

## Student Entrepreneurship Outreach Policy

The William T. Driscoll Student Center is dedicated to promoting and supporting student entrepreneurs that are looking to vend their products. Any student entrepreneur can request a space within the Driscoll Student Center by accessing 25Live, placing a request for a DSC Bridge Table using the Student Entrepreneurship organization, and meeting all of the following criteria:

1. All student entrepreneurs must be full-time undergraduate or graduate students at the University of Denver.
2. The products to be showcased must retain originality and creativity of the student entrepreneur. Neither the products nor the student entrepreneur can represent an existing brand or company.
3. A student entrepreneur must disclose and describe all products that will be sold in detail in the “event description” or “event comments” section when making a reservation on 25Live. Also, student entrepreneurs will need to meet with the Driscoll Student Center’s Assistant Director ([Kate.McHargue@du.edu](mailto:Kate.McHargue@du.edu)) to show their product and receive the Assistant Director’s approval before being allowed to table.
4. Please note that each reservation is granted at the sole discretion of the University of Denver and that Reservations staff will determine the approval/disapproval of the spaces requested based on the appropriateness of the products.
5. Failure to meet the criteria above will result in automatic cancellation of requested reservation.
