

Tutorial – How to Accept DU Badges

Step 1: Badge Notification Email

When you earn a badge, you will receive an email from Credly that looks like this:

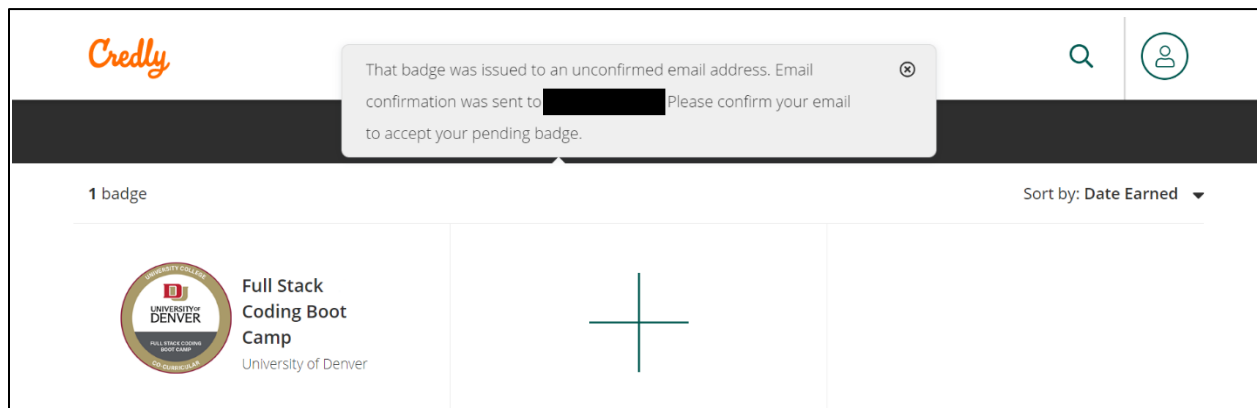

Click on the green **Accept Your Badge** button/URL to be taken to the Credly website. If you already have a Credly account and have set up your account to auto accept badges from an institution, the **Accept Your Badge** button and URL will be listed as **View Details** instead.

Please note: Badge notification emails are sent from admin@credly.com. If you are expecting a badge notification email and haven't received it, please check your junk or spam folder.

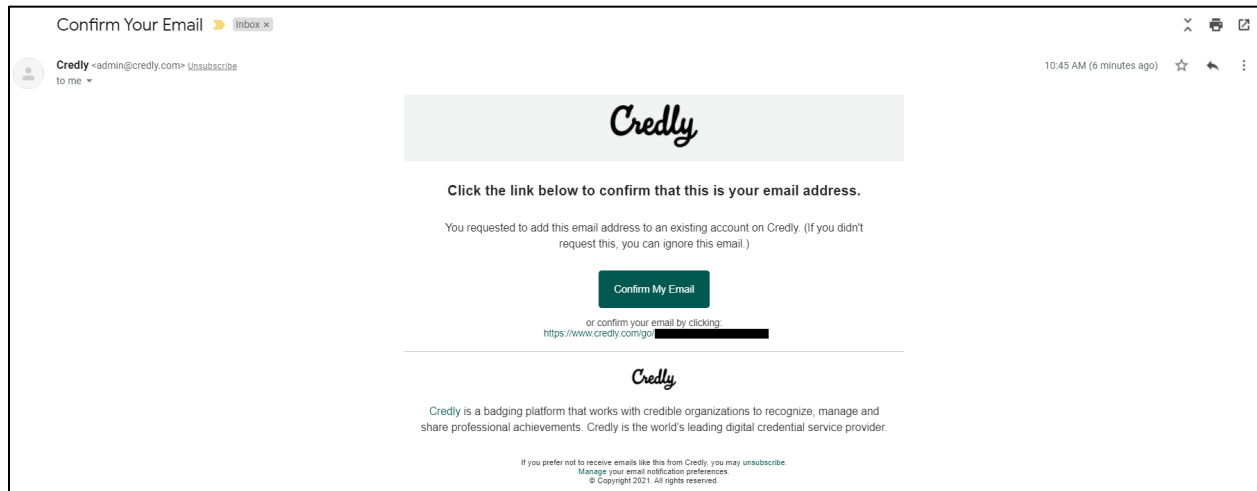

Step 2: Verify Your Email Address

After clicking **Accept Your Badge** in the badge notification email, you will be taken to the Credly webpage. In order to fully accept your badge, you will need to confirm your email address.

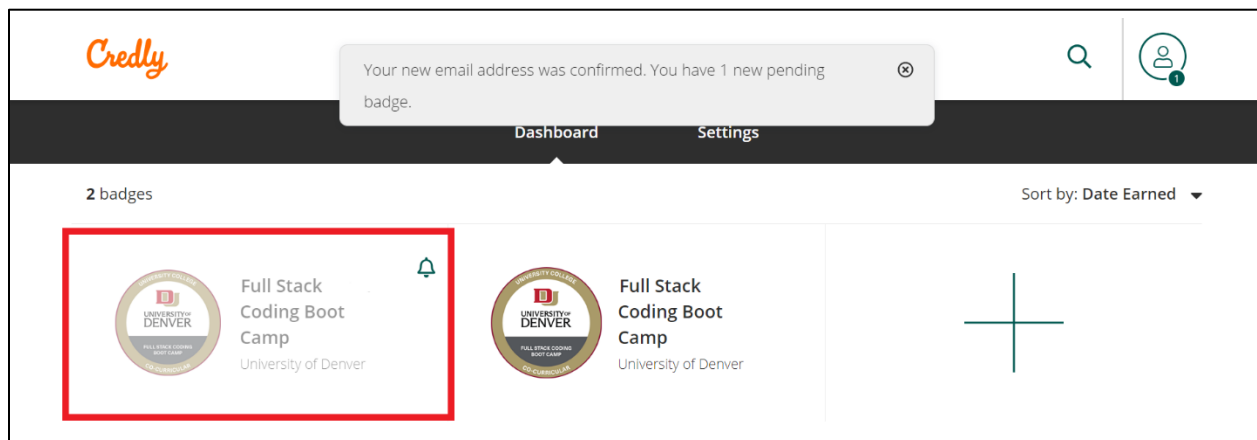

Tutorial – How to Accept DU Badges

Check your email inbox for an email that looks like the message below. Select **Confirm My Email**.

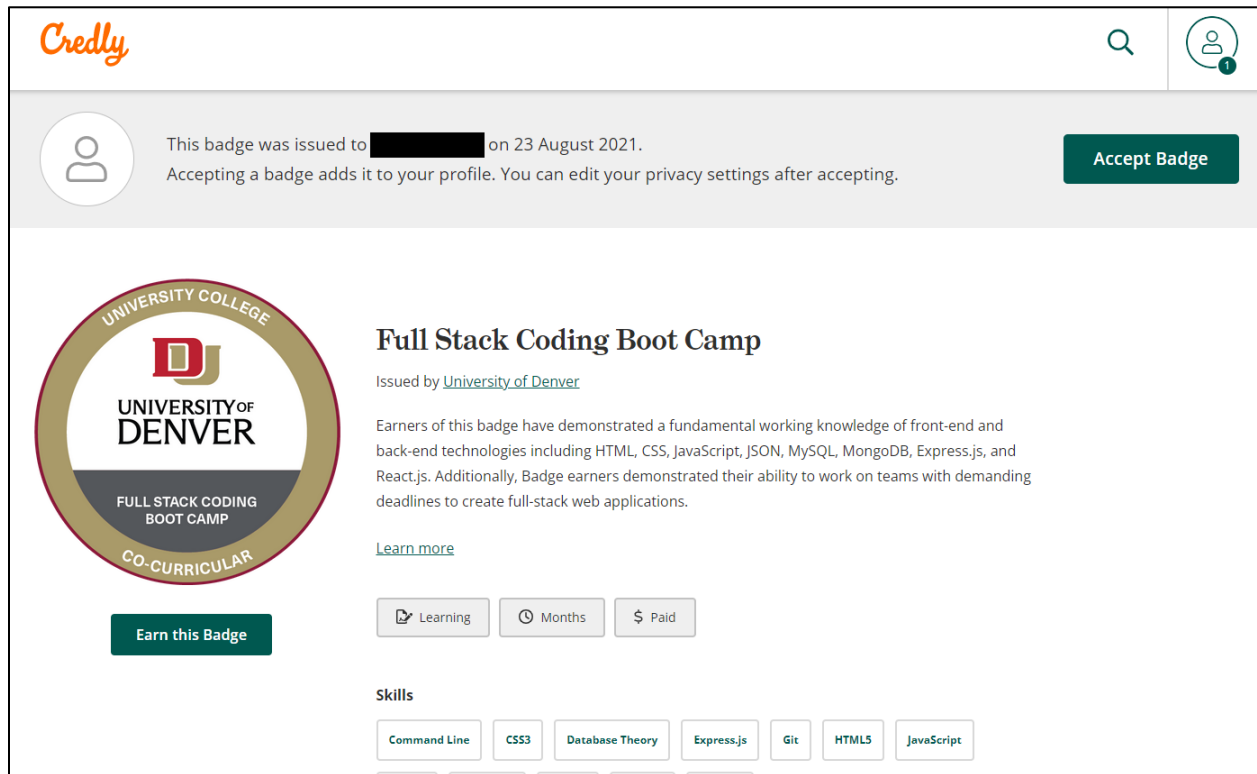

Step 3: Accept Pending Badge in Credly

Your email address is now confirmed. Your pending badge will be grayed out on your Dashboard. Click the pending badge (highlighted in red).

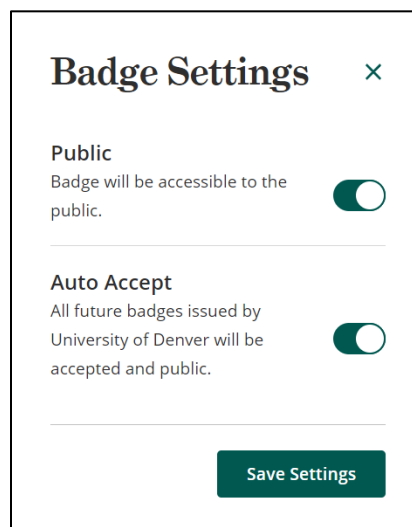

Tutorial – How to Accept DU Badges

Click **Accept Badge**. This page shows all the badge's metadata (description, earning criteria, skills, standards, etc.).

The screenshot shows the Credly interface for a badge titled "Full Stack Coding Boot Camp" issued by the University of Denver. The badge is circular with a gold border and a red and white center. The text "UNIVERSITY COLLEGE" is at the top, "UNIVERSITY OF DENVER" is in the center, and "FULL STACK CODING BOOT CAMP" and "CO-CURRICULAR" are at the bottom. To the right of the badge, the title "Full Stack Coding Boot Camp" is displayed, followed by "Issued by University of Denver". Below this, a paragraph describes the badge: "Earners of this badge have demonstrated a fundamental working knowledge of front-end and back-end technologies including HTML, CSS, JavaScript, JSON, MySQL, MongoDB, Express.js, and React.js. Additionally, Badge earners demonstrated their ability to work on teams with demanding deadlines to create full-stack web applications." A "Learn more" link is provided. Below the description, there are three buttons: "Learning", "Months", and "Paid". Under the "Skills" section, there are several tags: "Command Line", "CSS3", "Database Theory", "Express.js", "Git", "HTML5", and "JavaScript". At the top right, there is a search icon and a user profile icon with a notification badge. At the top left, the Credly logo is visible. In the top right corner, there is a button labeled "Accept Badge".

You can now select if you want this badge to public or not, and if you would like to auto accept badges from the University of Denver in the future.

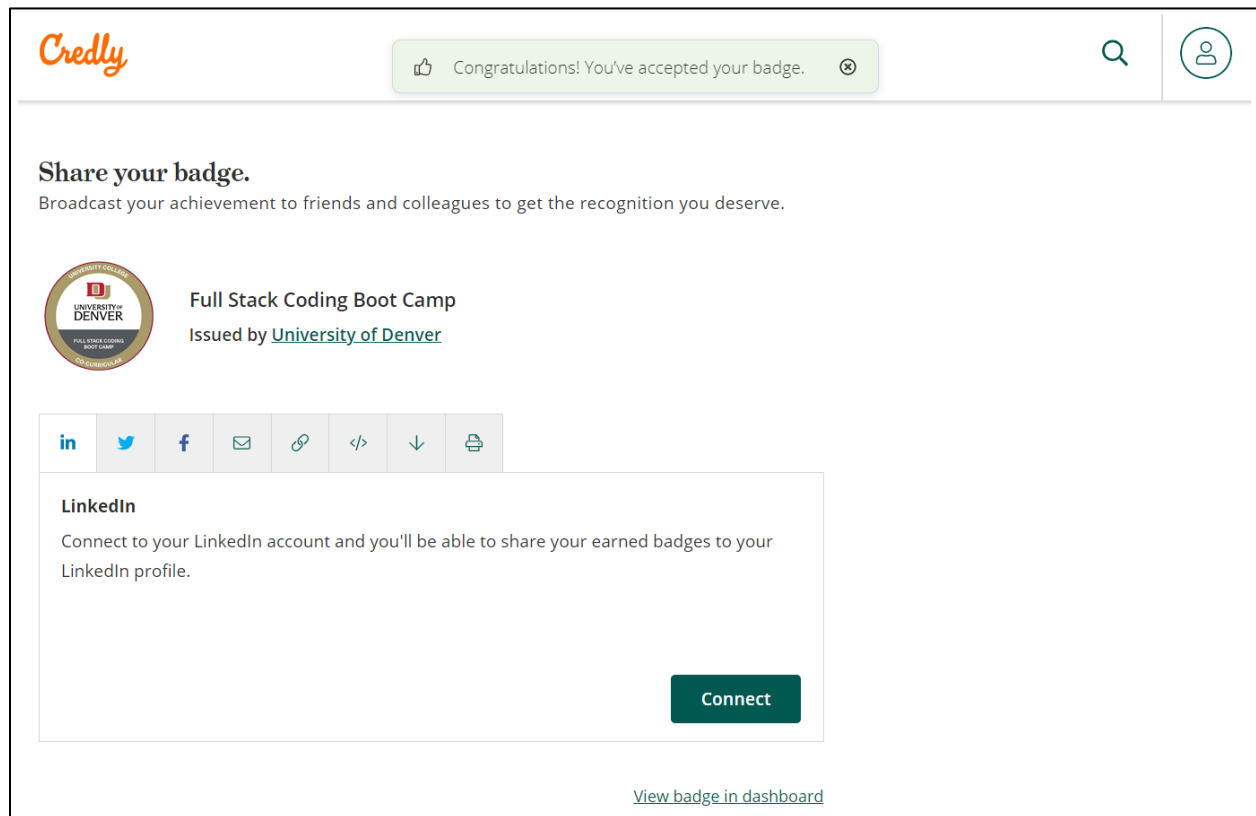

The screenshot shows a "Badge Settings" modal with a close button (X) in the top right corner. The modal contains two sections: "Public" and "Auto Accept". The "Public" section has a toggle switch that is currently turned on, with the text "Badge will be accessible to the public." below it. The "Auto Accept" section has a toggle switch that is currently turned on, with the text "All future badges issued by University of Denver will be accepted and public." below it. At the bottom right of the modal, there is a button labeled "Save Settings".

Step 4: Share Your Badge

Your badge is now accepted. You can share your badge on various social media platforms such as LinkedIn, Twitter, Facebook; send in an email; embed in a website; download an image file of your badge; or print a certificate of your badge.

Credly Congratulations! You've accepted your badge. 🔍 👤

Share your badge.
Broadcast your achievement to friends and colleagues to get the recognition you deserve.
