Yet another academic year has passed and your students are either just about to walk across that stage and receive their diplomas, or they are one step closer to the great milestone that is graduation! Whatever the case, we congratulate your students for the closing of this year’s chapter, and the beginning of the next.

Congratulations to those who have graduating students. This is an
amazing new chapter of your student's life, and we hope they bring DU pride with them wherever they choose to go in the future.

Congratulations to those whose students just finished up their first year at DU. The transition is not always easy, but we hope you know that we are with you every step of the way and that it only gets easier from here. We are so excited for another few years of partnership with you.

Congratulations to all of the families in-between. You all have been so amazing and welcoming in sharing your resources and experiences to first year families in our community. Your partnership with DU has been invaluable and we are so grateful to continue that with you.
