

**Ela Family Farms' Organic CSA fruit share
DU pick-ups at 1901 E. Iliff Ave. room 142
On Tuesdays 3pm-5pm**

Enjoy the best of Colorado fruit season with fourth generation fruit growers Ela Family Farms! Experience juicy tree-ripened peaches, crispy apples, succulent pears and fresh apple cider in the fall. We grow over 20 varieties of apples, so each apple week is unique.

Please keep in mind that CSA, Community Supported Agriculture, is a direct relationship with your grower where members share in the risks and realities of farming. Our mantra is that we only share what we grow. If we have a shortage of fruit due to light crops, we will substitute the promised amount, dollar for dollar, with our processed goods or another fruit. You will not be disappointed if we have to supplement an applesauce, jam, fruit butter or apple cider. **We guarantee our fruit and that members receive the full value of their share.** For more information about the fruit we grow and our artisan fruit products, visit www.elafamilyfarms.com.

CSA Fruit share cost- \$135. - CSA members receive approximately 50 pounds of fruit over 11 weeks with one to two 3lb bags of fruit. The last week is a ten pound bag of apples to extend local fruit season. Large families and/or ravenous fruit eaters may want to order two shares. Sorry, **we do not hold shares** for weeks you go out of town, but you may send a co-worker or family member to pick-up your share.

Predicted Fruit Schedule

Aug. 19- Peaches
Aug. 26- Peaches
Sept. 2- Peaches
Sept. 9- Two fruits: Peaches and apples
Sept. 16- Two fruits: Peaches and apples or pears
Sept. 23- Two fruits: Apples and pears
Sept. 30- Apples or pears
Oct. 7- Apples
Oct. 14- Apples and apple cider
Oct. 21- Apples and apple cider
