Experience adventure with our customizable guided activities, designed for team building, enhancing group cohesion, and just plain fun. Our pricing is tailored to your needs, taking into account group size, guide ratios, and your specific goals.

In our Outdoor Experiences, safety and quality are our top priorities. For activities like climbing and Via Ferrata, we maintain a minimum guide-to-participant ratio of 1:6, ensuring your safety and enjoyment. Our guides are trained to an American Mountain Guide Association (AMGA) standard for managing groups in these environments.

However, when it comes to low and high ropes experiences, we break free from the industry norms. The ideal guide ratio is determined by various factors, including your group's objectives, the level of facilitation, the desired challenge level, and other relevant parameters. We're here to create a tailored experience that suits your team's unique needs.

Facilitated Activity	Guide Ratio (Guide to Participant)	Cost Per Guide Hour

Low Ropes and Games	Varies	\$45.00
