

i We are using the Columbine flower as a symbol for the Office of Teaching and Learning (OTL) because it represents the natural beauty and resilience of Colorado. As the state flower, the Columbine reflects our commitment to excellence and growth in education, celebrating our local community and dedication to nurturing an inspiring learning environment.

otl.du.edu

Our Mission

To support faculty in the advancement of transformative, inclusive, and impactful teaching and learning across all disciplines and modalities to actualize DU's educational promise to all students.
