Rotating Sessions

*Location: Newman Center*

Families new to the University of Denver have expressed that they would like a more in-depth discussion on the topics of career development, health and wellness, preparation for studying abroad, and financial services for students. We have designed these sessions to be in a rotating format, given the number of people who will attend. Each session will be presented at 2:00pm, 3:00pm, and 4:00pm at various locations inside the Newman Center.
TUESDAY, SEPT 3

Descriptions of Rotating Sessions:

Career Development & Internships: A OneDU Model of Support  
Gates Concert Hall, Newman Center  
Surveys show that 86% of first-year students are attending college to improve their job prospects. During this session, staff from Career & Professional Development will share the critical steps students should take beginning in their first year to ensure successful post-graduation outcomes. They will also cover our OneDU model of career support and how parents and families can help launch student career success.

Health & Counseling Center (HCC), Success Through Wellness  
Byron Theatre, Newman Center  
Come learn everything you need and want to know about health and wellness services available to your students. Clinicians and administrators from the HCC will provide an overview of the services available on campus as well as the coverage provided by the Student Health Insurance Plan.

Study Abroad at DU  
Williams Salon, Newman Center  
Meet the staff members from the Office of International Education and learn how to support your student in preparation for studying abroad, how to find resources from our office, and what you can do now that will help your student prepare for one of the most rewarding academic adventures of their lives.

Financial Aid and Student Financial Services  
Hamilton Recital Hall, Newman Center  
Leadership from The Office of Financial Aid and Student Financial Services will describe how their departments help students finance a DU education, discuss scholarships and loans, how to utilize DU Pay for tuition payments, and provide resources and advice for supporting your students’ financial wellness.
