware is messy, dirty, or excessively greasy, clean the stove or cookware before use.
- When using electric cooking appliances (such as microwaves, kettles, toasters) do not overload the circuit.

- NEVER leave food that is cooking unattended.
- Before starting to cook, familiarize yourself with the fire safety resources available and know where the fire extinguisher is located.
- Before leaving the kitchen area, be sure to clean up, dispose of trash, and turn off all appliances when finished cooking.

If a fire starts and you can safely do so, contain the fire by closing the door of the oven or microwave or putting the lid on the pan. Use an available fire extinguisher suitable for the type of fire. If these efforts fail, pull the fire alarm and evacuate immediately.

Fire Safety – Tobacco-Free Campus:

Pursuant to the University's Tobacco-Free Campus policy, the use of smoking products is prohibited on University owned property, both indoors and outdoors, including, but not limited to, University owned and operated housing. In addition, the Guide to Residence Living outlines the following violations:

- **Possession:** Possession of smoking products is prohibited on University Premises. Smoking products include but are not limited to all products or forms used to inhale or otherwise consume tobacco or clove products (for example: cigarettes, e-cigarettes, vaping, chewing tobacco, snuff, snus, IQOS, bidis, kreteks, etc.) and all smoke-producing products for tobacco or cloves (cigars, pipes, hookahs, etc.). Smoking products does not include FDA approved nicotine replacements such as nicotine patches, gum, lozenges, or inhalers, all of which are allowed and are encouraged as substitutes for smoking or vaping on University Premises.
- **Use** - Use of smoking products and smoke-producing products is not permitted on University Premises,
- **Delivery** - Smoking products and smoke-producing products must not be delivered through the mail or other delivery service to University owned or operated housing.

Fire Safety - Decorations:

The Office of Emergency Preparedness and Fire Safety must inspect any major decorative construction (e.g., platforms, haunted houses, and obstacle courses) for fire safety before it is used. Residents must follow these requirements for fire-safe decorations:

- Use fire-resistant materials in assigned living quarters and at social events;
- Do not overload electrical outlets and do not use extension cords, which are prohibited in University owned or operated housing;
- Provide adequate safety lighting at all social events;
- Do not obstruct access to exits and fire extinguishers; Decorations may not be hung from ceilings;
- Decorations may not be hung on, from, or cover fire safety related equipment (i.e., fire sprinklers, fire alarm system, strobes, smoke/carbon monoxide detectors); and
- Do not use fireworks, floating lanterns, paper bag lanterns and wood fueled fires, which are prohibited as decorations in living quarters or any campus event.

Fire Safety - Weapons:

N. Weapons: Possession or use of weapons, including, but not limited to, knife with a blade over three inches, guns, pellet guns, paint guns, tasers, bows and arrows, machetes, ninja throwing stars, nun chucks, grenades or other explosive or incendiary devices, swords (including decorative), any other illegal weapon, and all ammunition for any type of firearm. This prohibition does not include culinary knives used for their intended purpose in kitchen areas in University owned or operated housing.

Fire Safety – Bicycle Storage (excerpt):

Only walking is permitted in all areas inside the residence halls/apartments. Residents and guests must walk their bikes and carry their skates, non-motorized scooters, and skateboards inside the residence halls/apartments. Motorcycles, motorized scooters, and motorbikes must be stored outdoors. Gasoline cans are prohibited inside any University owned or operated housing. Hoverboards are prohibited on campus, and Campus Safety will confiscate any hoverboards brought to campus.

Fire Safety Violations within the Guide to Residence Living include the following:

1. Cooking: Failure to follow all cooking fire safety measures and requirements.
2. Decorations: Failure to follow decorating restrictions in University owned or operated housing and cannot hang items from a smoke detector, sprinkler head, sprinkler pipe, sprinkler line, or ceiling, temporarily or permanently.

3. Evacuation: Failure to follow the evacuation process and follow verbal directives from University Officials and Fire and Police Department Personnel.
4. Prohibited Items: Possession of or use prohibited items in University owned or operated housing.

Failure to follow Policies & Procedures set forth elsewhere in this document or in other communication from a University Official in the performance of their duties may be considered a violation of the University of Denver Honor Code.

FIRE SAFETY – ROOM INSPECTIONS

During announced periods, Housing and Residential Education staff members may inspect rooms periodically to assess possible fire and life-safety hazards. Damages in resident's room will also be noted during these inspections. Staff do not open drawers or search through personal belongings. Their search is only of items within plain view. Residents may be billed for damages, missing furniture, or irregularities encountered in the room.

University of Denver's Housing and Residential Education Guide to Residence Living

University staff may enter a resident's assigned living quarters in University owned or operated housing for a variety of reasons. HRE tries to give students a 24-hour advanced notice; however, HRE may not be able to do so. If HRE discovers a policy violation in any of the situations below, HRE will document the violation and may result in referral to the Office of Student Rights & Responsibilities.

University officials, including HRE staff members and Campus Safety, may confiscate items which are in violation of University and HRE policies, including but not limited to: candles, incense, alcohol, drugs, controlled substances, false identification, illegal plants, weapons, and drug paraphernalia. Items may be discarded or turned over to Campus Safety for further investigation and/or disposal as appropriate.

The following are illustrative, but not an exhaustive list of reasons for room entry:

- Fulfill custodial, maintenance, or computer service needs;
- Investigate suspicion that the welfare and/or rights of other members of the University community are being infringed upon;
- Investigate if danger to a student, or danger to the property of a student or the University exists;
- Investigate suspicion of policy violation;
- Check that closing procedures for break periods were completed;
- Turn off alarms, stereos, or other devices that are causing a noise disturbance;
- Cleaning and maintenance inspections;
- Confirm room has been vacated during fire alarm;
- Confirm room is ready for a new resident;
- Confirm space has been vacated by resident if they were scheduled to have been moved out;
- Disruptive noise caused by an animal (whether emotional support animal, service animal, or unauthorized pet);
- Inspect rooms periodically for fire safety issues, including for the presence of prohibited items, evidence of tampering with fire safety devices, and verifying the following:
 - ✓ Fire alarm devices and fire safety equipment are not covered or broken.
 - ✓ Nothing obstructs the egress.
 - ✓ Nothing is hung from the ceiling.
 - ✓ No electrical safety hazards are present.
 - ✓ No excessive holiday lights or decorative LED lighting are present.
 - ✓ No furnishings are in contact with approved room heaters.

FIRE DRILLS

In addition to fire inspections, emergency egress and relocation drills are conducted with sufficient frequency to familiarize occupants with drill procedures. Fire evacuation drills are conducted three (3) times per academic year in University owned or operated housing and one (1) to two (2) times per calendar year in all other facilities where required. Fire, tornado, and lockdown drills occur every month in primary and early childhood education facilities.

Student Residential Housing:

To ensure that students living in University owned or operated housing are properly prepared to evacuate the building in the event of an emergency, the Division of Campus Safety conducts three routine fire drills in each building annually.

Fire drills are conducted without prior notice and evaluate the successful evacuation of the building. During a fire drill, representatives from the University's Division of Campus Safety look for the following:

- All people have evacuated the building
- All doors and windows are closed
- All halls, stairwells, fire system components, and walkways are clear and accessible
- Elevators are bypassed in favor of stairs
- All individuals have moved at least 50 feet from the building (walls and doors; 50 feet from an entrance is not the same as 50 feet from the building)
- The building is evacuated in a reasonable amount of time.

Upon inspection of the building, representative from the University's Division of Campus Safety will provide a summary of the following concerns to the HRE leadership:

- More than one open door or window
- Failure to evacuate without an order to do so by a Division of Campus Safety official
- Objects in the halls or stairwells
- Any fire hazards that are contrary to Denver Fire Code or University policies

Should a building have multiple concerns, a remediation fire drill will be held within 7 days following a report of deficiencies to Housing and Residential Education leadership. Should a building unsuccessfully complete a remediation drill, the DCS Office of Emergency Preparedness and Fire Safety may take any number of steps, including, but not limited to, a second remediation drill during the overnight or early morning hours.

FIRE EVACUATION PROCEDURES – STUDENT RESIDENTIAL HOUSING

Evacuation procedures are posted on each floor in all University owned or operated housing managed by the University's Housing and Residential Education (HRE). Additionally, evacuation procedures are listed in HRE's Guide to Residence Living. Fire evacuation procedures apply to all students, HRE staff and contracted employees who reside or work within all halls University owned or operated housing (to include dining halls and parking structures where applicable):

University of Denver's Housing and Residential Education Guide to Residence Living

If a fire alarm sounds, residents must immediately vacate the building via the nearest stairwell and proceed at least 50 feet (15 meters) outside the building until a Campus Safety officer or first responder allows residents to re-enter the building. Residents and guests must fully cooperate in all evacuations. Failure to evacuate the building in the event of an alarm sounding may result in a referral to the Office of Student Rights & Responsibilities.

Exit the building immediately in a safe manner. If you are not in your own room, do not go back to your room to retrieve items. If you are in your room, please do the following:

- Check to see if the doorknob is hot.
- If it is hot:
 - ✓ Do not open your door,
 - ✓ Wait in plain view next to your window,

- ✓ Open blinds and leave your lights on, and
 - ✓ Call Campus Safety at 303-871-3000 or 911 to report your location if a phone is available.
 - If your doorknob is not hot:
 - ✓ Take a dampened towel and cover nose and mouth to prevent smoke inhalation,
 - ✓ Put on shoes,
 - ✓ Close room door behind you, and
 - ✓ Exit via the stairway closest to your room/apartment – do not use the elevator.
- If the outside exit door does not open immediately, kick the emergency strike plate. When evacuating the building:
- ✓ Leave the building immediately.
 - ✓ Do not investigate the source of the emergency.
 - ✓ Walk, don't run, to the nearest exit.
 - ✓ Use stairs, not elevators.
 - ✓ Follow instructions of the Department of Campus Safety officials or other identified emergency personnel.
 - ✓ Upon exiting the building, move at least 50 feet away from the structure.

Do NOT re-enter the building until told to do so by Campus Safety officials or other first responders.

Rally Points for a Fire Alarm/Fire Drill Evacuation

- Centennial Towers
 - On the west side of the building, residents should rally across Williams Street.
 - On the east side of the building, residents should rally across High Street.
- Centennial Halls
 - On the west side of the building, residents should rally across High Street.
 - On the east side of the building, residents should rally near the intramural sports field and the lacrosse stadium tunnel.
- Dimond Family Residential Village
 - Residents should exit the building, move north to Asbury Avenue, and follow Asbury Avenue around Sturm Hall to Driscoll Green.
 - Residents should not gather in the courtyard between the east and west wings of the building.
- Johnson-McFarlane Hall
 - On the west side of the building, residents should rally across High Street.
 - On the south side of the building, residents should rally across Iliff Avenue.
 - Residents of Johnson-McFarlane Hall may also rally in the Nelson Hall cafeteria.
- Nelson Hall and Nagel Hall
 - On the west side of the buildings, residents should rally across High Street.
 - On the east side of the buildings, residents should rally near Evans Chapel or the green space on the east side of Hilltop.
- Hilltop
 - Residents should rally near Evans Chapel or on the green space on the east side of Hilltop.
- Apartments Community
 - Residents should rally 50 feet (15 meters) away from their apartment building, preferably across a street if they are able to cross safely without impeding emergency services.

Special Considerations:

Certain evacuations may last longer than your typical fire alarm. In cases where there is an actual fire, carbon monoxide alarm, or any instance where one cannot re-enter their assigned living quarters for a prolonged period of time, please go to the following gathering points located in a building different than your living quarters:

- Residents of Halls will gather at Towers main lounge.
- Residents of Towers will gather at Halls main lounge.
- Residents of JMAC will gather inside the Nelson lobby.
- Residents of Nelson and Nagel will gather at the JMAC main lounge and classroom.
- Residents of the Dimond Family Residential Village will gather at Halls main lounge.

Persons with disabilities:

If a person is unable to evacuate a building due to a physical disability, the following steps should be taken.

- If the building has a designated area of rescue, the person should be moved to this area.
- If the building does NOT have a designated area of rescue, the person should be moved to the closet stairwell.
- Call 911 or Campus Safety at 303-871-3000 and inform first responders of the person requiring rescue and their current location.

You are required to evacuate the building safely and quickly when a fire alarm sounds. Failure to comply with these directions may result in referral to the Office of Student Rights & Responsibilities and potential criminal action based on federal, state or city fire codes.

FIRE-SAFETY EDUCATION

The University of Denver's Division of Campus Safety conducts annual fire-safety education training for designated Emergency Response Teams who then disseminate the information covered to their respective departments and offer fire extinguisher training. Fire safety education and training is provided during the University's annual Spring Fest, in partnership with the Denver Fire Department.

HRE Residence Assistants are also given fire-safety training on an annual basis, which they disseminate to the residents in their residence halls. The University of Denver's Division of Campus Safety also conducts a fire safety presentation/training to Fraternity & Sorority Life personnel at the beginning of each academic year. Training includes a review of use of fire extinguishers, fire safety components of their assigned building, expectations of the staff, evacuation procedures and their role, fire safety guidelines, and emergency assistance procedures.

Every resident living in University owned or operated housing has access via the Housing and Residential Education (HRE) website to the complete Guide to Residence Living, which includes fire safety information and expectations to incoming and current student residents. Upon request, HRE staff will print a copy of the Guide to Residence Living for any resident of University owned or operated housing. The University of Denver's Division of Campus Safety provides fire safety information and expectations to student residents, which is accessible via their website. At least annually, room inspections are conducted of each residence by either HRE staff or Division of Campus Safety Staff. During these announced periods, staff members may inspect rooms to assess possible fire and life-safety hazards. Unannounced fire drills to practice existing procedures are conducted periodically throughout the year. Fire safety training materials are available to incoming and returning students and their families during the University of Denver's orientation and move-in period each year.

Contract employees that work in the dining halls of University owned or operated housing follow the University's policies on fire evacuation and fire drills. Additionally, these employees are provided fire safety education and fire extinguisher training through the University's Division of Campus Safety and participate in daily safety meetings held by members of the contracted company.

All students, HRE staff and contracted employees who reside or work within all University owned or operated housing (to include dining halls and parking structures adjacent to or contained within, where applicable), shall do the following if a fire is discovered or suspected:

- Locate and pull the nearest fire alarm. If the alarm fails to operate, warn other occupants to evacuate the building by shouting the warning.
- Follow the University's Fire Evacuation procedures for student housing. Evacuate the building immediately and move at least 50 feet from the building to a safe location.
- Even if the alarm sounds, call the Campus Safety emergency number, 303.871.3000 (1-3000), and provide as much information as possible about the alarm. Do not assume someone else has called or that the fire signal notified the Division of Campus Safety.

INSPECTION TESTING AND MAINTENANCE OF FIRE PROTECTION SYSTEMS AND EQUIPMENT

The University of Denver (DU's) Facilities Management and Planning manages this element of the campus fire safety program with support from DU's Housing and Residential Education and an approved/licensed 3rd party fire protection contractor. All fire protection systems and equipment in the University owned or operated housing and Fraternity & Sorority Life is tested, inspected and maintained per local and national fire protection codes and standards.

As part of the ongoing fire prevention initiatives in the City of Denver, the Office of Emergency Preparedness and Fire Safety works with University departments and the Denver Fire Department to perform annual fire inspections in all buildings on campus. Firefighters from the local fire station or inspectors from the Fire Prevention Division and Hazardous Materials will visit each building accompanied by Division of Campus Safety and other University personnel at least once per year to ensure compliance with Denver Fire Code and good life safety practices. Any deficiencies found during these inspections will be remedied by DU's Facilities Management and Planning, Housing and Residential Education, or Division of Campus Safety personnel by order of the Denver Fire Department.

Fire alarms in University owned or operated are inspected annually to ensure proper functioning under normal conditions. These inspections are performed by Division of Campus Safety Alarm Technicians or by private contractors through agreements with the Division of Campus Safety.

Centennial Halls, Centennial Towers, Dimond Family Residential Village, Nagel Hall, Nelson Hall and Johnson McFarland Hall

These Residence Halls are each monitored by a supervised fire alarm system and are also protected by automatic, supervised wet pipe sprinkler systems that are integrated with the fire alarm system. The fire alarm systems are continuously monitored by a third party supervised 24/7 monitoring station. Nagel Hall, Nelson Hall, Dimond Family Residential Village, and Johnson McFarland Hall are equipped with digital voice notification. Each is equipped with a fire pump, with the exception of Johnson McFarland Hall. Centennial Towers, Dimond Family Residential Village and Nagel Hall are equipped with an emergency generator to power emergency lights and exit signs to illuminate the means of egress. Elevators, magnetically held-open fire-rated door assemblies, and air handling units are also integrated with the fire alarm system. Multi-purpose ABC dry chemical fire extinguishers are installed on each floor as well as throughout the common areas and mechanical spaces in the complex. There are fire suppression systems and K fire extinguishers in the Centennial Halls, Nagel Hall, Nelson Hall, and Dimond Family Residential Village kitchens.

Lynn Marie Apartments

Students are defined under the [Discrimination and Harassment Policy](#) and these Procedures as any individual registered for or auditing classes at the University; enrolled in any University program; or on University premises for any purpose related to the same regardless if the class, program, or other education activity is credit earning or part of a degree or non-degree program ("Students"). For purposes of these Procedures, an individual is considered a Student if they have completed the immediately preceding term and are enrolled for a subsequent term or program; and if they are representing the University between terms or programs; or, if they are not officially enrolled for a particular term, they have a continuing relationship with the University. University employees are defined under the Discrimination and Harassment Policy and this Procedure as all full-time and part-time faculty, University staff, Student employees, wage (including temporary employees), professional research staff, and post-doctoral fellows ("Employees").  3. For employees, these Procedures apply to the conduct that takes place from the date on which the individual accepts an offer of employment with the University until their employment ceases.
 4. If a student graduates or withdraws or an employee voluntarily resigns prior to final resolution of any matter, the Office of Equal Opportunity & Title IX retains jurisdiction and the discretion to address the matter as necessary to fulfill the University's obligations under Title IX.
- E. Visitors and Guests
1. Visitors to and guests of the University are both protected from and subject to the restrictions on Sexual Harassment, as defined in these Procedures. However, visitors and guests do not have any contractual rights pursuant to these Procedures. Visitors and guests may initiate a report of Sexual Harassment committed against them by members of the University community, but visitors and guests are limited in their rights pursuant to these Procedures.

2. The University can trespass visitors and guests who have been alleged to have engaged in Sexual Harassment without any rights to the resolution processes described in these Procedures. Members of the University community who host guests may be held accountable for the misconduct of their guests pursuant to applicable University policies.

At any time, any person may report Title IX Prohibited Conduct (whether or not the person reporting is the person alleged to have experienced the conduct), in person, by mail, by telephone, by electronic mail or other electronic submission to the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.
- B. After receiving a report, the University may conduct an initial assessment of the reported information to determine whether the nature or circumstances of the report are within the scope of these Procedures. If the University determines that the reported information does not fall within the scope of these Procedures, the Title IX Coordinator will, as appropriate, refer to the matter to an appropriate administrator, provide the Complainant with resources, and/or close the matter.

- F. To promote timely support for all Parties and an effective and consistent University response, any Responsible Employee who receives a report of alleged Prohibited Conduct must promptly report the alleged Prohibited Conduct, including all known details of the incident (including the date, time, location, names of individuals, and details) to the Title IX Coordinator, along with whether the incident has been previously reported to the Office of Equal Opportunity & Title IX. Responsible Employees are defined in the University's Reporting Disclosures of Discrimination, Harassment, and Gender-Based Violence and include but are not limited to
- Members of the Board of Trustees
 - Chancellor
 - Provost and Executive Vice Chancellor
 - Senior Vice Chancellors
 - Vice Chancellors
 - Vice and Associate Provosts
 - Deans
 - Directors
 - Department Chairs
 - Campus Safety personnel
 - Athletics & Recreation personnel (including paid and unpaid coaches)
 - Student Affairs & Inclusive Excellence personnel (including Resident Assistants)
 - Faculty and Staff (including Graduate Teaching Assistants), and
 - Advisors to student groups (including those who are not otherwise employees of the University; e.g. fraternity or sorority advisors)
- G. The Office of Equal Opportunity & Title IX is not a confidential resource. For any report of Title IX Prohibited Conduct, the University will endeavor to respect and safeguard the privacy interests of all individuals involved balanced with the need for a careful assessment of the allegation and any necessary steps to eliminate the conduct, prevent its recurrence, and address its effects. Confidentiality means that a client or patient (including students, staff, and faculty) sharing information with a designated campus or community professional can expect that the professional will only disclose such information with the individual's express written permission,

unless there is a continuing threat of serious harm to the patient/client or to others, or there is a legal obligation to reveal such information (e.g. where there is suspected abuse or neglect of a minor). An individual can seek confidential assistance and support by speaking with specially designated confidential resources. Information related to a specific report under these Procedures may be shared with those University employees who have a “need to know” in order to offer Supportive Measures, assist in the active response, review, investigation, or resolution of the report. Information regarding a report by a student or employee will not be shared with the Complainant’s or Respondent’s parents, guardians, or any third party unless permissible for a student under the Family Educational Rights and Privacy Act (FERPA).

H. Anonymous Reporting

1. Any individual other than a Responsible Employee can make a report without disclosing one’s own name, identifying the Respondent, or requesting any action.
 2. Anonymous reports are referred to Division of Campus Safety and the Title IX Coordinator for review for appropriate action.
 3. The University will review all anonymous reports, and where there is sufficient information, include applicable information in Clery Act reporting.
 4. Depending on the level of information available about the incident or the individuals involved, the University may not be able to fully respond or take further action in response to an anonymous report.
- I. Individuals have several reporting options within and outside the University. Individuals may pursue these options simultaneously or any one of them separately. The University has resources to support a Complainant regardless of the course of action chosen. The University encourages Complainants to contact local law enforcement to report incidents of Title IX Prohibited Conduct that may also be crimes under state criminal statutes. The University will assist a Complainant, at the Complainant’s request, in contacting local law enforcement and will cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process. The University encourages all individuals to seek assistance from a medical provider, as needed, and/or law enforcement immediately after an incident of Sexual Harassment, whether or not the individual plans to pursue criminal action. This facilitates preservation of evidence and a timely response by law enforcement and/or the University.
- J. If a report of Title IX Prohibited Conduct discloses a serious and immediate threat to the University community, the University’s Division of Campus Safety will issue a timely notification to protect the health or safety of the community as required by the Clery Act. The notification will not include the Complainant’s name. Pursuant to the Clery Act and VAWA, the Office of Equal Opportunity & Title IX will provide anonymous statistical information regarding reported criminal incidents to the University’s Division of Campus Safety for inclusion in the Daily Crime Log and in the University’s Annual Security Report. The University may also share aggregate data about reports, Outcomes, and/or Disciplinary Action without including personally identifiable information.

K. Timeliness and Location of Incident

1. Although there is no time limit on reporting Title IX Prohibited Conduct, the University encourages Complainants and other individuals to promptly report allegations of Title IX Prohibited Conduct. Delays in reporting can prevent the University from gathering evidence sufficient to reach a determination as to the allegations and may result in a dismissal of a Formal Complaint.
2. If the Respondent is no longer a student or employee, the University may not be able to impose Outcomes and/or Disciplinary Action against the Respondent. Nevertheless, the University will still seek to provide Supportive Measures for a Complainant and take steps to end the Title IX Prohibited Conduct, prevent its recurrence, and address its effects.
3. The University also encourages the reporting of off-campus conduct, including online or electronic conduct, that occurred in the context of an employment or Education Program or Activity of the University, or that has continuing adverse effects on campus or on an off-campus employment or Education Program or Activity, so that the University may address such conduct under these Procedures or other University policies and procedures, as applicable.

L. Amnesty for Personal Use of Drugs or Alcohol:

1. The University recognizes that students may be reluctant to seek assistance from a University official or emergency services after experiencing Prohibited Conduct or may be reluctant to seek assistance for others who may have experienced Sexual Harassment, because they fear being held responsible by the University for an alcohol or drug violation under the Honor Code related to the incident.
2. The University generally will not pursue disciplinary action against a student who makes a good faith report to a University official, contacts emergency services, or who participates as a Party or Witness in the grievance process related to Title IX Prohibited Conduct, for personal consumption of alcohol or other drugs that would otherwise be a violation of the Honor Code, provided the misconduct did not endanger the health or safety of others.
3. The University may, however, engage in an assessment or educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use.
4. The University provides Medical Amnesty as set forth in the [Honor Code](#).

M. Protection of Minors and Mandatory Reporting of Suspected Child Abuse

1. The University promptly reports all suspected child abuse and neglect, including sexual assault, to law enforcement and/or to the Denver Department of Human Services toll-free child abuse and neglect hotline at 720-944-3000.
2. All University employees must report suspected child abuse and neglect to the Division of Campus Safety.
3. For the purposes of this reporting obligation, a child is any person under the age of 18, and the suspected abuse may involve physical, sexual or other forms of abuse or neglect, regardless of the identity of the suspected perpetrator.

4. The duty to report is triggered by reasonable suspicion or belief and does not require actual evidence of abuse. An employee, student, or volunteer is not responsible for investigating suspected child abuse.
5. Individuals should make these reports as follows.
 - a) If a child is in immediate danger, call 911
 - b) If there is no immediate danger, call University Division of Campus Safety at 303-871-3000
6. The Division of Campus Safety will assist in making the mandated child protective services report to Denver Police Department: 720- 913-2000, and Denver Child Protective Services: 720-944-3000.

VI. Supportive Measures

- A. Supportive Measures are available regardless of whether the matter is reported to the University for purposes of initiating any formal grievance proceeding and before, after, and regardless of whether a Formal Complaint is filed.
- B. Supportive Measures are designed to restore or preserve equal access to the University's Education Program or Activity without unreasonably burdening the other Party.
- C. Supportive Measures are not punitive in nature and designed to protect the safety of all Parties or the University's educational environment, as well as to deter sexual harassment, and may include, but are not limited to
 1. Counseling through the MySSP Student Support Program
 2. Assistance in seeking academic assistance, including modified class schedules (including transfer to another section), permission to withdraw from and/or retake a class or attend a class via alternative means (e.g., online or independent study), and extension of assignment deadlines or other course-related adjustments
 3. Assistance in modifying University employment arrangements, including changes in work schedules, job assignments, work locations, and/or assigned parking
 4. Campus escort services
 5. Mutual restrictions on contact between the Parties
 6. Assistance in requesting leaves of absence
 7. Modifications to University housing arrangements, including immediate temporary relocation to safe living quarters and/or permanent reassignment of on-campus housing
 8. Assistance in arranging a meeting with law enforcement to discuss reporting or safety planning
 9. Assistance in modifying assigned parking
 10. Increased security and monitoring of certain areas of the campus
 11. Any other remedy which can be tailored to the involved individuals to achieve the goals of these Procedures

- D. Upon receiving a report of Title IX Prohibited Conduct, the Title IX Coordinator will contact the Complainant to offer Supportive Measures. The Title IX Coordinator will offer, or arrange that Supportive Measures are offered, to the Complainant and that the Complainant's wishes with respect to appropriate Supportive Measures are considered. In addition to the Complainant, the Respondent, and other Witnesses may also receive Supportive Measures, as appropriate and reasonably available, without fee or charge.
- E. A Complainant who requests Supportive Measures retains the right to file a Formal Complaint, either at the time the Supportive Measure is requested or at a later date.
- F. The Title IX Coordinator is responsible for coordinating the effective implementation of Supportive Measures.
 - 1. The Title IX Coordinator will contact the Complainant after receiving notice of possible Title IX Prohibited Conduct to discuss the possibility of Supportive Measures and to explain that Supportive Measures are available with or without the filing of a Formal Complaint.
 - 2. Supportive Measures may also be requested by and made available to Respondents, Witnesses, and other impacted members of the University community. The Title IX Coordinator will serve as the point of contact for any individual requesting Supportive Measures.
- G. Supportive Measures do not include Disciplinary Actions or Outcomes. The University shall not impose Disciplinary Actions or Outcomes on a Respondent unless and until after the Formal Resolution Process, as detailed in Section IX below, is completed.
- H. The University may remove a Respondent from its Education Program or Activity on an emergency basis if the University
 - 1. Undertakes an individualized safety and risk analysis;
 - 2. Determines that an immediate threat to the physical health or safety of the Parties or any other student or other individual arising from the allegations of Prohibited Conduct justifies removal; and
 - 3. Provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal.
- I. The University may place a non-student employee Respondent on administrative leave during the pendency of the Formal Resolution Process set forth in Section IX below. The University will not place a non-student employee Respondent alleged to have committed Sexual Harassment on administrative leave due solely to the Sexual Harassment allegations unless and until a Formal Complaint has been filed with the University. The University, in its discretion and based on the circumstances, will determine whether any administrative leave imposed is to be imposed with or without pay or benefits.

- J. The University will maintain as confidential any Supportive Measures provided to the Complainant or Respondent, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the Supportive Measures.

VII. Fair and Equitable Process

- A. Any individual designated as a Title IX Coordinator, Deputy Title IX Coordinator, Investigator, Hearing Officer, Decision-Maker for Disciplinary Action, Outcome Council Member, Appellate Officer, or person designated to facilitate an Informal Resolution Process must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.
 - 1. The University will provide training to the Title IX Coordinator, Deputy Title IX Coordinator, Investigators, Hearing Officers, Decision-Makers for Disciplinary Action, Outcome Council Members, Appellate Officers, and any person who facilitates the Informal Resolution Process. The University will make the training materials used publicly available on the Office of Equal Opportunity & Title IX website.
 - 2. The University will provide training to Hearing Officers on the following:
 - a) How to conduct a hearing;
 - b) Issues of relevance, including when questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant;

 - iii. The scope of the University's Education Program or Activity.

5. The University will provide training to Appellate Officers on the following:

 - f) How to serve impartially by, among other things, avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and other relevant issues; and
 - g) The effects of trauma on individuals involved in allegations of Sexual Harassment.
- B. All Complaints are presumed to be made in good faith and all Complainants have the right to be taken seriously.
- C. A Respondent is presumed not responsible for alleged conduct unless and until a determination regarding responsibility by a preponderance of the evidence is made at the conclusion of the Formal Resolution Process set forth in Section IX below
- D. At any point during the grievance process, Parties or Witnesses may request disability-related or language assistance accommodations by contacting the Title IX Coordinator who will facilitate interactions with the Disability Services Program or the ADA Coordinator, as appropriate.
- E. The University will objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence.
- F. The University will not make credibility determinations based on a person's status as a Complainant, Respondent, or Witness.
- G. The University will endeavor to complete the processes set forth in these Procedures, including any appeals and any Informal Resolution Process if selected, within a reasonably prompt timeframe. The University may extend these timeframes for good cause with Written Notice to the Parties of the delay or extension and the reason for such delay or extension. Good cause may include considerations such as the absence of a Party, a Party's advisor, or a Witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

VIII. Informal Resolution Process

A. Informal Resolution

Informal Resolution is an alternative resolution process that does not include a full investigation or hearing. Informal Resolution is typically a spectrum of facilitated, or structured, and adaptable processes between the Complainant, the Respondent, and/or other affected community members that seeks to identify and meet the needs of the Parties, acknowledge harm and seek to repair the harm (to the extent possible) experienced by the Complainant and/or the University community.

B. Availability of Informal Resolution Process

1. The University will not require that the Parties participate in the Informal Resolution Process.
2. After a Formal Complaint is filed, the Title IX Coordinator may offer the Informal Resolution Process to the Parties in certain circumstances. The Title IX Coordinator reserves the right to determine whether the Informal Resolution Process is appropriate in a specific case.
 - a) The Informal Resolution Process is only available after a Formal Complaint is filed and only if all Parties voluntarily consent, in writing, to the Informal Resolution Process.
 - i. However, any time prior to agreeing to a resolution, any Party has the right to withdraw from the Informal Resolution Process and resume the Formal Resolution Process described in Section IX below.
 - b) The Informal Resolution Process is not available to resolve allegations of Sexual Harassment in which the Complainant is a student of the University and the Respondent is an employee of the University.
3. If the Parties voluntarily consent, the University may implement the Informal Resolution Process any time prior to reaching a determination regarding responsibility.

C. Notice of Availability of Informal Resolution Process

1. If the Informal Resolution Process is available, the Title IX Coordinator will issue Written Notice to the Parties disclosing:
 - a) The allegations;
 - b) The requirements of the Informal Resolution Process, including the circumstances under which it precludes the Parties from resuming a Formal Complaint arising from the same allegations;
 - c) Any consequences resulting from participating in the Informal Resolution Process, including the records that will be maintained or could be shared;
 - d) That either Party may withdraw from the Informal Resolution Process and resume the Formal Resolution process prior to agreeing to a resolution.

D. Resolution

After the Parties have agreed to an Informal Resolution Process, reached a resolution, and the Title IX Coordinator has accepted the result of that process, the resolution is binding, and the

Parties generally are precluded from resuming or restarting the Formal Resolution Process related to the Formal Complaint. No Party can appeal a binding resolution.

E. Timeframe

The University will make a good faith effort to complete the Informal Resolution Process within an average of sixty (60) to ninety (90) days, without jeopardizing the rights of a Party.

IX. Formal Resolution Process

A. Formal Complaint

1. A Complainant has the option to file a Formal Complaint against a Respondent alleging Title IX Prohibited Conduct and requesting that the University investigate those allegations. To file a Formal Complaint, the Complainant should contact the Title IX Coordinator and sign and submit the University's Formal Complaint form online, in person, or by email by contacting the Associate Vice Chancellor of Equal Opportunity & Title IX/Title IX Coordinator as follows:

Emily Babb, JD
University of Denver
Office of Equal Opportunity & Title IX
Driscoll Center South, Suite 30
2050 E. Evans Ave.
Denver CO 80208
303-871-7016
TitleIX@du.edu

2. When a Complainant does not wish to file a Formal Complaint on their own behalf, the Title IX Coordinator may, in their discretion, prepare and file a Formal Complaint by signing the Formal Complaint form. In assessing whether to file a Formal Complaint, the Title IX Coordinator will consider the following factors in evaluating such request(s): (1) the totality of the known circumstances, (2) the presence of any risk factors as outlined below, (3) the potential impact of such action(s) on the Complainant, (4) any evidence showing Respondent made statements of admission or otherwise accepted responsibility for the Prohibited Conduct, (5) the existence of any independent information or evidence regarding the Prohibited Conduct, and (6) any other available and relevant information.

Risk factors include

- a) Whether the Respondent has prior arrests, is the subject of prior reports and/or complaints related to any form of Prohibited Conduct, or has any history of violent behavior;
- b) Whether the Respondent has a history of failing to comply with any University No Contact Order, other University protective measures, and/or any judicial protective order;
- c) Whether Respondent has threatened to commit violence or any form of Prohibited Conduct;
- d) Whether the Prohibited Conduct involved multiple Respondents;

- e) Whether the Prohibited Conduct involved physical violence. Physical violence means exerting control over another person through the use of physical force. Examples of physical violence including hitting, punching, slapping, kicking, restraining, strangling, and brandishing or using any weapon;
- f) Whether the report reveals a pattern of Prohibited Conduct (e.g., by the Respondent, by a particular group or organization, around a particular recurring event or activity, or at a particular location);
- g) Whether the Prohibited Conduct was facilitated through the use of “date-rape” or similar drugs or intoxicants;
- h) Whether the Complainant is (or was at the time of the Prohibited Conduct) a minor (under 18);
- i) Whether any other aggravating circumstances or signs of predatory behavior are present.

When the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not the Complainant or otherwise a Party. While the Complainant may choose to not participate in the grievance process initiated by the Title IX Coordinator’s signing of a Formal Complaint, the Complainant will still be treated as a Party entitled to inspect and review evidence and to receive all notices, including the notice of allegations, the notice of hearing, and the notice of Outcome. At no time will the University coerce or retaliate against a Complainant in order to convince the Complainant to participate in the grievance process.

B. Dismissal of a Formal Complaint

1. The Title IX Coordinator will dismiss a Formal Complaint, and the University shall not conduct any investigation under these Procedures, if:
 - a) The conduct alleged in the Formal Complaint would not constitute Title IX Prohibited Conduct as defined by the University’s Discrimination and Harassment Policy even if proved; or
 - b) The conduct alleged in the Formal Complaint did not occur within the Scope and Jurisdiction of these Procedures, as described in Section II above.
 - c) The Title IX Coordinator, in their discretion, may dismiss a Formal Complaint, or any allegations therein, at any time during the investigation or hearing, if:
 - d) The Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein; and/or
 - e) The Respondent is not enrolled or employed by the University; and/or
 - f) Specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

The University also prohibits retaliation against any individual for the purpose of interfering with any right or privilege secured by University policy or law, or because the individual makes a good faith report or formal complaint, testifies, assists, participates, or refuses to participate in any manner in an investigation, proceeding, or hearing under the University's Comprehensive Discrimination & Harassment Procedures or Title IX Sexual Harassment Procedures.

B. Affirmative Action Program

In support of equal employment opportunity, the University develops written affirmative action plan for women, minorities, individuals with disabilities, and covered veterans. The University's plans are available at the Office of Equal Opportunity & Title IX ("the Office"), Driscoll Center South, Suite 30 2050 E. Evans Avenue Denver CO 80208. The Office is responsible for compliance with state and federal equal employment opportunity laws and affirmative action regulations. The Office is also responsible for implementing the University's [Discrimination and Harassment Policy](#), Affirmative Action Plan, including equal employment practices, monitoring, internal reporting, and receiving and responding to Complaints of discrimination, harassment or retaliation. University policy and equal employment opportunity/affirmative action regulations and laws protect all employees and applicants for employment from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation.

C. Pay Transparency Policy Statement

Employees are not prohibited from discussing their salaries and/or compensation with other employees and non-employees. The University will not discharge, discipline, or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. However, employees who have access to the compensation information of other employees or applicants as a part of their essential job functions cannot disclose the pay of other employees or applicants to individuals who do not otherwise have access to compensation information, unless the disclosure is (a) in response to a formal Complaint or charge, (b) in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or (c) consistent with the University's legal duty to furnish information. (41 CFR 60-1.35(c)).

D. Equal Pay and Pay Equity

The Equal Pay Act of 1963, as amended, prohibits sex discrimination in payment of wages to women and men performing substantially equal work, in jobs that require equal skill, effort, and responsibility under similar working conditions, in the same establishment. The University is also committed to the principle of pay equity, and expressly prohibits disparate pay on the basis of an employee's race, color, national origin, ancestry, age, religion, creed, disability, sex, sexual orientation, gender identity, gender expression, marital status, pregnancy, military enlistment, veteran status, or genetic information. The University prohibits pay discrimination based on sex, discriminatory pay practices based on sex, and sex discrimination affecting compensation.

2. Purpose

The Office of Equal Opportunity & Title IX established these Procedures to administer and enforce the University's [Discrimination and Harassment Policy](#), and facilitate the University's compliance with applicable laws, including: Executive Order 11246; Title VI and Title VII of the Civil Rights Act of 1964; the Equal Pay Act of

1963; the Age Discrimination in Employment Act; Title IX of the Education Amendments of 1972; the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”), as amended by the Violence Against Women Reauthorization Act of 2013 (“VAWA”); the Age Discrimination Act of 1975; the Americans with Disabilities Act (“ADA”) of 1990 and as amended by ADA Amendments Act of 2008; the Rehabilitation Act of 1973; the Vietnam Era Veterans’ Readjustment Assistance Act (“VEVRAA”) of 1974; Uniformed Services Employment and Reemployment Rights Act (“USERRA”) of 1994; the Genetic Information Nondiscrimination Act (“GINA”) of 2008; Colorado Anti-Discrimination Act (“CADA”); Colorado Sexual Orientation Employment Discrimination Act (“SOEDA”); Colorado Prevention of Sexual Misconduct on Higher Education Campuses; Denver Municipal Ordinances; and other applicable federal, state, and local anti-discrimination laws. The University policy and these Procedures are intended to comply with the requirements of these laws and applicable regulations.

Consistent with federal, state and local law, and the [University’s Discrimination and Harassment Policy](#), the University, through the Office of Equal Opportunity & Title IX, takes action to provide prompt and equitable resolution of reports of Prohibited Conduct, including:

- Discrimination (including pay discrimination) and Harassment on the basis of race, color, national origin, ancestry, age, religion, creed, disability, sex, sexual orientation, gender identity, gender expression, marital status, pregnancy, military enlistment, veteran status, or genetic information;
- Sexual Harassment and Gender-based Violence, where the allegations do not meet the criteria set forth in the University’s Title IX Sexual Harassment Procedures (“Title IX Procedures”);
- Failure to provide reasonable accommodations for disability, religion, or creed; and
- Retaliation against any individual or group of individuals involved in an investigation or resolution of a report under these Procedures and/or the Title IX Procedures.

The Office will consider, recommend, and implement Supportive Measures for the Parties and the community, conduct neutral investigations, promote accountability for violations of policies and procedures, and recommend other Remedies designed to eliminate Prohibited Conduct, prevent its recurrence, and address its effects.

The Office is responsible for administering these Procedures. Any inquiries about these Procedures should be referred to the University’s Associate Vice Chancellor of Equal Opportunity & Title IX/Title IX Coordinator (Associate Vice Chancellor)¹ or the Assistant Secretary of the U.S. Department of Education for the Office of Civil Rights, who may be contacted as follows:

3. Scope and Jurisdiction

These Procedures apply to Discrimination/Harassment Prohibited Conduct as defined by the University's [Discrimination and Harassment Policy](#) that was reported on or after the effective date of these Procedures August 16, 2021 and supersede any conflicting information in any other University policy with respect to the definitions and procedures applicable to alleged Prohibited Conduct. The University will apply the definitions and procedures in place at the time the conduct is alleged to have occurred.

All members of the University of Denver community are subject to these Procedures, including students, employees, and third parties. Students are defined under the Discrimination and Harassment Policy and these Procedures as any individual registered for or auditing classes at the University; enrolled in any University program; or on University premises for any purpose related to the same regardless if the class, program or other education activity is credit earning or part of a degree or non-degree program ("Students"). For purposes of these Procedures, an individual is considered a Student if they have completed the immediately preceding term and are enrolled for a subsequent term or program; and if they are representing the University between terms or programs; or, if they are not officially enrolled for a particular term, they have a continuing relationship with the University. University employees are defined under the Discrimination and Harassment Policy and this Procedure as all full-time and part-time faculty, University staff, student employees, wage (including temporary employees), professional research staff, and post-doctoral fellows ("Employees"). Third parties are defined under the Discrimination and Harassment Policy and this Procedure as consisting of contractors, vendors, visitors, applicants, or other third parties ("Third Parties."). These Procedures apply to all Discrimination/Harassment Prohibited Conduct that occurs on University Premises. In some cases, the Title IX Procedures may also apply to Prohibited Conduct that occurs on University Premises. These Procedures may apply to Discrimination/Harassment Prohibited Conduct that occurs off campus, including online or electronic

conduct, if the University finds that the conduct:

- a. occurred in the context of an employment or education program or activity of the University;
- b. had continuing adverse effects on University Premises, including posing a reasonable risk of harm to the community; or
- c. had continuing adverse effects in an employment or education program or activity off University Premises. Examples of covered employment or education program or activity include but are not limited to University-approved study abroad programs, athletic competitions, research or internship programs.

The Associate Vice Chancellor, in their sole discretion, shall determine whether these Procedures or the Title IX Procedures, or both, apply to the Prohibited Conduct.

For students, these Procedures apply to conduct that takes place from the date on which the student is admitted at the University and until the student withdraws or graduates, including periods during any leaves of absence, term breaks, and between terms. For faculty and staff, these Procedures apply to conduct that takes place from the date on which the individual accepts an offer of employment until their employment ceases. If a student graduates or withdraws or an employee voluntarily resigns prior to final resolution of any matter, the Office may retain jurisdiction and the discretion to address the matter as necessary to fulfill the University's obligations under applicable laws and regulations.

Third parties, including visitors to and guests of the University, are both protected from and subject to the restrictions on Discrimination/Harassment Prohibited Conduct, as defined in these Procedures. However, visitors and guests do not have any contractual rights pursuant to these Procedures. Visitors and guests may initiate a report of Prohibited Conduct committed against them by members of the University community, but visitors and guests are limited in their rights pursuant to these Procedures. The University can trespass visitors and guests who have been alleged to have engaged in Discrimination/Harassment Prohibited Conduct without any rights to the resolution processes described in these Procedures. Further, members of the University community who host guests may be held accountable for the misconduct of their guests pursuant to applicable University policies.

Board of Trustees and/or Chancellor-approved University policies will prevail when a conflict exists between these Procedures and applicable Board of Trustees and/or Chancellor-approved University policies.

Education program or activity includes the locations, events, or circumstances over which the University exercised substantial control over both the Respondent and the context in which the Title IX Prohibited Conduct occurs, and also includes any building owned or controlled by a student organization that is officially recognized by the University. The [Title IX Sexual Harassment Procedures](#) apply to reports of Title IX Prohibited Conduct.

Discrimination/Harassment Prohibited Conduct includes the following specifically defined forms of alleged conduct—Discrimination on the basis of a Protected Status, Discrimination in violation of the Equal Pay Act, Harassment on the basis of a Protected Status, Non-Consensual Sexual Contact, Non-Consensual Sexual Intercourse, Sexual Exploitation, Intimate Partner Violence, Stalking, Physical Misconduct based on a protected status, Failure to Inform Supervisor of a Consensual Sexual Relationship with a Student or Supervisee, Retaliation, and Obstruction—when such conduct does not meet the definition of Title IX

The [Comprehensive Discrimination and Harassment Procedures](#) apply to reports of Discrimination/Harassment Prohibited Conduct.

6. Reporting

The University has a strong interest in supporting community members who experience Discrimination, Harassment, or Gender-based Violence. The University encourages all individuals or Witnesses to report any incident to the University and, if the incident involves potential criminal conduct, to also report to law enforcement. Individuals have several reporting options within and outside the University. Individuals may pursue these options simultaneously or any one of them separately.

Making a report under these Procedures means telling someone in authority what happened, in person, by telephone, in writing, or by email. Deciding whether to make a report and choosing how to proceed are personal decisions. At the time a report is made, a Complainant does not have to decide whether or not to request any particular course of action, nor does a Complainant need to know how to label what happened. The University provides support to assist each individual in making these important decisions and, to the extent legally possible, will respect an individual's autonomy in deciding how to proceed. In this process, the University will balance the individual's interest with the University's obligation to provide a safe and non-discriminatory environment for all members of the University community.

The University will review and address all reports in a fair and impartial manner and treat all individuals involved with dignity and respect. In every report under these Procedures, the University will make an immediate assessment of any risk of harm to the University or to the broader University community and will take steps necessary to address those risks. These steps may include Supportive Measures to provide for the safety of the individual and the University community. The University may place a non-student employee Respondent on administrative leave during the pendency of an investigation or other resolution under these Procedures. The University, in its discretion and based on the circumstances, will determine whether to impose any administrative leave with or without pay or benefits.

If a report of Prohibited Conduct discloses a serious and immediate threat to the University community, the University's Division of Campus Safety will issue a timely notification to protect the health or safety of the community as required by the Clery Act. The notification will not include the Complainant's name. Pursuant to the Clery Act and VAWA, the Office of Equal Opportunity & Title IX will provide anonymous statistical information regarding reported criminal incidents to the University's Division of Campus Safety for inclusion in the Daily Crime Log and in the University's Annual Security Report. The University may also share aggregate data about reports, Outcomes, and/or Disciplinary Action without including personally identifiable information.

A. Reporting to Law Enforcement

The University encourages Complainants to contact local law enforcement to report incidents of Prohibited Conduct that may also be crimes under state criminal statutes. The University will assist a Complainant, at the

Complainant's request, in contacting local law enforcement and will cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process. The University encourages all individuals to seek assistance from a medical provider, as needed, and/or law enforcement immediately after an incident of Sexual Harassment, whether or not the individual plans to pursue criminal action. This facilitates preservation of evidence and a timely response by law enforcement and/or the University.

The University's definitions, burden of proof, and procedures differ from federal and state criminal law. The University is not bound by law enforcement's determination whether or not to prosecute a Respondent nor the outcome of any criminal prosecution. The University will independently determine under these Procedures whether Prohibited Conduct has occurred. The University may undertake any process under these Procedures prior to, simultaneously with or following civil or criminal proceedings.

B. Reporting to the University

The University will refer all reports of Prohibited Conduct to the Office of Equal Opportunity & Title IX to facilitate consistent application of these Procedures to all individuals and to allow the University to respond promptly and equitably to eliminate discrimination, harassment, or gender-based violence, prevent its recurrence, and eliminate its effects. At any time, any person may report Prohibited Conduct, in person, by mail, by telephone, by electronic mail or other electronic submission to the Office of Equal Opportunity & Title IX, or by any other means that results in the Associate Vice Chancellor receiving the person's verbal or written report.

The University encourages Complainants to report incidents of Prohibited Conduct directly to the Office of Equal Opportunity & Title IX by:

To promote timely support for all Parties and an effective and consistent University response, any Responsible Employees who receives a report of alleged Prohibited Conduct must promptly report the alleged Prohibited Conduct, including all known details of the incident (including the date, time, location, names of individuals, and details) to the Office of Equal Opportunity & Title IX, along with whether the incident has been previously reported to the Office of Equal Opportunity & Title IX. Responsible Employees are defined in the University's

Reporting by University Employees on Disclosures Relating to the University's Discrimination and Harassment Policy and include but are not limited to

1. Members of the Board of Trustees
2. Chancellor
3. Provost
4. Senior Vice Chancellors
5. Vice Chancellors
6. Associate Vice Chancellors
7. Vice and Associate Provosts
8. Deans, Associate Deans and Assistant Deans
9. Directors
10. Department Chairs
11. Campus Safety personnel
12. Athletics & Recreation personnel (including paid and unpaid coaches)
13. Student Affairs & Inclusive Excellence personnel (including Resident Assistants, Graduate Resident Directors, and Resident Directors)
14. Faculty and Staff (including Graduate Teaching Assistants)
15. Advisors to student groups (including those who are not otherwise employees of the University; e.g. fraternity or sorority advisors). and
16. Any other administrator, faculty, or staff member

C. Anonymous Reporting

Any individual other than a Responsible Employee can make a report without disclosing one's own name, identifying the Respondent, or requesting any action. Depending on the level of information available about the incident or the individuals involved, the University may not be able to fully respond or take further action in response to an anonymous report. Anonymous reports are referred to Division of Campus Safety or the Associate Vice Chancellor for review for appropriate action. The University will review all anonymous reports, and where there is sufficient information, include applicable information in Clery Act reporting.

D. Timeliness and Location of Incident

Although there is no time limit on reporting Prohibited Conduct, the University encourages Complainants and other individuals to promptly report allegations of Prohibited Conduct, preferably within 180 days of the last incident of Prohibited Conduct. Delays in reporting can prevent the University from gathering evidence sufficient to initiate an investigation or reach a determination of responsibility. If the Respondent is no longer a student or employee, the University may not be able to impose Outcomes and/or Disciplinary Action against the Respondent. Nevertheless, the University will still seek to provide Supportive Measures for a Complainant and take steps to end the Prohibited Conduct, prevent its recurrence, and address its effects.

The University also encourages the reporting of conduct occurring off University Premises including online or electronic conduct that occurred in the context of an employment or education program or activity of the University, or that has continuing adverse effects on University Premises or on an off-campus employment or education program or activity, so that the University may address under these Procedures or other University policies and procedures, as applicable.

E. Amnesty for Personal Use of Drugs or Alcohol

The University has a concern and responsibility for preserving the well-being of all members of the University

community. Because the health and safety of students are of primary importance to the University, students are expected to not only look out for their own health and safety, but also the safety of their peers. Students are expected to take immediate action when a person's health or safety is threatened. Accordingly, the University recognizes that students may be reluctant to seek assistance from a University official or emergency services after experiencing Prohibited Conduct or may be reluctant to seek assistance for others who may have experienced Prohibited Conduct, because they fear being held responsible by the University for an alcohol or drug violation under the [Honor Code](#) related to the incident.

The University generally will not pursue disciplinary action against a student who makes a good faith report to an University official, contacts emergency services, or who participates as a Party or Witness in the grievance process related to Prohibited Conduct, for personal consumption of alcohol or other drugs that would otherwise be a violation of the Honor Code, provided the misconduct did not endanger the health or safety of others. The University may, however, engage in an assessment or educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use. The University also provides Medical Amnesty as set forth in the Honor Code.

F. Protection of Minors and Mandatory Reporting of Suspected Child Abuse

The University promptly reports all suspected child abuse and neglect, including sexual assault, to law enforcement and/or to the Denver Department of Human Services toll-free child abuse and neglect hotline at 720-944-3000. All University employees must report suspected child abuse and neglect to the Division of Campus Safety as follows:

1. If a child is in immediate danger, call the police (911)
2. If there is no immediate danger, call the University of Denver Division of Campus Safety at 303-871-3000.

For the purposes of this reporting obligation, a child is any person under the age of 18, and the suspected abuse may involve physical, sexual, or other forms of abuse or neglect, regardless of the identity of the suspected perpetrator. The duty to report is triggered by reasonable suspicion or belief and does not require actual evidence of abuse. An employee, student, or volunteer is not responsible for investigating suspected child abuse.

G. The Division of Campus Safety will assist in making the mandated child protective services report to Denver Police Department (720-913-2000), and Denver Child Protective Services (720-944-3000).

7. Resources

The University encourages all individuals to seek the support of on- and off-campus resources, regardless of when or where an incident occurred. Trained professionals can provide guidance in making decisions, information about available resources, procedural options, and assistance to either party in the event that a report and/or resolution is pursued under these Procedures. The University is committed to treating all members of the community with dignity, care, and respect. Any individual affected by allegations of Prohibited Conduct whether as a Complainant, a Respondent, or a Witness, will have equal access to support consistent with their needs and available University resources.

Any participant may request reasonable assistance or support (i.e., for disability, language barriers, or location/proximity concerns) to allow their full participation in any process under these Procedures. A

participant must submit such requests to the Office of Equal Opportunity & Title IX in a timely manner at least 72 hours before any meeting time. For interpreting or Communication Access Realtime Translation (CART) services, requests should be made as soon as possible.

For employees, visitors, or guests, please contact the ADA Coordinator. For student academic and non-academic accommodations based on a disability, medical condition, or mental health condition, please see the Disability Services Program Handbook for Students with Disabilities, Medical, and Mental Health Conditions.

8. Privacy & Confidentiality

The Office of Equal Opportunity & Title IX is not a confidential resource. For any report of Prohibited Conduct, the University will respect and safeguard the privacy interests of all individuals involved balanced with the need for a careful assessment of the allegation and any necessary steps to eliminate the conduct, prevent its recurrence, and address its effects.

Information related to a report under these Procedures may be shared with those University employees who have a need to know in order to offer Supportive Measures or assist in or conduct the active response, review, investigation, or resolution of the report. Information regarding a report by a student or employee will not be shared with the Complainant's or Respondent's parents, guardians, or a third party unless permissible for a student under the Family Education Rights and Privacy Act (FERPA). The University will not release information, including the identity of the parties, from proceedings under the Procedures except as required or permitted by law or University policy.

Confidentiality means that a client or patient (including students, staff, and faculty) sharing information with a designated confidential campus or community professional can expect that the professional will only disclose such information with the individual's express written permission, unless there is a continuing threat of serious harm to the patient/client or to others, or there is a legal obligation to reveal such information (e.g. where there is suspected abuse or neglect of a minor). An individual can seek confidential assistance and support by speaking with specially designated confidential resources.

9. Initial Assessment, Intake, and Consolidation

A. Initial Assessment

When the Office of Equal Opportunity & Title IX receives a report of Prohibited Conduct, the Associate Vice Chancellor or designee (e.g. Deputy Title IX Coordinator or Deputy Equal Opportunity Coordinator) will conduct an initial assessment of the reported information to facilitate an integrated and coordinated response to reports of Prohibited Conduct under these Procedures. As part of the initial assessment, the Associate Vice Chancellor will:

1. As applicable, evaluate any immediate health or safety concerns raised in the report, in consultation with the Division of Campus Safety, to determine if the Clery Act requires the Division of Campus Safety to include non-identifying information in the University's Daily Crime Log and/or to make a timely notification to the University community. Assess the report to determine whether the conduct alleged in the report, if proved, would constitute Prohibited Conduct as defined by the University's Discrimination and Harassment Policy;
2. Consider the Complainant's expressed preference for resolution; and
3. Determine whether any Supportive Measures are appropriate to address the Complainant's

safety, wellbeing, and continued access to educational and employment opportunities, as applicable.

If the Associate Vice Chancellor concludes that the allegations contained in the report would not fall within the scope of Prohibited Conduct under the University's Discrimination and Harassment Policy, the Associate Vice Chancellor will, as appropriate, refer the matter to the applicable administrator, provide the Complainant with resources, and/or close the matter.

B. Intake

After the initial assessment, the Associate Vice Chancellor may request an intake meeting with the Complainant. The University will consider the Complainant's expressed preference for the manner of resolution while balancing the University's obligation to promote a safe and non-discriminatory environment for all members of the University community. The University may use information gathered during the intake process in an investigation. As part of intake, the Associate Vice Chancellor or designee will:

1. Review the University's [Discrimination and Harassment Policy, Section 3.10.010](#) and these Procedures, discuss the expectations and responsibilities of a Complainant, and answer any questions that the Complainant may have;
2. Notify the Complainant of the right to make a report (or decline to make a report) with law enforcement if the conduct may also constitute a crime(s) under state criminal statutes and, if requested, assist the Complainant with notifying law enforcement;
3. Notify the Complainant of the availability of medical treatment to address any physical and mental health concerns and to preserve evidence;
4. Provide the Complainant with information about:
 - a. On-and off-campus resources;
 - b. The available range of Supportive Measures, when appropriate;
5. Provide an explanation of the procedural options, including informal resolution, investigation, and the possibility of Disciplinary Action and/or Outcomes;
6. Discuss the Complainant's expressed preference for the manner of resolution and any barriers to proceeding in that manner;
7. Explain the University's prohibition on Retaliation; and
8. Explain the role of a support person or advisor.

Although the University will consider a Complainant's request for anonymity, the University may not be able to fully investigate and respond to a report if the Complainant requests that their name not be disclosed to the Respondent or declines to participate in an investigation. The University will consider Complainant's request for anonymity as one of many factors in determining the appropriate means for resolution of the reported conduct. The University may be unable to honor such a request in certain circumstances in order to adequately fulfill the University's obligations to promote a safe and non-discriminatory environment. When the Associate Vice Chancellor consider whether the Complainant's resolution preferences may be honored, the Associate Vice Chancellor will consider the following factors in evaluating such request(s): (1) the totality of the known circumstances, (2) the presence of any risk factors as outlined below, (3) the potential impact of such action(s) on the Complainant, (4) any evidence showing Respondent made statements of admission or otherwise accepted responsibility for the Prohibited Conduct, (5) the existence of any independent information or evidence regarding the Prohibited Conduct, and (6) any other available and relevant information.

Risk factors include

- Whether the Respondent has prior arrests, is the subject of prior reports and/or complaints related to any form of Prohibited Conduct, or has any history of violent behavior
- Whether the Respondent has a history of failing to comply with any University No Contact Order, other University protective measures, and/or any judicial protective order
- Whether Respondent has threatened to commit violence or any form of Prohibited Conduct
- Whether the Prohibited Conduct involved multiple Respondents
- Whether the Prohibited Conduct involved physical violence. Physical violence means exerting control over another person through the use of physical force. Examples of physical violence including hitting, punching, slapping, kicking, restraining, strangling, and brandishing or using any weapon
- Whether the report reveals a pattern of Prohibited Conduct (e.g., by the Respondent, by a particular group or organization, around a particular recurring event or activity, or at a particular location)
- Whether the Prohibited Conduct was facilitated through the use of “date-rape” or similar drugs or intoxicants
- Whether the Complainant is (or was at the time of the Prohibited Conduct) a minor (under 18)
- Whether any other aggravating circumstances or signs of predatory behavior are present

When a Complainant does not wish to file a Complaint on their own behalf, or when the Office has received multiple reports or identifies a pattern of concerning conduct, the Associate Vice Chancellor may, in their discretion, proceed with an inquiry or investigation in which the University is the Complainant. When making this decision, the Associate Vice Chancellor will balance the autonomy of the Complainant with the University’s responsibility to investigate and consider the factors set forth in the paragraph above. When the University is the Complainant, a Reporting Party is treated as a complaining Witness and will only see their statement and be informed of the outcome of the investigation. The University will not coerce or retaliate against a Reporting Party to persuade them to participate in the investigation.

C. Consolidation

1. The Associate Vice Chancellor has the discretion to consolidate multiple reports against a Respondent into one Investigation or multiple Complaints where the allegations of Prohibited Conduct arise out of the same facts or circumstances.
2. The Associate Vice Chancellor may, in consultation with other University administrators, elect to consolidate the investigation of Complaints under these Procedures with complaints of violations of other University policies where the allegations arise out of the same facts or circumstances.
 - a. For purposes of such consolidation, the Investigator may conduct a single investigation.
 - b. Following the completion of the investigation, the University may decide, in its sole discretion, whether to proceed with all allegations under these Procedures or whether to proceed with the allegations related to violations of other University policies under the applicable procedures.
3. The Associate Vice Chancellor may also consolidate a single Complainant or multiple Complainants, a single Respondent or multiple Respondents, and allegations of conduct that is temporally or logically connected.

4. If Complaints involving multiple Complainants and/or multiple Respondents are consolidated, each Party will have access to all of the information being considered, including information provided by all involved Complainants, all involved Respondents, and all involved Witnesses.
5. The University will communicate the chosen course of action to the parties.
6. The decision to consolidate Complaints is not subject to appeal.

10. **Advisors and Support Persons**

Throughout the entire process, the Complainant and Respondent have the right to be assisted by one advisor of their choosing and one support person of their choosing.

Advisors or support persons may not:

1. Be Witnesses;
2. Present information on behalf of any Party;
3. Submit documents on behalf of any Party;
4. Discuss any matter directly with University administrators or Investigator in the absence of the Party they are assisting;
5. Advocate, argue or otherwise represent any Party or position; or
6. Otherwise actively participate in any proceeding.

Where a Party is a student, prior to an advisor or support person participating in any meeting or receiving any documents as part of any process under these Procedures, the Party must execute a FERPA waiver permitting the advisor or support person to have access to the Party's education records related to the process. Advisors and support persons may accompany and be present at any meeting or interview and may consult directly with the Party whom they are assisting in a way that does not disrupt or delay the meeting or interview.

The University will not allow advisors or support persons the opportunity to review any document or to attend any meeting in the absence of the Party they are assisting. The University may exclude advisors or support persons who act in a manner contrary to these limitations or otherwise disrupt any proceeding from that proceeding and/or future proceedings. Although a licensed attorney is permitted to serve as an advisor and/or support person at any stage in the process under these Procedures, their participation in the process is subject to the limitations described above.

If an investigation involves allegations of both Title IX Prohibited Conduct under the Title IX Procedures and Prohibited Conduct under these Procedures, the Title IX Procedures will govern the use of advisors and support persons.

11. **Supportive Measures**

- A. Supportive Measures are available regardless of whether the matter is reported to the University for purposes of initiating any formal grievance proceeding and before, after, and regardless of whether a Complaint is filed. A Complainant who requests Supportive Measures retains the right to file a Complaint, either at the time the Supportive Measure is requested or at a later date.
- B. Supportive Measures are designed to restore or preserve equal access to the University's Education Program or Activity without unreasonably burdening the other Party. Supportive Measures are not

punitive in nature and designed to protect the safety of all Parties or the University's educational environment, as well as to deter sexual harassment.

- C. Supportive Measures may include, but are not limited to
 - 1. Counseling through the MySSP Student Support Program
 - 2. Assistance in seeking academic assistance, including modified class schedules (including transfer to another section), permission to withdraw from and/or retake a class or attend a class via alternative means (e.g., online or independent study) and extension of assignment deadlines or other course-related adjustments
 - 3. Assistance in modifying University employment arrangements, including changes in work schedules, job assignments, work locations, and/or assigned parking
 - 4. Campus escort services
 - 5. Mutual restrictions on contact between the Parties
 - 6. Assistance in requesting leaves of absence
 - 7. Modifications to University housing arrangements, including immediate temporary relocation to safe living quarters and/or permanent reassignment of on-campus housing
 - 8. Assistance in arranging a meeting with law enforcement to discuss reporting or safety planning
 - 9. Assistance in modifying assigned parking
 - 10. Increased security and monitoring of certain areas of the campus
 - 11. Any other remedy which can be tailored to the involved individuals to achieve the goals of these Procedures
- D. Upon receiving a report or allegation of Prohibited Conduct, the Associate Vice Chancellor will promptly contact the Complainant to discuss the availability of Supportive Measures, Complainant's wishes with respect to Supportive Measures, and the process for pursuing resolution pursuant to these Procedures. The Associate Vice Chancellor will consult with other relevant University administrators to determine whether any Supportive Measures are appropriate to protect the safety, well-being, and continued access to educational and employment opportunities. The Associate Vice Chancellor will offer, or arrange that Supportive Measures are offered, to the Complainant and that the Complainant's wishes with respect to appropriate Supportive Measures are considered. In addition to the Complainant, the Respondent and other Witnesses may also receive Supportive Measures, as appropriate and reasonably available, without fee or charge. The Associate Vice Chancellor will serve as the point of contact for any individual requesting Supportive Measures.
- E. The Associate Vice Chancellor may determine the necessity of Supportive Measures concerning an employee's job conditions, academic adjustments for a student, or student housing assignments. Where the Supportive Measures may affect the other Party's participation in the University's Educational Program or Activity, the Associate Vice Chancellor will consult with the Vice Chancellor of Human Resources, the Vice Chancellor for Student Affairs or their designee, or appropriate faculty and/or administrators, as applicable. The Associate Vice Chancellor will notify the leadership of the relevant unit to implement the Supportive Measures. The Associate Vice Chancellor is responsible for coordinating the effective implementation of Supportive Measures.
- F. The University will maintain as confidential any Supportive Measures provided to the Complainant or Respondent, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the Supportive Measures.

- G. The University will consider Supportive Measures on a case-by-case basis at the time of reporting and throughout the resolution process. Supportive Measures should not unduly interfere with a Complainant's or Respondent's academic progress or employment duties beyond that deemed necessary to protect the University, any member of the University community, or the University's mission. The University will balance these interests by carefully considering the facts of each case.
- H. Supportive Measures do not include Disciplinary Actions or Outcomes. The University shall not impose Disciplinary Actions or Outcomes on a Respondent unless and until a determination regarding responsibility for Prohibited Conduct is made at the conclusion of the investigation.
- I. The University may remove a Respondent from its Education Program or Activity on an emergency basis if the University:
 - 1. Undertakes an individualized safety and risk analysis;
 - 2. Determines that an immediate threat to the physical health or safety of the Parties or any other student or other individual arising from the allegations of Prohibited Conduct justifies removal; and
 - 3. Provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal.

12. Types of Resolutions

The Associate Vice Chancellor, in consultation with other University administrators as appropriate, is responsible for determining the appropriate means of resolution based on the circumstances of each report. The University may resolve reports in one of the following manners:

- 1. Inquiry
- 2. Informal Resolution
- 3. Formal investigation

In making the determination of what type of resolution will be used, the Associate Vice Chancellor may consider factors such as

- 1. The nature, scope, and severity of the alleged Prohibited Conduct, including whether the reported Prohibited Conduct involved harassment, discrimination, or physical violence (with additional consideration for the use of a weapon);
- 2. Whether the incident involved a minor (under 18);
- 3. The respective roles of the Complainant and Respondent;
- 4. The risk posed to any individual or to the University community by not proceeding, including the risk of additional violence;
- 5. The degree of harm or the ramifications of the alleged Prohibited Conduct on the Complainant or University community;
- 6. Whether there have been other reports regarding alleged Prohibited Conduct by the Respondent;
- 7. Whether the report reveals a pattern of alleged Prohibited Conduct at a given location or by a

- particular group;
- 8. The Complainant's preferred means of resolution;
- 9. The Complainant's willingness to participate in an investigation or other means of resolution;
- 10. If the Complainant is unwilling to participate, whether the University possesses other means to obtain relevant evidence;
- 11. The University's ability to identify a Respondent;
- 12. The facts that are reasonably in dispute;
- 13. The affiliation that the Complainant, Respondent, and other involved person(s) have with the University;
- 14. The University's obligation to promote a safe and non-discriminatory environment; and
- 15. The University's obligation to satisfy any other legal or regulatory requirements.

13. Inquiry

The Associate Vice Chancellor has the discretion and authority to determine that a report can be resolved through an inquiry process at the earliest stage after receiving a report. The Associate Vice Chancellor may initiate an inquiry to gather information and attempt to resolve the report. The Associate Vice Chancellor may also initiate an administrative review as part of the inquiry. Upon initiation of an administrative review, the Associate Vice Chancellor will notify the head of the unit of the commencement and scope of the review.

Following the inquiry, the Associate Vice Chancellor may refer the matter to the appropriate administrator and may suggest remedial action. The Associate Vice Chancellor also has the discretion to initiate a formal investigation where the inquiry cannot resolve the concern or when the information gathered indicates that a formal investigation is necessary.

When the Associate Vice Chancellor initiates an inquiry, the Associate Vice Chancellor may interview the Parties and/or Witnesses and gather evidence to determine the appropriate resolution necessary to prevent and correct any Prohibited Conduct under these Procedures. When the Associate Vice Chancellor determines that a concern will be handled through the inquiry process, the University will provide Complainant and Respondent with a written resolution of the inquiry that includes a summary of the rationale for such resolution and any recommendations made.

Unlike in a formal investigation, the Complainant and Respondent do not have the right to review all information gathered through the course of an inquiry. The Associate Vice Chancellor has the discretion to redact, remove, or summarize, including, but not limited to, personally identifiable information, personnel records, witness statements, and other evidence that the Associate Vice Chancellor determines would negatively impact the operation and mission of the University if disclosed to either Party.

14. Informal Resolution

A. Informal Resolution

Informal resolution is an alternative resolution process that does not include a full investigation. Informal resolution is typically a spectrum of facilitated, or structured, and adaptable processes between the Complainant, the Respondent, and/or other affected community members that seeks to identify and meet the needs of the Parties, acknowledge harm and seek to repair the harm (to the extent possible) experienced by the Complainant and/or the University community.

A. Availability of informal resolution for cases not involving Gender-based Violence:

1. The University will not require that the Parties participate in the informal resolution Process.
2. After receiving a Complaint, the Associate Vice Chancellor may offer the informal resolution process to the Parties.
3. The Associate Vice Chancellor reserves the right to determine whether the informal resolution process is appropriate in a specific case.
4. The University may offer informal resolution to take action through the imposition of individual and community remedies designed to preserve the parties' access to educational, extracurricular and employment activities at the University and/or to eliminate a hostile environment.
5. However, any time prior to agreeing to a resolution, any Party has the right to withdraw from the informal resolution process and resume the investigation described in Section 15 below. The Associate Vice Chancellor has the discretion to end the informal resolution process at any time before the resolution is finalized.

C. In cases of Gender-based Violence,

If the Associate Vice Chancellor determines that informal resolution process is appropriate, the Associate Vice Chancellor will issue Written Notice to the Parties disclosing:

1. The allegations.
2. The requirements of the informal resolution process, including the circumstances under which it precludes the Parties from resuming a Complaint arising from the same allegations.
3. The informal resolution process is only available if the Parties voluntarily consent in writing to the informal resolution process. If the Parties voluntarily consent, the University may implement the informal resolution process any time prior to reaching a determination regarding responsibility.
4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
5. That either Party may withdraw from the informal resolution process prior to agreeing to a resolution and resume the investigation.
6. The informal resolution process is not available to resolve allegations of Prohibited Conduct in which the Complainant is a student of the University and the Respondent is an employee of the University.

D. Resolution

After the Parties have engaged in an informal resolution process, reached a resolution, and the Associate Vice Chancellor has accepted the result of that process, the resolution is binding, and the Parties generally are precluded from resuming or restarting the Investigation related to the Complaint. No Party can appeal a binding resolution reached through the informal resolution process. However, the failure to complete the agreed terms of an informal resolution may result in the Office of Equal Opportunity & Title IX commencing or resuming a formal investigation and/or referral to the Office of Student Rights & Responsibilities or the Division of Human Resources & Inclusive Community.

E. For Students

Informal resolution will not result in Outcomes through the Outcome Council, but rather may take the form of education, coaching, mentoring, or other action steps that the Associate Vice Chancellor deems appropriate, in consultation with other University administrators as needed. For informal resolutions involving students, the University division, department, unit, or office responsible for taking action pursuant to the informal resolution must inform the Office that the action has been taken.

F. For Employee Respondents,

Informal resolutions may result in mandatory requirements in the form of education, coaching, mentoring, or other action steps that the Associate Vice Chancellor deems appropriate, in consultation with the employee's supervisor, the Division of Human Resources & Inclusive Community, and other University administrators. For informal resolutions involving mandatory requirements for University employees, the employee or the employee's supervisor, as applicable, must inform the Office of Equal Opportunity & Title IX the employee or the supervisor has completed the required action.

15. Formal Investigation

A. Initiation of an Investigation

After an initial assessment, the Associate Vice Chancellor has the discretion to determine whether an investigation pursuant to these Procedures is appropriate and/or to refer the alleged Prohibited Conduct to other units for resolution pursuant to applicable policies and/or procedures.

B. Fair and Equitable Process

All Complaints are presumed to be made in good faith, and all Complainants have the right to be taken seriously. A Respondent is presumed not responsible for alleged Prohibited Conduct unless and until a determination regarding responsibility for Prohibited Conduct is made at the conclusion of the investigation.

The Associate Vice Chancellor will designate an Investigator who may or may not be an employee of the University. Because the investigation is designed to provide a thorough, fair, and reliable gathering of the facts, any Investigator chosen to conduct the investigation must be impartial and free of any actual conflict of interest.

The Parties have two (2) days from receipt of the names of the Investigator to raise any objection to the Investigator based upon actual conflict of interest, bias, or prejudice. The Associate Vice Chancellor will assess the circumstances and determine whether to assign a different Investigator to the matter. The Party must specifically describe the purported conflict of interest or bias and provide any evidence to support this concern.

C. Notice of Investigation

After the Associate Vice Chancellor decides to move forward with a formal investigation, the Office of Equal Opportunity & Title IX will notify all parties (Complainant(s) and Respondent(s)) in writing that the Office has initiated an investigation. The Associate Vice Chancellor will notify the both parties in writing and invite them to an informational meeting to review the process and the resources available to them throughout the process. The notice letter will

1. Identify the Complainant(s) and Respondent(s);
2. Provide a concise summary of the of the alleged Prohibited Conduct (including when and where it occurred, if known) and specify the date, time (if known), location and nature of the alleged Prohibited Conduct and any other relevant conduct;

3. Notify the parties that an investigation has been initiated against the Respondent;
4. Identify the applicable Procedures;
5. Identify the assigned Investigator(s);
6. Inform the parties how to challenge participation by the Investigator(s) on the basis of bias or conflict of interest;
7. Identify the potential Prohibited Conduct violations;
8. Invite the parties to attend an informational meeting;
9. Explain that Retaliation is prohibited;
10. Inform the parties of the right to inspect and review evidence;
11. Instruct the parties to preserve any potentially relevant evidence in any format;
12. Include a statement that the Respondent is presumed not responsible for alleged Prohibited Conduct unless and until a determination regarding responsibility for Prohibited Conduct is made at the conclusion of the investigation;
13. Describe both parties' right to an advisor of their choice; and
14. For students, provide a statement that the Honor Code includes prohibitions on intentionally giving false or misleading information to a University official.

If, during the course of an investigation, the University decides to investigate additional allegations about the Complainant or Respondent relating to the same facts or circumstances, but that were not included in the earlier written notice, the University will provide written notice of the additional allegations to the Parties whose identities are known.

D. Informational Meeting

Each party wishing to participate in an informational meeting will have five (5) days after receiving notice to complete the informational meeting with the Associate Vice Chancellor before the investigation moves forward. At the informational meeting, the Associate Vice Chancellor will review these Procedures for the investigation, discuss the rights and responsibilities of a the party, and answer any questions that the party may have.

E. Participation and Interviews of Parties and Witnesses

No party or witness is required to participate in the formal investigation and the Investigator will draw no adverse inference from a decision by any party or witness not to participate; however, if either party declines to participate or limits the extent of their participation, such decision may limit the ability of the University to thoroughly investigate and resolve the Complaint. After completing the informational meeting, or upon the expiration of the deadline to have an informational meeting, the Complainant and Respondent will be invited to complete an initial interview with an Investigator. The initial interview must be completed within ten (10) days of the Investigator's request for an interview, or the investigation will move forward without the initial interview. The Investigator or Associate Vice Chancellor may grant extensions for good cause upon written request by a party.

The Investigator will record, with permission of the party or witness, and transcribe all interviews. For parties or witnesses who elect not to have their interview recorded, the Investigator will prepare a statement of the interview. The party or witness will be given the opportunity to review the interview statement of their own interview and correct spelling/grammar and factual errors and provide clarification if needed. The Investigator may address any substantive comments or corrections submitted in the investigative report.

The Investigator may have follow-up questions for the Complainant, Respondent, or Witnesses after their

respective initial interviews. Each participant will have a reasonable time to complete any follow-up interview requested by an Investigator, but if a follow-up interview is not completed within that time frame, the investigation will move forward.

F. Evidence

The investigation will be conducted in a manner that is respectful of individual privacy concerns. The Investigator, not the Complainant or the Respondent, is responsible for gathering relevant evidence to the extent reasonably possible. However, each party will be given the opportunity to identify Witnesses, provide other relevant information, such as documents, communications, photographs, and other evidence, and suggest questions to be posed to the other Party or Witness.

The Investigator will review all information the Parties identify or provide as well as any other evidence the Investigator obtains. The Investigator will determine the relevance, credibility, and probative value of the information developed or received during the investigation. The Investigator may exclude evidence that is not relevant, including but not limited to statements of personal opinion rather than direct observations or reasonable inferences from the facts and statements as to general reputation for any character trait, including honesty.

Witnesses must have observed the acts in question or have information relevant to the incident and cannot be participating solely to speak about an individual's character. The Investigator will review and determine the necessity of interviewing potential Witnesses.

In general, a person's medical and counseling records are confidential unless that person voluntarily chooses to share a licensed health care professional's direct observations of that person's physical or mental health condition. Additionally, personnel records are generally confidential; however, the Investigator may review relevant personnel records. If relevant, the Investigator will summarize the information from the confidential records in the preliminary report for both parties to review, and the Investigator will make available the relevant portions of such records, with appropriate redactions for the non-sharing Party's review. The Investigator may seek relevant information from other University offices, such as course evaluations, course syllabi and schedules, course materials, housing records, swipe card data, as appropriate for the investigation. The Investigator may visit relevant sites or locations and record observations through written, photographic, or other means.

The Investigator may consult experts who have no connection to the reported incident when expertise on a specific issue or submitted evidence is needed to gain a fuller understanding of the issue or of the relevance or value of the evidence. In instances where the Investigator plans to consult an expert, prior to such consultation, the Investigator will share the expert's identity with both Parties. The Parties have two (2) days from receipt of the name of the expert to raise any objection to the expert based upon actual conflict of interest, bias or prejudice. The Associate Vice Chancellor will assess the circumstances and determine whether to consult a different expert to the matter. The Party must specifically describe the purported conflict of interest or bias and provide any evidence to support this concern.

The Investigator will not accept or consider external investigations or reports from privately hired consultants (including, but not limited to, those conducted by private Investigators, polygraph examiners, or any person retained to offer opinions on how available evidence should be interpreted). This provision does not apply to external investigators or experts hired or consulted by the University pursuant to these Procedures.

In general, a Complainant's or Respondent's prior or subsequent sexual history is not relevant, and the Investigator will not consider such information during an investigation, provided that in a case involving Gender-based Violence the Investigator may consider evidence concerning specific incidents of the Complainant's prior sexual behavior with respect to the Respondent, when offered to prove Consent.

In gathering the facts, the Investigator may consider prior allegations, findings of responsibility for, or similar conduct by the Respondent to the extent that such information is relevant. The Investigator will determine relevance based on an assessment of whether:

1. The previous allegation or incident was substantially similar to the present allegation;
2. The information indicates a pattern of behavior and substantial conformity with that pattern by the Respondent; or
3. The Respondent was subject to a previous credible allegation, participated in an alternative resolution to a Complaint, and/or was previously found responsible for Prohibited Conduct.

Any Party seeking to introduce information about prior sexual history or pattern evidence (as identified above) should bring this information to the attention of the Investigator at the earliest opportunity. The University, through the Investigator, may choose to consider this information with appropriate notice to the Parties. Where a sufficient informational foundation exists, the Investigator, in consultation with the Associate Vice Chancellor, will assess the relevance, form, and reliability of the information.

G. Preliminary Report

After each Party has been provided the opportunity to be interviewed and to identify Witnesses and other potential information, and the Investigator has completed witness interviews and the gathering of evidence, the Investigator will prepare a preliminary report. The preliminary report will include, as applicable, the transcript or interview statement for Complainant, Respondent, and any witnesses, and either a copy or written summary of any other information the Investigator in their discretion deems relevant.

The Investigator will concurrently provide the Complainant and Respondent with access to review the preliminary report via the University's chosen cloud storage platform. The Complainant and Respondent have ten (10) days from the time they are given access to the preliminary report to submit any comments, feedback, additional documents, evidence, requests for additional investigation, names of additional Witnesses, or any other information they deem relevant to the Investigator. Each Party may meet with the Investigator to provide this additional information in lieu of or in addition to written comments. Although the Associate Vice Chancellor may grant an extension for good cause to both parties, upon written request, such an extension may cause University resolution to exceed the timeframe specified in these Procedures.

If the Investigator receives information from a Party in response to the preliminary report that warrants further substantive investigation or review, the Investigator, in consultation with the Associate Vice Chancellor, has the discretion to extend the investigation. If the Investigator extends the investigation, the Investigator will notify the Parties in writing, issue an amended preliminary report, and provide the Complainant and Respondent access to such report for review and comment for at least five (5) days.

H. Final Investigative Report

After receiving any comments submitted by the Complainant and/or Respondent, or after the comment period

has lapsed without receiving comments, the Investigator will address any relevant issues, pursue any additional investigative steps as needed, and issue a final investigative report.

The final investigative report will contain all information from the preliminary report, any response to the preliminary report submitted by the Complainant and/or Respondent, and any additional information gathered. If the Respondent admits responsibility, the Investigator's final investigative report may contain a short summary of the allegations and the Respondent's admission of responsibility.

The Investigator will make a determination based on a Preponderance of the Evidence whether there is sufficient evidence to support a finding of responsibility for a violation of the [Discrimination and Harassment Policy](#) (and where applicable any other relevant policies). The Investigator will provide the full rationale for the findings, including an analysis of the available information, in the final investigative report. The Investigator's determination will be based solely on the evidence contained within the final investigative report. The Associate Vice Chancellor will review and approve the final investigative report before the Investigator issues the report.

The Investigator will deliver the final investigative report and all attached materials to the Associate Vice Chancellor. The Associate Vice Chancellor will concurrently provide the Complainant and Respondent with access to review the final investigative report and all attached materials, including information submitted by the parties in response to the preliminary report and all information and materials gathered as additional investigative steps, which are not otherwise privileged via the University's chosen cloud storage platform. At the same time, the Associate Vice Chancellor will issue a determination letter to both parties indicating whether or not a Respondent was found responsible for Prohibited Conduct. The Associate Vice Chancellor will also send a copy of this letter to necessary administrators and supervisors. Where there is a determination of responsibility for Prohibited Conduct, the determination letter will contain information regarding the next steps for Disciplinary Action or Outcomes.

The Office of Equal Opportunity & Title IX may refer the final investigative report to University administrators for action pursuant to other applicable University policies and procedures, if appropriate.

I. Time Frames

1. The University will make a good faith effort to address and resolve all reports, exclusive of appeals, within an average of sixty (60) to ninety (90) days, without jeopardizing the rights of a Party.
2. To help facilitate completion of the investigation in a timely manner, the University has established time frames for certain components of the investigation. The time frame for resolution will depend on the availability of Witnesses, University breaks or vacations, complexities of a case, including the number of Witnesses and volume of information provided by the parties, as well as other considerations.
3. The University will strive to complete the process in a timely manner by balancing principles of thoroughness and fundamental fairness with promptness.
4. The University will provide regular updates to the Parties of the status of the investigation.
5. Complainants and Respondents have the right to determine whether, and to what extent, they will participate in the investigation. However, the investigation will move forward to the next stage whether or not a Party or Witness completes the identified component by the applicable time frame.

6. Based on extenuating circumstances, the Complainant and/or Respondent may seek an extension by written request to the Associate Vice Chancellor submitted prior to the original deadline. The Associate Vice Chancellor will have sole discretion to grant or deny the extension. The Associate Vice Chancellor may require proof to verify the circumstance(s) on which the request is based. The Associate Vice Chancellor will notify the parties of any extension granted. Where a time frame applies to both parties, the extension will be given to both parties.
7. The University's failure to meet any of the time frames outlined within these Procedures, or to provide written notice of the extension of these time frames, shall not be grounds for dismissing any allegations of Prohibited Conduct or for an appeal of any matter, nor shall such failure limit the University's ability to complete an investigation, issue findings, impose Outcomes, enact Disciplinary Actions, or limit the University's ability to take any other required administrative action under these Procedures.
8. At the request of law enforcement, the University may agree to temporarily defer part or all of its fact-gathering until law enforcement has completed its initial evidence-gathering phase. The University will nevertheless communicate with the Parties about resources and support, procedural options, anticipated timing, and the implementation of any necessary Supportive Measures to protect the safety, well-being, and continued equal access to a University education program, employment or activity.

16. Remedies/Disciplinary Action/Outcomes

A. Remedies

1. Remedies are designed to restore or preserve equal access to the University's Education Program or Activity.
2. Remedies may eliminate a hostile environment for the Complainant and/or provide safety protections for the Complainant or the University Community.
3. Remedies may be disciplinary or punitive.
4. Remedies may include arrangements that were provided as Supportive Measures during the investigation.
5. In the event the investigative report finds the Respondent responsible for Prohibited Conduct, in consultation with the Associate Vice Chancellor or other appropriate University officials, the Outcome Council (for Respondents who are students) or the University official(s) responsible for determining discipline (for Respondents who are not students) will determine Remedies.

B. Disciplinary Action

1. The following University officials will determine Disciplinary Actions:
 - a. For employees who are staff, the Respondent's supervisor or other responsible administrator will determine the appropriate Disciplinary Action in consultation with the Division of Human Resources & Inclusive Community and the Associate Vice Chancellor. The Respondent's supervisor, or the Division of Human Resources & Inclusive Community, shall determine the Disciplinary Action within ten (10) business days of receipt of the final investigation report and notify the Associate Vice Chancellor of the Disciplinary Action imposed. If the Respondent's supervisor requires additional time, they shall request an extension of time from the Associate Vice Chancellor. The Associate Vice Chancellor will inform the parties simultaneously and in writing of any extensions of time.

- b. For employees who are faculty, the Vice Provost for Faculty Affairs will determine the appropriate Disciplinary Action in consultation with the dean of the applicable college or school. The Vice Provost for Faculty Affairs shall determine the Disciplinary Action within ten (10) business days of receipt of the final investigation report and notify the Associate Vice Chancellor of the Disciplinary Action imposed. If the Vice Provost for Faculty Affairs requires additional time, they shall request an extension of time from the Associate Vice Chancellor. The Associate Vice Chancellor will inform the parties simultaneously and in writing of any extensions of time. Disciplinary Action involving faculty is further subject to the [Policies and Procedures Relating to Faculty Appointment, Promotion and Tenure](#).
- 2. In determining Disciplinary Action, the decision-maker has the following objectives:
 - a. Promoting safety and protecting the University community;
 - b. Sanctioning individuals for engaging in Prohibited Conduct and deterring them from similar future behavior;
 - c. Ending Prohibited Conduct;
 - d. Taking steps reasonably calculated to prevent the future reoccurrence of the Prohibited Conduct;
 - e. Restoring the Complainant to their pre-deprivation status, to the extent practical and possible.
 - 3. In determining Disciplinary Action, the decision-maker will consider whether the nature of the conduct at issue warrants removal from the University, either permanent (termination) or temporary (suspension). The decision-maker will also consider other factors including, but are not limited to,
 - i. the nature of the Prohibited Conduct at issue,
 - ii. the degree of physical violence (if any) associated with the Prohibited Conduct,
 - iii. the impact of the Prohibited Conduct on the Complainant or University community,
 - iv. prior disciplinary history of the Respondent or relevant or related criminal convictions (if known) (shared only upon a finding of responsibility for the allegation),
 - v. whether the Respondent has accepted responsibility for the Prohibited Conduct,
 - vi. previous University response to similar conduct, and
 - vii. the maintenance of a safe, nondiscriminatory, and respectful living, learning, and working environment;
 - viii. and any other mitigating, aggravating, or compelling factors.
 - 4. Disciplinary Action for employees may vary, up to and including termination of employment, based on the circumstances of the matter, and includes but is not limited to:
 - a. Prohibition from various academic or managerial responsibilities involving the Complainant or others;
 - b. Informal or formal coaching;
 - c. Training or education;
 - d. A letter of reprimand placed in a Respondent's personnel file;
 - e. Restrictions on a Respondent's access to University programs or facilities;
 - f. Limitations on merit pay or other salary increases for a specific period; or
 - g. Demotion, suspension, or dismissal/termination from the University, or a recommendation that a separate process required to impose such action be commenced. Such a process

shall rely on the written determination pursuant to these Procedures and may only address appropriate Disciplinary Action.

C. Outcomes if the Respondent who is a student is found responsible for Prohibited Conduct

1. The Associate Vice Chancellor will notify the Chair of the Outcome Council in writing when a finding of responsibility requires convening of the Outcome Council and provide the final investigation report and all related materials to the Outcome Council. The Associate Vice Chancellor will notify the parties in writing when the final investigation report is referred to the Outcome Council and provide the parties two (2) days from receipt of the names of the Outcome Council members to raise any objection to the Outcome Council members based upon actual conflict of interest, bias, or prejudice. The Associate Vice Chancellor will assess the circumstances and determine whether to assign a different Outcome Council member to the matter. The Party must specifically describe the purported conflict of interest or bias and provide any evidence to support this concern.
2. The Outcome Council will determine the appropriate Outcomes for the Respondent and Remedies for the Complainant. The criteria for selection of the Outcome Council are set forth in the [Honor Code](#).
3. In determining Outcomes, the Outcome Council has the following primary objectives:
 - a. Promoting safety or deterring individuals from similar future behavior;
 - b. Protecting the University community;
 - c. Ending the Prohibited Conduct;
 - d. Taking steps reasonably calculated to prevent the future reoccurrence of the Prohibited Conduct;
 - e. Restoring the Complainant to their pre-deprivation status, to the extent practical and possible.
4. The Outcome Council considers the following criteria in determining Outcomes to meet those objectives:
 - a. Nature and severity of the Prohibited Conduct;
 - b. The degree of physical violence (if any) associated with the Prohibited Conduct;
 - c. Number of Complainants;
 - d. Number of impacted individuals;
 - e. Prior Student Rights & Responsibilities history or relevant or related criminal convictions (if known) of the Respondent;
 - f. Whether the Respondent has accepted responsibility
 - g. The impact the Prohibited Conduct has had on the Complainant(s), University Community, community members, University and community safety, and University environment;
 - h. the maintenance of a safe, nondiscriminatory, and respectful living, learning, and working environment; and
 - i. Any other mitigating, aggravating, or compelling factors.
5. The range of Outcome includes:
 - a. Status Outcomes, including Warning, Probation, Deferred Suspension, Suspension, and Dismissal;
 - Educational Outcomes, including but not limited to Written Assignments, Worksheets, Programs & Activities; Interventions; Restrictions; and Referrals.
6. The Outcome Council will concurrently notify the Complainant, Respondent, their respective advisors (if any), and the Associate Vice Chancellor in writing of the remedies and outcomes

determined to be appropriate by the Outcome Council. The Outcome Council determination will provide both parties information on their right to appeal pursuant to these Procedures.

17. Appeal

A. Appealable Issues

Either Party may appeal a determination regarding responsibility. No other issue may be appealed.

B. Bases for Appeal

A Party may only appeal on one or more of the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence not reasonably available at the time the determination regarding responsibility was made that could affect the outcome of the matter;
 - a. This basis for appeal is not satisfied simply because evidence was not presented during the proceedings if the evidence was reasonably available at the time the determination was made.
3. The Associate Vice Chancellor, Investigator, or Outcome Council member(s) had a conflict of interest or bias for or against Complainants or Respondents generally, or the individual Complainant or Respondent, that affected the outcome of the matter.
4. Where the Respondent is a student, the Outcomes imposed are substantially disproportionate to the severity of the violation.

Mere disagreement with the decision is not grounds for appeal under these Procedures. The appellate process shall not re-hear a matter in part or in its entirety. In any request for an appeal, the burden of proof lies with the Party requesting the appeal.

C. Filing an Appeal

1. If a Party wishes to file an appeal, the Party must submit the appeal to the Associate Vice Chancellor in writing no later than five (5) days after the written determination letter or the Outcome Council Determination in matters (where the Respondent is a student and there is a finding of responsibility) is sent to the Party.
2. The written appeal must state with specificity:
 - a. The issues being appealed; and
 - b. The bases for the appeal
 - c. If new evidence is offered, the appeal must describe with specificity the new evidence and how it could affect the outcome of the matter.

D. Time Frame for Completion of Appeal

1. The University will make a good faith effort to complete the appeal within fifteen (15) days from receipt of the appeal.
2. The time frame for completion of appeal may be extended for good cause. If the time frame for completion of appeal is extended, the Associate Vice Chancellor will notify both Parties in writing of the delay or extension and the reasons for the delay or extension.

E. Appeal Procedure

1. After receiving a timely written appeal, the Associate Vice Chancellor will notify the Parties in writing:
 - a. That the appeal was submitted;
 - b. The opportunity for the Party who did not submit an appeal to:
 - i. Review the appeal statement of the other Party; and
 - ii. Submit a written statement in support of or challenging the issues being appealed within five (5) days of the date of the written notice of appeal.
2. The Appellate Officer shall not be the same person as the decision-makers that reached the determination regarding responsibility, the Investigator(s), the Associate Vice Chancellor, any member of the Outcome Council for the matter, or the University official(s) who determined Disciplinary Action in the matter.
 - a. The Appellate Officers are as follows:
 - i. For students, the Vice Chancellor for Student Affairs or designee;
 - ii. For employees who are staff, the Vice Chancellor for Human Resources or designee; and
 - iii. For employees who are faculty, the Provost and Executive Vice Chancellor or designee.
 - b. The University will notify both Parties of the identity of the Appellate Officer, and the Parties will have two (2) days from receipt of the name to raise any objection to the participation of the member based on a actual conflict of interest, bias, or prejudice. The Associate Vice Chancellor will assess the circumstances and determine whether to assign a different Appellate Officer to the matter. The Party must specifically describe the purported conflict of interest or bias and provide any evidence to support this concern.
3. The Appellate Officer will consider the appeal, including any written statements submitted by the Parties. The Appellate Officer may also consider the investigative report, including any Party's written response to the investigative report, but may not engage in independent fact finding such as interviewing the Parties or other Witnesses.
 - a. The Appellate Officer may take one of the following actions:
 - i. Deny the appeal based on not satisfying the Appeal Criteria and uphold the written determination issued following the hearing;
 - ii. Accept the appeal in whole or in part based on satisfying the Appeal Criteria and either:
 - iii. Send the matter back for supplemental investigation; or
 - iv. If the defect cannot be cured through supplemental investigation, then the Appellate Officer may order a new investigation; or
 - v. Dismiss the Complaint.
4. The Appellate Officer will prepare a written determination of appeal, which will describe the result of the appeal and the rationale for the result, and will provide the written determination to the Associate Vice Chancellor. The Associate Vice Chancellor will provide the written determination of appeal concurrently to the Parties.
5. The result of the appeal is final.

F. Grievance of Disciplinary Action for Employees

In addition to the appellate rights set forth in this Section 17, employees may file a grievance in accordance with the following procedures:

1. Faculty members may pursue their applicable rights pursuant to the Policies and Procedures Relating to Faculty Appointment, Promotion, & Tenure;
2. Staff may pursue a grievance pursuant to the Employee Grievance procedures outlined in the Employee Handbook; and
3. Employees who are subject to a collective bargaining agreement must pursue their grievance rights pursuant to that agreement.

18. Recordkeeping and Recordings

The Office of Equal Opportunity & Title IX documents each report or investigation of Prohibited Conduct, requests for assistance, and resolutions under these Procedures. Consistent with University's [Records Management Policy](#), the Office of Equal Opportunity & Title IX will maintain separate, secure records in order to track patterns and systemic behaviors. The University will not store records related to the investigation of any allegations of Prohibited Conduct in personnel files of employees reporting alleged conduct, and instead the Office of Equal Opportunity & Title IX shall retain such records in a separate, secure location. However, the University will document any disciplinary action taken against an employee found responsible for Prohibited Conduct in the employee's personnel file. The University will keep such records confidential to the extent permitted by law.

The University has the right to make electronic recordings of any meeting, interview, or other proceeding under these Procedures. Each Party, Witness, advisor, and support person is prohibited from making an electronic recording of any meeting, interview, hearing or other proceeding under these Procedures.

The University shall retain for a period of seven (7) years after the date of case closure or for Students seven (7) years from the completion of all Outcomes:

1. The official file relating to a formal resolution, including any investigation, sanctioning, and/or appeals processes involving allegations of Prohibitive Conduct.
2. In cases in which a Respondent was found to have violated the [Policy](#) and was dismissed or terminated, the University may retain such official case files indefinitely.

19. Additional Considerations

A. Responsibilities of Parties

Throughout their involvement in any process under these Procedures, the Complainant Respondent, Witnesses, as well as third parties, have the following responsibilities:

1. Provide the University with truthful information and operate in good faith with University officials.
2. Not engage in Retaliation or Obstruction against any person who is perceived to have participated in any process pursuant to these Procedures.
3. Notify one's advisor or support person of the time, date, and location of any meeting associated with any process pursuant to these Procedures. The Investigator is not required to reschedule meetings to accommodate an advisor or support person.
4. Provide notification to the Investigator that an advisor or support person will be present for meetings no later than 48 hours before the scheduled meeting.

5. Provide the University with accurate address and other contact information so that notifications are not unduly delayed.
6. Promptly open and read any communication from the Office of Equal Opportunity & Title IX, the Office of Student Rights & Responsibilities, or any other University administrator involved in any process pursuant to these Procedures.

B. External Agreements

The University will not recognize or enforce agreements between the Parties outside those contemplated by these Procedures. However, the University will recognize any lawful order of a local, state, or federal law enforcement or similar agency or any lawfully-issued protective or other order of a court or similar authority with appropriate jurisdiction.

C. External Resources

An individual who believes that they have been subjected to unlawful Discrimination, Harassment, Gender-Based Violence, or Retaliation has the right to file a complaint with an appropriate local, state, or federal agency, such as the U.S. Department of Education Office for Civil Rights (OCR), the Equal Employment Opportunity Commission (EEOC), or the Colorado Civil Rights Division (CCRD), within the agency's applicable time limits.

In addition, any person who is dissatisfied with the University's internal procedures for handling complaints, or with the result of the investigation or the Outcomes and/or Disciplinary Action imposed, may seek redress through these means to the extent allowed by law. The Complainant should be aware that filing a report with the Office of Equal Opportunity & Title IX or any other University office does not extend or postpone the deadline for filing with external agencies.

Any individual who believes that they have been discriminated against under the laws and regulations identified in these procedures, to meet the strict procedural timelines and the ability of the EEOC to investigate the complaint and protect the individual's right to file a private lawsuit, should promptly contact

University of Denver Honor Code

The Honor Code is the Student code of conduct that outlines the expectations, rights, and responsibilities of every Student at the University. This document provides information to support our Students in developing and demonstrating integrity, respect, and individual and community responsibility. All Students at the University should read this Honor Code carefully to understand the expectations, policies, and procedures that apply when a Student is alleged to have violated a policy. You are expected to know and to understand your **rights** as well as your **responsibilities** to be a positive contributor and successful community member at the University.

Honor Code Community Values

All members of the University of Denver community are expected to engage both individually and as community members with *Integrity, Respect, and Responsibility*. These values embody the standards of conduct for Students, faculty, staff, and administrators as members of the University Community. These community values are defined:

Integrity: acting in an honest and ethical manner.

Respect: honoring differences in people, ideas, experiences, and opinions; engaging with others in ways that demonstrate an appreciation of their rights and humanity.

Responsibility: accepting ownership for one's actions and choices; seeking opportunities to understand one's role in creating an inclusive environment as a University Student and global citizen; and when necessary, work to repair harm, restore trust, and acknowledge the impact of one's actions and choices.

A Community of Care

As a great private university dedicated to the public good, the University asks that all members of our Community commit to engaging with our values of respect, integrity, and responsibility. Our identities, our cultures, and humanity should be honored and respected. Members of the campus community have the **RIGHT** to be treated with respect and share the **RESPONSIBILITY** to behave with **INTEGRITY**, and to create a campus climate that honors free expression and inclusion.

Jurisdiction

The University will address alleged Student behavior and conduct that may have violated University Policies, including the Student Rights & Responsibilities (SRR) policies set forth in this document, regardless of where the alleged behavior and conduct occurred. The University, through the [Office of Student Rights & Responsibilities](#), has the authority to address off-campus Student behavior and conduct that disrupts neighbors, impacts the University mission, or negatively impacts the reputation of the University. Students hosting parties at off-campus residences are responsible for the activities occurring at or associated with their gatherings.

The Student Rights & Responsibilities process at the University is not intended to replace criminal or civil proceedings. It is a University administrative process and does not follow formal rules of evidence or rules of criminal or civil procedure as set forth in any federal, state, or local statute or regulation. **A Case Resolution Body will review and give appropriate weight to the information provided related to the incident. The Case Resolution Body will make determinations of responsibility for violations of the Honor Code based upon a finding of Preponderance of the Evidence – that the violation is more than likely or less than likely to have occurred.**

In cases of criminal or civil charges, the University may proceed with the SRR process as the University deems appropriate, regardless of any pending criminal charges or civil proceedings relating to the alleged violation. The University may not defer or postpone the SRR process based on concurrent criminal or civil proceedings. The University may still proceed with the SRR process even after the dismissal or reduction in criminal charges or civil proceedings related to the alleged violations.

The University may continue with the SRR process even if the Student withdraws from the University.

The University encourages the prompt Reporting of alleged violations of any policy; however, the University reserves the right to review any alleged violations, at any time, in furtherance of its goal to promote a safe and productive environment for all University Community members.

With approval from the [Vice Chancellor for Student Affairs or their designee](#), the [Office of Student Rights & Responsibilities](#) reserves the authority to pilot new programs, procedures, and/or resolution methods to best meet the needs of the ever-changing University Community. Participation in such piloted programs, procedures, and/or

resolution methods is voluntary.

The [Office of Equal Opportunity & Title IX](#) has the responsibility for addressing alleged violations of University Policies related to discrimination and harassment through its own procedures.

Students as Employees

Students may be involved in the University Community in different ways, such as Students who are also University employees. Such Students may be subject to other University Policies and expectations of behavior related to those other roles.

Students as Scholars

Students may also be members of academic programs with professional standards of conduct in addition to the University standards. The University may hold a Student responsible for alleged violations of both University Policies and the applicable professional standards through the SRR process. Students are responsible for knowing and following all applicable policies and standards.

Interpretation

The purpose of publishing the Honor Code is to give the University Community general notice of policies and procedures related to SRR. The Honor Code and included processes are designed to be educational and are not written with the specificity of a criminal code and should not be interpreted as such. The [Director of SRR](#) has the authority to interpret the Honor Code as it applies to Students with the [Vice Chancellor for Student Affairs](#) having the final authority to resolve disputes regarding the interpretation of the Honor Code.

Implementation

To better foster an environment of ethical conduct in the University Community, all community members are expected to take “Constructive Action,” that is, any effort to Report any behavior and conduct contrary to the Honor Code.

The [Chancellor](#) and the [Provost & Executive Vice Chancellor](#) grant authority to the [Office of Student Rights & Responsibilities](#) to resolve alleged violations of the Honor Code by Students. SRR is responsible for reviewing and evaluating Reports, assigning Alleged Policy Violations, investigating the incident(s), assessing findings, assigning status and educational Outcomes, and resolution of the incident. The Director of SRR may delegate this authority, or portions thereof, as necessary to maintain efficiency or address conflicts of interest. The SRR process is educational and provides Students the

opportunity to learn from their choices and actions and wherever possible repair any harm, restore trust, and acknowledge the impact of their choices and actions. [The Office of Equal Opportunity & Title IX](#) has jurisdiction to address conduct prohibited under the applicable University Policies & procedures.

For alleged violations of the Honor Code by members of the University Community who are not Students, the following policies and procedures govern:

- For faculty members: [The University's Policies and Procedures Relating to Faculty Appointment, Promotion, and Tenure](#)
- For non-faculty employees: The University of Denver's Human Resources [Employee Handbook](#)
- For trustees or the Chancellor: The By-Laws or other Board policies of the University of Denver

If there is any conflict or dispute concerning which policies and procedures govern in the enforcement of the Honor Code, the following University Officials shall resolve the conflict or dispute:

- Regarding faculty: The [Provost & Executive Vice Chancellor](#)
- Regarding non-faculty employees: The [Vice Chancellor for Human Resources](#)
- Regarding trustees or the Chancellor: The [Board of Trustees](#)

For alleged violations of the Honor Code by non-University Community members (e.g. visitors and guests), the [Vice Chancellor for Student Affairs](#) designates the [Office of Student Rights & Responsibilities](#) and the [Division of Campus Safety](#) to consult regarding further action to recommend to the [Vice Chancellor for Student Affairs](#) or their designee.

If there is any conflict or dispute concerning which policies and procedures govern in the enforcement of the Honor Code regarding non-University Community members, the [Vice Chancellor for Student Affairs](#) shall resolve the conflict or dispute.

Revision & Amendment

The Honor Code was developed and has been revised following input from a broad range of constituencies within the University. Revisions to the Honor Code may be made

to reflect the ever-changing community and circumstances facing the University.

The [Office of Student Rights & Responsibilities](#) staff annually reviews the Honor Code and recommends changes. All recommendations for substantive changes will be forwarded to the appropriate University administration, Faculty Senate, Undergraduate Student Government (USG), and/or the Graduate Student Government (GSG) for comment. The [Provost & Executive Vice Chancellor](#) and the [Vice Chancellor for Student Affairs](#) hold final authority to revise or amend the Honor Code. The [Office of Student Rights & Responsibilities](#) (SRR) will publish the Honor Code on the [SRR website](#) prior to the beginning of the academic term in which it takes effect.

In addition, upon recommendation from a Dean or the Faculty Senate, the [Provost & Executive Vice Chancellor](#), in their sole discretion and through consultations with other relevant administrators, may permit individual units or divisions of the University to create more stringent professional standards that pertain directly to the unit or division involved. However, individual units or divisions cannot lessen the standards set forth in the Honor Code. These additions must be published on an official University of Denver website and provided to those impacted including to the [Office of Student Rights & Responsibilities](#) to be utilized in the Student Rights & Responsibilities process when appropriate.

At times, changes to the Honor Code are made necessary outside the annual review due to changes in federal, state, or local statutes or regulations or to address pressing University needs. The [Office of Student Rights & Responsibilities](#) will recommend such changes to the [Provost & Executive Vice Chancellor](#) and the [Vice Chancellor for Student Affairs](#) for final approval. These changes will be communicated to the University Community upon approval.

University Discrimination and Harassment Policy Statement

The University of Denver is committed to creating and maintaining a community in which people are treated with dignity, decency and respect. The environment of the University should be characterized by mutual trust, freedom of inquiry and expression, and the absence of intimidation, oppression and exploitation. People in this community should be able to work and learn in a safe, yet invigorating and thought-provoking atmosphere.

The accomplishment of this goal is essential to the academic mission of the University. As members of the University Community, Students are expected to follow all applicable University plans, protocols, procedures and instructions during such emergency

conditions. Students who do not follow University plans, protocols, procedures or instructions during emergency conditions may be referred to the [Office of Student Rights & Responsibilities](#) for action under the Honor Code, including considerations of temporary and permanent removal from the University.

Protests & Demonstrations Statement

The University recognizes the right to freedom of expression and the free interchange of ideas, including the right to peaceful and orderly protests and demonstrations. The University also recognizes that protests and demonstrations should not disrupt University operations, restrict movement of members of the University Community on and around campus, and/or interfere with the safety or security of members of the University Community. Students are expected to uphold the policies contained within the Honor Code, other University Policies, as well as applicable laws, and will be held accountable for any violations, including, but not limited to University Policies of Interference, Noncompliance, and Property Damage. Student Rights & Responsibilities Purpose

Mission Statement

The [Office of Student Rights & Responsibilities](#) at the University of Denver supports the University's mission by providing programs and services designed to foster an inclusive campus community and promote opportunities for holistic student living, learning, and growth. We strive to achieve a safe campus community in which Students:

- respect themselves, others, the University, and surrounding community;
- honor differences and gain an appreciation for living in a diverse society;
- maintain high standards of their personal and academic integrity;
- understand the impact of their actions and choices upon themselves, others, the University, and surrounding communities; and
- seek opportunities to repair harm, restore trust, and acknowledge the impact of

their actions and choices.

The [Office of Student Rights & Responsibilities](#) strives to be educational and restorative in our processes by offering educational Outcomes, workshops and alternate case resolution options. Through the Outcomes assigned to Students, we hope to encourage self-awareness, social engagement, and provide opportunities for reflection and meaning-making.

Restorative Practice

At the University of Denver, we strive to take a restorative approach to support our Students in learning how to strengthen interpersonal and community relationships. By strengthening relationships, Students learn how to intentionally and thoughtfully interact with each other, communicate, and address any conflict that may arise to repair harm in that individual relationship and understand the impact on the community as whole.

Policies & Procedures Statement

These policies and procedures govern all Student behavior and conduct at the University of Denver. Students are expected to uphold the values of the University and the Honor Code by exhibiting behavior and conduct that supports the spirit under which these values were established. Student's actions that are contrary to the core values of the Honor Code may be addressed through the Student Rights & Responsibilities Policies and Procedures as administered by the [Office of Student Rights & Responsibilities](#).

Medical Amnesty Statement

The health and safety of Students are of primary importance to the University. Students are expected to take immediate action when a person's health or safety is threatened. Medical Amnesty is designed to reduce barriers to Students taking immediate action for fear of being held responsible for alcohol or drug related Honor Code violations. Situations in which Medical Amnesty may apply include, but are not limited to, instances of physical injury, discrimination, harassment, sexual misconduct, mental health concerns, or other medical situations that occur in relation to alcohol consumption or drug use.

When a student undertakes an intentional action to seek assistance from a University Official or emergency services for themselves or others to protect their health and safety, the reporting Student(s) or at risk Student(s) involved will not be found

responsible for alcohol- or drug-related violations of the Honor Code, nor will alcohol- or drug-related violations appear on their Student Rights & Responsibilities Record. During emergency conditions, the University may extend this Medical Amnesty to include violations of the University's emergency conditions specific plans, protocols, procedures, and instructions as applicable.

It is the University's intent that Medical Amnesty extend to situations in which any Student makes a complaint or provides a statement to the [Office of Equal Opportunity & Title IX](#) in the course of an investigation or resolution pursuant to the University of Denver Title IX Sexual Harassment Procedures or the University of Denver General Discrimination & Harassment Procedures. However, Medical Amnesty does not extend to the distribution, sale, or otherwise providing another individual with alcohol or drugs for the purposes of inducing incapacitation, as defined in those procedures.

The Students involved in instances of Medical Amnesty may be referred for an Educational Outcome or evaluation related to their health status or substance use. This referral will not constitute a reportable violation of the Honor Code. The University expects that Students will always prioritize their own and others' health and safety. Moreover, this commitment does not preclude legal consequences or Alleged Policy Violations for non-alcohol or drug-related Honor Code violations related to the incident.

Student Rights & Responsibilities Case Resolution Procedures

Report Submission

- Any individual may file a Report with the University. A Report is considered to have been filed when it has been presented in writing to a Student Rights & Responsibilities [staff member](#), Division of Campus Safety [staff member](#), or Office of Equal Opportunity & Title IX [staff member](#). Under the Clery Act and Title IX, certain staff members are considered [Campus Security Authorities](#) (CSA) and/or Responsible Employees and are required to Report the incident to the [Office of Student Rights & Responsibilities](#) and/or the [Office of Equal Opportunity & Title IX](#). An individual may file a Report with a CSA or Responsible Employee who will then submit the Report to the appropriate office.
- Once a Report has been filed, the University may proceed with the Student Rights & Responsibilities process, even if a Reporting Party or Complainant later chooses to retract, rescind, or recant any or all of the Report or the individual chooses not to cooperate.
- The University will only take action without the consent of a Complainant if, in the [Director of Student Rights & Responsibilities'](#) judgment, such action is necessary to protect the safety, security, or integrity of the University or any member(s) of its community.
- If a Respondent withdraws or graduates from the University, the Student Rights & Responsibilities process may continue.

Assess for Interim and Supportive Measures

The University may implement interim and supportive measures based on the unique circumstances of a specific incident. Please see the Supportive Measures section for further information.

Determination of Alleged Policy Violations & Referral of Incident Report

- Student Rights & Responsibilities staff will review available evidence/information, assess if Alleged Policy Violations are applicable, and one of the following will occur:
 - No further action will be taken if Student Rights & Responsibilities staff determines that the Report is not substantiated. The University reserves the right to proceed with the Student Rights & Responsibilities process for any Report should further relevant information become available.
 - The Report will be referred to a Case Resolution Body if Student Rights & Responsibilities staff determines that the Report is substantiated, and

sufficient documentation already exists to proceed with the Student Rights & Responsibilities process.

- If, during the Student Rights & Responsibilities process, Student Rights & Responsibilities staff receives information supporting more Alleged Policy Violations, Student Rights & Responsibilities staff will review the information and determine whether to add additional Alleged Policy Violations.

Notification of Case Resolution Meeting

- The Student Rights & Responsibilities staff member or designee will review the academic schedule(s) of the Involved Parties and schedule a Case Resolution Meeting with the appropriate Case Resolution Body.
- The Student Rights & Responsibilities staff member or designee will send each Involved Party a Proper Written Notification.

Attending the Case Resolution Meeting

The Case Resolution Meeting is an opportunity for the Case Resolution Body to gain the perspectives regarding the incident from the Involved Parties and assess, based on a Preponderance of the Evidence, whether University Policies were violated. If so, the Case Resolution Body and the Student have an opportunity to evaluate the impact of the incident, begin to explore possible alternatives to the behavior and conduct that occurred, and discuss opportunities to repair harm.

- In Cases involving a minor violation of the policies set forth in the [Guide to Residence Living](#) and/or [Student Rights & Responsibilities Policies](#), an advisory letter or a warning letter may be sent to the Respondent instead of scheduling a Case Resolution Meeting.
- SRR reserves the right to make exceptions to any guidelines or procedures to accommodate scheduling, confidentiality, or other extenuating circumstances.
- Parties involved with the SRR process are prohibited from making any recording of any Case Resolution Meeting or related proceeding.
- Following a Case Resolution Meeting, the Case Resolution Body can take one of the following actions regarding each Respondent:
 - Find the Respondent not responsible of violating University or SRR Policies.
 - Find the Respondent responsible of violating University or SRR Policies and

assign appropriate Outcomes. The Case Resolution Body will only find a Student responsible if a Preponderance of the Evidence presented supports such a finding.

- Find the Respondent responsible of violating University or SRR Policies and refer the Student to a Restorative Justice Conference (RJC) for Outcomes when the Case Resolution Body determines that this option is appropriate.
 - The Case Resolution Body may only refer a matter to an RJC if the parties can agree on responsibility; the Respondent agrees to seek alternative ways to address the impact of their choice and actions; and the Complainant is in agreement.
- Refer the Respondent to a new Case Resolution Meeting before a separate Case Resolution Body.

Determinations and Decision Notice

- Once the Case Resolution Body has made a decision regarding responsibility and Outcomes, Student Rights & Responsibilities will send Proper Written Notification, as applicable.
- Decision Notice may include, as applicable to the recipient, a rationale explaining the decision, the determination of responsibility per each Alleged Policy Violation reviewed and discovered in the Case Resolution Meeting, any assigned Outcomes with details and due dates for completion, and appeal instructions.

Appeal Process

- Respondents have the **right** to submit an appeal of a decision made by a Case Resolution Body based on specific appeal criteria. In certain incidents, Complainants have the **right** to submit an appeal of a decision based on specific appeal criteria.
 - Disagreement with the decision is not grounds for appeal.
 - SRR considers appeals only based on the following Appeal criteria:
 - The existence of procedural errors so substantial that they greatly impacted the findings, responsibility determination, and/or the ultimate Outcomes;
 - Presentation of new and significant evidence which was not reasonably available at the time of the initial Case Resolution

Meeting and would likely alter the findings, responsibility determination, and/or the ultimate Outcomes;

- New and significant discovery of conflict of interest or bias on part of a member of a Case Resolution Body member that greatly impacted the findings, responsibility determination, and/or the ultimate Outcomes; and/or
 - The Outcomes imposed are substantially disproportionate to the severity of the violation.
- The appeal must include information to support the specific Appeal Criteria cited in the appeal.
- Respondents and Complainants (as applicable) wishing to submit an appeal of a decision must submit a completed appeal request form within five (5) Business Days of the Proper Written Notification.
 - The [Director of Student Rights & Responsibilities](#) or designee has the discretion to grant a reasonable extension to the appeal submission deadline based on a submitting party's requests. A reasonable extension is considered to be two (2) additional Business Days; however, the Director of Student Rights & Responsibilities or designee has the discretion to adjust the length of the extension as circumstances warrant.
 - If either Party submits an appeal, Outcomes assigned will be considered "on hold" pending a final decision on the appeal evaluation and/or appeal as applicable, unless otherwise determined or in a case in which the Respondent was previously issued an Interim Action or Suspension.
 - If either or both the Complainant or Respondent submits an Appeal Form, within five (5) Business Days of the date on the Decision Notice letter, the other party(ies) involved in the Case will be notified that an appeal has been received.
 - If [Director of Student Rights & Responsibilities](#) or their designee determines that the appeal submission meets Appeal Criteria, they will refer the appeal to the appropriate Appellate Officer for review.
 - The Appellate Officer will review the Appeal Information, Student Rights & Responsibilities Records, and any other applicable information to determine a decision on the appeal.

- In the SRR process, neither Complainants nor Respondents have the right to view the appeal process information that was submitted by the other party(ies). However, the Appellate Officer may reserve the right to forward any and all portions of the appeal process information to the other party(ies) as needed to address matters raised in the appeal. In such situations, the other party(ies) will be given the opportunity to submit a written response by a stated deadline.
- The Appellate Officer may take one of the following actions:
 - Deny the appeal and uphold the original decision based on not satisfying the Appeal Criteria; or
 - Accept the appeal based on satisfying the Appeal Criteria and either:
 - Send the Case back to Student Rights & Responsibilities for an administrative review; or
 - Dismiss the Case.
- The Appellate Officer will transmit a final decision on the appeal within five (5) Business Days after receipt of the appeal. If there are extenuating circumstances, the Appellate Officer will notify all parties involved that an extension beyond five (5) Business Days is necessary in making a decision on the appeal.
- The Appellate Officer's decision is considered final and there are no further routes of appeal.

Case Completion

- The case resolution process is considered completed when either no appeal is submitted by a Respondent or Complainant (as applicable) within five (5) Business Days or an appeal is denied, rendering the decision by the Case Resolution Body as final.
- Student Rights & Responsibilities staff may notify campus entities of the decision as necessary in order to move forward with processes impacted by the Outcomes.

Supportive Measures

All Students have the right to continue their education free from the threat of

harassment, abuse, retribution, or violence. The University may act or offer services that are designed to protect the safety, security, or integrity of a Complainant, a Reporting Party, a Witness, the University, or any member of the University Community.

Supportive measures include, but are not limited to, Mutual No Contact Orders, Location Restrictions, involuntary removal from a course, program, activity, or University Premises, and modifications to living arrangements pending case resolution, and/or prior to reporting incidents to law enforcement or other non-University agencies.

Interim Action

- The [Vice Chancellor for Student Affairs](#) or their designee may restrict a Student's access to some University resources or activities for an interim period prior to case resolution, which may include not permitting the Student to attend classes in person.
- An Interim Action will be effective immediately, without prior notice, whenever the [Vice Chancellor for Student Affairs](#) or their designee determines that the continued engagement of the Student on the University Premises or involvement in University activities poses a disruption to the ability of any member of the University Community to participate in University activities or to the stability and continuance of normal University operations. The Student cannot appeal an Interim Action.
- For investigations and resolutions under University of Denver Title IX Sexual Harassment Procedures, the University will consider emergency removal consistent with those procedures.
- During an Interim Action, the Student is denied access to University Premises, in whole or in part, and University activities or privileges for which the Student might otherwise be eligible, as the [Vice Chancellor for Student Affairs](#) or their designee may determine to be appropriate.
- Whenever a Student is subjected to an Interim Action, the University will complete case resolution as promptly as possible. The Interim Action may remain in effect until a final decision has been reached, including any appropriate appellate process.

Interim Suspension

- The [Vice Chancellor for Student Affairs](#) or their designee may suspend a Student for an interim period prior to case resolution.
- An Interim Suspension will be effective immediately, without prior notice, whenever the [Vice Chancellor for Student Affairs](#) or their designee determines that the continued presence of the Student on the University Premises poses a substantial threat to any member of the University Community or the stability and continuance of normal University operations. The Student cannot appeal an Interim Action.
- For investigations and resolutions under University of Denver Title IX Sexual Harassment Procedures, the University will consider emergency removal consistent with those procedures.
- During an Interim Suspension, the Student is denied access to University Premises and all University activities or privileges for which the Student might otherwise be eligible, as the [Vice Chancellor for Student Affairs](#) or their designee may determine to be appropriate.
- Whenever a Student is subjected to an Interim Suspension, the University will complete case resolution as promptly as possible. The Interim Suspension may remain in effect until a final decision has been reached, including any appropriate appellate process.

The written Location Restriction Order will define the space to be avoided, which may include particular rooms, buildings, outdoor areas, events, or other spaces as described in the Location Restriction Order. The Location Restriction Order may also require a housing reassignment or reassignment

to a different section of a course for one or multiple individuals identified in the Location Restriction Order.

Although these Mutual No Contact Orders and Location Restriction Orders are not considered disciplinary in nature, failing to abide by the terms of the Mutual No Contact Order and Location Restriction Orders will constitute a violation of the [Student Rights & Responsibilities Policies](#).

Mutual No Contact Orders and Location Restriction Orders may be issued as an Emergency Order through the Division of Campus Safety. For more information on Mutual No Contact Orders and Location Restriction Orders, please see the [SRR website](#). To request a Mutual No Contact Order and/or Location Order, please complete this [form](#).

Case Resolution Bodies

When Student Rights & Responsibilities determines that an Alleged Policy Violation has occurred, SRR will refer the Case to a Case Resolution Body for responsibility and/or Outcome determination.

A Case Resolution Body is any person, persons, or groups authorized by the University to determine whether a Student has violated Student Rights & Responsibilities Policies and to impose Outcomes when appropriate.

All Case Resolution Bodies have the authority to make a determination regarding responsibility for violations of Honor Code and/or other University Policies and assign Outcomes as appropriate:

- The [Director of Student Rights & Responsibilities](#), or their designee, has the authority to impose Outcomes up to, and including, Suspension.
- The Director of Student Rights & Responsibilities, or their designee, has the authority to enter into a Case Resolution Agreement with Involved Parties.
- The Director of Student Rights & Responsibilities has the authority to authorize Student Rights & Responsibilities staff members to impose Outcomes up to, and including, Elevated Probation.
- The Director of Student Rights & Responsibilities has the authority to authorize Housing and Residential Education (HRE) staff to conduct Case Resolution Meetings for Cases that originate in University owned or operated housing and

are not assigned to a different Case Resolution Body. Generally, HRE staff may hear Cases involving alleged violations of policies set forth in the [Guide to Residence Living](#) and alleged violations of Student Rights & Responsibilities Policies. HRE staff members have the authority to assign Outcomes up to, and including, probation.

- Faculty Members or the designated decision maker in an academic department or unit have inherent authority to make decisions on Academic Actions when they have determined a Student has violated one or more Academic Integrity policies. Academic Actions may include, but are not limited to failure of an assignment, failure of a course, or recommendation of termination from a program of study as per applicable procedures.
- Student Accountability Board (SAB) has the authority to conduct Case Resolution Meetings involving student Respondents and issue all forms of Outcomes, up to and including Dismissal from the University.
- Restorative Justice Conference (RJC) is an alternative dispute resolution process and will only be considered when: (1) the Student Respondent(s) have taken responsibility for violating the applicable Student Rights & Responsibilities Policies and have an interest in repairing the harm done by their actions; and (2) the Complainant(s) are able to participate in the process.

Student Accountability Boards

- The [Director of Student Rights & Responsibilities](#) or their designee will be the Chair for the SAB. The role of the Chair is to facilitate the SAB and to advise the SAB. The Chair does not make decisions on responsibility or Outcomes. When possible, the SAB should be comprised of three (3) eligible members of the University Community. When possible, the SAB will be comprised of one (1) Student, one (1) Faculty, and one (1) staff member.
- Specific guidelines for who may serve on an SAB are as follows:
 - When possible, the undergraduate or graduate student status of the Respondent(s) will be the same as the status of the Student member of the SAB.
 - In Cases involving an alleged violation of Academic Integrity Policies, at least one (1) member of the SAB must be a Faculty Member.

- The SAB may conduct a meeting with only two (2) members, provided the Respondent(s) and Complainant(s) (if applicable) have no objections.
- To be eligible to serve on the SAB, individuals must meet the following requirements:
- Students must be registered as a full-time Student in good standing after completing at least one (1) term of coursework at the University.
- Faculty must be currently employed by the University and must have taught courses at the University for a minimum of one (1) academic term. Faculty must also have taught at least one (1) course within the most recent two (2) academic terms.
- Staff must be currently employed part- or full-time, and must have been employed full- or part- time by the University for at least one (1) academic term.
- All members must be neutral and impartial decision-makers, free of any conflicts of interest pertaining to the incident being resolved.
- SAB Procedures
 - The SAB meeting will be recorded. This recording will be kept for a period of no less than seven (7) years from the date of the Respondent's most recent Case and/or completion of all Outcomes, whichever is later.
 - The SAB meeting will be closed, with participation limited to the Respondent(s), the Complainant(s), approved Support Persons, Witnesses, the Chair, the SAB members, SAB members in training, and any other appropriate University official, as applicable.
 - The [Office of Student Rights & Responsibilities](#) will notify the Respondent(s) and Complainant(s) (if applicable) of the SAB Members who will be serving. Respondent(s) and Complainant(s) have the right to object to the participation of any member based on a significant, demonstrable bias.
 - The party must submit such written objections, with supporting information, to the administrator designated in the notice within two (2) Business Days of release of the SAB members' names.

- The designated administrator will review any concerns and determine whether the objection has merit. The [Office of Student Rights & Responsibilities](#) will notify the Respondent(s) and Complainant(s) if any changes to the SAB composition have been made as a result of the objection.
- If the [Office of Student Rights & Responsibilities](#) designates a new SAB member, Respondent(s) and Complainant(s) will have one (1) Business Day to submit any written objections to the new SAB member to the designated administrator for review.
- The Chair will restrict all statements to matters relevant to the Case.
- The Chair has the authority to set reasonable expectations regarding behavior. Any person disrupting, interfering with or failing to abide by the decisions of the Chair may be removed from the SAB Meeting. The SAB will continue in that individual's absence.
- Support Persons, if present, are restricted to consulting with the party they are there to support. Support Persons may not address Witnesses or the SAB unless invited to do so by the Chair.
- Deliberations are limited to the members of the SAB and are not recorded.
- The SAB Meeting and the results of the SAB Meeting are protected by the Family Education Rights & Privacy Act (FERPA) as part of the education records of the Student(s) who participate in the SAB Meeting.
- Respondent(s) and, as appropriate, Complainant(s), will receive information regarding the proceedings of the SAB upon notification of the scheduled SAB.
- The order of proceedings includes the following:
 - Summary of the Incident and statement of the Alleged Policy Violations
 - Opportunity for the Respondent(s) to respond to the Alleged Policy Violations by accepting or denying Responsibility
 - Opening statements by all Complainant(s) and/or Respondent(s)
 - Presentation of submitted evidence/information

- Opportunity for the SAB Members to ask questions of all Complainant(s), Respondent(s) and/or Witnesses
- Closing statements by Complainant(s) and/or Respondent(s)
- Deliberations
- The Chair has the discretion to vary the specific order of the proceedings, so long as each of the components is included. Additionally, there may be multiple Complainants and Respondents involved in a SAB at one time. All Complainants will speak first, followed by all Respondents.

Restorative Justice

At times, Students may make decisions that are violations of the Honor Code that may negatively impact and/or disrupt the University Community. SRR strives to promote opportunities for holistic student learning and growth when Students take responsibility for their mistakes and decide they would like to repair harm in their community; this is referred to as Restorative Justice. The Restorative Justice process can only be used if the Respondent accepts responsibility for their actions and choices and the Complainant is able to participate fully. During a Restorative Justice process, impacted parties have an opportunity to share their perspective, confront the behavior, express the impact of the actions on them, and help develop Outcomes. Throughout this process, Students have an opportunity to reflect on this experience and learn how to move forward in a positive and productive way.

- Members of the greater University Community will serve on an Restorative Justice Committee (RJC), including Faculty Member, staff, Students, alumni, neighbors, and impacted parties. RJC's use a collaborative process to create an Outcomes Agreement and can impose a variety of Outcomes focused on reconciliation, resolution, and/or the betterment of the University Community.
- If the members of an RJC successfully create an Outcomes Agreement, the Respondent(s) cannot appeal the Outcomes because the Respondent(s) participated in this mutually agreed upon decision. If the members of an RJC cannot come to an agreement about Outcomes, the RJC is considered unsuccessful, and the Case will be sent back to the Student Rights & Responsibilities Process for traditional Case Resolution.
- The typical rights and responsibilities provided to Students in the traditional Student Rights & Responsibilities process may not be applicable in an RJC.

Outcomes

The Student Rights & Responsibilities process is designed to create opportunities for holistic student living, learning, and growth which promotes a safe campus community. Outcomes are intended to be educational and endeavor to encourage student development of self-awareness, social engagement, and a sense of purpose. Individuals found responsible for violating policies will be held accountable and assigned Outcomes which balance the developmental needs of the Respondent and the needs of the University to provide equitable process and promote a safe campus community.

The [Office of Student Rights & Responsibilities](#) will determine Outcomes for violations of Student Rights & Responsibilities policies using criteria, including, but not limited to, the following:

- The nature and severity of the action/incident;
- The degree of physical violence (if any) associated with the incident;
- The impact of the conduct on Complainant(s), University Community, community members, University and community safety, and University environment;
- The number of Complainants and/or impacted individuals;
- The maintenance of a safe and respectful living, learning, and working environment;
- The Respondent's level of demonstrated understanding regarding the impact their choices and actions had;
- The Respondent's acceptance of responsibility;
- The influence of alcohol or other drugs;
- The circumstances and severity of the violation including behavior and conduct;
- The intent of the Respondent;
- A Student's previous Student Rights & Responsibilities Record or relevant or related criminal convictions (if known); and
- Any other mitigating, aggravating, or compelling factors.

The [Office of Student Rights & Responsibilities](#) assigns Outcomes for the entirety of an incident, not for each violation. All Outcomes typically include a “Status” Outcome and at least one appropriate “Educational” Outcome.

Status Outcomes

These Outcomes define the Student’s standing at the University. These include the following:

- **Advisory Letter:** An Advisory Letter is given to notify a Student that their behavior and conduct has been inconsistent with the expectations of the University. An Advisory Letter has no immediate effect upon a Student’s status at the University. SRR would not routinely report an Advisory Letter as part of a Student’s conduct history when asked for purposes of transferring schools or admission to graduate school.
- **Written Warning:** A written warning is given to notify a Student that their behavior and conduct has been inconsistent with the expectations of the University. A written warning has no immediate effect upon a Student’s status at the University.
- **Probation:** Probation serves to notify a Student that they must avoid any further violations for a specified period of time to remain a Student at the University. Students on probation are not in good standing with the University. As a result, a Student may be prohibited from participating in certain co-curricular activities while on probation.
- **Elevated Probation:** Elevated Probation serves to notify a Student that they must avoid any further violations of the [Student Rights & Responsibilities Policies](#) for a specific period of time in order to remain a Student at the University. When a student on Elevated Probation is alleged to be involved with any subsequent violations of the Student Rights & Responsibilities Policies, they may be issued an Interim Suspension until the University can determine their responsibility in the subsequent incident. Students on Elevated Probation are not in good standing with the University. As a result, a Student on Elevated Probation may be prohibited from participating in certain co-curricular activities. If the student on Elevated Probation is found responsible for any further violations of the Student Rights & Responsibilities Policies, the Student may be suspended or dismissed from the University.
- **Suspension:** A Student who has been suspended from the University may not

participate in any University activities, academic or otherwise, for a specific period of time, and will be restricted from all University Premises. A suspended Student who wishes to re-enroll must apply for readmission to the University and must also apply to the [Director of Student Rights & Responsibilities](#) who will determine whether any and all requirements for readmission have been satisfactorily completed. The University does not accept courses that the Student may have completed at another institution while on suspension.

- **Dismissal:** A Student who has been dismissed from the University is permanently prohibited from participating in any University activities, academic or otherwise, and will be permanently restricted from all University Premises.

Educational Outcomes

These Outcomes are intended to facilitate the learning process and encourage Students to reflect on the impact of the decisions they have made and help Students develop the skills necessary to be successful at the University. If a Student fails to complete any educational Outcome by the specified deadline, the University will place a hold on a Student's registration account with the University, and the Student may be subject to further action under the Honor Code.

Types of Educational Outcomes include, but are not limited to:

- **Reflective Activities:** The Student is required to, for example, write a reflection paper, maintain a journal, or write a review of a policy.
- **Programs & Activities:** The Student is required to, for example, complete community service hours, attend a program, or design a poster board.
- **Interventions:** The Student is required to, for example, undergo a counseling consultation, assessment, complete a drug and/or alcohol evaluation, or attend a workshop.
- **Restrictions:** The Student is restricted from certain locations or activities, for example, a single residence hall or a particular Student Organization.
- **Referrals:** The Student is referred to another process, such as mediation, for resolution.

Parental or Legal Guardian Notification Policy

The University considers Student Rights & Responsibilities Records to be part of a Student's education record. Accordingly, the University complies with all applicable laws and regulations, including but not limited to the [Family Educational Rights and Privacy Act](#) (FERPA).

The University recognizes that parent(s) or legal guardian(s) maintain an interest in their Student's behavior and conduct while at the University, and parents or legal guardians can play a positive role in addressing these issues. Therefore, the University may notify the parent(s) or legal guardian(s) of any Student under the age of twenty-one (21) whose current enrollment ends due to suspension or dismissal. The University also reserves the right to notify the parent(s) or legal guardian(s) of any dependent Student under the age of twenty-one (21) who has been found responsible for violating any drug or alcohol policies. Students may be required to provide contact information for their parent(s) or legal guardian(s). The [Director of Student Rights & Responsibilities](#) may decline notification under certain circumstances.

This notification is intended as a means to encourage communication between Students and their parent(s) or legal guardian(s) to provide the greatest level of support for the Student. Nevertheless, the University's primary relationship is with its Students, rather than with their parent(s) or legal guardian(s), and the University's priority and obligation is to correspond and otherwise conduct business directly with Students, and not through parent(s), legal guardian(s), or any other third party.

Rights of Involved Parties

The Student Rights & Responsibilities process is designed to be educational in nature and to fairly determine if a Student is responsible for violating the Honor Code. If the Student is found responsible, the goal is to hold the Student accountable for violations, assist the Student in understanding the impact their behavior has had on others, and provide opportunities to repair harm and restore trust. The process is also designed to provide those who may have been impacted by these actions an opportunity to address an alleged violation of the Honor Code. Throughout the Student Rights & Responsibilities process, Involved Parties have certain rights and responsibilities which include:

Fair Treatment

- The **right** to be treated with dignity and respect.
- The **right** to receive information regarding the SRR process and their role within

this process.

- The Respondent has the **right** to be considered Not Responsible for an alleged violation(s) of the Honor Code unless found responsible during this process. This right will not prevent the University from taking necessary and reasonable supportive measures during this process.
- The **right** to object to a member of a Case Resolution Body based on demonstrable bias that would affect that member's ability to render a fair decision.
- The **right** for all decisions in the process to be based upon a Preponderance of the Evidence.
- The **right** to request a reasonable arrangement and/or accommodation (e.g. for disability, language barriers, or location/proximity concerns) to allow their full participation in the SRR process.
- The **right** to notify the leadership of the [Office of Student Rights & Responsibilities](#) via the online [reporting form](#) if the Student believes they have not received fair and equitable treatment.

Privacy

- The **right** to protection of information subject to applicable provisions of the Family Educational Rights and Privacy Act ([FERPA](#)).

Presence of a Support Person

- The **right** to have one (1) Support Person of their choice present throughout the SRR process.
 - A Support Person can be any person chosen by the Student, including, but not limited to, a parent or legal guardian, family member, or an attorney.
 - Individuals who are Involved Parties or Witnesses in the Case or a member of the Case Resolution Body shall not serve as a Support Person.
 - The University may not reschedule proceedings to accommodate the schedule of a Support Person.
 - A Support Person may not speak on behalf of the Involved Party nor actively participate in the proceeding. A Support Person may not attend a

Case Resolution Meeting without the Involved Party they are supporting being present.

Written Notice

- The **right** to Proper Written Notification of any Case Resolution Meeting a Student is invited to attend as a result of a Report filed. The notification may include the following:
 - The time, date, and location of the Case Resolution Meeting and procedures for requesting a change in time and/or date;
 - A summary of the incident, copy of the redacted Report, OR the office or agency to contact to request information underlying the Report;
 - The Alleged Policy Violations being considered at the time of the Proper Written Notification;
 - The name of the Reporting Party (as available and appropriate); and
 - The process and Outcomes for not attending the Case Resolution Meeting.

Respond to Allegations and Provide Statement

- The **right** to view any supporting documents not already provided in the written notice, such as videos and photos. The University will use reasonable efforts to allow the Involved Parties to review those materials in a monitored environment.
- The **right** to respond to the Alleged Policy Violations, including the right to present information directly relevant to the incident.
 - Polygraphs or “lie detector” results are not considered relevant and therefore are not allowed to be presented in any matter under the SRR process.
- The **right** to present Witnesses.
 - The SRR process addresses Student behavior and conduct, not Student character, therefore character witnesses, statements, and reference letters are not considered relevant and therefore are not permissible.
 - Witnesses must be identified through this [form](#).

Written Decision and Appeal

- The right to a Proper Written Notification of the results of their Case Resolution Meeting. The notice will include the following information:
 - The determination of responsibility for the alleged violations of the Student Rights & Responsibilities Policies
 - The rationale for the finding
 - If found responsible for a policy violation(s), the Outcomes imposed
 - Information regarding the criteria for eligibility and steps to appeal the finding(s) and/or Outcomes based on specified criteria.
- Complainants only have the **right** to receive a Proper Written Notification and a right to appeal the results of a Case Resolution Meeting convened because of a Report they filed, if the Complainant is a victim of an alleged crime of violence. If a Complainant dies because of the incident, the alleged victim's next of kin has the right to such notification.

Other Case Resolution Types

Academic Integrity Misconduct Process

The University of Denver creates an academic learning environment grounded in Academic Integrity. Students are expected to engage honestly and demonstrate responsibility in research and academic assignments. Therefore, all work and grades should result from the Student's own understanding of the materials and their effort.

Faculty Members or designated decision maker in an academic department or unit are responsible for determining if a violation has occurred. When evidence/information indicates that a Student may have violated an Academic Integrity Policy, the Faculty Member or designated decision maker in an academic department or unit should contact the Student and provide an opportunity for the Student to respond to the allegation.

If the Faculty member or designated decision maker in an academic department or unit determines that the Student has violated an Academic Integrity Policy, the Faculty member or designated decision maker in an academic department or unit will assign appropriate Academic Actions and will work with SRR to identify any

appropriate Educational and Status Outcomes.

For more information regarding the Academic Integrity Misconduct Process please see the SRR [website](#).

Policy on the Disruption of the Learning Environment

The University is committed to promoting a positive and safe Learning Environment. Individual Faculty Members and staff have the right to determine whether specific Student behavior and conduct is disruptive to the Learning Environment, and as a result, Faculty Members and staff may require a Student to leave an **individual** Learning Environment; however, they are not authorized to permanently remove a Student from the Learning Environment without following the process set forth below and/or the Honor Code Resolution Process, whichever is determined to be the most appropriate by the Office of Student Rights & Responsibilities.

This process should be initiated as soon as possible after the initial disruption.

If during this process, the Student's continued presence in the Learning Environment represents a **significant impediment** to the educational process of the Learning Environment, the University may officially withdraw or remove the Student from the Learning Environment. If attempts at informal resolution fail or are not possible, the withdrawal or removal procedure will be followed.

Faculty members, staff, or Students in the Learning Environment in which the disruption is alleged to have occurred should file an [SRR Incident Report](#).

The process to address a Disruptive Classroom Behavior Process report is as follows:

- After a Faculty Member, staff, or Student files an Incident Report, the Dean or designee, as a neutral party, will lead a meeting between the Student and Faculty Member or staff responsible for the Learning Environment to attempt to resolve the concern as soon as possible after the submission of the SRR Incident Report.
- The Faculty Member or staff member need not lead the meeting but should be present at this initial meeting with the Student.
- The Director of SRR, or their designee, will attend the meeting to help facilitate administrative response and provide clarification regarding policies and

procedures.

- Additional University Community Members (including, but not limited to, Dean's office staff or Campus Safety staff) may be asked to attend this meeting.
- The Student may bring a Support Person to this meeting, provided that the Support Person must follow all limitations on the role of a Support Person as set forth in the Honor Code.
- If the Student fails to attend the meeting, the instructor may proceed with a request to the relevant Dean's office for an involuntary removal of the Student from the Learning Environment.
- If the initial conversation does not resolve the conflict or if the Student fails to attend the meeting, the Dean or designee will issue a determination within five (5) Business Days from the scheduled time of the meeting.
- During the time between the meeting and the determination, the Student is not permitted to return to the Learning Environment and the Faculty Member and staff member shall provide the Student with materials, assignments, and other Learning Environment information the Faculty Member and staff member deems essential to assist the Student with remaining current in the Learning Environment.
- The Dean or designee will communicate the determination regarding whether or not the Student will be withdrawn or removed from the Learning Environment to the Student, Faculty Member, and applicable University Officials.
- If the Dean or designee determines that withdrawing or removing the Student from the Learning Environment is necessary, the Student will be provided the opportunity to withdraw from the Learning Environment voluntarily. If this is a course, if the Student does not drop the course voluntarily, the Office of the Registrar will drop the student from the course. In either case, the student's transcript will reflect a "W" for withdrawal if the action occurs after the course drop deadline.
- If the Dean or designee determines that withdrawal or removal is not warranted, the Student shall be allowed to return to the learning environment at the next scheduled opportunity. The Student may be required to sign a Behavioral Responsibilities Agreement to set forth the appropriate and inappropriate conduct and expectations for conduct for the remainder of the

course as well as the consequences for violating the agreement. The agreement is not appealable. The agreement will be kept on file with the Office of Student Rights & Responsibilities.

- The Student may appeal the withdrawal or removal decision in writing to the Office of the [Provost & Executive Vice Chancellor](#) no later than five (5) Business Days from the date of the Dean's or their designee's decision. The [Provost & Executive Vice Chancellor](#) or their designee will consider appeals based only on the following criteria:
 - The existence of procedural errors so substantial that they greatly impacted the decision;
 - Presentation of new and significant evidence which was not reasonably available at the time of the initial meeting and would likely alter the decision; and/or
 - The decision is substantially disproportionate to the severity of the violation.
- Disagreement with the decision is not grounds for appeal.
- During the appeal process, the Student is not permitted to participate in the Learning Environment. The Faculty Member or staff member shall provide the Student with materials, assignments, and other Learning Environment information the Faculty Member or staff member deems essential to assist the Student with remaining current in the Learning Environment.
- The [Provost & Executive Vice Chancellor](#) or their designee will render a decision to the Student no later than five (5) Business Days from the date of receipt of the appeal. This decision is final with no further avenue of appeal.

Student Organizational Rights & Responsibilities Process

The [Office of Student Rights & Responsibilities](#) maintains the authority to investigate and adjudicate any violation of University Policies by Student Organizations. The [Director of Student Rights & Responsibilities](#) has the authority to delegate responsibility for investigation or adjudication of Alleged Policy Violations.

Student Rights & Responsibilities action taken against Student Organizations is an extension of the University's Student Rights & Responsibilities process. Student Rights & Responsibilities, in consultation with relevant campus partners including, but not limited

to, Athletics & Recreation, Office of Student Engagement, Student Affairs & Inclusive Excellence staff, shall take whatever action deemed necessary to respond to complaints involving Student Organizations and/or to prevent future violations.

For more information regarding the policies and procedures related to Student Organizations, please see the Office of Student Rights & Responsibilities [website](#).

Student Rights & Responsibilities Records Policy

The [Office of Student Rights & Responsibilities](#) will be responsible for maintaining all official University records related to Student Rights & Responsibilities. A Student Rights & Responsibilities Record will include copies of all Cases in which a Student is found responsible for violating at least one Student Rights & Responsibilities policy, as well as copies of all relevant correspondence and other documentation related to the Case.

Please see the Student Rights & Responsibilities [website](#) for specific SRR Records Policies and Procedures.

COVID-19 Culture of Care

As members of the Housing & Residential Education (HRE) Community, we **all** have the responsibility to Protect DU, ourselves, and others during the COVID-19 pandemic.

As a member of the HRE Community, I will

- follow DU's [COVID-19 Protocols for Face-Coverings and Social Distancing](#).
- contact the Health & Counselling Center and/or HRE staff virtually and remain in my room if I am feeling sick.
- communicate with HRE staff members and students who live in my HRE community virtually whenever possible if I am feeling sick.
- keep my contact information, including my cell phone number, local address, and emergency contact information updated in PioneerWeb.
- follow all [DU COVID-19 Protocols](#) and other applicable policies and procedures.
- not exceed the stated room capacity for my assigned living quarters, as communicated by HRE staff.
- clean and disinfect my room, including (if applicable) the bathroom and kitchen within my suite/apartment, and follow DU's [COVID-19 Protocols for Cleaning and Disinfection](#) or other instructions from HRE staff.
- practice good hygiene, including thorough and frequent hand washing for at least 20 seconds and using hand sanitizer when hand washing is not available, especially after entering the building, after using a restroom, and before meals.

To promote safety in the HRE Community, I will

- follow the currently applicable HRE COVID-19 guest policy. For Fall quarter 2021, I will only have guest(s) in my assigned living quarters who are assigned to my residence hall or apartment building. I understand that I am not permitted to have in my assigned living quarters anyone who is not assigned to my residence hall or apartment building, including DU students living in other residence halls, apartments, or off-campus, and individuals who are not DU community members, such as siblings, parents, other family, or friends. HRE will communicate any updates to the HRE COVID-19 guest policy and when such changes are effective.

- only access my own residential building and not access other residence hall or apartment buildings unless to visit the dining hall in that building.
- not provide anyone else access to my residence hall or apartment building either by letting someone follow me into the building without swiping their access card or by opening the door for someone. All residents will only have access to their assigned residence hall or apartment building and the dining hall areas in other residential buildings.
- keep up to date on all DU COVID-19 protocols and HRE policies and procedures as I understand they may change throughout the term or from term to term.

To prevent the spread of COVID-19, I will

- participate in required COVID-19 testing as specified by the [COVID-19 Mandatory Testing Protocol](#) or as otherwise directed by the University. I understand that students will not be separately charged for routine COVID-19 testing provided through the University.
- monitor myself regularly for symptoms of COVID-19.
- prior to arrival on campus at the University of Denver:
 - submit my vaccination record or a request for exemption by September 1;
 - quarantine for 7 days if I am unvaccinated or not fully vaccinated; and
 - take a COVID-19 test on campus either within 48 hours prior to my designated fall arrival date or upon arrival.
- comply with University travel restrictions posted at <https://www.du.edu/coronavirus/travel-visiting-campus>.
- comply with all applicable self-quarantine protocols if I am notified that I have been in close contact with an individual who tested positive for COVID-19.
- upon discovering that I am experiencing any symptoms of COVID-19, immediately call the Health & Counseling Center (HCC) for medical guidance and comply with all medical instructions.
- receive the seasonal flu vaccine when one becomes available at HCC or through another healthcare provider, unless for health reasons the vaccine is contraindicated for me.

- arrange for and fund my own personal travel from campus, or work with the Office of Financial Aid as needed, if the University determines it must close the residence halls and apartments.

If I test positive for COVID-19, I will

- comply with the University's requirements and any applicable public health guidance for quarantine and/or isolation.
- share truthful and complete information with those conducting contact tracing about others who may be at risk based on exposure to me.
- have an alternate caregiver who lives off-campus provide care for my approved emotional support animal while I am in quarantine.

If I violate these requirements or other DU policies, I understand the University will refer me to the Office of Student Rights & Responsibilities for disciplinary action.

HRE Administrative Policies & Procedures

HRE developed the following administrative policies and procedures with the focus on efficiency, safety, and community support. It is important to follow and understand these policies and procedures for residents and staff to have a smooth year. As stated in the terms and conditions of your HRE housing contract, you agreed to abide by the policies set forth in the Guide to Residence Living. The assigned living quarters identified in the housing placement notification may be a room, suite, apartment, or other housing unit in University owned or operated housing.

Disability Accommodations

If you are a student with a documented disability, medical, or mental health condition(s), you may request a housing accommodation/modification through the following process:

1. Submit an application to HRE through the standard housing application process at <https://www.du.edu/housing/student/applying.html>, by no later than the stated deadline.
2. Submit a Request for Accommodation to the Disability Services Program ([DSP](#)). You may submit the accommodation request at any time. However, if you have received your eligibility notification and Letter of Approved Accommodation from DSP prior to June 8th, HRE will be able to consider your accommodation needs during the regular room assignment process. If you have not received your eligibility notification and letter of approval from DSP by June 8th, you may be placed on a waitlist until a space matching your approved accommodation becomes available. HRE and DSP recommend that students begin the [accommodation process](#) as early as possible because DSP may require up to two weeks to process the request after DSP has received all required documentation.

If you acquire a disability or have a change in a medical condition that necessitates a modification in existing housing after the housing assignment process has been completed, the University will make reasonable efforts to implement the modification in your current assigned living quarters or move you to another assigned living quarters.

The University will provide reasonable accommodations, including reasonable accommodations in University owned or operated housing, to enrolled students

who incur injuries or other temporary medical conditions or experience a change in a medical condition for which they have already been approved for accommodations. Residents with temporary disabilities or conditions should work with DSP to discuss reasonable accommodations. The University will work to provide these accommodations in a timely manner although some accommodations require more time to coordinate than others.

In the event of an emergency evacuation, having information about your medical condition/disability allows HRE staff to inform first responders which of our residents need assistance exiting the building. Please provide this information by contacting the Resident Director of your building or stop by the front desk to fill out the Residence Hall Evacuation Procedures form.

Emotional Support Animals/Service Animals

The University of Denver recognizes the roles and benefits that animals have in addressing the needs of some individuals with disabilities. At the same time, the University strives to provide a safe and welcoming environment for all members of the DU community. The University works to balance these considerations consistent with the legal requirements of the Americans with Disabilities Act, applicable provisions of the Fair Housing Act, and other applicable state law and local regulations. This involves proactively working to address concerns related to living with assistance animals, as well as establishing systems and supports that promote high standards of animal welfare for such animals.

Service animals are dogs or miniature horses that are trained to do work or perform tasks for an individual with a disability where the work or tasks are directly related to the individual's disability. Service animals are permitted to accompany their handler in most, but not all, University owned or operated housing. Students with a service animal wishing to live in University owned or operated housing are encouraged to update the voluntary registration of their service animal with HRE each time they change their University housing location. This allows HRE to make appropriate accommodations for other residents, faculty or staff who may have allergies, phobias, or service animals of their own.

Emotional support animals (ESAs), which can be a wider variety of species, assist in the treatment of an individual with a disability. Residents seeking to have an ESA in University owned or operated housing must submit a request for approval through DSP and be approved **before** bringing the animal to reside in your assigned living quarters. To make a request, you must complete and return the Request for Accommodation and provide supporting documentation to DSP, as specified in the

ESA [Documentation Guidelines](#). You must demonstrate a relationship or nexus between your disability and the assistance the animal provides, using documentation from an appropriate licensed healthcare or mental healthcare provider, dated within six (6) months prior to taking occupancy of University owned or operated housing. The University engages in an interactive process with residents requesting to have an ESA in University owned or operated housing to determine whether the request is reasonable and does not pose an undue hardship on the University, present a danger to members of the community, or a risk to the property of others. Typically, the University does not allow multiple ESAs. However, the University will evaluate such requests on a case-by-case basis, considering the information contained in supporting documentation as well as the size and/or species of the animal(s).

Once you have received approval through DSP, you must meet with HRE staff, prior to bringing the ESA into University owned or operated housing, to review and complete the ESA Resident Agreement and provide the following documentation/information:

- Copy of animal's registration for the City and County of Denver, if applicable to the type of animal.
- Veterinarian recommended vaccinations.
- The animal is spayed/neutered, as applicable.
- A current photograph of the ESA for HRE and DSP so that staff can identify the ESA. The photograph will be shared with HRE and/or University staff on a need to know basis only.
- Contact information for an alternate caregiver who lives off-campus to provide care for the ESA in the event that you become unable to care for the ESA.

ESAs are only permitted in your assigned living quarters (as specified in the housing assignment notification) except when you are taking the ESA to outdoor spaces for natural relief and/or exercise, in which case you may transport the ESA through common areas solely as needed to access outdoor spaces. Approved ESAs are not permitted in any University facilities other than the resident's assigned living quarters, including, but are not limited to, kitchens and food service preparation areas. You must maintain control of the ESA at all times, and you are responsible for any disruption caused by the ESA on University owned or operated property.

You are responsible for caring for the ESA, including but not limited to immediately cleaning up after and properly disposing of the animal's waste in a safe and sanitary manner. If you are personally unable to care for the ESA, you must make arrangements for this service, and you are responsible for any cost associated with this service.

If you have an allergy, phobia, or other disability that would make you unable to live with an approved ESA or a service animal, you must request accommodations for such allergy, phobia, or other disability through DSP. DSP shares all approved housing-related accommodations with HRE for appropriate housing placements. For further information, please contact the Disability Services Program at 303-871-3241, by email at dsp@du.edu, visit the [Disability Services Program website](#), or contact the HRE Office directly at 303-871-2246 or housing@du.edu.

Facilities Management

Air Conditioning Units

Due to electrical capacity in University owned or operated housing, personal air conditioning units are not permitted in any of the residence halls/apartments, unless the [Disability Services Program](#) has approved air conditioning as a reasonable accommodation. The University will provide air conditioning units for approved accommodations.

Bicycle Storage

The University provides bicycle racks at each University owned or operated housing building. These bicycle racks are available on a first come, first serve basis; therefore, the University does not guarantee all residents will have a space for their bicycle(s).

The University does not guarantee the safety of bicycles on campus. To reduce bicycle theft and/or damage, the University has implemented the University Bicycle Policies, which are available on the website for the Division of Campus Safety at <https://www.du.edu/campussafety>. These policies require that bicycles must be locked in designated areas only with approved U-Locks. U-Locks may be purchased in the DU Bookstore. Campus Safety will either impound or boot any bicycles kept in inappropriate areas, any bicycles locked without a U-Lock, and bicycles left by residents after they vacate the residence hall/apartment building. Students must claim impounded bicycles from Campus Safety within 90 days or the bicycle may be sold at public auction.

Only walking is permitted in all areas inside the residence halls/apartments. Residents and guests must walk their bikes and carry their skates, non-motorized scooters, and skateboards inside the residence halls/apartments. Motorcycles, motorized scooters, and motorbikes must be stored outdoors. Gasoline cans are prohibited inside any University owned or operated housing. Hoverboards are prohibited on campus, and Campus Safety will confiscate any hoverboards brought to campus.

Fire Safety

The Honor Code and this Guide to Residence Living outline the fire safety policies applicable to students. Students who violate the fire safety policies will be referred to the Student Rights & Responsibilities process. In addition to status and educational Outcomes, students found responsible for such violations may be required to pay restitution for the cost of repairs, damaged property (both University and personal), and/or medical evaluation and treatment; have their

housing contract terminated; be assigned a HRE fine; and/or be subject to criminal charges and fines.

Fire Safety Equipment

The University has installed advanced fire safety technology in University housing, including smoke alarms, thermal alarms connected to the central fire alarm system, and a sprinkler system, to provide a high level of protection in the event of a fire.

Each sprinkler head operates with a “fusible link,” a small device that melts under the heat of a fire and releases the water flow. The sprinklers can also be activated if the fusible links or the pipes of the system are pulled or struck, such as if you hang any object from the sprinkler head or if you are carrying or throwing an object that hits the sprinkler head. **Because the fusible links are very sensitive, you must be extremely careful not to touch, throw anything at, or hang anything from them.**

The sprinkler heads are tied into a powerful building-wide sprinkler system. When the sprinklers are activated, they will generate more than forty (40) gallons of water each minute from each head. The water will damage personal belongings in your room as well as damage other residents’ belongings in other rooms on your floor and the floors below. If you intentionally or carelessly activate the sprinkler system, you will be held accountable for the resulting water damage.

If a fire activates the sprinklers, the Denver Fire Department will investigate to determine the cause of the fire. If you intentionally or carelessly set a fire, you will be held accountable for the damage caused by the fire and/or water, which may include criminal charges, disciplinary action under the Honor Code, and/or financial responsibility.

HRE policy prohibits tampering with, interfering with, or unintentionally causing the activation of any kind of fire emergency equipment and setting fires of any kind. This prohibition includes, but is not limited to, tampering with or hanging something from a smoke detector, sprinkler head, or sprinkler line; hitting or striking a sprinkler head or pipe; pulling or calling in a false alarm; discharging or removing a fire extinguisher or hose; breaking the safety glass on the fire extinguisher case; propping open fire doors; or leaving an area through a locked fire door.

Hazardous Materials

Hazardous materials including, but not limited to, gasoline, propane, chemicals, flammable liquids, butane torches, and gas grills are not permitted in the residence

halls/apartments under any circumstances. If you are unsure whether an item is allowed, please ask your Resident Director prior to bringing the item into University owned or operated housing.

Please see the Safety Resources & Procedures for information on how to safely evacuate your building.

Fire Safety Measures

Cooking:

Cooking is only permitted in designated kitchen areas. When cooking in authorized areas, residents must comply with the following requirements:

- If the stove or cookware is messy, dirty, or excessively greasy, clean the stove or cookware before use.
- When using electric cooking appliances (such as microwaves, kettles, toasters) do not overload the circuit.
- NEVER leave food that is cooking unattended.
- Before starting to cook, familiarize yourself with the fire safety resources available and know where the fire extinguisher is located.
- Before leaving the kitchen area, be sure to clean up, dispose of trash, and turn off all appliances when finished cooking.

If a fire starts and you can safely do so, contain the fire by closing the door of the oven or microwave or putting the lid on the pan. Use an available fire extinguisher suitable for the type of fire. If these efforts fail, pull the fire alarm and evacuate immediately.

Decorations:

The [Office of Emergency Preparedness and Fire Safety](#) must inspect any major decorative construction (e.g., platforms, haunted houses, and obstacle courses) for fire safety before it is used. Residents must follow these requirements for fire-safe decorations:

- Use fire-resistant materials in assigned living quarters and at social events;
- Do not overload electrical outlets and do not use extension cords, which are prohibited in University owned or operated housing;
- Provide adequate safety lighting at all social events;
- Do not obstruct access to exits and fire extinguishers;
- Decorations may not be hung from ceilings;

- Decorations may not be hung on, from, or cover fire safety related equipment (i.e., fire sprinklers, fire alarm system, strobes, smoke/carbon monoxide detectors); and
- Do not use fireworks, floating lanterns, paper bag lanterns and wood fueled fires, which are prohibited as decorations in living quarters or any campus event.

Extension cords and power strips:

Because extension cords can easily become overloaded, thereby creating a fire risk, HRE prohibits residents from using extension cords under any circumstances.

When using appliances, do not overload electrical outlets as that may create an electrical fire. HRE requires power strips with surge suppressants for refrigerators, computers, and stereos.

Prohibited Items

- Possession or use of the following items is prohibited:
 - Halogen lamps
 - Incense
 - Candles
 - Candle warmers
 - Butane torches
 - Open flames
 - Space heaters (except those provided by the University)
 - Propane of any kind
 - Grills
 - Hoverboards

Additionally, the use of toaster ovens, toasters, electric frying pans, George Foreman type grills, crock pots, rice cookers, pressure cookers, and any appliance or device with an open heating element is prohibited except in suites/apartments with kitchens.

Permitted Items

Residents may use a reasonable number of University approved electronic devices in their room so long as they do not present a fire hazard or consume an excess of power. Use of microwave ovens, popcorn poppers, or other approved electrical appliances is permitted. The following appliances/devices are permitted:

- Alarm clock
- Computer
- Curling/flat iron
- Electric razor
- Hairdryer
- Desk/study lamp
- Electric blanket
- Electric coffee maker/tea maker
- Fan
- Blender
- Microwave (maximum 600 watts and/or 1 cubic ft.)
- Air popcorn popper
- Video game consoles (PlayStation, Xbox, Wii, etc.)
- Stereo
- TV/DVD player/VCR

Guests

During the 2021-2022 academic year, the University may adjust the HRE guest policies in response to changing conditions on campus, changes in public health orders, as well as federal and state guidance regarding mitigation measures for COVID-19. Residents of University owned and operated housing must stay informed regarding changes in the HRE guest policies and must comply with instructions from University staff. For Fall term 2021, the HRE COVID-19 guest policy applies and permits residents to only host guests from within their own assigned University owned or operated housing.

For the purposes of the Guide to Residence Living, a non-resident guest is defined as an individual who is not affiliated with the University or a DU community member who does not live in the residence hall or apartment building they are visiting. Hosts must accompany non-resident guests at all times and are responsible for their non-resident guests.

For the purposes of the Guide to Residence Living, a host is defined as a current DU student who has a current housing contract to reside within University owned and operated housing.

When non-resident guests are permitted in University owned or operated housing, to protect the safety and comfort of all residents, HRE has established the following requirements:

- Residents should be aware of their surroundings and what is happening in their living community, and residents should inform the front desk or a HRE staff member of anyone in the building who is causing a disturbance.
- Residents are responsible for escorting their non-resident guests within University owned or operated housing at all times and are responsible for their non-resident guests' behavior at all times. Unescorted non-resident guests may be asked to show identification, a registration confirmation email, and identify the resident whom they are visiting.
- After 10 PM, all non-resident guests must present photo identification and sign in at the front desk and be prepared to show their registration confirmation email at all times.
 - Hosts are expected to meet and escort their non-resident guests to the front desk to register the non-resident guest.
 - Failure to register as a non-resident guest may result in the immediate removal of the non-resident guest from the building.
- Failure to cooperate with the requests of HRE staff or other University or emergency Officials will result in a non-resident guest's immediate removal from the building.
- Providing keys or access cards to non-resident guests or other individuals is strictly prohibited.
- Each resident has the right to have guests with explicit prior permission of room/suitemates. At the same time, every resident has the right to privacy in their room. Your right to have visitors does not supersede your room/suitemate's right to privacy. Your room/suitemate or an HRE staff member can require that your guest(s) leave immediately, and if your guest(s) fails to do so, you and your guest may face disciplinary action.
- Cohabitation (allowing someone other than your designated room/suitemate to live in your assigned living quarters) is not permitted.
- Non-resident guests are limited to staying overnight a maximum of two nights per 7-day week (Sunday through Saturday) with the explicit prior permission of room/suitemates.
- If non-resident guests stay overnight, they must sleep in their host's room or apartment. Neither non-resident guests nor residents are permitted to sleep in lounges or other common areas under any circumstances. Neither non-resident guests nor residents are permitted to sleep in a room/suitemate's bed without explicit prior permission of that person.

Mailbox Stuffers

HRE does not permit any mailbox stuffers from any student group or organization without prior approval from the HRE Central Office. HRE approves mailbox stuffers on a very limited basis for HRE business. Please contact the HRE Central Office (housing@du.edu or Dimond Family Residential Village #P112) if you are requesting mass distribution of any fliers/mailers for residents.

Contractual Provisions

Live On Requirement

The University of Denver has a two-year “live on” requirement, which can be fulfilled in the following ways:

- A student has completed two full years of attendance at the University of Denver or another accredited post-secondary institution before University owned or operated housing opens for fall quarter. For example, a transfer student who has attended another accredited institution for at least two years is exempt from the live on requirement. The student’s experience must be at an institution of higher education and cannot include high school or boarding school experience.
- The student is 21 years of age or older **before** University owned or operated housing opens for fall quarter.
- The student provides documentation that they are legally married or in a legally-recognized civil union.
- The student resides with their dependent child(ren).
- The student will be living during the academic year at their parent/legal guardians’ **permanent** residence within a twenty-five (25) mile driving radius of campus. This must be the same permanent address documented in PioneerWeb.

Administrative Moves

HRE reserves the right to reassign residents within University owned or operated housing for reasons the University deems appropriate. These reasons may include occupancy needs, facility problems, vandalism, violation of University policies, patterns of inappropriate behavior that negatively affect the community, established University owned or operated housing priorities, or any other reasons deemed necessary for the health or safety of the community. If roommate

conflict(s) cannot be resolved, one or more residents may be moved. The University will strive to give appropriate notice to affected residents.

Housing Contract

You sign your housing contract, a legally binding document, electronically when you complete the online housing application, which covers the entire academic year. There is a separate contract for the summer term. If you have any questions concerning your housing contract or this Guide to Residence Living, contact HRE by phone at 303-871-2246 from 8:00 am - 4:30 pm Monday through Friday, excluding [University holidays](#), or by email at housing@du.edu.

Contract Breakage

After June 30, students may only request to break the housing contract or meal plan requirement for the following reasons:

- Graduation from DU;
- Official withdrawal from DU; or
- Significant, unanticipated change in circumstances that were beyond the student's control and occurred after the date on which the student executed the housing contract.

Students must complete and submit the Contract Breakage Form and include an explanation of and adequate supporting documentation for the significant unanticipated change in circumstances. The University will review the request and inform the student of the decision. Please refer to your housing contract for the financial responsibilities regarding contract breakage.

Contact HRE at HREContractRelease@du.edu for any questions or concerns regarding this process.

Pro-rated Schedule

Until you have returned the keys and completed HRE's check out procedures, HRE will charge you a daily fee.

Room Pro-rated Schedule

For approved move outs, HRE calculates pro-rated room fees on a daily basis. HRE charges for each day beginning when University owned or operated housing opens for the term and ending on the date on which you return your keys and complete the HRE checkout process. If you do not complete the HRE checkout procedures, HRE will charge you daily room fees according to the date listed by HRE staff on the

checkout paperwork when HRE has determined that you have moved out. HRE may also charge you for a lock change if you do not return your keys at checkout.

Meal Plan Pro-rated Schedule

If HRE approves cancellation of your housing contract, HRE will automatically cancel your meal plan. HRE calculates pro-rated meal plan fees according to the number of meals/meal plan cash used or a daily rate, whichever is greater. Using a daily rate, HRE calculates pro-rated fees beginning with when the meal plan begins for the term and ending on the date the meal plan is taken off of the ID card system.

(Note: Because of the different processing times, this date may be later than the date of HRE checkout.)

If you are continuing as a student and wish to keep your meal plan, you must sign an off-campus meal plan contract before your checkout.

Room Changes and Living with a Roommate

Learning to live with someone is not always easy. Good communication is the key to successful roommate relationships. At the beginning of the year, you and your roommate will complete a Roommate Agreement that establishes guidelines for successfully sharing your room. It is important to be honest about your living needs during this conversation – as well as be willing to compromise if your needs differ significantly from your roommate's. Should a conflict arise during the academic year, you should review your Roommate Agreement with your roommate. If you are unable to work out a solution to your conflict, speak with your Resident Advisor (RA) to set up mediation between you and your roommate. If the problems in your room persist, you can work with your Graduate Resident Director (GRD) or Resident Director (RD) to further mediate your conflict. It is important to know that a room change may not be available. If room changes are available, HRE will only grant room changes for residents who have gone through the mediation process. Only the GRD or RD may approve a room change.

What if I am in A Double Room or Apartment by Myself?

If you find yourself in a double room or apartment without a roommate, you must abide by the Open Space Agreement. You will receive this agreement via email. This agreement shows your understanding that the other half of your room/apartment should be ready at all times for another resident to move in. Failure to read the agreement does not mean that you will not be assigned a new roommate or be held accountable for the terms of the Open Space Agreement.

If you are in a double room by yourself, you must keep all of your belongings on one side of the room and keep the other side clean and open for a potential roommate assignment. This means you should only occupy one bed, one desk, one dresser, and one closet. HRE will try to give you advance notice before a new resident moves in, however, roommate assignments can happen at any time, including during break periods. Accordingly, the space should always be ready.

If you have an open room in your suite/apartment, you must keep the suite/apartment clean and open for a potential roommate assignment. Roommate assignments can happen at any time during the fall, winter, or spring quarters, including during break periods. Your assigned living quarters must be kept in a condition that allows a person to move into the space without your belongings or any mess interfering with the move in process.

You may not attempt to keep a potential roommate from moving in or to force a new roommate to move out. Such actions will result in referral to the Office of Student Rights & Responsibilities.

If you do not comply with these requirements (e.g. keeping one side of the room clean, keeping the suite/apartment clean, etc.), you may be assessed a fine, charged for a single room or single apartment retroactive to the beginning of the current term, and/or you may be relocated. An HRE staff member may enter your assigned living quarters and move your belongings to one side of the room or in the apartment to prepare the space for a roommate. If this occurs, HRE will charge you for this service, and you may be reported to the Office of Student Rights & Responsibilities.

Check-In/Check Out Procedures

Check-In Procedures

There are many steps involved in checking into your new home. Be sure to check the condition of your assigned living quarters and note your comments on the Room Inspection Form online within 72 hours of checking in. If you do not complete the Room Inspection Form within 72 hours, you agree to accept the room without any damage or flaws, and you will be found liable for all damages upon check out. Instructions on how to complete the Room Inspection Form are included in your welcome email. If anything in your assigned living quarters is not in working order or needs attention from our custodial or maintenance staff, you must submit a [work order online](#). If a roommate has yet to arrive, please remember to leave half

of the room open (which includes one closet, desk, desk chair, bed, and bookshelf) or the equivalent space in an apartment.

Mid-Year Check Out Procedures

The following procedures must be completed in order to complete check out and avoid a check out fee during the academic year. (If you have additional questions, contact an HRE staff member.)

- Take all your personal belongings out of your assigned living quarters prior to your check out time.
- Make sure your portion of your assigned living quarters is clean and ready for inspection prior to your check out time.
- Review the Room Inspection Form with a HRE staff member during check out to assess the condition of your assigned living quarters.
- Maintenance and custodial staff will check your assigned living quarters after you leave, and you may be assessed additional charges. You may also be assessed group billing charges that have accrued during your time residing in University owned or operated housing. These will be assessed to your student account.
- Return all keys/keycards to the Front Desks upon check out. Failure to do so will result in charges for re-coring locks and replacement of keys.
- Unless you make arrangements in advance, your meal plan will automatically be cancelled when you complete the check out procedures. Please consult HRE for details.

Your housing contract is for the entire academic year. The only reasons for checking out during the academic year are:

- Official withdrawal or stop-out from the University. For academic questions, contact the Center for Academic Resources if you are an undergraduate student or your department if you are a graduate student;
- If you are not registered in courses for the term;
- Study abroad;
- Medical Leave of Absence;
- Contract Breakage approval;
- Graduation; or
- Removal through the SRR process.

If you are officially withdrawing or “stopping out,” you must notify HRE and check out of your room within 48 hours of withdrawing. If you are moving out due to contract release, breakage, or removal through the SRR process and want to continue your meal plan, you must contact HRE and sign an off-campus meal plan contract. (See the Pro-rated Schedule section of this Guide to find out more on how your charges will be adjusted.)

If you move out for a reason other than those specified above or if you are removed through the SRR process, you will continue to be billed for the remainder of the contract period for both your room and meal plan.

Scheduling a Check Out

1. Express Check Out: At the front desk of your building, there is an express check out box where you can drop your room/mailbox keys. You must write your name, student ID number, and room number on the envelope, put the keys inside, and drop the envelope into the Express Check Out box.

Please understand that by choosing the Express Check Out option, you are forfeiting your right to appeal any damage charges.

2. Schedule a time to check out with an HRE staff member at least 24 hours prior to your departure, starting with your Resident Assistants (RA). However, any available HRE staff member for the building in which your assigned living quarters are located may check you out.

End of Year Check Out Procedures

At the end of the academic year, every resident is responsible for checking out of their assigned living quarters before 9 a.m. on the Friday of finals week. RAs will hold mandatory floor meetings to share information about procedures required for end of year check out. Residents must attend those meetings. Residents who are unable to attend the mandatory floor meetings must follow up with an HRE staff member to learn the check out procedures.

If you are not returning to University owned or operated housing for the following academic year, your housing deposit refund, if applicable, will be credited to your student account approximately 30 business days after your housing closes.

Damage Charges

When property damage occurs, and individuals are identified as potentially responsible, HRE may make a referral to the Office of Student Rights & Responsibilities. When an individual(s) cannot be identified, HRE will assess the

costs evenly to all members of the impacted community. Although HRE makes most damage assessments at the end of the year, some residents may be charged during the term. The two types of charges residents may be assessed for are individual damages and group damages.

Group Damages Charges

When damages occur in a common area such as in a floor lounge, hallway, or bathroom, HRE staff will attempt to determine the responsible individual(s). HRE will send an email to the community members to notify them of the damage and approximate cost of repair or replacement. Residents should attempt to identify individuals responsible and report damage and vandalism to the HRE staff immediately to avoid group damage charges.

When there is damage to a public area and HRE cannot identify the responsible individual(s), HRE may assess group damage charges to the residents of that community. This means that everyone in that community shares the cost of the damages.

Individual Damage Charges

You are provided an electronic Room Inventory Form when you move in. You should carefully inspect every aspect of your room/apartment and make a note of pre-existing damages. Damages not noted on the Room Inventory Form at check-in will be charged to you at check out. You have 72 hours from the time that you move in to complete the Room Inventory Form. If you do not complete the form within 72 hours, you agree to accept the room without any damage or flaws. Charges for damages to common areas in the room/apartment are shared by you and your roommate and are assessed accordingly. If your roommate leaves before the end of the academic year and damage is found at that time, both roommates may be assessed the cost of repair.

The resident must complete a Room Inventory Form and inspection for the condition of the room and its furniture upon move-in. It is also recommended that residents take dated photos of the condition of the room upon check out. This may mitigate the charges assessed at the end of the academic year.

For more information about specific damages, contact your Resident Director.

Winter Break Procedures

Traditionally, residents may keep their belongings in their assigned living quarters during winter break. Centennial Towers and the Apartments Community may

remain open during winter break. All other residence halls are closed during winter break. HRE will make available winter break housing request forms in November. Winter break housing is based upon available space, and residents interested in staying over winter break may receive a permanent move.

Dining services will not be available during the winter break. Residents will need to plan and provide their own meals during this time.

Entry by Staff

University staff may enter a resident's assigned living quarters in University owned or operated housing for a variety of reasons. HRE tries to give residents 24-hours advanced notice; however, HRE may not always be able to do so. If HRE discovers a policy violation in any of the situations below, HRE will document the violation and may refer the resident to the Office of Student Rights & Responsibilities.

University officials, including HRE staff members and Campus Safety, may confiscate items that violate University and HRE policies, including but not limited to: candles, incense, alcohol, drugs, controlled substances, false identification, illegal plants, weapons, and drug paraphernalia. Items may be discarded or turned over to Campus Safety for further investigation and/or disposal as appropriate.

The following are illustrative, but not an exhaustive list of, reasons for room entry:

- Fulfill custodial, maintenance, or computer service needs;
- Investigate suspicion that the welfare and/or rights of other members of the University community are being infringed upon;
- Investigate if danger to a student, or danger to the property of a student or the University exists;
- Investigate suspicion of policy violation;
- Check that closing procedures for break periods were completed;
- Turn off alarms, stereos, or other devices that are causing a noise disturbance;
- Cleaning and maintenance inspections;
- Confirm room has been vacated during fire alarm;
- Confirm room is ready for a new resident;

- Confirm space has been vacated by resident if they were scheduled to have been moved out;
- Disruptive noise/behavior caused by an animal (whether emotional support animal, service animal, or unauthorized pet);
- Inspect rooms periodically for fire safety issues, including for the presence of prohibited items, evidence of tampering with fire safety devices, and verifying the following:
 - Fire alarm devices and fire safety equipment are not covered or broken.
 - Nothing obstructs the egress.
 - Nothing is hung from the ceiling.
 - No electrical safety hazards are present.
 - No excessive holiday lights or decorative LED lighting are present.
 - No furnishings are in contact with approved room heaters.

Open Space Agreements

If you have an unoccupied space in your assigned living quarters, HRE will send you via email an Open Space Agreement. To prepare for a potential room/suitemate, you must make sure all your belongings are on your side of the room — and that you occupy only one set of furniture and one closet space in the room. HRE will try to give advance notice before a new resident moves in, however, roommate assignments can happen at any time, including during break periods. An HRE staff member will come by to check your assigned living quarters periodically to make sure it is ready to receive a new resident. Students interested in moving into this open space may stop by the room to meet you and see the space at any time. HRE expects that you will be courteous and treat these students with respect.

Assigned Living Quarters Expectations

Balconies & Terraces

HRE may lock balconies and/or terraces for any reason without prior notice to residents. Residents with locked balconies and/or terraces in their assigned living quarters are not permitted to access their balcony/terrace.

Cleanliness

To protect the health and safety of all residents, residents must maintain reasonable standards of cleanliness in all University owned or operated housing, including common shared spaces. HRE staff will conduct periodic inspections in all assigned living quarters to maintain clean, safe, and high-quality housing. Although HRE will endeavor to notify residents of inspections, HRE is not required to provide notice and HRE can conduct inspections at any time and without prior notice to the resident. If HRE staff determines, in its discretion, that a resident(s) has not met cleanliness standards, the HRE staff member will take appropriate action to resolve the concern with the resident(s), which may include scheduling the Custodial Staff to clean the space at the expense of the resident. HRE will bill these costs at the current rates. Residents may not refuse Custodial Staff services at any time.

Residents must keep floors clear of personal items and trash. Residents must deposit their trash and recycling in designated areas in a timely manner and cannot allow trash and recycling to accumulate. Residents must not empty their personal trash and recycling cans in bathrooms, laundry areas, or in lobby trashcans. Residents must keep hallways, stairwells, and elevators free of personal belongings, including trash and recycling. Failure to follow the cleanliness guidelines may result in an hourly fee for staff cleaning time at the current rates, which HRE will bill to an individual resident or the residents of the floor impacted.

Furniture

Furniture is to be used as designed and must not be removed from its original location. No other constructions or configurations of furniture are allowed (e.g. lofts, stacking of furniture, bed lifts, or stacking on concrete blocks). In addition to any charges for repair or replacement of damaged furniture caused by misuse, HRE may refer the students to the Office of Student Rights & Responsibilities, and HRE may assess the student(s) a minimum \$75 administrative fee for misuse of furniture or other construction in rooms. Lounge furniture and other University property is placed in common areas for common use. Residents must not take, borrow, or add additional furniture to the lobby areas for their own personal use. If residents violate this prohibition, HRE may refer them to the Office of Student Rights & Responsibilities, and HRE may assess the student(s) a minimum administrative fee of \$50 per item per incident, as well as charges for any damage incurred.

Residents must not remove closet doors.

The mattresses in residence halls/apartments range from full to twin extra-long (36" x 80" x 7").

Identification Cards

A University of Denver ID card is used to verify the identity of residents and gain access to specific University owned or operated housing. For security reasons, a residence hall staff member will routinely ask residents entering a building to show their University of Denver ID card. University of Denver ID cards are not transferable. Students must not lend their University of Denver ID card to another individual for any purpose including, but not limited to, entry to a building, misrepresentation of age, or the purchase of meals. Students must report a lost University of Denver ID card to the [Pioneer ID Card Office](#) promptly and must get a new University of Denver ID card to be able to access the entrance and elevators/stairways of their building.

To promote the security of University owned or operated housing, to enter Halls, JMAC, Nelson, Nagel, Towers, Dimond, or the Apartments Community (Ridgeline, Summit, Mesa, Hilltop, Lynn Marie, University Lofts, and University Place), you will need your University of Denver ID card to gain access to the residential areas and the exterior doors after business hours. During business hours, DU Community members can use their DU ID card to gain access to food service and classroom facilities.

Keys

Lost keys may jeopardize your own security and the security of other residents. For these reasons, residents are prohibited from making copies of keys or purchasing an unauthorized key. Residents may not have in their possession a key to any assigned living quarters other than their own, nor may they have more than one key to their own assigned living quarters.

If a resident is locked out of their assigned living quarters, the resident can check out a lockout key from the front desk of their building, but must return the key to the front desk within 15 minutes after checking it out. Failure to return the lockout key within 15 minutes may result in a lock change and costs assessed to the resident.

Residents must report lost keys to the front desk or apartment office immediately. To protect your safety and the safety of the community, HRE will re-core the lock for any lost keys and will assess a re-core charge at then current rates to your student financial account. HRE will assess this charge regardless of where or how their key(s) went missing. Because of safety concerns, residents may not provide their own replacement keys or refuse a re-core of the lock for their assigned living quarters.

Noise

Noise is a particular concern in University owned or operated housing where many students live and study together in a relatively small space. HRE expects all residents to show courtesy and consideration of others at all times. All residents are responsible for their own noise level, as well as the noise levels of their guests. Noise that intrudes on others right to sleep and study is prohibited. Reasonable quiet in areas outside the buildings must be maintained. Noise will be considered disruptive if it can be heard through a closed door or window. Excessive bass, loud music, running and shouting in the hallways, yelling out windows, and door slamming are always considered unacceptable.

Residents who are being disturbed by noise are encouraged to respectfully approach others to request they reduce their noise. Should a resident need help handling a noise complaint, contact the front desk of your building, and an HRE staff member will provide assistance.

Quiet hours

For all University owned or operated housing quiet hours are as follows:

- Sunday through Thursday: 10 p.m. to 7 a.m.
- Friday and Saturday: 12 a.m. to 9 a.m.

During quiet hours, residents need to be particularly conscious of their noise levels, and excessive noise will be documented. A floor community may choose to extend quiet hours.

Courtesy hours

Courtesy hours are observed 24-hours a day throughout University owned or operated housing. When asked by another resident or staff member to reduce noise level, residents are expected to immediately comply as a courtesy to fellow community members.

Finals week quiet hours

24-hour quiet hours are in effect during finals week.

Rights & Responsibilities Policies

In addition to the policies outlined in the [University of Denver Honor Code](#), residents and guests in University owned or operated housing are expected to comply with all policies in this Guide to Residence Living. Any potential violation of policies may be documented and processed through the Student Rights & Responsibilities process as outlined in the University of Denver Honor Code. - Help Campus Safety keep our campus a safe place to live by reporting any suspicious behavior immediately.

Fire Evacuation

If a fire alarm sounds, residents must immediately vacate the building via the nearest stairwell and proceed at least 50 feet (15 meters) outside the building until a Campus Safety officer or first responder allows residents to re-enter the building. Residents and guests must fully cooperate in all evacuations. Failure to evacuate the building in the event of an alarm sounding may result in a referral to the Office of Student Rights & Responsibilities.

Exit the building immediately in a safe manner. If you are not in your own room, do not go back to your room to retrieve items. If you are in your room, please do the following:

- Check to see if the doorknob is hot.
- If it is hot:
 - Do not open your door,
 - Wait in plain view next to your window,
 - Open blinds and leave your lights on, and
 - Call Campus Safety at 303-871-300 or 911 to report your location if a phone is available.

- If your doorknob is **not** hot:
 - Take a dampened towel and cover your nose and mouth to prevent smoke inhalation,
 - Put on shoes,
 - Close doors behind you, and
 - Exit via the stairway closest to your room/apartment – do not use the elevator.

If the outside exit door does not open immediately, kick the emergency strike plate.
When evacuating the building:

- Leave the building immediately.
- Do not investigate the source of the emergency.
- Walk, don't run, to the nearest exit.
- Use stairs, not elevators.
- Follow instructions of the Department of Campus Safety officials or other identified emergency personnel.
- Upon exiting the building, move at least 50 feet (15 meters) away from the structure.

Do NOT re-enter the building until told to do so by Campus Safety officials or other first responders.

Special Considerations:

Certain evacuations may last longer than your typical fire alarm. In cases where there is an actual fire, carbon monoxide alarm, or any instance where one cannot re-enter their assigned living quarters for a prolonged period of time, please go to the following gathering points located in a building different than your living quarters:

- Residents of Halls will gather at Towers main lounge.
- Residents of Towers will gather at Halls main lounge.

- Residents of JMAC will gather inside the Nelson lobby.
- Residents of Nelson and Nagel will gather at the JMAC main lounge and classroom.

Residents of the Dimond Family Residential Village will gather at Halls main lounge.

Persons with disabilities:

If a person is unable to evacuate a building due to a physical disability, the following steps should be taken:

- If the building has a designated area of rescue, the person should be moved to this area.
- If the building does NOT have a designated area of rescue, the person should be moved to the closet stairwell.
- Call 911 or Campus Safety at 303-871-3000 and inform first responders of the person requiring rescue and their current location.

You are required to evacuate the building safely and quickly when a fire alarm sounds. Failure to comply with these directions may result in referral to the Office of Student Rights & Responsibilities and potential criminal action based on federal, state or city fire codes.

Campus Shuttle Service

The University of Denver has contracted with a third party to provide the Campus Shuttle Service. Users will need to download [TripShot](#). For more information regarding hours and routes of the shuttle service, please see the [Campus Shuttle website](#).

Staff Member on Duty

HRE has an extensive on-call/duty system. There are always RAs on duty in each building every night of the week and on weekends.
