- With our [five different shortened schedule options](#), they can take 3- or 4-week classes and still have months free for a full-time job or internship.
- They can get ahead on credits and prepare for getting a jump start on their careers.

Financial aid is available for summer quarter. For more information, see the [SUMMER@DU website](#).

Daniels College of Business
April 2013

Greetings from the Daniels College of Business! We are excited that spring quarter is upon us. A few highlights from the spring quarter thus far include a very successful Backpacks to Briefcases event, the Dress Code, hosted by Corey Rose of Channel 9 News. Students had the opportunity to learn about and view professional business attire as well as business casual and what to wear to different business events.

Students just had the opportunity to attend the annual Spring into your Career event, focused on maximizing your summer academically and professionally. Encourage your students to explore summer work and internship opportunities and meet with a Career Counselor - it’s not too late and there are still plenty of positions available!

On behalf of Daniels, we wish you a wonderful spring! If you would like any further information on our programs, or how to get involved, please contact us at 303.871.6910 or Daniels.undergrad@du.edu
